### PREPARING TO ENTERTAIN

#### CHICAGO VISITORS WILL HAVE A BANQUET.

#### Merchant Princess to Be Treated to a View of the Columbia River by Steamer.

The members of the Chicago Commercial Club, who are to arrive in Portland over the Southern Pacific next Wednesday morning, are to be royally entertained during their stay. Committees of the Chamber of Commerce, Board of Trade and Commercial Club met at the rooms of the latter organization and formulated plans for receiving the guests and entertaining them in such a manner that they will retain pleasant recollections of Portland.

As the stay of the visitors will be short--only 15 hours, it was decided not to tire them by rushing them all over the country to see the sights, but permit them to rest after their arrival here at 7:45 A. M., until 10 o'clock, when they will be taken in carriages about the city and shown the various points of interest. A trip down the harbor on one of the commodious river steamers will, it is thought, be a pleasant change for them after their train ride from San Francisco; and if possible, they will be taken on to the Cascades of the Columbia to view the imposing scenery and contemplate the great gateway of the Inland Empire. The time is considered too short for a visit to either The Dalles or Astoria.

In the evening, a banquet will be given at the Hotel Portland, at which 125 covers will be laid for the accommodation of the guests, who number 36, and the prominent citizens of Portland who will act as their entertainers. Governor Geer will be invited to welcome the guests on the part of the State, and Mayor Rowe is expected to be present to tender them the freedom of the city. Other speakers will be in attendance, though it is not the desire of the entertainers to take up too much time in listening to speeches.

Sub-committees were yesterday appointed by each of the three commercial bodies, to formulate a definite plan including the collection of subscriptions to the 150-plate banquet. A. H. Devers and D. D. Oilphant were selected as the committee from Chamber of Commerce; John H. Hall and R. D. Inman, from the Commercial Club; and C. W. Miller and F. E. Beach, from the Board of Trade. This joint committee will report progress to the committee of the whole tomorrow at 3 P. M.

President Hahn, of the Chamber of Commerce was chosen chairman of the joint committee; E. C. Masten, secretary, and Edward Ehrman, treasurer. The expenses of the banquet will be paid by the sale of tickets and the other expenses, such as carriage hire and sundries, will be met by a fund contributed by the Chamber of Commerce, Commercial Club and Board of Trade. Regrets were expressed by the gentlemen in charge of the entertainment, that the stay of the visitors is to be so short, as it would take two or three days to show them about Portland and vicinity including trips on the Willamette and Columbia, but the best that can be done will be done, with a will, and the Chicagoans will hardly leave Portland without having an opportunity to compare its hospitality and favored surroundings with those of the Windy City. They are booked to leave for Puget Sound on Wednesday night at 11:30, but Mr. Charlton, of the Northern Pacific, will probably arrange matters so that they can stay in Portland an hour or two longer, if necessary. Men desiring tickets to the banquet are requested to call on either A. H. Devers or D. D. Oilphant.

of Representatives. It hangs on the north wall between the two sets of swinging doors. There is now but one vacant place in the House, and that will be occupied by Moore's painting of Governor Geer. This picture is still in Portland, and it is not known when it will be brought to the Capitol.

### SCRIMMAGE IN JUNK SHOP.

Some One Hit a Deputy Sheriff's Thumb Over a Dispute. As a result of a scrimmage in the junk shop of Leve & Adler, on Davis street, over attachment proceedings, some one hit Deputy Sheriff Malone's thumb, but he "stayed with it" until reinforcements came, and he succeeded in closing the place. Dan Marx, a pawnbroker, first had the shop attached, on execution on a judgment held by him against Charles Leve. Mrs. Leve and her son-in-law claimed the property, and won out in a replevin suit, notwithstanding that the trial Adler went back on his mother-in-law and testified that he and Mr. Adler were partners. Marx then brought suit against Mrs. Adler for \$200, which he alleged he had advanced to her for family expenses during the absence of her husband from the city, and again caused the place to be attached. The next step was for Adler to have himself installed as keeper, on the ground that the store could not be closed, and he, as an innocent party, made to suffer in consequence. He contended that he was a partner in the business, and owed Marx nothing. The lawyers for the opposing side on ascertaining what had taken place remonstrated with the Sheriff, asserting that a keeper could not be placed in possession of the shop with authority to sell goods, and Sheriff Frazier again decided to take charge. This is what caused a general skirmish among those present in the place, resulting in Deputy Malone coming out of the running, slightly injured and disfigured. A third attachment has been put upon the shop by M. Barde, who has sued Mrs. Leve for \$400, which she avers she borrowed from him at various times in small amounts. The stock of junk is valued at about \$3000. The end of the difficulty is a question for future legal determination.

### FOR STREET FAIR THIS YEAR

Committee Will Start the Ball Rolling Next Tuesday. The great Lewis and Clark exposition of 1906 will not be allowed to interfere with a big Portland exhibition this Fall, and to that end a meeting of the Northwest fair committee, which convened early in the year to discuss holding a fair in 1902, will be held at the Commercial Club. On Tuesday evening, at 8 o'clock, this committee will discuss the holding of a big exhibition in 1901. The plan, this time, is to erect temporary buildings on the park blocks, if permission can be obtained from the City Council. These blocks are situated in the heart of the West Side, and will be convenient for residents from all portions of the city and suburbs, while at the same time no important streets will be obstructed by the buildings, which, though of a temporary nature, are to be artistically erected with an eye to beauty, as well as strength. Ample space will be provided for exhibits from all portions of the Northwest, as well as for the manufacturers of the city, and for the necessary machinery. "This is not to be any brief week-or-two affair, either," a committeeman said yesterday; "but is to extend over a period of 30 days at least, in order to let everybody, far and near, have a chance to visit it and note the progress of the times." The business of this meeting will be to start the ball rolling, appoint committees on advertising, transportation, concessions, etc., and a full attendance of the Northwest fair committee of 1902 is requested.
