KELLY WILL GO ON THE STUMP

Apathetic Members of the Party Will Be Aroused to Holl Up Hermann Majority-Working on the Recalcitrants.

ALBANT, Or., May 3-(Special.)-"H Mr. Hermann loses any votes, it will not be in Linn County," is the sentiment that Republican leaders around Albany are expressing. The political situation here is being watched very closely. It is realized that this is an off year, with no county officers to be elected, and that there is a lack of interest which may cause many to remain away from the polis on June 1

next.

That those who neglect to vote are more likely to come from the Republican ranks than the Democratic, owing to the Republican majority in the district, which seems to insure the election of of the nominee of that party, is also thoroughly realized. Hence it is that Republicans in Lina Court. County are preparing to carry on an active campaign for the party nominee. They are determined that Mr. Hermann shall not fall short of the normal Republican will be secured for him.

Chief among the active supporters of
Mr. Herminm is Hon. Percy R. Kelly,

who was a candidate before the Congressional convention in Eugene. D. T. W. Harris, chairman of the Congressional committee, has invited Mr. Kelly to go on committee, has invited Mr. Kelly to go on the stump for the Congressional nominee, and Kelly has giadly accepted the invitation. Mr. Kelly will begin the work soon, and will confine himself principally to Linn County. He is a power in Linn County politics, and will visit every part of the county during the campaign. Mr. Kelly is a very pleasing impressive stump speaker, and the Congressional committee did well in securing his services.

Already the feeling in the various precincts is being sounded, and very little unti-Hermann sentiment is found. Wherever there are a few milcontents the pre-

ever there are a few malcontents the pre einct will be polied, and members of the Linn County organization will endeavor to bring the recalcirants into line again. Mr. Hermann may count on a good vote in old Linn.

FREE METHODIST CONFERENCE. Appointments Made to the Churches of Western Oregon.

ROSEBURG, Or., May 2.—(Special.)— Business sessions of the annual conference of the Free Methodist Church for Western Oregon closed in Roseburg yesterday, and the visiting ministers occupied the pulpits of several of the city churches today. The appointments of ministers to the several churches of Western Oregon are:

Portland district—William Pearce, dis-trict elder; Portland, West Portland, Zion-town and Beavertown, H. V. Harlam; Central, C. C. Newell; Gresham, Pleasant Vallay, and Soundard of the Control of the Valley and Sunnyaide, H. Bowman; For-est Grove, Reedville, T. H. Symons; Beth-any, W. J. Johnson; William Bassett, superanuated; P. A. Scott, located as a member of Portland district.

Salem district-William Pearce, district elder; Salem and Aumsville, to be sup-plied; Dayton and Newberg, to be supplied; Woodburn, Meadowbrook and Scotts Mills, O. N. Blair; Falls City and Mill Creek, G. W. Bondurant; Lacomb. Sheridan and Albany, A. I. Harrington;

Myers, supply; Applegate, Williams Creek and Wilderville, Mary Heckman, supply; Golden, Glendale and Piacer, M. D. Wilson; Ashland, Phoenix and Medford, W. E. Goode; Francis Smith, supply; Eagle Point, H. W. Counterman, supply;

EVANGELICAL CONFERENCE Invites General Body to Meet in Portland in 1907.

SALEM, Or., May 3.-(Special.)-The soch annual session of the Oregon Confer-ence of the Evangelical Association met here Friday. Rev. N. Shupp, of Portland, was elected chairman. P. J. Green was appointed secretary of the conference, who chose S. A. Selwert English assist-ant and J. K. Elmer German assistant. In the afternoon Hishop William Hore was in the chair. The following were esented to the conference for license: G. Eaton, C. Lucas, J. O. Coleman, mli G. Hornschuch and G. McElroy, Rev. N. Shupp, of Portland, was again elected presiding elder. E. D. and T. R. Hornschuch and F. B. Culver were reported to the conference as being qualified for promotion to elders' orders, and E. L. Jones, S. A. Siewert and Morris Haver-

ling for deacons' orders.

The bishop opened the conference Saturday morning at 9 o'clock with devotional services. He made an earnest address H. E. Hornschuch was elected confer-ence trustee for a term of three years. An invitation was extended by this con-ference to the general conference, which meets this Summer at Berlin, Canada, to hold their next quadriennial session at Portland, Or., in 1997. N. Shupp and H. Shuknecht were elected delegates to the general conference, and also N. Shupp as delegate to the Board of Missions, and Eara Maurer first alternate and J. E. Smith second alternate.

NEW ROAD TO CRATER LAKE. Ready for Use by August 1-Launch on the Lake.

KLAMATH FALLS, Or., May 3-(Spe cial.)-W. S. Arant, superintendent of Crater Lake National Park, reports that he will have the new road leading to the lake ready for use by August 1. It will be shorter and have fewer bumps and steep grades than the old one. It will

steep grades than the old one. It will enable a journey from Fort Klamath to the lake, is miles, in My hours.

Work will begin on the new road as soon as the snow disappears sufficiently to permit it. Deep snow lingers longer in the mountains this year than usual, but may melt quickly under the influence of a search soul and not delay approach to warm spell, and not delay approach to lake. Mr. Arant says preparations being made to put an electric launch on the lake for the pleasure of tourists during the coming Summer.

NORTHWEST DEAD.

Julius O. Mack, Well-Known in Eastern Oregon.

THE DALLES, Or., May 3.—(Special.)—Julius O. Mack, one of the best-known residents of Eastern Oregon, died at his bome in this city this afternoon, after a abort illness, from pneumonia. Mr. Mack was about 50 years of age.

Change in Lorging Firm.

ABERDEEN, Wash., May 3 .- (Special.)-Merrill & Ring, the well-known logging firm of Hoquiam, have hought a half in-terest in the firm of Poison Bros. & Co. This sale, the details of which are about completed, is the largest transaction of its kind that has ever taken place in Che-halis County. The Poison Bros. Company is the second largest logging company in the State of Washington. It comprises at present 12 miles of railway and four camps. They employ 240 men and put in 250,000 feet of logs a day. An addition of 250 new logging cars and two locomotives was made recently. It is estimated that yearly profits of a contern of this magni-tude will be, at present prices for logs and labor, about \$100,000.

Preparing for Memorial Day, EUGENE, Or., May 3.—(Special.)—J. W. Geary Post, G. A. R., has taken preliminary steps for securing proper observance of Memorial day in Eugene. Roy, B. F. Rowland has been invited to deliver the Memorial sermon on Sunday, May 24. Other arrangements are in the hands of the

following committees: Finance-E. F. Chapman, Frank Reis Finance—E. F. Chapman, Frank Reisner, L. Glistrap; music—A. Yerington,
Mrs Bert Miller, Mrs. C. E. Diarmond;
decorations church or hall—R. A. Bartlett,
Miss Maggle Simons, Mrs. Baker; programme—A. C. Jennings, Mrs. A. Yerington, Mrs. M. Brown; speaking and hall, A.
C. Jennings, E. Wheeler, T. N. Plank.

Narrow Escape From Death.

ROSEBURG, Or., May 3.—(Special.)— Contractors F. F. Patterson and Dan Fisher narrowly escaped fatal injury in this city yesterday at the railroad crossing on Lane street. The yard was full of cars and a "flying switch" of a caboose was being made. As no engine was heard ap-proaching, and no watchman was present to give warning, the car was almost upon them before it was seen. Their ve-hicle was demolished and the horse killed, the men marvelously escaping without serious injury.

Little Change in Herd Law.

SALEM, Or., May 3 .- (Special.) - Aside from the amendment to the law regarding the running of stock in Multnomah Coun-ty, no change was made by the last Leg-islature in the herd law. Section 61 of the new road law prohibits the herding of stock upon the highways and causing the highways thereby to be obstructed with earth, stones or other debris, but this section does not prohibit herding stock on the highways so long as there is no obstruc-tion remaining more than 24 hours.

M'MINNVILLE, Or., May 3.—(Special.)— Last night the Misses Ethel Evans, aged 14: Ethel Ford, aged 13, and Leths Henry, aged 15 years, gave a recital. Ethel Ev-ans, at the plano, was compelled to re-spond to repeated encores. She is an ex-ceedingly bright child and has a wonderful technique for one so young, and her touch is marvelous. Ethel Ford's soft voice in her little isliaby songs won the hearts of the audience. Miss Henry was

the accompanist. Fair Club Organized in Union. UNION, Or., May 3.-(Special.)-Mrs. Edyth Tozier Weatherred, of Portland. has organized a women's Lewis and Clark Club in this city, to labor for the success of the great Fair. The officers are com-posed of representative women of the who will do all in their power to make the Fair a credit to the Northwest.

Union County Farmer Injured. UNION, Or. May 3.—(Special.)—Lindsay Roberts, a pioneer and Indian War vet-eran, while driving a team near Union, met with a serious accident. He was rid-ing on the running gear of the wagon when his leg struck an obstruction in the oud and the bones of one of his legs wer

Arranging for Immigration EUGENE, Or., May 3.—(Special.)—Misses W. E. Coman and G. E. McKinney, of Portland, were in Eugene yesterday, and met the Eugene Real Estate Exchange for a conference on matters of bringing immigration to Oregon. They are very en-thusiastic over the prospects for this sec-tion and the enterprise displayed.

FARMERS WIN FIELD DAY

CORVALLIS ATHLETES DEFEAT M'MINNVILLE.

Score was 102% to 23%, and Victory Was Ensy for the Agriculturnlists.

CORVALLIS, Or., May 2-(Special.)—
The track team of the Oregon Agricultural College yesterday defeated the team from McMinnville College by a score of 1974 to 234. The various events and the places taken are:

Broad jump-Cathey (O. A. C.) first.
Moores (O. A. C.) second. Nelson (M. C.) third; distance, 20 feet 6 inches.

190-yard dash-Moores (O. A. C.) first.
Long and Gray (M. C.) tied for second place; time, 194-5 seconds.

Shot put-Jackson first, Pilkington second, Burnough third, all of O. A. C.; distance, 35 feet 6 inches.

120-yard hurdle-Cathey first, Moores and Swan second, all of O. A. C.; time, 192-5 seconds.

19 2-5 seconds High jump-A. J. Burnough and Moores,

Washington, is making a lively bid for these events.

The field events are arousing great interest. At the beginning of the season it looked as if the 'varsity would be weak in the weights, but big Freshmen McKinney and Frizzel are coming to the rescue. Henderson, who threw the weights for Oregon has season, is leaving them to the two big fellows, while he gives his time to the sprints, in which he is showing up splendidly.

Next Saturday Trainer Ray will hold his final tryout fer the selection of a team. It looks as though the new athletic arena will be in condition for the tryout.

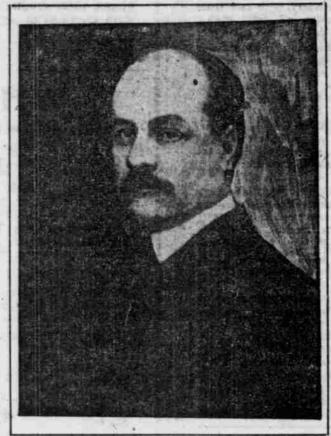

tryout.

The dual meet with Albany will be held on the college field on May 16.

ALBANY COLLEGE TRYOUT. Athletes Win Honors in

Field Day. ALBANY, Or., May 2-(Special.)-The local field meet to select those who will comprise the Albany College track team this season was held yesterday. It was a spirited tryout, the competition being very sharp in some events. The track was slow, which fact precluded the pos-sibility of any record-breaking times. In the pole vanit the men had jumped but a few times when the pole cracked, and

HAS JOINED PRESIDENT ROOSEVELT ON WESTERN TOUR.

Burnough, all of O. A. C.; distance, 105

third: time, 2:17 1-5.

WASHINGTON ATHLETES BUSY, Oarsmen and Ball-Tossers Hard at

Work. UNIVERSITY OF WASHINGTON, Seattle, May 3.—(Special.)—Now that the universities of California and Washington have come to a definite understanding as to the intercollegiate rowing race on May 20, the men are going at their work with a new interest and enthusi-asm. The race between crews No. 1 and No. 2 on May 1 showed Coach Knight that a number of men were getting in excellent shape. The coach picked the crews with the idea of making as even a race as possible, and it was only in the last few yards that the winners were able to pull away from their opponents. On May 23 the collegians will go to Vic-toria to take part in the annual re-gatta. It will give them some experience in a race and help to put the finish-ing touches on the crew preparatory to the race at the close of the month. The contest with California will likely be pulled off on Lake Union, as it affords a

much better opportunity for observation than Lake Washington. On Wednesday night the baseball team will leave for east of the mountains Three games will be played with Pullman on May 7, 8 and 8. The team will then go to Lewiston and play two games with the Idaho Normal. On May

games with the Idaho Normal. On May 13 they will cross bats with the University of Idaho nine, and then start for home. Friday they will meet the Yakima "Hop-Pickers," and on Saturday will pull off a game at Ellensburg.

The track team will take light work for the next two weeks and then begin hard training for the meet with the champions of Eastern Washington and Idaho. At the close of the college year. Idaho. At the close of the college year the team will make a trip down to Ore-gon, meeting the Multnomah Athletic Club and the Oregon Agricultural College, After returning home, the collegians will go to Victoria, where they will meet the James Bay Athletic Club in a dual con-

ATHLETES BUSY AT U. OF O. Trainer Ray Will Hold Final Try-

outs Next Saturday. UNIVERSITY OF ORBJON, Eugene, May 2.—(Special.)—The past week has been of great value to the 'varsity ath-The warm days have made it possible for the bollegians to do some good work. Many new men are coming out for practice. Oregon will have three men in every event this season. The compe tition for places on the team is intense, and it is a great force in pressing the athletes to do thorough training.
Captain Payne, Lewis, Vestch and Henderson will care for the sprints. Young

derson will care for the sprints. Young Howe is now leading the procession in the 50-yard event. Howe ran the 50-yard dash for the local High School last season and has made it in excellent time. George Eyre, who was a member of the Whitman College track team two years ago, is also out for a place in the short dish. Besides working in the sprints. Payne will also appear in his favorite race—the 440-yard dash. He is being assisted in this event by Veatch, Poley, Perkins, Penland and Bean.

Williams and Thayer are running the hurdles, and Sargeant, who last year vaulted and hurdled for the University of

both of O. A. C., tied for first piace; L. as there was no other suitable stick Burnough (O. A. C.) third; height, 4 feet handy the event had to be cut out. There were enough men in all the events to make the contest interesting, and the successful ones will form a team that will do some good work. Trainer W. L. Hayward is rapidly getting his men into shape, and when the dual meet with the University of Oregon is held, on May 18, Albany College will make a very creditable showing. In fact, there are some enthusiasis who are speculating on a victory over the 'warsity athing on a victory over the 'varsity ath-

The tryout yesterday was attended by a fair crowd of spectators. The events and winners were as follows:
Half-mile run-Marks first, Pritchard second, Shaw third; time. 2:22.
Hammer throw-Ries first, Morrison second, distance, 103 feet 9 inches.

Fifty-yard dash-Bergman first, Tarbet second, Graves third; time, 60 seconds. Discus throw-Morrison first, Rice secnd, Masters third; distance, 96 feet 5 inches.

One-hundred-yard dash-Bergman first, Tarbut second, Graves third; time, 112-5 Shot put-Morrison first, Maraters sec-

ond, Ries third; distance, 24 feet 6 inches. One-hundred-and-twenty-yard hurdle-Graves first, Shaw second; time, 20 sec-

Four-hundred-and-forty-yard run—Tar-bet first, Bergman and Graves tied for second; time, 60 seconds.

IDAHO TRACK TEAM WON. Pullman Athletes Defeated at the

Moscow Meet. MOSCOW, Idaho, May 2.—(Special.)—The University of Idaho track team yesterday defeated the Washington Agricultural College by a score of 71 to 50. The events

resulted as follows:
100-yard dash—Tilley, U. of I., first; Rosenhoff, W. A. C., second; Godman, W. A. C., third. Time, 6:19.

C., third. Time, 0:10.

16-pound hammer-Person, W. A. C., first (distance, 107 feet 2½ inches); Teolme, W. A. C., second; Jenkins, U. of L., third.

80-yard run-Whidden, U. of L. first; Mathews, U. of I., second; Maloney, W. A. C. Third. Time, 2:05%.

Broad jump-Tilley, U. of I., first; Person, W. A. C., second; Murphy, U. of I., third. Distance, 21 feet 3½ inches.

130-yard hurdle-Horton, U. of I., first; Murphy, U. of I., second; Barnard, W. A. C., third. Time, 9:18 4-5.

230-yard dash-Tilley, U. of I., first; Godman, W. A. C., second; Rosenoff, W. A. C., third. Time, 9:22 2-5. 220-yard dash—Tilley, U. of L. first; Godman, W. A. C., second; Rosenoff, W. A. C., third. Time, 0:222-5.

Pole-vault—Murphy, U. of L. first; Ludwig, W. A. C., second; Person, W. A. C., third. Height, io feet.

Discus—Larson, U. of L., first; Horton, U. of I., second; Person, W. A. C., third. Distance, 102 feet 7 inches.

440-yard dash—Godman, W. A. C., first; Mathews, U. of I., second; Cowgill, W. A. C., third. Time, 6:33 4-5.

High jump—Person, W. A. C., first; Murphy, U. of I., second; Tilley, U. of I., third. Height, 5 feet 7 inches.

Murphy, U. of I., second; Tilley, U. of I., third. Height, 5 feet 7 inches. 16-pound shot-Person, W. A. C., first; Larson, U. of I., second; Horton, U. of I., third. Distance, 27 feet 6% inches. One-mile run-Whidden, U. of I., first; Anderson, W. A. C., second; Tweed, U. of I., third. Time, 5.0%.

280-yard hurdle-Murphy, U. of I., first; Tilley, U. of I., second; Richan, W. A. C., third. Time, 6:2%.

Money Machines Again Ordered Out, OREGON CITY, Or., May 1.-(Spe OREGON CITY, Or., May 2.—(Special.)—
All nickel-in-the-slot machines, cigar machines alone being excepted, have been
again removed from the saloons and cigar
stores of this city. The removal of these
machines was made on the order of Mayor
G. B. Dimick. The operation of machines
that pay money has been prohibited frequently in this city, but after a lapse of
a few weeks they are again installed until
public sentiment again demands their suppression.

TIMBER IS VALUABLE NOW

MMENSE INCREASE IN PRICE OF WASHINGTON TRACT.

Sells for Twice as Much Per Thousand Feet as it Originally Cost Per Acre.

ABERDEEN, Wash, May 3.—(Special.)—Al Coats, of this city, and R. F. Lytic. of Hoquiam, have made arrangements to buy Hogulam, have made arrangements to buy the great tract of timber owned by the Pope, Talbot & Walker Company. It is commonly known as the Puget Mill Company's property, and the price to be paid is 12 fo per thousand feet. This property was hought at private cash entry about 20 years ago for \$1.25 an acre, the present price being twice as much per 1000 feet as it then cost per acre. This would bring the sale price to about \$70 an acre, or 55 times the amount of the original purchase price, showing a fairly good profit.

The hand lies between the Hogulam and Wishkah Rivers, and up to the present time the Pope, Talbot & Walker Company has refused absolutely to sell. It is what is known as "lidewater show," the logs all being within easy hauling distance of the rivers mentioned, and especially valuable on that account.

ONTARIO'S BID FOR TRADE. Will Establish a Free Ferry Across

Snake River. ONTARIO, Or., May 1.—(Special.)—J. A. Leckey, of the City Council, is pushing a plan whereby he hopes to draw heavy business from the Idaho side of the Snake River. He proposes that Ontario shall establish a free ferry across the river cast of town, and issue a regular yearly pass to those entitled to cross free. The plan contemplates passing nearly every one who resides in a certain district of the "Bench."

the "Bench."
This region comprises 60,000 acres of the most fertile territory of the Payette Vailey, and the ferry will enable them to reach Ontario nearer than Payette. Last season the trade from this Idaho country amounted to \$30,000 for Ontario, while the free ferry is to catch the smaller trade, summing up more than twice the present figure. Mr. Lackey points to the fact that the woman and child trade will draw a tide of travel. that the woman and child trade will draw a tide of travel. At present a woman going to town with a few cents' or even a few dollars' worth of eggs and butter does not feel like paying 50 cents ferriage. The open road is to be Ontario's backing. Payette will retailate by making a similar arrangement with a competitive ferry and laws pages to Ontario seed. and issue passes to Ontario people. The two towns are prosperous and thriving be-yond sanguine expectation, and the ferry movement promises a still closer compe-tition all along the line.

PREPARING FOR PRESIDENT. Centralia Sends Out Invitations to Her Neighbors to Join Her.

CENTRALIA, Wash., May 3.—(Special.)
—Big preparations are being made for the reception of the President on May 22. At a meeting of the reception committee it was decided to make this the occasion of the largest celebration of the year. An in-vitation will be sent to all the Gray's Harbor towns and to all parts of the surrounding country. A general celebration in the afternoon will be given, consisting of a ball game and other athletic sports. Definite announcement of the programme will soon be made by the committees.

Assurance has been received that the President will speak here for ten minutes or more. The following committees have

been announced:
Finance—George Birge and T. H. McCleary; music, W. W. Dickerson; programme, E. R. Zimmer, D. T. Van Tine
and Z. N. Wallis; school children, D. T.
Van Tine and Z. N. Wallis; grounds, D.
T. Van Tine, Charles Gilchrist and E. R.

Gilchrist and O. P. Taylor; decoration,
Fioral Club and T. H. McCleary.

FALLS' SUNDAY VISITORS. Portland People Swarm Into Oregon

City and Suburbs. OREGON CITY, Or., May 3 .- (Special.) Sunday was the opening day of the Sum-mer sesson for Oregon City. Hundreds of Portland people took advantage of the favorable weather and visited the Falls City, whose popularity as a point for de-lightful out-door recreation with engaging scenery does not diminish with succeed-ing seasons. Many attended the ball at Canemah Park, while others pent the time sightseeing and in picui

The expected programme of entertain ment for the visitors was somewhat abridged by the burning of the Canemah pavillon during the week. It had been arranged to hold dancing in the pavillon throughout the day, but the visitors found entertainment elsewhere. The pavillon will be rebuilt in about two weeks, and for entertaining other provision made for Sunday visitors to this city,

EGGS BRING MONEY.

Houlton Poultry-Raisers' Success at the Business,

ST. HELENS, Or., May 1.—(Special.)— Successful poultry-raisers are now reap-ing a harvest, a fact demonstrated by Mrs. G. W. Perry, who lives near Houl-ton. Mrs. Ferry now has about 100 hens and 250 young chieks, all healthy and strong. She sells off all her hens over 2 years old, and keeps constantly on hand (a young stock of good laying hens. At present prices her old hens bring in the Portland market 75 or 80 cents apice, after a profitable producing career for their

Perry plans that her hens used for setting purposes in the Spring will become good Winter layers, when eggs are a good price, a fact that she has already demonstrated in the past. She says that there is more money in produc-ing eggs than there is in raising poultry for market.

Aftermath of Straub-Campbell Row. UNIVERSITY OF OREGON, Eugene. May 3.—(Special.)—The gulf that separated the local faculty and the collegiana due to the Straub-Campbell episode, is rapidly disappearing. A careful and unbiased investigation demonstrated to the senior class that Professor Straub was forced to take the stand that he did. Consequently the action of Professor Straub has been exonerated by the majority of the collegians. Young Herbert Campbell will be deprived of a graduation next month, but the valuable lesson will no doubt mean more to him than would a degree. The collegians see that obedience and self-control are essential to a cul-Aftermath of Straub-Campbell Row. degree. The collegians see that obedience and self-control are essential to a cul-

EUGENE, Or., May 3.—(Special.)—Yesterday at the High School building, Archie Livermore, C. D. Chorpening and Henry Gray, as a board of examination, investigated the qualifications of Verne Callison, Claude Gray, Marion Farrow, J. L. Furnish, Orrin Green, Cecil Henderson, Charles Currie, J. N. Woods and John Dilard, applicants for positions of clerks and carriers in the postal service.

Sealed Verdict Returned. OREGON CITY, Oc., May 3.—(Special.)—
The action-for-money case of Mrs. A. E.
Latourette va. H. H. Johnston et al. was
submitted to the jury in Judge McBride's
court at 10 o'clock last night, with instructions to return a scaled verdict. A
decision was reached shortly after the
court was adjourned, and the verület will
be opened in court at 16 o'clock Monday
morning.

Il to II. The attendance of spectators was fair. No attempt was made by the officers to prevent the game, and it is yet a question whether the Ministerial Alliance will file complaints.

NEEDS OF ALASKA.

Senate Committee Will Investigate, as Proposed by President.

OREGONIAN NEWS BUREAU, Wash-OREGONIAN NEWS BUREAU, Wash-lington, May 1.—Several days ago the cor-respondent of The Oregonian addressed a note to Senator Dillingham, of Vermont, chairman of the subcommittee that is to visit Alaska, asking at what points his committee would stop, and what ques-tions would be inquired into. The Senator replied that the filterary had not been tions would be inquired into. The Senator replied that the titnernry had not been arranged, nor was it yet known when the party would assemble and sall for Alaska Generally speaking, he said, the investigation would follow out the line of President Roosevelt's suggestions as contained in his last annual message to Congress. While some of the President's suggestions were seted upon after the message with were acted upon after the message was written, there are others that yet await the consideration of Congress. It may not be amiss at this time to repeat that part of the message bearing on Alaska. It follows: I especially urge upon the Congress the need of wise legislation for Abaka. It is not to our credit as a nation that Alaska, which

our creat as a fation that Alaska, which has been ours for 25 years, should still have as poor a system of laws as is the case. No country has a more valuable possession-in mineral wealth, in fisheries, furs, forests, and also in land available for certain kinds of farming and stockgrowing. It is a territory of great size and varied resources, well fitted to support a large permanent manufacture. of great size and varied resources, well fitted to support a large permanent population Alaska seeds a good land law, and such provisions for homesteads and pre-emptions as will encourage permanent settlement. We should shape legislation with a view not of the exploiting and abandoning of the servicery but to the building up of homes therein. The land laws should be liberal in type, so as it hold out inducements to the actual settler whom we most desire to see take possession. hold out inducements to the actual settler, whom we most desire to see take nossession of the country. The forests of Alaska should be protected, and, as a secondary, but still important matter, the game also, and at the same time it is imperative that the settlers ahould be allowed to cut timber, under proper regulations, for their own use Laws should be enacted to protect the Alaskan salmon finiteries against the greed which would destroy them. They should be preserved as a neheries against the greed which would de-stroy them. They should be preserved as a permanent industry and food supply. Their management and control should be turned over to the Commission of Fish and Fisheries. Alaska should have a Delegate in the Con-gress. It would be well if a Congressional committee could visit Alaska and investigate its needs on the ground. its needs on the ground.

SPRINGFIELD RIFLE.

Krag to Be Superceded by a Superior Weapon.

OREGONIAN NEWS BUREAU, Washington, May 2.—Within the next two years the United States Army will be equipped with a new rifle, in place of the Krag-Jorgensen now in use. The Krag has seen a comparatively short service, not-withstanding the fact that at the time of its adoption it was pronounced by ord-nance experts to be a far superior weapon to the old Springfield rifle. Now the Army is to get back to a Springfield, but a decidedly improved Springfield.

For more than a year experiments have been made with the new rifle, which combines the best features of the Krag, the Mauser, and several other types of small arms used by the armies of Continental Europe. It will be a 90-caliber magazine gun, and will also use the cilp. OREGONIAN NEWS BUREAU, Wash-

nental Europe. It will be a 30-caliber magazine gun, and will also use the cilp, so popular in Europe, and one of the most attractive features of the Mauser, as it enables rapid firing that was not possible with the Krag.

The new Springheld will weigh only S% pounds, two pounds less than the present Army rifle, and the barrel will measure 24 inches instead of the Miscole harrel of

Army rifle, and the barrel will measure 24 inches, instead of the 30-inch barrel of the Krag. The magnine of the new rifle carries five cartridges. The main reason for abandoning the Krag and adopting a new type of gun is to secure a rifle of greater force. The new Springfield will have a muzzle velocity of 2300 feet a second, while that of the Krag is only 2000 feet. The muzzle velocity of the old Springfield, by the way, was but 1356 feet per second, showing the great stride that has been made in the past six or seven years.

When the new rifle has been perfected it, will be supplied to the regular Army as fast as they can be manufactured, while the militia of the several states not already supplied will be equipped with the Krugs.

WANTS BOTH CONVENTIONS St. Louis Auxious to Boom Exposition

by Every Means. OREGONIAN NEWS BUREAU, Wash ington, May 1.—St. Louis is not content with having the World's Fair scheduled for 1904. It is now actively in the field to capture the National conventions of the Republican and Democratic parties next year, and from now until the time the National committees meet and organize St. Louis will lose no opportunity to secure pledges from men of influence in

both parties. The Republican National Committee will meet and organize in Washington next February, and the Democratic committee about the same time. Until then nothing definite will be known as to where the conventions will be held. It is said that a number of influential Republicans are opposed to holding the convention in St. Louis next year, not that they have anything against the city, but that they prefer not to go there when a big Expost

tion is running full tlit.
Chicago is considered by many as the best place for 196, but up to the present time Chicago has shown no interest whatever in the matter. It can accome the convention if they choose to go there, but as yet is not making any struggle to have them there, and is offering no in-ducements. St. Louis, however, is after everything that will tend to make the Exposition a success, and if it can have one or both of the National conventions it is thought that the Exposition will be greatly benefited.

Good Word for the Isthmus. OREGONIAN NEWS BUREAU, Wash ington, May 2.—It is rather hard to be-lieve, after all the bad things that have been said about the climate of the lathmus of Panama, that a member of Con-gress should after a visit to Colon and Panama, declare that, if he were a young man and foot-loose, the Isthmus would be the place where he would go to grow be the place where he would go to grow up with the country. Representative Maynard, of Virginia, spent a week or more on the isthmus recently, and says the delightful climate, the productiveness of the soil and the great undeveloped mineral wealth of the country go to make it one of the best places in the world for a young man to locate. Mr. Maynard found the nights on the isthmus delightfully cool and the days all that could be desired. He also noted the almost total absence of yellow fever; nothing like the conditions he had expected to find.

Nome Reservation Transferred.

OREGONIAN NEWS BUREAU, Washington, May 3.—The abandoned military reservation at Nome, Alaska, has been turned over to the Treesury Department, together with the buildings thereon, for use of the customs officials at that point. The order of transfer was signed by President Rosesvelt on April 16, while in the Yellowstone Park. The reservation embraces only a little over an acre, but is ample for the accommodation of the customs officials, who will also find sufficient office room in the buildings left by the military. Nome Reservation Transferred.

EUGENE, Or., May 2.—(Special.)—The
hall game between Eugene and Springfield here today resulted in a score of ican interests, and United States District

Attorney Breckons is taking Mr. Sn depositions, having been instructed to so by cable from Washington.

Yale's Latest Slang Term Is "Stang."

Yaie Alumni Weekly.

A new word in college slang has appeared at Yale, a very apt word, which runs through the speech of the really upto-date undergraduates with increasing frequency. It is said to have been first frequency. It is said to have been first used by a becruiser. The word is "stung." Webster, a Yale man, who knew something about words, says stung is the past tense of the transitive verb sting, and has, among other meanings, these: To pain acutely, to good, to incite, to pluck out. Another authority says to sting is to affect with a sharp sensation, to cause to keenly suffer, to impale. The additional interesting information is added that the

to keenly suffer, to impale. The additional interesting information is added that the sting lineit is "the medified ovipositer of acuieste hymenopters."

Now the Yale use of this past tense of the verb "sting" has all these meanings and more. It appeals to a universal feeling, aparently, and has applications without limit. An undergraduate is no longer "stuck" for a dinner, a seat at the play, a railroad tester he is "sturg" for play, a railroad ticket; he is "stung" for it. He is "stung" by the professor for his recitation and the burser for his term bill; he is "stung" for a loan to his classmate, a subscription to the News, and so on without end. If the word "takes" as hard in the Spring term as it did in the Winter term the days of the purist will be one unending sting.

WE CURE

DR.TALCOTT&CO. PORTLAND OFFICE,

250 Alder Street, cor. Third San Francisco Office, 1140 MARKET STREET.

DANDRUFF CAUSED BY A GERM.

New Discovery That Kills the Germ and Prevents Baldness. Pretty nearly all the hair preparations for dandruff have some merit in allaying itching of the scalp, and in being a fairly good dressing for the hair, but there is only one that recognizes what causes dandruff, falling hair and baldness, and that destroys the cause, a little germ-and that is Newbro's Herpicide. This germ cuts its way into the scalp, down to the hair root, where it saps that vital-ity, causing dandruff as it digs up the scalp into little white scales. Unless it is destroyed there's no permanent stopping of falling hair and cure of dandruff and baldness. Newbro's Herpicide kills the germ. 'Destroy the cause, you remove the effect.' For sale by all druggists. Send 10 cents in elemps for sample to The Herpicide Co., Detroit, Mich.
