JUICE OF THE MEDICATED WITH JUNIPER, RHUBARB

PERUVIAN BARK outaria di la ci THIS is simply the fermented juice and the distilled juice of the California graps, judiciously medicated with Peruvian Bark, turkey rhubarb, juniper berries, and other vegetable re medial agents, skilfully combined, and in such minute and exact quantities as to constitute a small or homeopathic dose of each remedy;

which when combined form an innecent, harm less, yet active, tonic, alterative, anti-dyspeptio diuretic, anti-febrile, and sedative beverage, pleas ant to the taste. The inventor, in calling the attention of th public (especially the Californians who know the excellence of the California grape) to these preparations, does so with pride and confidence; pride in proving the excellence of our native

grape, and confidence in their remed at virtues, adapted for the following diseases: Dyspepsia, Indigestion, Loss of Appetite,, Habitual Constipation, Acidity of, or Sour Stomach, Diseases of the Kidney, Gravel, Disorders of the Urinary

Organs, Remittent and Inter-mittent Fevers, Fever & Ague, Nervousness, Weakness, Debility, Dryness of the Skin, or want of Perspiration, Pains in the Stomach or Bowels, Cholic, Dysentery, &c., &c. The proprietor does not pretend that his Medicated California Wine and Brandy is a " wonder or a miracle" in medical science, but appea's t the common sense of the public, and he does not hesitate to avow that he knows from experience that the medicines in this, though small in quan-tity, will often effect a cure in some of the dis-

eases enumerated, when more violent and power ful remedies have failed in their object. I.T Those drinking liquor only in the morning or before breakfast, would find the Braudy act delightfully on the nerves and stomach, keeping the bowels regular, &c.

IJ As a general beverage, it is pleasant to the taste, slightly exhibitating, perfectly harmies, and gives the weak and feeble a feeling of health and strength.

Read this certificate of analysis made by

Theophilus N. Real, Analytical and Manufactur ing Chemist, Boston:
I do hereby certify that, after a minute and careful analytical examination of the California wine and brandy, manufactured by Dr. James L. Farquar, in order to ascertain its composition and quality, I have, after various experiments, arrived at the following result: The wine is of a very agreeable taste, light color, and agreeable aroma, and consists of grape sugar 9-30, volatile oil 2-13, tonic acid 1-73, coloring matter 1-84, alcohol 9 64, water 73-10, bi-tartirate of potassia 0-97, sul
