"CLEANLINESS IS NAE PRIDE, DIRT'S NAE HONESTY." COMMON SENSE DICTATES THE USE OF SAPOLIO DE PACHMANN AND THE PIANOLA My attention has been directed to your recent production, the Pianola, and after a careful study of its merits, I wish to add my testimony as to its excellence both for professional use, in reading elaborate piano compositions, and for private use, in educating the musical tastes of people who have pianos and are unable to use them for want of a thorough musical training. I am astonished at the possibilities of the Pianola, and the inventor commands my most profound admiration in bringing out an instrument whose playing has the characteristics of the work of the human fingers.—V. de Pachmann, Concert Pianist. RADICALS ON TOP Cubans Voted Against the Platt Amendment.

TEST VOTE ON A RESOLUTION Conservatives Assert This Will Tie the Hands of Any Commission That Might Be Sent to Washington.

LONDON, April 12.—Great Britain has not yet definitely estimated the money indemnity she desires China to pay. The government adheres to the belief that little can be gained by insisting upon cash payment from China, and though the government regrets this will possibly be a cause for delay, it continues to insist Mr. Ernest Satow to try to induce the powers to agree to a demand for greater trading privileges instead of money. The government is of the opinion that the withdrawal of their troops hitherto closed to foreign commerce would result in much greater benefit to the nations concerned and to China herself than the extraction of lump sums of money.

CHINA'S RESOURCES. Ministers at Peking Think She Can Raise \$300,000,000. PEKING, April 12.—The committee of ministers which is considering China's financial resources has reported the conclusion, based on what information is thus far obtainable, that \$300,000,000 in gold can be raised without exhausting China's resources. The examination by the committee into the subject is thus far incomplete, and it will probably subsequently learn that other Chinese resources for indemnities are available.

AMERICANS IN ROBBER BAND. Captured by German Outpost Near Tien Tsin. BERLIN, April 12.—According to a dispatch from Peking dated yesterday to the Koenigs-Zeitung, a robber band of four Americans and four Chinese were recently captured by a German outpost at Tung Kiu Fu, west of Tien Tsin.

England Compliments a Viceroy. LONDON, April 12.—The Viceroy of North China has received a letter from the British Government, says the Shanghai correspondent of the Times, congratulating him upon the success of the Mancharian convention.

No Occasion for Appealing. WASHINGTON, April 12.—The Chinese Minister has gone to Atlantic City for a few days' recreation, where he joins Madame Wu, who has been there for some time. Very little bearing on the Chinese situation has come to the Chinese legation of late, as there has been no recent occasion for appealing to the powers on the various issues involved.

Butte Is Moving. BUTTE, Mont., April 12.—A portion of Butte, believed to embrace the larger part of the big hill upon which some of the Anaconda mines are located, has made a very perceptible movement southward during the past few days. At the foot of the Anaconda hill the slide pushed the street tracks six inches for a distance of 30 feet along the road.

Withdrawal of French. LONDON, April 12.—A dispatch to the Reuter Telegram Company from Peking says that the French military authorities contemplate removing 700 men at an early date. The Germans are preparing to reparate the infantry brigade. The indemnity claims are now understood to total \$20,000,000.

Copper Mountain Has a Sliding Movement Southward. BUTTE, Mont., April 12.—A portion of Butte, believed to embrace the larger part of the big hill upon which some of the Anaconda mines are located, has made a very perceptible movement southward during the past few days. At the foot of the Anaconda hill the slide pushed the street tracks six inches for a distance of 30 feet along the road.

Government of the Bank of Spain. MADRID, April 12.—Senator Pilo Gulon has been appointed governor of the Bank of Spain.

the heart of the residence portion. The Courthouse, several churches and other buildings are seriously cracked. The residence of Senator Clark having a fissure about two inches wide through the entire building. The street car tracks were bumped up by the sliding movement. The statement is made that the car shop at the Green Mountain mine has moved in 10 years about six feet.

Defense in Ripley Case Will Move for Instructions for Acquittal. FRANKFORT, Ky., April 12.—The prosecution will conclude its testimony in the Ripley case tomorrow. The defense will move for peremptory instructions for a verdict of acquittal. Lawyers for the prosecution do not believe this will be sustained. In view of the ruling of the court permitting the introduction of evidence as to the conspiracy. They assert that the evidence of ex-Governor Bradley and Judge Tost connects Ripley in a way to the conspiracy that is irrefragable. Senator Newton Granger, of Shelby County, testified first today relative to the big mountaineer mass meeting January 25, at which he heard threats against all the Democratic members of the Legislature.

Erasmus Ditto, who lives in Ripley's neighborhood, testified to having a conversation with Ripley during the contest for the governorship. He said that Ripley if he thought Goebel would be elected Governor, Ripley responded: "If he is, he will never take his seat."

George Lockard, of Knox County, testified that he was in Frankfort, Ky., on the day that Caleb Powers had told him that he wanted him here and had provided him with three pistols. Powers had told him to stay about the Statehouse entrance, as he might be needed. He said that he had seen Powers in the neighborhood of the Statehouse, and that he had seen Powers in the neighborhood of the Statehouse, and that he had seen Powers in the neighborhood of the Statehouse.

WOULD HELP ALL CONCERNED A CATHOLIC DECLARATION. Attitude of the Church on the Subject of Education in America.

BETTER THAN DEMANDING A CASH INDEMNITY FOR BOXER RUSSIA—JAPANESE SATISFIED WITH RUSSIA'S BACKDOWN. CHICAGO, April 12.—A declaration of the Catholic position on education in the United States was adopted today at the closing session of the National conference of the Association of Catholic Colleges. The resolutions comprising the declaration received the unanimous assent of the representatives of 79 different colleges, practically the entire collegiate system of the Catholic Church in America. The declaration follows: "First—That this Association of Catholic Colleges requests its president, Right Rev. Thomas J. Conaty, respectfully to

HAVANA, April 12.—The Cuban constitutional convention placed itself upon record today against the Platt amendment by a vote of 18 to 10 on a resolution that the convention should declare itself opposed to the amendment.

which is cited as evidence of far-reaching ambitions on the part of the United States. The most influential Caracas newspaper issued in mourning its edition announcing the capture of Aguinaldo. The Filipino leader was ranked among the great heroes of history, and the American policy in the Philippines bitterly assailed. News from Barcelona, Venezuela, is that the Venezuelan Government denounces the American reparations in the case of the American Consul, Mr. Bias, who was twice imprisoned and from whom a large sum of money was extorted.

WASHINGTON DISPATCH TO WANAMAKER'S PHILADELPHIA PAPER CONTAINS ANNOUNCEMENT—INTIMATED JOHN R. McLEAN IS BACKER.

WASHINGTON, April 12.—A Washington dispatch in the Philadelphia North American, a Wanamaker paper, asserts that General Miles will be a candidate for the Democratic nomination for President in 1904. Quite a circumstantial story is constructed around this assertion. It is said that the General and his friends feel he can unite the Democratic party, especially the conservative element of the East, and that he will be not seriously opposed by the fading silver element of the South and West.

INDIANAPOLIS, April 12.—Single taxers have called a meeting for Thursday night to launch Tom L. Johnson's Presidential boom in Indiana.

CLEVELAND, April 12.—When the foregoing dispatch was telephoned to Mr. Johnson at his home he replied: "I would like to telegraph them not to; I am not a candidate for the Presidency."

NEGOTIATIONS BETWEEN ENGLAND AND THE UNITED STATES ARE UNDER WAY. LONDON, April 12.—Negotiations on the Hay-Pauncefote abrogation of the Clayton-Bulwer treaty are progressing, though they have not yet passed the tentative stage. A representative of the Associated Press has been informed that they are being conducted on a quid pro quo basis, and that the other methods of abrogation would be considered by the British Government.

THE QUID PRO QUID. NEW YORK, April 12.—A Herald Washington special says: "The Hay-Pauncefote treaty is immediately connected with the negotiations to believe that Great Britain is leading up to the submission of a proposition that in return for an abrogation of the Clayton-Bulwer treaty this Government will make concessions in Alaska. There have been frequent rumors of this character, but it can be stated emphatically that the President and Secretary Hay will under no circumstances alienate one foot of American territory, and such a proposition, if submitted, will be immediately rejected."

WILL SELL THE BIG-TREE GROVE. DULUTH, April 12.—R. B. Whitehead, who owns the famous big-tree grove in California, in Calaveras County, is on his way to return for an abrogation of the Clayton-Bulwer treaty. He has offered to pay \$125,000 for the grove, but it cost him nearly that much, and he will ask a bigger price.
