allowed to vote.

SUSPENDED BY THE CHURCH

LOVED NOT WISELY

Handsome Pastor Nickelsen Invited Mrs. Dunbar to Join Him in Spokane, but She Sent a Lawyer, and the Church Ousts Him.

SPOKANE, Wash., Jan. 22-(Special.)-Rev. C. D. Nickelsen, the young Metho dist Episcopal minister from Colfax Wash, was yesterday found guilty of coveting another man's wife, and of proposing and planning suicide. The committee which has been hearing

evidence for the past three days reached this decision by a unanimous vote. This means that Mr.' Nickelsen will be suspended from exercising the ministerial functions until the next meeting of the Columbia River Conference to be held in Spokane next October.

The following order of suspension was drawn up and signed by each member of the committee:

"After consideration, the committee de-clares its will in the following action: The committee called to investigate cer-tsin rumors affecting the moral character of Rev. C. D. Nickeisen, pastor of the Methodist Episcopal Church at Colfax, Wash, after listening to the testimony ond making a full investigation in ac-cordance with certain charges and specifications, setting forth said rumors, here by declares that in its judgment the evi-dence is of such a nature as justifies his suspension from the discharge of the ministerial functions until the next annual ssion of the Columbia River Confer

Nickelsen is the handsome preacher who became enamored of a Mrs. Duniar, of North Yakima, while she was a member of his parish at Goldendale. He wrote to her about two months ago, asking her to join him in Spokane and intimated that they would commit suicide together. She sent a lawyer in-stead and investigation followed. Nickelen pleaded temporary infatuation as his defense

DEFEND THE POSTMASTER.

Citizens of Wasco Don't Believe in

Charge of Shortage.

WASCO, Or., Jan. 22-(Special.)-Citi-zena of Wasco and its vicinity have risen to the defense of Postmaster Clark Dunwho has been represented as being thert in his accounts to the amount of [3] 23. They declare that they have full confidence in his integrity and say that \$531 23. against him has arisen from the charge some mistake in the keeping of his books. Mr. Duniap has made the amount of the

apparent shortage good. Citizens of Wasco and its vicinity to the number of about 100 have signed a petition to retain Mr. Dunlap as post-

"Whereas, the Postal Inspector has re-ported that Clark Dunlap, of Wasco, Or., the present postmuster, in his account of supplies is short to the amount of \$31 23, and that he has failed satisfac-

torily to account therefor, and "Whereas, the newspapers of the state are publishing interviews with the said inspector wherein the inspector seems to say that Duniap's shortage is a clear case of embezzlement, therefore,

We, the undersigned citizens and residents of Wasco and its vicinity, who are patrons of the Wasco postoffice, most respectfully say that we have known Mr. Duniap for a long time; that he is one of the oldest settlers in this locality, and During for a long time; that he is one of the oldest settlers in this locality, and has the confidence, respect and ceteem of practically the whole community, and, so far as we know, his honesty has never been questioned; that we believe what-ever shortage there may seem to be in

OTHER FELLOW'SFAULT.

Recriminations Regarding Coal Shortage Occupy Commission.

PHILADELPHIA, Jan. 22-The question of who is responsible for the appar-ent shortage in the supply of anthracite coal was the subject of much debate to-day by the attorneys representing the parties before the strike commission. It the same, or permit them to be herded was testified that the miners are not obey-ing President Mitchell's request to make extra efforts to produce more coal to relieve the situation. This was followed by James H. Torrey and Everitt Warren, both of Scranton, who represent several of the large companies, challenging the correctness of Mr, Mitchell's statement that 3000 men are idle and ready to go to work, C S Darrow, for the miners, reported that he would show that it was the operators, and not the men, who were responsible for the shortage in the pro-

"If I don't," he said, "I will ask the ommission to find against us." The Lehigh Valley Coal Company closed

its case today, and the Lehigh & Wilkes barre Company consumed a few hours in presenting its evidence. This company closed shortly before adjournment, and the independent officers of the upper region then took up the operators' side of the controversy. It is expected the hearing will last 10 more days. The commission informed the attorneys on both sides this afternoon that it would like to confine their final arguments to about four or five days. The lawyers will agree among themselves as to the division of time. The

AGRICULTURAL COMMITTEE RE-PORTS ADVERSELY ON BILL.

Sheepmen Attend Committee Meeting and Persuade Lawmakers It Would Harm Wool Industry.

SALEM, Or., Jan. 22.-(Special.)-The mmittee on agriculture met day and decided to make an adverse re port on Burleigh's one-mile limit sheep-grazing bill. The subject has become a live issue in many parts of Eastern Oregon and a formidable movement has developed against the unrestricted use of the ranges by large bands of sheep. The small stockmen think their interests are jeopardized, and some of the cattlemen are of the opinion that anything detrimental

to the sheep and wool industry must be mencial to them. The section of the committee today was attended by all the representatives from

the Twenty-first and Twenty-eighth Rep-resentative Districts, by A. M. Kelsey, Representative Phelps and A. McGreer, of Wasco, and by R. F. Hynds, ex-secre tary of the Oregon Wool Growers' Asso-ciation. All were opposed to the Bur-leigh measure, which provides "that it on the lands or possessory claims of other persons, or to herd the same or permit them to graze upon unappropriated lands within one mile of the dwelling-ho the owner or owners of such lands poseessory claims, or within one-half mile tive Hahn making the claims of boat-pullers and laborers on the seining of the boundary lines of such lands or possessory claims." The measure further provides that

sheep, cattle or horses cannot run at large county in which the owner does not nices a permit shall be obtained. and the tax thereon shall be 20 cents each for sheep and \$1 per head for horses and cattle

The sheepmen appear to agree that it is proper to impose a reasonable tax on sheep owned in one county and feeding in another, and a measure carrying out that policy will, it is said, be presented by them

FAVORABLE TO HEALTH BOARD. Senate Committee Reports Favora-

bly on Senator Smith's Bill. SALEM, Or., Jan. 21.-(Special.)-The Senate committee on medicine and phar-macy today reported favorably Senator A. C. Smith's bill for the creation of a State Board of Health. This bill received the indorsement of the Marion County Medi-cal Society at its meeting last Tuesday evening, and will be given the full sup-port of the medical profession. Because of the frequent need for a board of health in the last into means the bill is thete to

in the last two years the bill is likely to pass both houses. It provides for a board of seven members, of whom six are to be appointed by the Governor and the sev-enth to be elected by the first six. The board is required to keep vital statistics and make investigations regarding the cause and prevention of disease. The board is to be vested with power to es-The tablish quarantines which Sheriffs and

AN OBJECT LESSON

In a Restaurant.

A physician puts the query: Have you sever noticed in any large restaurant at unch or dinner time the large number of hearty, vigorous old men at the tab.es; men whose ages run from 60 to 80 years; many of them bald and all perhaps gray,

but none of them feeble or senile? Perhaps the spectacle is so common as to have escaped your observation or com-ment, but nevertheless it is an object less son which means something.

If you will notice what these hearty old fellows are eating you will observe that they are not munching bran crackers nor gingerly picking their way through a menu card of new fangled health foods; on the contrary they seem to prefer a juley roast of beef, a properly turned loin of mutton and even the deadly brolled lobster is not

old age depends upon good digestion and plenty of wholesome food and not upon dicting and an endeavor to live upon bran crackers.

who seem to believe that ment, coffee and many other good things are rank poisons, but these cadaverous sickly-looking individuals are a weakly condemnation their own theories.

The matter in a nutshell is that if the stomach secretes the natural digestive juices in sufficient quantity any wholesome food will be promptly digested; if the stomach does not do so, and certain foods cause distress one or two of Stuart's Dyspepsia 'Tablets after each meal will remove all difficulty because they supply

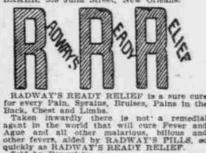

Stuart's Dyspepsia Tablets do not act upon the bowels and in fact are not

Of people who travel nine out of ten use Stuart's Dyspepsia Tableta knowing them to be perfectly safe to use at any time and also having found out by rience that they are a safeguard against indigestion in any form, and eating as they have to, at all hours and all kinds of food, the traveling public for years have pinned their faith to Stuart's Tablets

All druggists sell them at 50 cents fo full-sized packages and any druggist from Maine to California, if his opinion were asked, will say that Stuart's Dyspepsia Tablets is the most popular and successful remedy for any stomach trouble

Rheumatism

I have been a sufferer from Rheumatism more than six months. I could not raise hands to my head or put my hands behind i or even take off my own shirt. Before 1 finished three-fourths of a bottle of Radwa Rendy Relief I could use my arms as well ever. You can see why I have such go faith in your Relief. Yours truly, W. BAKER, 959 Julia Street, New Orleans.

tentional on his part; that as soon as his attention was called to it he made the amount good; that at the time of the taking of the last invoice of supplies his principal clerk was absent, and he, him-self, was not in good health; and that under such circumstances errors may easily occur and may be entirely ex-curs bla. easily circible

'Unless embezziement has been the fact Choose embergiment has been the fact and is actually established, it is certainly a very great injustice and wrong that such a charge be published in the leading newspapers of the Northwest. "We would respectfully ask a thorough examination and investigation of Mr. Dumination and investigation of Mr.

Duniap's accounts before any summary action is taken. We do not wish to shield him if he has done wrong; but we do not believe that he has intentionally done wrong or that he is guilty of any embes-slement whatever. We ask that he be retained in office until a fair and full investigation is had and if the discrep can be satisfactorily explained that he be retained in office in refutation of the published accusations against him and in justice to him."

SHERIFF'S BOND FOUND.

But Owing to Irregularities Baker County Will Likely Lose.

BAKER CITY, Or., Jan. 22-The missing bond of ex-Sheriff Huntington, who was found to be short in his accounts about \$17,000, December 1, was found this about si, w. December 1, was found this morning in an unused pigeon-hole in the Sheriff's office, where it has lain since June, 1900. County Judge Travillon has insisted all the time that he had examined and passed upon an extra \$10,000 bond for Sheriff Huntington's second term, but the court records and the files in the County Clerk's office failed to show any indication that a bond of such a description had been given. The bond that was uncarthed today by Deputy Sheriff Lach-James Fleetwood, who qualified for \$2000. The bond, while purporting to be for \$19,000, is only signed for \$7000. There is no filing indersement, nor is it marked approved. It is not completely filled out, as the names of the parties signing it do not appear in the body of the bond. Ex-County Cierk Geddes says the bond was never in his possession. There is an of-ficial bond for 1900 in existence which was properly filed. It is for \$10,000 and is

survey for Huntington as Sheriff. The law requires that a special tax bond be fur-mished by the Sheriff and it is this tax bond that is missing for 1900. The bond found today is drawn in the

same general terms as the regular official bond, but attorneys say that it is invalid because it was never approved and filed, and because it does not expressly state that it is given as surety for tax money. One of the greatest legal battles in the history of the state is in view over this

HEAVY PLAY ON RICKMERS Reinsurance Speculation on Over-

due German Bark.

Will the German four-masted steel bark Paul Rickmers, 2840 tons, from Bangkok to Bremen and now out 200 days, and last reported at Anjer, 184 days ago, reach her destination? That is the proposition on which the largest amount of marine speculation in the history of the Pacific Coast is now occurring. Since the English speculators offered \$1000 in payment Since the Engof every investment of \$100 in payment of every investment of \$100 in case of the arrival of the Rickmers, speculators all over the Const region have been falling all over themselves to secure the opportunity of taking some of the English

money. The Paul Rickmens is known to be notoriously slow sailer, and her stability cannot be questioned. In proof of the fact that she is a slow sailer, her running time between Bangkok and Anjer on her time between Bangkok and Anjer on her present voyage may be instanced. The voyage of 1400 or 1500 miles occupied the Paul Rickers 46 days, whereas the fair passage time is between eight and ten days. The Paul Rickmers was formerly the Windermere. She was built in 1822 at the Milford Haven yards of T. R. Os-wald & Co. and she is owned by the

wald & Co., and she is owned by the Rickmers Company. Reinsurance on the British bark Dun-earn, 194 days out from Cardiff for Sitka, is still quoted at 20 per cent. She has never been spoken since she salled from Cardiff with a cargo of 2509 tons of Welsh coal for the Government station at Sitks. Speculation on her is not at all heavy.

TO BECOME A COAL HULK.

Wrecked Bark Baroda Bought by the

[†] Dunsmuirs, of Victoria. VICTORIA, B. C., Jan. 22.-The steel bark Baroda, which stranded on August 28 off the Oregon const and was floated after much work and has since been lying at San Francisco, has been purchased by R. Dunsmuir's Sons, of this city, and will be towed north by the steam collier Tellus on her next voyage. The Baroda will be converted into a bulk for the coal-carrying trade between the Island mines and Vancouver. The British bark Crompton has been placed on berth at London and Liverpool has been

The North Pacific Lumber Company, the highest bidder for the Government stern-

teid, the substance which builds healthy cells in the human body. People ought to know more about proteids -we are constantly in need of them. What are they and why do they "take first place?" All active tissues must con-

tain proteids. They are a necessary article of diet to replace the living cells that are destroyed in great numbers every day by wear and tear on the body. They furnish resisting force-power to withstand illness, ability to gain healthy flesh, means of acquiring energy.

The body gets them in the best form from the flesh and fat of animals. But there are lots of people who do not or cannot eat the proper food to get these necessary proteids. What can they do to get their share? It has been found that Scott's Emulsion furnishes the necessary proteid elements and provides them in a way that insures their proper distribution in the

body. In addition there are hypophosphites of lime and soda. which, when carefully and perfectly blended with the whole oil as in Scott's Emulsion, represent one of the most valuable forms of nourishment known to the medical profession.

Obtained No Relief Until I Tried Dr. Miles' Heart Cure-

It Cured Me.

Since the advent of Dr. Miles' Heart Cure the general public has learned to know that heart disease is curable. Fluttering, palpi-tation, shortness of breath and heart pains rapidly disappear before its magic influence. It is unequalled as a heart and blood tonic. "My case was one of long standing. Az early in life as my thirty-sixth year, or more particularly November, 1863, when returning home from a journey, I was taken with a se-vere congestive chill, which caused my whole frame to shake, and which a noted physician vere congestive chill, which caused my whole frame to shake, and which a noted physician pronounced a case of severe congestion of the heart. From that time on for thirty years I gradually became enfeebled in health, until 1892, my sufferings became intense from shortness of breath and palpitation of the heart. I could obtain no permanent relief, although I spent much money in procuring medical advice, until I took several bottles of Dr. Miles' New Cure for the Heart. I continued the remedy until my health was restored, and always keep a supply on hand for any emergency. I am now past 70 years of age and weigh 176 pounds. I have also used Dr. Miles' Nerve and Liver Pills, Anti-Pain Fills and Nerve Flasters with good re-sults. The Anti Pain Pills proved most effective in a most painful attack of neu-ralgia, and also for sciatica. It is my exper-ience that the remedies can be relied upon absolutely every time they are properly used."-W. G. BOWERS, Beaver City, Utah. All druggists sell and guarantee first bot-
