Goward and White Take Doubles Match.

DEFEAT BETHEL AND CHEAL

Goward and Miss Carstens Capture Mixed Doubles Championship at Tennis Tournament - Challenge Rounds Today.

Yesterday's work at the tennis tourna-ment was marked by the defeat of Bethel and Cheal by Goward and White in the finals of the men's doubles contest, and the winning of the mixed doubles cham-pionship by Goward and Miss Carstens. All the other finals were played off, so that all the game today will consist of contests in the challenge championship round, or in other words, the culminating struggles of the week.

Victory for Goward and White. The finals in the men's doubles was one of the finest exhibitions of tennis ever seen in Portland, and it was anybody's contest until the finish. Goward and White won the first set, 7-5, eight of the games being deuce. Cheal and Bethel games being deuce. Cheal and Bethel took the next two games by scores of 6-2

and 6-1, and it seemed to be all over but the shouting. Cheal was doing some beautiful lobbing and Bethel was smash-ing everything in reach in a way that sent the cold shivers through their opponents, but the visitors were still in the ring and won the fourth set, 7-5. The sets stood two all, and the winners of the fifth would have the honor of con-testing for the Ladd cup today against Goss and Lewis, who have held it during the last year, so it was a matter of crack tennis on both sides. The games stood three all, then four all, and finally Gowand and White took the two much-needed games, thus winning the set, match and the right to play against the Goss-Lewis team this afternoon. Bethel's smashes, Cheal's accurate lobbing, Goward's stead-iness and White's beautiful fore and backhand cross-court strokes were the fea-tures of the contest. The fact that the teams were very evenly matched can be seen when it is known that Bethel and Chesi won 25 games to their opponents' 23, though even this did not give them the

Goward and Miss Carstens Win.

The finals in the mixed doubles were by for the best matches ever seen in this city, and it was only after much hard playing that the Goward-Carstens combination won from Cheal and Miss Atkin-son. It was a double in fact as well as in name, for the ladies were a very important factor, making some plays that would do credit to first-class players of the opposite sex. Miss Atkinson is very steady, and has a clear backhand stroke that stands her in hand many a point in a tight place. Miss Carstens has the making of a champion, and plays in a cool manner, serves well, and always uses good judgment in directing her strokes. She saved the day for her team at several critical points, and finally won the match by two pretty places. Messrs. Cheal and Goward played well and did their best to win the game for their respective pariners. The closeness of the contest is not shown by the score of 1-6, 5-4, 6-4, for there were many deuce games that took a long time to settle. Either of the ladies could defeat two-thirds of the men players in Portland, and their sportsmaniike conduct is a pleasure to watch, second only to witnessing their good playing.

Other Contests. Wickersham defeated Lewis in the men's singles in a beautiful display of endur-

Ewing and Miss Strong played a good game in the mixed doubles, but were un-able to win. Breeze and Leiter worked hard to win against Goward and White, but the steadiness of the Victorians could not be shaken, and they were the victors by a score of 3-6, 6-4, 6-2,

JOB AT GRAND CIRCUIT MEET. Judges Save Innocent Speculators

Who Had Backed the Field. COLUMBUS, O., Aug. 1.—The Judges at the Grand Circuit races today uncarthed a job in the \$5000-stake for 2:20 pacers. and by prompt action, saved innocent speculators who had backed the field for a large sum of money. Severe punishment was meted out to the gulity person, Driver Tom Stuard, and the horse Elder One was suspended for one year. There were six starters, but Green Line and Elder One were conceded to have the race between them. Green Line won the first heat with ease in 2:00%, slow time over the track, which was lightning fast. The second heat was a race in itself and was won by Elder One, who paced a beautiful mile in 2:05%, cutting his record by four seconds. The original betting had been Green Line \$100 and the field \$30. Elder One's showing in the second heat produced the desired effect on the odds, which now switched to \$30 on Green Line and \$50 on the field. The third heat went to Green Line in 2:10%. Stuard making no effort with Elder One. When the horses came out for the fourth heat, the Judges took Stuard out of the sulky and put Valentine, a local trainer and driver, up behind Elder One. Edder One over the track, which was lightning fast, driver, up behind Elder One. Elder One took the fourth heat in 2:05%, outpacing Green Line in the stretch. In the fifth heat. Edder One went to a break in the first turn and could not be set to pacing again. He finished behind the flag with again. He finished behind the flag with a broken hoppie, which investigation showed had been cut nearly through before the heat started. The judges declared all bets off, placed Elder One fourth, instead of distanced in the heat, suspended Stuard and the horse Elder One for one year, and fined Hudson \$100 for not trying to finish the last heat with Tertimen. Pitcher Wiggs won the game yesterday afternoon for the Helena team, score 4 to 2. Umpire Rankin was certainly off yesterday, especially on balls and strikes, and the speciators set up an "awful holler" at his work. Muller was declared out on a ball which Rankin afterward acknowledged went foul. This came in the inning when Portland was making the runs and if Muller had not

Wiggs had plenty of speed and curves but lacked control

The line-up presented by the Portland team was somewhat changed. Weed, in his slide during Thursday's match, threw his shoulder out of joint and was unable to play yesterday, and may be out for some time to come. Harris was brought in from right field to cover the initial bag, while Cunningham, the new addition to the team, was put in the addition to the team, was put in the right garden. This was the ex-umpire's first appearance in the game with the Portland nine. He created a favorable impression and was loudly applauded each time that he came to the bat. He did not have a chance to show just what he could do in the field, as the only balls that came anywhere near him were stolen by Van Buren and Anderson. At the bat he got a hit the first time up and the second time he walted for four balls, and got them.

Deisel, Anderson and Harris started Portland's fielding by making a fast double play. The other fielding features of the game were several running catches by Van Buren and Wiggs' catching of a line fly from Cunningham's bat in the ninth. The big fellow just put out his right paw and the ball stopped there. Anderson played a beautiful game for Portland, making a number of pretty stops and throws. In the eighth he tumped in the air and pulled down a

The run-making commenced in the second inning when Shaffer hit out to second base. second base. Anderson got the ball but could not get it to first in time to get his man. An error by Witbeck, who failed to pick up Sullivan's bunt, put two men on the bases with no out. Holly sacrifieed each a notch further. The matinee was attended by an unpsually large number of spectators, and among them were many ladles who took as much interest in the events as the men. When the entries for the free-for-all lined up both sexes evinced more enthusiasm than at any time since the races of the '90s. Even a false start was applauded, and when finally the horses were given the word by Freiding Judge Beckers and all went down in a bunch, there was an uproar. Starkay had the pole, with Prince Tom second, Alta Norte third, and Myrtha Whips on the outside. At the quarter Helman got the lead, although Simpson tried to head him off with whip and voice. From that time on it was Myrtha's race, and the struggle was for the second money. The pole was passed in 0:33 and the half in 1:044. Here Webb made a desperate effort for the honors. Sending Tom for-ward to the three-quarters, it looked for ward to the three-quarters, it looked for a few seconds as if he would cut a figure on the stretch, but Helman let out a couple of kinks and Whips sped onward with Alta Norte at the end of the sulky. On the last eighth Simpson swerved out of his course and he finished a length in

All went off fairly in the second heat with Helman running away from the string and with Starkay not the best of seconds for a horse that has caused trouble for the best of them. The first pole was reached in 0:33% and then Simpson whipped up to the leader. Webb, by the timely application of the whip, sent Prince Tom ahead of Starkay and began to play for the fence. But Starkay again moved up. There was a gap be-tween him and the leader and Irwin started to close it up, and he gave a lively exhibition of a man in the act of winning a race. One hundred feet from the wire he forced his favorite and as Helman, believing that victory was certain, had pulled in he had a possible chance of winning out. But when Star-kay poked his nose to the front Helman loosened his grip on the lines and Myrtha crossed in 2:1616. Alta Norte came in

third and Price Tom fourth, and the two divided third and fourth money.

Phil N. Wins 2:20 Trot. The 2:30 trot found Simpson and Hel-man again opposed, the former with Phil N. and the latter with Mack with Phil N. and the latter with Mack Mack. Baddeley brought out Electrophone and Misner Harry Marvin. Phil N. was the favorite and he sold well against the field. Helman drew the pole. Simpson got second place, Misner third and Baddeley the outside. Marvin was unruly and a start was difficult. When finally they did get off Electrophone broke and all Baddeley could do was to keep him from jumping the fence on the eighth. Mack Mack led the race, but he was hotly pressed by Phil N. At the half Phil N. broke badly but Simpson brought him to his feet and the three-quarters was a hummer. Helman, with quarters was a hummer. Helman, with all his driving ability, could not get away from the youngster and on the stretch the two came down nose and nose. No race ever looked so much like a dead heat. Helman let out the reins and kept up a monotonous "Get there," and Simpson used both whip and lines. Thirty feet from the wire the winner could not be picked. Twenty feet away Phil N. had the lead by a nose. Ten feet distant, in sympathy with Simpson's triumphant yell, he increased the lead by half a head and went under in 2:20%. Marvin

was third and Electrophone fourth. While close, the second heat had none of the exciting features of the first. With an even start Phil N. started to open a gap and he passed the quarter in 0:35%. Helman was close up and Misner selected the third berth, from which Baddeley dislodged him. The half was made in 1:08%, and then Phil N. and Mack Mack started on their finish. The former won out but he had to be pushed to 2:19% in order to make it, for Helman did not give up until the wire was passed. Electrophone was third and Marvin was fourth.

Favorites Lose Dushes.

The run of four and one-half furlongs was won by Leola Second, an 8-to-1 shot. B. C. Green and Pauline had been picked for winners but the best they could do was to find third and second places. Pau-line did make a determined effort at the three-quarters but Dugan whipped up

and landed Leola by two lengths.

The half-mile dash was another surprise for the favorites. Oregon Boy was the choice at 8 to 1, and at the start he looked like a winner. Everything appeared to be in his favor until the stretch was reached, when Gaffney held Tom Bragg to the fence and got the lead by a bare nose. With whip and heels he urged the horse enward and he made the wire fust a head to the good. Boy was a panting second and Hank L., another favorite, was third.

Between the heats motor-cycle exhibitions were given by Ell Lee and R. E. Bladgett. Bladgett made a mile in 2:00%. Lee's machine was out of order and his best time was 2:25.

SHORT TALKS ON AMERICA'S HIGHEST-GRADE PIANOS

The Weber

It is not necessary to argue the question of merit when Weber planos are concerned.

Every person who is acquainted with the history of planos knows that the word "Weber stands for all that is best in plano construction.

Those who are not acquainted with planos simply need to investigate the distinguishing qualities of Weber instruments to be convinced beyond a doubt that the Weber is the musical standard of the world.

For over 50 years it has stood absolutely alone in the possession of that pure rich and sympathetic quality of tone, and today it is a finer, a better plano than ever before.

The Weber is as beautiful, as perfect an instrument as it is possible to produce, and its wonderful wearing qualities make it a valuable asset after many years' use, when most other instruments are practically worthless.

Besides the regular catalogue, styles we are showing just now several of the famous Weber art styles—new and chaste designs in grand and upright cases, in all varieties of beautiful woods. These artistic productions are creating unusual interest in art circles and, combined with the wonderful Weber tone, make an ideal combination.

Although Holbein failed in his attempt to cross the channel, he covered much more than the distance from coust to coast. At 5:30 this morning he had covered 30 miles, although then he was only eight miles off the French coast. Hoibein was fresh and strong when he was taken aboard. His temperature was normal. The tide threatened to carry him to the open sea when the attempt was
