Strong Plea for Aid to Distressed Philippines.

CONGRESS SHOULD GIVE CASH

President and Secretary of War Urge Action on Commission's Request for Reduction of Tariff, Curreney Reform, Relief of Poor.

WASHINGTON, Jan. 7.-The Presiden today submitted to Congress the third annual report of the Philippine Commission, with extensive appendices. Accompany ing the President's letter of transmitts was a letter from Secretary Root making a strong plea for immediate help by Con-gress for the inhabitants of the archipel-In his letter transmitting the report indorsing Secretary Root's plea, President Roosevelt says:

"I call your special attention to the of the Secretary of War. I most earnest ly feel that the enactment of the measures already pending in your body for the bet-terment of the Philippine Islands is imperatively demanded by the situation in those islands, and serious calamity may come from failure to enact them. Furthermore, I with equal earnestness ask your attention to the recommendations of Secretary of War in the accompany ing letter, and urge its adoption, so that the sum of money therein specified may be appropriated for the uses in the manner likewise specified, in order that the present distress in the islands may be

Secretary Root, in his letter to the Presi-I beg to ask special consideration of

the recommendations of the commission, all of which have my hearty approval. "It seems to me that the conditions resulting from the destruction by rinderpeat of 90 per cent of the caribous, the draft animals of the islands, and the consequent failure of the rice crop, followed by an epidemic of choiera, are so serious and distressing as to call for action by Congress beyond that for which the commission specifically asks.

'The removal under the laws of Con gress of export duties on goods shipped from the Philippines to the United States has materially reduced the duties of the islands, while the duties collected in the United States upon importations from the Phillopines, which under the same laws were to be turned over to the Philippine treasury, and were expected to make good the deficit, have amounted to practically hing. At the same time, the decline in the price of silver, the evils of a fluctuat ing currency and the impoverishment of the people have reduced the government revenues when they are most needed for relief of the people. I think the occasion for relief in the Philippines is now greater than it was in Cuba when Congress appropriated \$3,000,000 for the payment of the Cuban soldiers out of the Treasury of the United States, or that it was in Porto Rico when hundreds of thousands of dolars were contributed by the people of the United States and more than \$1,000,000 was paid out of the National Treasury for the relief of the sufferers of the hurricane in

"An appropriation of not less than \$3,000.000 for the relief of the distress in the Philippines from the causes which I have mentioned will be in harmony with the course pursued by Congress toward the people of the other Spanish islands, tical evidence of the sincere inter est the people of the United States take in the welfare of the Philippine people and of the kindly and generous treatment which they should receive. Previous experience indicates that such an appropriaold be made the most useful by giving the Philippine government discretion to apply it in such proportions as they deem wise in the direct purchase and distribution and sale of supplies or through the employment of labor in the ction of government wagon roads. railroads or other public works."

PRESIDENT TALKS ON TRUSTS. Confers With House Leaders on Legislation to Be Passed.

WASHINGTON, Jan. 7. - President Roosevelt had a conference today with Speaker Henderson and Representative Grosvenor of Ohlo, with regard to proper anti-trust legislation. The conference tion in the House being discussed thoroughly. It is understood that the Presint impressed upon his callers who went the executive offices at his request, his to the executive offices at his request, his desire that some legislation dealing with the trust question should be enacted at the present session of Congress. No par-ticular measure was under discussion, and of course none was agreed upon.

"The trust question is a most difficult one to handle in a legislative way," said General Grosvenor, as he left the execuflees, "but I think some measur enacted into law at this session It will be necessary to steer a middle tree between the desires of the radical to see little evil in trusts or combinations of capital. That such a course will be adopted by Congress I have no doubt." It is understood that during the con-ference today the question of bringing subject of trusts to the attention of House in a formal way at an early date was considered, but what conclu sion, if any was reached, is not known.

BOXER CLAIMS ADJUSTED. Total Demanded by Missionaries

Scaled Down More Than Half. WASHINGTON, Jan. 7.-Mr. Bain bridge, secretary of the United States Legation at Pekin, and United States Consul-General Ragsdale, at Tien Tsin, who with Minister Conger constituted the board which adjusted the claims of Amer ican missionaries for losses sustained ing the Boxer uprising, called upon Secretary Hay today. All but two of these claims have been practically settled, all that remains to complete the settlement being the payment by the State Depart ment of the claims in 15 per cent install

Klamaths Want Reserve Opened. WASHINGTON, Jan. 7 .- A delegation of Klamath Indians is here to urge the pas sage of a bill opening up a portion of their reservation to settlement and entry. The bill has passed the Senate and is favorably reported in the House, but is op-posed by Chairman Cannon, of the appropriations committee, because it carries an appropriation to pay for the land.

NATIVE -ARMIES PARADE Grand Review of Oriental Magnificence at Indian Durbar.

DELHI, Jan 7 .- The Vicercy, Lord Curzon of Keddleston, and Lady Curzon and the Duke and Duchess of Connaught today reviewed the retainers of the ruling chiefs in —e durbar arena. The variety of costume and paraphernalla afforded one of the most striking pictures of the durbar festivities. Contingents from all parts of Greater India participated, mostretaining the distinctive features of their contumes

The flags and other emblems of the State of Cutch were carried on camels and elephants, accompanied by armed men on stilts, while Arab irregulars danced past the Viceroy to the music of their own instruments. The famous gold and sliver guns of the State of Baroda attracted much attention. The ancient Mahratta flags, descended from the Mogul Emperors, were borne past on an elephant carriage. The martial Rajputs were clad in mall armor.

State bands, camel kettle-drums, richly caparisoned elephants and horses and aglie swordsmen, many shouting battle crics, followed one another in quick suc-cession. A royal elephant carriage, two stories high, showed how the palace la-dies accompanied the Princes of by-gone days. A relique of the State of Nashmir included a fine detachment of cultrassiers and a huge giant. The great Sikh states were represented by large, soldier-like bodies of men armed with maces, spears, match-locks and hand grenzdes. Each contingent was headed by an elephant bearing a gorgeous howdah, in one of which the secred book of the Sikhas occupied the place of honor. The book was guarded by the chief priest,

DOES NOT ADVANCE PRICE.

Effect of British Grain and Sugar Duties No Injury to Consumers.

NEW YORK, Jan. 7 .- The revenue from the grain registration duties and sugar tax promises to exceed \$37,500,000 for the fiscal year, says a London dispatch to the Tribune. These taxes have been collected without an increased cost on sugar, whent, barley or oats to the consumer. Brown's Valley, Minn., The prices of wheat, barley and oats are storm the worst that ha from 2s 7d to 2s lower a quarter they were before the registration duties were imposed. These duties have been more than balanced by the condi-tions of supply and demand and the sugar tax has also been more than neutralized have not suffered from the duties icvied reluctantly by Sir Michael Hicks-Beach two years ago.

Convenient as it may be for the Liberals in the by-elections to raise loud out-cries against the oppressive taxation of the mayses through the abandonment of free trade principles, meat and coffee have both risen in price through conditions of decreased supply, although there has been no change in tariff arrangements. Sugar and grain duties might have been doubled without increased cost to consumers, as prices have averaged during the year,

FLOOD SITUATION THE SAME,

Northern Pacific Trains Running Over 0. R. & N .- Work of Repair. TACOMA, Jan. 7.-The flood situation so far as the Northern Pacific is concerned is practically the same as reported yesterday. A large force of men are at work with piledrivers on the main line between Palmer Junction and Lester, another gang is at work on the big bridge at Martin and still other gangs are at work at va-rious places along the line. Until its own line is cleared the Northern Pacific will send all trains via Portland and the O.

Advices received by local Northern Pa-cific officials today were to the effect that the bridge at Martin would be ready for tomorrow morning, and at time the trains that are now tied up in the mountains will be sent east as far as Wallula Junction and brought into Tacoma via Portland. Several westbound trains will arrive over the same route during the night. There are now but 12 passengers on the trains that are tied up in the mountains, and they are comfortable. Among those who came out over and they stood the strain remarkably well.

MAKES CASTRO FEEL SAD

ANSWER OF ALLIES TO HIS PEACE PROPOSALS.

They Want Large Sum Down Before Beginning Arbitration-He Will Send Reply Today.

CARACAS, Jan. 7 .- The answers of the powers to President Castro's last proposal relative to arbitration were delivered to President Castro this afternoon by United States Minister Bowen. A meeting of the Cabinet was also called to consider these communications. The answer of Venezuela will be handed to Minister Bowen and will be forwarded by him at once to Washington.

It has been learned from an authoritative source that the answers of the powers delivered by Mr. Bowen this aftrnoon have created a feeling of depression in Venezuelan government circles. All sorts of rumors are current in Caracas tonight concerning President Castro's answers to the communications of the powers, but none of them is reliable. It can be said upon good authority that Mr. Bowen does not expect to receive the Venezuelan answer before tomorrow.

SPEEDY SETTLEMENT NEEDED. Public Opinion Irritated at Balfour's

Alliance With Germany. NEW YORK, Jan. 7.—A growing feeling of impatience at Berlin over the prospect of a prolonged delay in regard to a set-tlement of the Venezuelan claim is, according to the Tribune's London correspondent, noted suspiciously by a good many writers of the press. The German Embassy in London is reported as reflect-ing the opinion of the Berlin Foreign Office that an award must be made within three months from the opening of the

proceedings at The Hague tribunal. The slightest indication of resentment on the part of the American press over German strictures on the Monroe Dectrine would be a signal for a vigorous denuncia-tion of the British Foreign Office for per-severing in an ailliance which has been disliked from the outset, even with evidence of a lack of excitement in America. There are warnings from the provincial press that Lord Lansdowne must make strenuous efforts to remove the obstacles which Germany is placing in the way of a speedy settlement, and there are also elab-orate argument in demonstration of the that British interests will be served best by a frank acceptance of the Monroe Doctrine as a safeguard against European schemes of annexation or of a partition of the Western Hemisphere. The fate of the Balfour Government would be scaled if Germany, with Great Britain supporting her, were involved in complications with the United States.

POWERS WANT CASH DOWN. Castro Must Pay Them \$335,000 Each

Before They Will Negotiate. BERLIN, Jan. 7.-That portion of the joint reply of the powers to Venezuela suggesting a settlement without arbitra-tion only goes so far as to offer to treat for a settlement out of court after the payment of cash or the giving of a sufficient guarantee for the payment of \$335,000 to each power. This reservation remains as the fixed and only condition pracedent to arbitration or negotiation direct for a supplementary agreement. The German government would much prefer to close up the matter by negotiations through Minister Bowen, while the blockade con-tinues, than withdraw the blockade and adjust the claims through The Hague arbitration court.

Italy Makes It Unanimous. WASHINGTON, Jan. 7.-Through the United States Embassy at Rome, the State Department today received the answer of the Italian Government to Presi-dent Castro's proposition, and, as was the case with the British and German anwers, Secretary Hay has forwarded it to Minister Bowen at Caracas for subsion to President Custro. It is stated that the Italian note is on lines similar to the British and German notes.

To Inspect Blockading Fleet. KINGSTON, St. Vincent, Jan. 7 .- Vice Admiral Douglass, commander of the British naval forces in West Indian wat-ers, left Port-of-Spain, Trinidad, at 1 o'clock this morning on board the fiag-ship Ariadne, to inspect and provision the ships under his command which are blockading Venezuelan ports.

Pishermen Have Been Smuggling. LA GUAYRA, Jan. 7.-Fishing smacks were not allowed to leave this port yesterday evening, owing to the fact that some of them had infringed their block-ade permits by communicating with and purchasing goods from a sloop which had contraband of war on board.
