COLONEL R. H. SAVAGE RESIGNS

With the Honor, Hendquarters of Spanish-American War Organization, With 125,000 Members, Comes to Portland.

Again a Portland man has received a The Spanish-American Voterans have made General Owen ed States. He yesterday wired his ince and will at once take steps blish headquarters in Portland. He be allowed an assistant here, and after practically all of the business this organization, representing 42 de

riments and a membership of over 125. will be done through Portland. The ral's term of office will be until the xt National convention, which will obtaily be held at the same time as the avention of the G. A. R. at San Fran-The news of his call to the office e rather unexpectedly yesterday. At reorganization of the association at ashington, D. C., October II, Colonel H. Savage was elected commander-in-lef, and General Summers senior vice. nmander. Colonel Savage, however, on count of ill health, has not been able accept the position, and this leaves the for and responsibility to General Sum-rs, who is the next in rank. Yestery he received a letter from the adju-nt-general, W. C. Liller, who has charge general headquarters at Lancas-He inclosed a letter from Colodi Savage that gave his reasons for not cepting the honor, and urged General immers to wire his acceptance at once,

since it were no acceptance at once, nich he did last evening.

Jeneral Owen Summers was born in ockville, Canada, June 11, 1850, and sen less than a year old his parents algrated to the United States. Up to 4, he resided in Chicago. When a boy, years old, he enlisted in Tryon H of years old, he enlisted in Troop H of e Third Illinois Cavalry. His troop at ce entered into a vigorous campaign in nnessee, Kentucky, Alabama, Missis-ppl and the Carolines. At the close of e war the regiment was sent to Data and made a campaign egainst the oux Indians. In December, 1865, it was tered out of service at Springfield.

Jeneral Summers first came to Oregon January, 1875, but returned East after brief visit. In 1879 General Summers turned to Oregon, and established in fland a large business in crockery sware and house furnishings. He was rumental in organizing the Veteran ard of Oregon, and May 22, 1883, was mmissioned Lieutenant and served three ars in that organization. As a member the State Legislature of 18% he was ve in behalf of a bill to reorganize the rd, and under the new organization made Lieutenant-Colonel of the First nent, July 12, 1887. This position he

is next advancement was on Novem 5. 1886, when he was elected full iel. He held this position at the beng of the Spanish-American War, in the Spanish-American War, , at the earnest solicitation of the sernor, accepted a commission as onel of the Second Oregon Regiment, gon Volunteer Infantry. As he had n rt time before been commissioned by sident McKinley Appraiser for the of Portland, it will be seen that he no ordinary sacrifice in answering

country's call. e Second Oregon Regiment was the to leave the shores of the United ites for a foreign invasion; first to land the Philippine Islands, and the regi-nt to receive the official surrender of ila, August 13, 1898.

neral Summers was placed in com-id of a provisional brigade under Genl Lawton, April 21, 1879, and finally voted Brigadier-General by President Kinley for meritorious services while the field.

brough the efforts of General Sum-rs, the interests of the Oregon veterhave been well looked after. te has purchased a fine military cem-ry plot for over \$3000. Over \$15,000 cash en raised to build a state monument

the memory of those who fell in the February, 1901, General Summers appointed commander of the Departit of Oregon, Spanish-American War rans, by General Hullngs, then comchief. During his administrapurishing camps have been organat Portland (5), Roseburg, Salem, Eu-

HOW TO COOK DUCKS.

licious Dishes Discussed at Dom

us methods of cooking ducks were wed yesterday afternoon at the l of Domestic Science, and Miss sles demonstration lecture, during sh she proved the excellence of three s for this delicious game, was most sting and instructive. Mallard and roasted and broiled, and a saimi of which was made of widgeon, were d and served, besides two salads, excellent to serve with duck. One made of cucumber and water-cress, ad with mayonnaise; another was and water-cress, with a French

asting meats is to cook on a gas in the broiling oven, leaving the in the broiling oven, leaving the door wide open. Of course, this rea great heat, but the added amount eygen absorbed in cooking greatly oves the quality and flavor of the This method somewhat resembles ient way of cooking over an ope the same result being obtained withany of the inconvenience of the old

r in roasting meat, and Miss Voorhies

replied that no water should be put in when the roast first enters the oven, but that later, if there seems to be danger of burning, a little may be used. Before putting into the oven, Miss Voorhies seasons the meat thoroughly with sait and pepper, and sometimes rubs it with an onlon, which greatly improves the flavor. The women creams it wantered a great

The women present manifested a great deal of interest and appreciation, and every woman had some pet method of duck-cooking, which she eagerly discussed with her neighbor. One said that she had made a duck dressing of finely chopped carrots, and that it was very good, and although dressing for ducks is somewhat out of date, everybody agreed that nothing could be much better than maliard roasted with a dressing of chopped celery. A plan for a course of several demon-strations of German, Jewish and other national cookery is now being discussed by the directors of the cooking school, and

it is thought that such a thing would be It is requested that each woman attending the next demonstration lecture bring her own napkin, fork and spoon, as this will add greatly to the convenience of

As the Thanksgiving season is near, the subject next Tuesday afternoon will be the proper manner of roasting a turkey and of making cranberry jelly. One turkey-the one to be served during the afternoon-will be in the oven cooking when the class arrives, and another Miss Voorhies will prepare for roasting for their in-struction. This one will be soid at the end of the lesson.

ELIOT DENOUNCES UNIONS

President of Harvard Grills All Labor Organizations.

BOSTON, Nov. 11 .- Before the Economic Club of Boston, at its banquet last night, President Ellot, of Harvard, denounced the labor unions of the country as opposed to the education of young men and for what he termed "their fight against the development of manly instincts." In closing he characterized the strike breaker, or "scab," as he called him, as "a good type of the American

The Economic Club was formed for the purpose of discussing current topics. The subject last night was "Industrial Bat-tles and the Public." Precident Eliot had not promised to speak, but he was brought to his feet by discussion of the sub-ject by previous speakers. He said pres-ent conditions indicated that many years must pass before the labor question is satisfactorily solved. Both sides must make concercions and adopt some plan. The principal objection to the labor unions from the educator's point of view. he said, was their objection to young men becoming competent mechanics, and that they do prevent this is evident from the fact that all unions endeavor to limit the number of apprentices employed in any industry. The right to labor is considered the sacred right of the Ameri-

Mr. Ellot's objection to the labor union was, he said, that the object of the union seemed to be to work as few hours as possible, produce as little as possible duting that time and to receive as much money as possible for the service given. This attitude was in effect nothing more than a constant fight against the develop-ment of manly instincts. He said he had a profound contempt for any man who did not choose to labor every day just as long as his strength would permit,

Gates Crowd Believed to Be Out.

NEW YORK, Nov. 11.-A circular re-questing proxies for the annual meeting of the Colorado Fuel & Iron Company set by the United States Court for cember 10, has been sent to stockholders. The circular is signed by George J. Gould E. H. Harriman and Edwin Hawley, and says: "We represent no particular faction in

this matter, neither will we make any contest for or against the present man-In Wall street the opinion prevails that

the so-called Gates party no longer has any stock in Colorado Fuel.

CANADA WILL YET COME IN Ireland Predicts It Will Becom American Territory.

NEW YORK, Nov. IL-In speaking at the banquet of the Minnesota Society in this city, Archbishop Ireland expressed the belief that Canada eventually will be under the domain of the United States. The transition, he said, would come without conquest, without war. After teiling of the growth of America

in comparison with other great nations, the archbishop said:

"Within a few years the commerce of the states on the Pacific Coast will equal that of those on the Atlantic. The development of the lands to the east, west and northeast is going on more rapidly and safely than ever before, and we are reaping and will continue to reap benefits. From the East the movement will be westward to that section, and from the West eastward to the same destination.
"I do not want to be bellicose, but I say this for myself: 'As sure as fate, although you and I may not see it, the starry banner will wave mistress over all the territory from the Gulf to the Bay. There will be no conquest, no war. The hearts across the border are already beating with love for us and commerce and agriculture are calling for es-

Reason for the increase of the power of the United States the archbishop found in the universal liberty enjoyed by the

citizens.

Madman Attacks Surgeon. NEW YORK, Nov. 11.—A terrible strug-gle in which Dr. Hyde, of Bellevue Hos-pital, was seriously injured, has occurred in an ambulance while the vehicle was being driven rapidly through the streets of this city. The ambulance had picked up an almost unconscious man at Union Market and started to the hospital. Dr. Hyde, the ambulance surgeon, was sitting alone near the door when the patient suddenly leaped to his feet and with a

scream fell upon the doctor. The driver, fearing his team would run away, if he came to the rescue, headed toward a police station, lashing his team toward a ponce into a wild run. Arriving there, it required the combined efforts of four men to unloose the hold of the madman upon the unfortunate surgeon. The latter's in-juries were found to be severe but not

Chicago to Get Great French School CHICAGO, Nov. IL.—According to Henr. Merou, the French Consul here, who has just returned from a trip to France, the France-American committee which had under consideration the establishment of a great French industrial school in the United States, has definitely decided up-on Chicago as the most advantageous lo-

TO IMPROVE CAR SERVICE

CITY & SUBURBAN COMPANY PLANS EAST SIDE EXTENSIONS.

Heavy Rails Will Be Laid on East Morrison-Double Track for Richmond-Woodstock Branch.

Manager C. F. Swigert, of the City & Suburban Railroad Company, was on the East Side yesterday looking over the district preparatory to making some im-provements and extensions to the com-pany's branches. On East Morrison street to Grand avenue from the West Side, where the car service is very heavy, the double tracks will be replaced with heavy fron. On Grand avenue heavy rails will also be laid in place of the lighter ones now in use. This work is to commence in a short time.

A double track will be laid on the Rich-mond-Woodstock branch from Grand avenue to East Twenty-sixth street. This improvement has been under contempla-tion for over a year. It is desired to make a change in the route between East Twenty-first and East Twenty-sixth streets so that several very sharp curves will be eliminated and the line straightened. Mr. Swigert says that the company desires to carry the track directly east on Chilton street to East Twenty-sixth and then make a curve to the southward. There will probably be no opposition to this change, as it will greatly improve the line. When this double track is com-pleted the company will give a 19-minute service over that branch in place of the 20-minute schedule now in effect. The iron for the double tracks will soon be deliv-ered. Residents who have been objecting to the 30-minute service may feel assured that the improvement is near at hand

Lumber has been delivered for the buildng of the bridge across Sullivan's guich on East Twenty-eighth street, over the grounds of the Doernbecher Factory Com-pany. This bridge will be nearly 500 feet long and will cost \$2000. It will be for the track only. It was in the contract with the factory company that the rall-road company should extend its line on East Twenty-eighth street. The track has been built to the edge of the gulch, and now the bridge will be built. Operatives of the factory can then walk up the stairway leading to the top of the bridge and take the car to their homes. Manage Swigert said that the company did not contemplate extending the line beyond the north side of Sullivan's Guich, for the present, but it would probably be ex-tended half a mile in that direction after a time. However, the building of this bridge to the north side of Sullivan's Guich will furnish car facilities for a considerable extent of country now not so provided. This railroad bridge will be built directly over the lumber yard of the factory.

Preparations are being made for start-

ing electric cars on the St. John branch about Christmas time. Manager Swigert said it would be necessary to complete the additional power annex under construction at the power station before electric cars would be operated over this line. A large generator and two Bab-cock tubular boilers are being installed, which will give about 500 horsepower additional. Fine 42-foot cars are being manufactured for this line. At St. Johns a change will be made in the route. A track will be laid direct to St. Johns from Nob win be said direct to St. Johns from Nob Hill, cutting off the long loop that swings around to the north. This will save a mile in the run. The loop will remain, but the straight track will be used. The service for this branch will be first class. Another change mentioned by Mr. Swi-gert as among the near possibilities is the straightening of the Richmond line. After leaving East Twenty-sixth street this branch makes half a dozen curves before it arrives at the end. It is desired to straighten this out. This will be done before any attempt will be made to extend this line further eastward. Manager Swigert seems to think favor ably of making a loop around Mount Ta bor, connecting the Montavilla with the Richmond branches. This is an exten-sion that is certain to be made within

the next year or so, The double track on East Morrison street, Grand avenue and the Woodstock branch, the installation of the new generator and the electrifying of the John line represent an outlay of over \$50,

GRANGES TO RAISE MONEY.

ber Who Suffered Loss by Fire. Circular letters have been received by the state Granges calling attention to the loss by fire of a member of the Grange at Springwater. At that place a Granger lost all he had. He had carried insurance on his house, but had permitted the policy to run out. In Multnomah and Clackamas Counties it is desired to raise a consid-

erable sum for his aid. Evening Star Grange, No. 27, has ap-cinted a committee to raise funds for this purpose. At the next meeting of this Grange, the first Saturday in December, a box will be placed in Multnomah Hall on the Section Road, where meetings are held, in which money may be depos-ited for this relief fund. Large and small sums will be welcome. Members of Even-ing Star Grange have already paid out a large sum through the fire insurance de partment for relief of those members who lost in the fires, but are ready to do more. It is also expected that the other Granges will take action in the same direction. The fire insurance department of the Grange has pald out more for fire losses during the past few months than

BUYS ON ST. JOHNS WATER FRONT. Doernbecher Manufacturing Com-

pany Pays \$30,000 for 20 Acres. The Doernbecher Manufacturing Com pany has secured title to some 20 acres of water front property at St. Johns. Some time ago the land was purchased, and now the title has been secured. Two transfers are made, one being for 14.33 acres for \$29,000, and the other conveys something over five acres in fractional lots and blocks in James John's Sec-ond Addition, the price named being \$10.

It has been understood all along that this property has been secured as the site for a large sawmill. However, plans have not been prepared for this enterprise, al-though the land has been secured. The land is water front property, and is re-garded as very valuable for a sawmill, or for any other manufacturing establishment.

RESIGNATION NOT WITHDRAWN. Rev. F. V. Jones Informed Hassald Church He Will Not Reconsider It.

Rev. F. Vernon Jones, who has been paster of the Hassalo-Street Congregational Church, Holladay's Addition, has decided that he will not withdraw his resignation submitted two weeks ago, and he communicated his decision to the meet ng the members held last night, in communications both oral and written Pursuant to a call a largely attended gathering of the members was held in the church auditorium to continue the effor to induce Mr. Jones to reconsider his determination to leave the field. F. Mo-Kercher presided. He said that the mem-bers were presented with a serious ques tion—that of the prospective loss of the pastor. The committee appointed at the former meeting had labored with Mr. Jones to induce him to reconsider his resignation, and this meeting had been called to support the work of the committee. W. H. Morrow then moved that it was the unanimous sentiment of the church that the committee should continue its efforts

row said that he had made close inquiry-among the members and failed to find a single one who did not want Mr. Jones to remain pastor. Among the young peo-ple the sentiment was unanimous for him

to stay. Another member said that it would be a calamity to lose Mr. Jones, and that if he did go the church could not hope to get another his equal, and had as well close its doors. After all who desired had spoken, the motion was car ried uranimously.

Mr. Jones then came forward and made a short talk, thanking the congregation for the expression just given; but he did not consider he was the man for the field at all. He had thought the matter over for weeks, and had come to the conclu-sion that he was in the wrong field. He then handed the chairman a letter, which contained his official reply, that he could not withdraw his resignation.

It was received with much surprise, as much hope had been entertaned that he would reconsider his action and remain as pastor, when he ascertained it to be the unanimous wish of the congregation. It was some time before a motion was made but John E. Boynton finally made the mo-tion to accept the resignation, with the understanding that the departure of Mr. Jones should be put off as long as pos-sible, and it was carried. A motion was then put that a committee on new pastor be appointed, but was voted down. It was moved that all applications should be received by the advisory committee. Mr. Jones will remain at least till the end of the year.

The pressure for him to remain has been heavy. The only reason Mr. Jones gives for his resignation is that he does not think he is the man for the field. A prominent member said last evening that the membership of the church is 169, but that a considerable number had falled to attend public service for a long time, but the best of feeling exists between the paster and the people. Mr. Jones has no other field in prospect at present,

Spooner Appointed Carrier. Robert Speener has been appointed carrier for the South Mount Tabor rural free delivery route. The next step will be to order the service. This may come at any time. Inspector Clements has been over the route with Albert Niblin, and the maps of the district are in the hands of the department. It is expected that Lents may be made the distributing center for the district, and that the mails will be sent out there on the electric cars. When the service commences probably several small offices may be discontinued.

Pleasant Home News. The youngest son of Mrs. Emma Dixon

who has been seriously ill with typhoid fever, is slowly improving. Rev. C. A. Nutley will preach in the Baptist Church at Pleasant Home next Sunday morning and evening.

Mrs. Lizabeth Stephens, of Portland, inspected the Woman's Relief Corps at Pleasant Home Saturday. She found the corps flourishing and increasing in membership.

The ladies of the Baptist Church will give a social Friday evening in G. A. R. Hall for the benefit of the church, which needs repairs.

The concrete foundation of the Cottrell Baptist Church is being completed, E. O. Ball has the contract for putting up the building. W. Proctor is also having a residence erected at this place.

East Side Notes.

Gus Briggs, Assistant Superintendent of Fire Alarms, completed the tests of the Albina circuits yesterday, and found the system in good working order.

Mrs. A. E. French, of Sellwood, has

gone to Weston, where her sister, Mrs. H. E. Waite, is seriously ill. Oscar New-land, her brother, accompanied her. Engine Company, No. 7, on East Third and East Oak streets, has been supplied with 1200 feet of new Bose. This hose is cotton, and gives the company 2000 feet of

Special services in the Kenilworth Presbyterian Mission Church will close this evening. Friday evening in this church the Sunday school will hold a concert, for which a pleasing programme has been

J. M. Cheever, of Richmond, is around with his left arm in a sling. While trying to split kindlings in the dark he nearly severed the thumb of his left hand. The surgeon sewed it back on, and Cheever expects to retain his thumb.

SUFFERERS FROM KIDNEY TROUBLES

THE FREE SAMPLE BOTTLE OF WARNER'S SAFE CURE AND THE FREE TRIAL BOX OF WARNER'S SAFE PILLS. A TRIAL BOTTLE OF THE WORLD'S GREATEST KIDNEY CURE, SENT ABSOLUTELY FREE, FOR THE ASKING

THIS LIBERAL OFFER IS MADE TO EVERY READER OF THE OREGO-NIAN WHO SUFFERS FROM LAME BACK, KIDNEY TROUBLE OR ANY DIS-EASE OF THE BLADDER OR URINAARY ORGANS, WHO HAS NOT AL-READY TRIED IT.

This free offer has been accepted by over 1,000,00 sufferers who have been benefited by its use. Thou-sands of letters are received daily from grateful men and women who have received 'nstant relief from the sample of Safe Cure and Safe Pills, and have been permanently cured by one or two bottles of Safe Cure. Free Sample Gave Instant Relief.

"Alten-Verein," who resides at No. 3213 Wabash avenue, Chicago, Ill., says: "Last Summer, while at a picnic, I was poisoned with poison ivy, and my face and hands were badly swollen, and I could not see out of my eyes. I tried washes and salves, and painted the affected parts, but without relief. I sent for a sample battle of Warner's Safe Cure and

MISS BESSIE ARNOLD, President of the Chicago

for a sample bottle of Warner's Safe Cure, and found that it gave me immediate relief. One large bottle cured me in a short time, driving all the poison out of my system, and effected a complete cure. Since then I have used it off and on when I feel worn out, and have found it a fine remedy for general debility. In find your Safe Cure has a host of friends in Chicago." Cured Gravel and Inflamed Urinary Organs. GEORGE DESSUM, Major, Christian Volunteers,

154 Fifth street, Cincinnati, O., says: "For three years I have suffered constantly with gravel and inflamma-tion of the urinary organs, aggravated by exposure

tion of the urinary organs, aggravated by exposure in conducting outdoor meetings. I let the trouble run on, not seeking relief until I felt so badly I could hardly continue my work. On examination the doctor told me what my trouble was and prescribed for me. I took his medicine for two weeks without relief; then a brother officer told me how Warner's Safe Cure had cured him of the same trouble. I immediately sent for a bottle and soon found blessed relief, and I most gratefully acknowledge the truly wonderful merits of Warner's Safe Cure. It has permanently cured me. May God bless you for sending such relief to suffering humanity.

Pains in the smail of the back, painful passing of urine, inflammation of the blader, toppid liver, cloudy urine, pains in the back of the head and neck, rheumatte pains and swellings all over the body, eczema and jaundice, tell you your kidneys have been diseased for a long time, for kidney troubles seldom put out such symptoms as the victim recognizes until they have been working several months. If you rave any of these symptoms, great care should be taken to stop the progress of the disease and prevent it pregnating the entire system and becoming chronic.

This Simple Home Test Will Tell Condition of Kidneys

Let some morning urine stand for twenty-four hours in glass or bottle. If it is cloudy or contains a reddish brickdust sediment, or if particles or germs float about in it, your kidneys are diseased. If, after you have made this test, you have any doubt in your mind as to the development of the disease in your system, send a sample of your urine to Warner's Safe Cure Co., Rochester, N. Y., and our doctors will analyze it and send you a report, with advice, free of cost to you.

All letters from women read and answered by a woman doctor. All correspondence in strictest confidence.

WARNER'S SAFE CURE

will purify and strengthen the kkineys and restore them to their normal, healthy condition; it will cure rheumatism, rheumatic gout, diabetes, Bright's disease, lame back, rainful passage of urine, a too often desire to urinate, uric acid poison, inflammation of the bladder and urinary organs, and restore the patient's health and

Warner's Safe Cure is purely vegetable and contains no narcotic or harmful drugs; it is free from sediment, and pleasant to take. It does not constipate; it is a most valuable and effective tonic; it kills the disease germs; it is a stimulant to digestion and awakens the torpid liver. Beware of so-called kidney cures full of sediment and of bad odor—they not only do not cure, but are

positively harmful.

Warner's Safe Pills move the bowels gently and aid a speedy cure. The free sample bottle of "Safe Cure" and the free sample box of "Safe Pills" have often been sufficient to cure cases of kidney disease when the simple home test has been made in the earlier stages of the disease.

Warner's Safe Cure is what you need; you can buy it at any drug store, two sizes, 50 cents and \$1.00 a bottle.

REFUSE SUBSTITUTES AND IMITATIONS. Be sure you get Warner's Safe Cure; substitutes contain dangerous drugs. There none "just as good" as Warner's Safe Cure.

SAMPLE BOTTLE "SAFE CURE" FREE

To convince every sufferer from diseases of the kidneys, liver, bladder and blood that Safe Cure will cure them, a sample bottle of this great Kidney Cure will be ent, absolutely free, postpald; also a sample box of "Safe Pills," and a valuable medical bookict which tells all about the diseases of the kidneys, liver and bladder, with a prescription for each disease, and many of the thousands of testimonials received daily from grateful patients, who have been cured by Warner's Safe Cure. All you have to do is to write Warner's Safe Cure Company, Rochester, N. Y., and mention having read this liberal offer in The Oregonian. The genuineness of this offer is fully guaranteed.

IMMIGRATION COMMITTEE MEETS ENCOURAGING SUCCESS.

Many Large Subcriptions Are Already Received and Smaller Ones Are Promised.

"Half the fund for the immigration bu-reau is in sight," said the committee yesterday which is pushing the project, "It's the most popular enterprise ever started in Portland," declared a member

committee. "Nobody yet has turned it down," asond member. erted a second member. "We'll make it a go and that right

soon," put in a third.
"People complain not about giving money themselves, but because they think the other fellow is not giving his share, remarked a fourth. "I shrank from going out for money, but I found hardly any obstacles at and said one of the speakers.

"It's coming our way. We're dead sure of it," was another comment. The largest subscriptions up to last ever

Merchants' National Bank.
United States National Bank. The soliciting committee is composed of A. H. Devers, J. Thorburn Ross, William Killingsworth, F. V. Drake and Julius L.

"This is a good thing," remarked H. W. Goode yesterday, president of the Port-land General Electric Company, and put

his name down for \$600. "I could afford to dispense with the best clerk in my office rather than to refuse to push this thing along," was the sentiment of a merchant who said he would sub-

scribe today. The soilciting committee has been working for big subscriptions, and so far has only such sonations entered upon its list. It has received voluntary promises of enough small sums to make the fund thus far in sight half of the \$15,000 to be used for the bureau and exhibit. After the \$15,000 is raised the committee will en-deavor to secure another \$10,000 for advertising Oregon in newspapers of the Mid-dle West. Advertising of this kind has been remarkably successful. The Chamber of Commerce of Portland two months ago spent \$1600 in exploiting Oregon in a Minneapolls newspaper. Thousands of inquiries have been received about Oregon by the Harriman Immigration Bureau at Cnicago, to which readers were referred The donations will be paid in monthly in

A BULL DOG Is Ensier to Shake Off Than the Coffee Grip.

A lady of St. Paul, Minn., never drank anything but cold water until she was married and then commenced to drink

She says: "About one year after our

marriage, my husband began to complain of a distress in his stomach and I had such dizzy spells after each meal, that we had to see a doctor. We drank coffee three times a day, but did not imagine that coffee was causing all this distress The doctor said both our livers were out of order, gave us some medicine, and told us that we ought to break off drinking coffee. We stopped it for a while, but missed the hot drink so much we went back to coffee. In five years' time I lost a complexion that was faulties and I lost a complexion that was faultless and gained a very bad stomach, and my hus-band's stomach was ruined. He thought he had cancer of the stomach, or some thing worse, but we had formed the habit of coffee drinking, and like drunkards found it no easy matter to break off although we knew it was killing both of us.
"We kept a grocery store at the time, and a lady called one day and asked for Postum Food Coffee, saying-'My children like it; will not drink anything else, and I know it is good for them because they never have troubled me with their stom-achs.' This interested me, and I told her bout my bad stomach. She told me how to make Postum and we began its us

urselves,
"After drinking it three times a day for a week. I felt much better and my hus-band declared that he felt like a new man. We have drank Postum for four years and have never had one particle of stomach trouble since, and I have lost that sallow, yellow color I so much disliked, and the whites of my eyes are as clear as ever again. I know it is because we left off drinking coffee and drank Postum. I can eat anything and every thing, and never know I have a stomach My husband used to say I would rule our coffee trade because I told all my Name given by Postum Co., Battle Creek

You have that satisfied feeling

which a well-made fur jacket imparts that you cannot receive from a garment made of any other material. You know that it looks better, feels better and wears better than any other material.

A perfect fit is assured if you purchase

your furs at this establishment. Being the largest exclusive fur house in the world we are able to sell at prices that cannot be duplicated else-
