FARMERS CONCEDED RELAY

Coates in the Low Hurdles, Is Tamed at 10 3/4 in Williams Led by Thirty Feet in the Quarter Mile.

CORVALLIS, Or., May 29. (Special).—The Albany College track team won over the Oregon Agricultural College in a closely contested meet here this afternoon.

The scores were as follows: The relay race was scheduled, but after taking a second place in the hammer-throw, which gave them the necessary 6 points, the Albany men conceded the relay to the Agricultural

Coates was given a time of 10 3/4 in the low hurdles, but it was caught by only one watch and is not a record. In the first event the Albany men took a big lead, which the Agricultural gradually narrowed down until the very end, thus making the contest of doubtful outcome until the very last event.

DECISION FOR WASHINGTON.

Debate with Oregon University by Unanimous Decision. UNIVERSITY OF OREGON, Eugene, May 29. (Special).—The University of Washington won a unanimous decision over the University of Oregon tonight in the fourth annual debate. The Oregon boys advocated a new system of control of trust evils, a system which has been advocated by the corporation which they had the most difficult side of the question. Washington contended that the states should control the corporations which carry on such an extensive business within their limits. The debate was well handled, considering the complexity of the question, and while the Oregon sympathizers of a victory they submitted gracefully to defeat.

WOMEN SO AFFLICTED ARE USUALLY THE VICTIMS OF A WEAKNESS WHICH MAY BE UNSUSPECTED.

Fainting spells and a tendency to faint away upon slight excitement indicate a condition of health that should be attended to without delay. The great majority of those so afflicted are women, and the cause can generally be traced to female weakness, often of long standing and frequently unsuspected. "My health had become all run down," says Miss Catherine J. Ball, of No. 315 Bates avenue, St. Paul, Minn., "and I had frequent fainting spells. I was pale and sallow, and suffered regularly from a terrible headache and a soreness in my right side below the waist. I had no strength, and the slightest exertion tired me and made me short of breath. My stomach troubled me at times, and I never felt as a well person ought to feel. I doctored for three months, but the physicians did not help me much, and it was not until I took Dr. Williams' Pink Pills that I began to improve. In less than a week after beginning with these pills I could see a change for the better, and in a short time I was well. My complexion became pure and healthy, the soreness disappeared, I am no longer troubled with faintness, and I feel perfectly well and strong."

Dr. Williams' Pink Pills for Pale People cure such like this because they go to the root of the disease. Not only have they cured hundreds of cases similar to Miss Ball's, but they have proven themselves to be an unfailing specific for all diseases arising from impure or impoverished blood and shattered nerves—two fruitful causes of nearly all of the ills to which humankind is heir. They are an unfailing specific for locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, after-effects of the grip, palpitation of the heart, pale and sallow complexion, and all forms of weakness either in male or female.
