118,000 MEN ARE IDLE

Pennsylvania Miners' Strike Is On in Full Swing. FIRST ADVANCE IN PRICE OF COAL

PHILADELPHIA, Sept. 18.—The leader of the strike says that at the end of the second day 118,000 of the 141,000 mine workers in the anthracite fields are idle.

PHILADELPHIA, Sept. 18.—The leader of the strike says that at the end of the second day 118,000 of the 141,000 mine workers in the anthracite fields are idle.

A cloud appears on the otherwise peaceful horizon in the shape of a fog from Harrisburg that a bitter feeling is developing between the union and nonunion men in the Lykens district, located in the upper end of Dauphin County, and in the vicinity of 2600 workers.

A concession was voluntarily granted the 8000 employees of the Lehigh Coal & Navigation Company in the region west of Mauch Chunk, who will hereafter work 10 hours a day for a consequent increase in earnings.

True to its declaration made before the strike was ordered, the Philadelphia & Reading Company today brought its mines to the surface in the two mines in Shamokin that had been closed by the strike, and announced that they will be permanently abandoned.

Scarcely 20 men and boys are at work throughout the entire valley, 35 miles long, from Pittston to Forest City. Even the washeries of the big corporations which may undertake to work may only have a few men and boys.

MITCHELL'S STATEMENT. President of Mineworkers Says 118,000 Men Are Out.

HAZLETON, Pa., Sept. 18.—The second day of the anthracite coal strike has failed to bring forth anything that would lead to the coming together of the mine-owners and the strikers.

Today was entirely devoid of important developments in this district, and the little change in the situation was in favor of the strikers.

All was quiet in Hazleton today, with the exception of a few petty cases of breach of the peace.

The following statement was issued tonight by President Mitchell, on behalf of the striking mineworkers:

Reports received at our office from districts Nos. 1, 7 and 8, of the anthracite coal region, show that there have been great accessions to the ranks of the strikers today.

A number of special officers were sworn in today to protect the coal company property. As a rule, the strikers are keeping away from the works.

LABOR LEADERS HOWLED DOWN. POTTSVILLE, Pa., Sept. 18.—All the Schuylkill region's mineworkers today this morning with the single exception of the Moore, operated by Dodson & Co.

TRUBLE IS BREWING. Bad Blood Between Strikers and Nonunion Men in Lykens Valley.

PHILADELPHIA, Sept. 18.—The Philadelphia & Reading Coal & Iron Company advanced the price of coal 25 cents and 50 cents a ton, respectively.

NO UNION AND MORE PAY. LANSFORD, Pa., Sept. 18.—Five thousand mineworkers employed by the Lehigh Coal & Navigation Company in the Panther Creek Valley, Schuylkill region, and Nesquehoning Valley, will work 10 hours a day beginning tomorrow.

NONUNION MEN STONED. Slight Disturbance in the Vicinity of Mount Carmel.

SEAMOKIN, Pa., Sept. 18.—The tie-up of the mines in this section is even more complete than it was yesterday.
