SEATTLE, Wash., Oct. 6.-(Special.)-The locals fell on Drinkwater today and batted his curves to all corners of the lot. Every man on the team except Hurley got at least one hit. Babbitt led with three slashing doubles, every one of them com-ing with men on bases. The Seattle men ran bases with impunity on Frary, and played championship ball all around until the sighth, when, with a lead of 8 to 1, the play got careless, and Klopf crowded three errors into as many minutes, allowing three unearned runs to cross the plate.

After winning the game, Seattle may lose it on a protest. In the rough-and-tumble work of the eighth inning, Hickey got in a wild pitch, on which McKevitt tried to score. The ball was at the plate chead of him, however, and now the Spokane men say they will protest because the grandstand is not 90 feet from the

The big catcher could not score, however, for Hickey struck out the next two men. Seattle jumped in the lead in the first

inning, scoring two runs on hits by Hulen inning, scoring two runs on hits by Hillen and Drennan, followed by Klopf's double. They got another in the second, when Babbitt was hit by a pitched ball, Campbell sacrificed, and Hickey hit safely. Two more came in the fourth on a double by Babbitt and a single by Campbell, and another safe one by Hulen. They put the game away beyond all question by laying up three more in the sixth on a double by Babbitt, singles by Campbell and Stan-ley and an error by Elsey. Spokane did not get a glimpse of the plate until the sixth, when Donahue hit and scored when McKevitt's drive got away from Dairymple. Three more came in the eighth on errors by Klopf, who topped off his work with a throw to Stanley 20 feet high. Hickey did not exert himself, but had he received perfect support he would have scored a shut-out

PACING RECORD STANDS. Dan Patch Fails to Lower His Own

Time.

CINCINNATI, Oct. 6.-Despite the raw weather, 50,000 people gathered at the Oak-ley track to see Dan Patch go against the world's pacing record today. The horse was in fine condition, but the track was not, and he failed to lower his mark of 158%, although he went the mile in 2:06, a remarkable performance, all things con-sidered. from the President to Mr. Mitchell. A rumor which cannot be confirmed is in circulation that President Rooseveit has appealed to Mr. Mitchell to end the strike in the cause of humanity. There is no one here in Mr. Mitchell's confidence except his three district presidents, and it is doubtful if they knew that he was in Philadelphia until they arrived here during the day and found him absent. Interest in Mr. Mitchell's mysterious trip was intense all day, and even about headquarters. All the local district leaders called, and scores of mineworkers were in evidence. of Strike Sees No Change. WILKESBARRE. Pa., Oct. 6.—The be-ginning of the 22d week of the strike shows no material change in the situation. The operators told President Roosevelt on The operators told President Roosevelt on Friday that 17,000 men were at work, and that 15 per cent of the normal production was being mined. President Mitchell today denied that such a number of men are mining coal. He said the operators were including in the 17,000 all the engineers firemen and pump-runners (of whom there are about 9000), fire bosses, clerks and other employes. He also denied that 15 per cent of the normal production is being sent to market, and said:

The company insisted on the proposition coming up to it in an official form from the union and to be presented through the Mayor by 6 o'clock tonight. The union considered the proposition and rejected it, and further the press commit tee issued a statement that the sub-com tee issued a statement that the sub-com-mittee was not authorized to act for them. The Mayor waited until 6 o'clock for the reply of the union, and, not receiving any, sent the letter to the company to run its cars.

The Mayor was asked what would be the outcome if the company falled to run its cars. He replied that it would then be up to the City Council to consider whether it had forfeited its franchise. In the meantime preparations are going for-ward to place the police in a position to protect the barns from which the cars wil be run. The first attempt will be made from the Canal-street barn, and 70 policemen will be stationed there tomorrow morning. Cars will also be operated from the Prytannia and Ambella barns. Wire cutting was reported from several points today. Late this afternoon the attorneys for the company had the suit for a receiver filed in the civil court Friday trans-ferred to the United States Court, on the ground that the railway company is a foreign corporation, incorporated under the laws of New Jersey.

Directors of Tennessee Company Stand by Officers.

NEW YORK, Oct, 6.—At the quarterly meeting of the directors of the Tennessee Coal, Iron & Rallway Company, held here today, the directors indorsed the action of the officers of the company in their re-

board of directors. The trouble arose in this way: Some of the miners were willing to pay \$1 apiece a week for the support of the striking anthracite miners and some were not. The men who were willing to pay the money were in a majority, and they made a demand upon the officers of the company that those who would not pay to aid the union should either have the money taken out of their ways as the the money taken out of their wages or be discharged. The company declined to do this, and the strike is on. The strike af-fects to the extent of about a quarter of

"About 5000 men are out, but we have a large force of convicts at work. We hire them from the state, which examines each man, rates him as physically able to do no much work, and charges us accordingly. These convicts are well treated, getting paid at the regular mining scale for whatever coal they mine above the amount the state rates for each."

Miners Walk Out.

BIRMINGHAM, Ala., Oct. 6.—A ma-jority of the miners of the Tennessee Coal, Iron & Railway, and the Blue Creek district decided this afternoon to go out on a strike, in accordance with the orders of the miners' union. Eight hundred men are involved.

A SHORT TALK ON VALUES

Eilers Piano House has been diligent in placing before the public the fact that it sells planos more cheaply than any other house in the Northwest. Let this not be confounded with the idea that cheap planos are sold by us. The cheap piano is one of the evils we have been combatting for years. Every cheaply made plano sold impairs the reputation of every good plano made, both in regard to quality and value, because it corrupts the musical judgment of those ignorant of real quality who learn to play upon them, and renders them incapable of discriminating between good and bad tone, with the result that they are siways content with something interior.

terior.

What we desire to impress upon the public is our unequaled facilities for handling pianos cheaply, and our policy of reasonable profits, which is compensated for

sonable profits, which is compensated for by large sales.

There is not a plano in our house that we cannot conscientiously recommend and which does not receive our written guarantee to the purchaser. Our stock is large and varied. Twenty-five standard makes and more are represented in it. The three planos that lead our list need no introduction, no commendation, no recommendation, so long and well established are their eputations for fine, enduring tone quancy, responsive action and heautiful, artistic mish. These planes are the famous Kimball, of Chicago; the artistic Weber, of New York, and the peerless Chickering, of Boston.

An investigation of autostock and and are the properties. An investigation of our stock and prices will convince you that we are in position to give you more intrinsic value in high-grade planes than any other house on the Pacific Coast.
