General Debility, dec. de. It has long been a most important desideratum

in the practice of medicine, to obtain a remedy sim lar to t us, and accordingly we find it resorted to almost universally in all these tormenting dis-eases of the skin so trying to the patience, and injurious to the health. It is a tonic, ap risult, and disinfectant. It acts simultaneously upon the stomach, the CIRCULATION, and the BOWELS, and thus three processes, which are ordinarily the re-sult of THEEK different kinds of medicine, are carried on at the same time through the instrumentaky of runs one remedial agent. Its great merit is that it meets and neutralizes the active prine pie of disease itself, and when that is gone, the symptoms necessarily disappear. The ra-pidity with which the patient recovers health and

LINN COUNTY, Oregon Ter., } March 11, 1855. { Memts, A. B. & D. SAND, New York; Gen-tlemen,—In the spring of 1853, while on our way from Indiana to this place, our eldest boy was seized with aswelling and severe pains in the legs which day by day grew ware, until his legs con-tracted, and became so painful that he could net wath, and we had to carry him about the an intracted, and became so paintal that he could net walk, and we had to cary him about like an in-faut. We reached Albany on the 3d of October, completely worn out by fatque. By this time, he was reduced to a perfect sketcton. Here we were chabled to consult a physician (Dr. Hill) who honestly confessed he could not cate him, although he could give him med cine that would rehere the pain. In this exigency something must be done, or death was ineviable. Being recom-mended to try your Sarsaparilla, I procured a bot-tle. After taking some, he appeared worse; but persevering with it. I obtained a second bottle, which seemed to grapple with the disease, and caused a marked improvement : the swelling and pain in the legs were reduced, his appetite im-proved, and his color beg in to return. Thus en-couraged. I purchased a third bottle ; while tak-ing it the swellings in his legs broke, and some buy it the swellings in his legs broke, and some pieces of bone one eighth of an inch long came out, after which his legs straightened and healed up. He is now perfectly recovered has no ap-pearance o being a cripple, and can perform most kinds of common labor, as all our ne ghbors
