President's Notice Big Boost for Hermann.

VOTE WILL BE QUITE LIGHT

Efforts to Arouse Enthusiasm Are Puttle but Republicans Generally Will Take the National Aspect Into Consideration.

SALEM, Or., May 29.—(Special.)—The Congressional campaign in Salem closed last night with the Republican raily, at which Tilmon Ford, L. T. Harris and S. B. Ormsby spoke. All that is left now is the voting and counting the ballots. A very light vote is expected, and there is as much reason to expect a light Dem. is as much reason to expect a light Dem ocratic vote as a light Republican vote. If the Democrats have made any plans or

arrangements to get out a full party vote, that fact has not developed. It is the general belief among Repub-licans that Hermann will be elected by a plurality of from 2000 to 3000 votes, yet there are many who would not be at all surprised to see the margin much smaller. So far as Marion County is concerned, there is no enthusiasm whatever over Hermann, but there is a very strong de-sire that a Republican be sent to Con-gress from this district. The victory, if gress from this district. The victory, it victory it proves to be, will be a victory of the Republican party upon that perty's record rather than a victory for Hermann upon his record. If the fight were between Reames and Hermann, with no National politics involved, there is little doubt that Reames would win. President Roosevelt did more for the Republican candidate than any other influence that has been brought to bear,

fluence that has been brought to bear, and to the President will be due the credit for snatching Republican victory from threatened defeat. The Democrats fully appreciate the powerful effect of Presient Roosevelt's invitation to Mr. Hermann to accompany him from Salem to Portland. The letter which was published early in the campaign, conveying in a very roundabout way the information that Roosevelt desired Hermann's election, was not a very effective campaign document. The indirectness and in-definiteness of the statement were so ap-parent that the letter failed of its purose. The invitation from Roosevelt to Fermann, and the picture of Roosevelt and Hermann standing on the train to-gether, as published in The Oregonian, had a very strong and decided beneficial effect upon the Republican voters. The wide circulation that picture secured revide circulation that picture secured re-noved all doubt as to the result of the

The President's "lift" to Mr. Hermant has given the Democrats more concern than any other incident of the campaign. They have tried to explain it away by saying that Hermann forced himself upon the President or that his friends induced the President to extend the desired courtesy. There are some Republicans who accept this view of the matter, and a few have said that they intended to vote for Hermann, but will not do so because they believe he imposed upon the Presi-dent. But where there is one who feels this way there are a score who will vote for Hermann because they believe he has been endorsed by Roosevelt. Democrats have not by any means given up the fight nor conceded Hermann's election, but it is very noticeable that they are not as confident as they were ten days ago. The entire absence of interest and en-thusism in this campaign has made it

difficult for anyone to make an estimate of what the vote will be next Monday. The campaign has been made, so far as the Republicans are concerned, along lines of National politics. Mr. Hermann and those who have spoken in his behalf have contended that this is not a contest between two men, and that the voters should not make their choice between men. It has been argued that the ballots

ideas of political principle.

Because of the fact that principles and not men are made the basis for the contest, it is quite possible that the total vote will be heavier than is now antici-

REAMES' FINAL SPEECH. Closes His Campaign Before a Medford Andience.

MEDFORD, Or., May 29 .- (Special.)-A E. Reames tonight closed his campaign for Congress with a rousing rally, attendof by citizens of this vicinity, and many from Jacksonville, who came by special train. Mr. Reames spoke last night at Gold Hill, and on Wednesday night at Oakland. He has no political appointments for Decoration day.

Discussing trusts and tariff revision, he counseled rational treatment of this ue, and said that no revision of law should be passed that would be icono-clastic in character, that would prejudice the interests of any legitimate industrial institution. He quoted from various statesmen who have favored reasonable n, among them the late Mr. Tongue, and believed that trusts that sell abroad more cheaply than at home do not need

Applying to Pacific Coast Industries his theories of economics, Mr. Reames advocated removal of tariffs between the United States and the Philippines, and urged that Coast manufacturers and pro-ducers demand leveling all barriers that

now lie between the Coast ports and their legitimate markets in the Orient.

He eloquently defended President Roosewelt from the imputation of having retained Secretary of the Interior Hitchcock as the friend of railroad corporations and displaying Mr. Harmann and the first t discharging Mr. Hermann as the friend of the people, quoting from newspapers that, in commenting on the campaign have said what he thought was a reflec-tion on President Roosevelt. He read from a local paper an atrocious comment on the President, which referred to him as "resembling a bullet-headed tough," denouncing the article and eliciting con-tinued applause by expressing high re-spect for the personality of the President as a perfect specimen of true Western

VOTES MUST BE CAST.

Otherwise Representation in Next Convention Will Be Curtailed.

ALBANY, May 29. - (Special.)-Hon. ALBANY, May 28. — (Special.)—Hon. Binger Hermann opened the campaign for this vicinity in Albany, and, in connection with Hon. Percy R. Kelly, closed the campaign in Lebanon. The closing meeting was very enthusiastic, and indicated that some interest in the Congressional election had been aroused.

The work of the Linn County central committee and campaigners has been di-

committee and campaigners has been di-rected toward getting out as large a vote as possible. No fear is felt as to the reas to the vote in Linn County if every one can be induced to come out. The county has been gradually falling into the Republican line, and a full vote this year will remove it entirely from the Demo-

cratic fold.

J. C. Irvine, cashier of the First National Bahk in Albany, and a leader in the younger element of the Republican party, said today that Mr. Hermann's election is assured. "Even those listricts which are most bitterly opposed to Mr. Hermann cannot afford to give him anything less than the normal Republican vote," said Mr. Irvine, "and the more

chances in the next Republican Congressional Convention.

This is saying that those who are most rabidly opposed to Mr. Hermann can only defeat him by voting for him. The election of Hermann is an assured fact. The apportionment of delegates to the Congressional Convention is made according to the vote for Congressman. Hence those counties which give Mr. Hermann the biggest vote will have the most delegates to the next nominating convention; likewise those counties which scratch Hermann or fail to get out a full vote will have their number of Congressional delegates curtailed. If there are any counties, the voters of which are figuring on defeating Mr. Hermann for renomina-

counties, the voters of which are figuring on defeating Mr. Hermann for renomination a year hence, they can do it only by voting for him now and securing as large a number of delagates as possible to the Congressional Convention.

Then, whether Republicans of a district are opposed to Mr. Hermann or favor him, they should drum out a full vote, in order to have their proportionate number of delegates in the convention. Their votes may be used in support of Mr. Hermann as well as against him.

Linn County a year ago gave J. K.

mann as well as against him.
Linn County a year ago gave J. K.
Weatherford, a resident of Albany, a few
Republican votes, and the result was that
the county suffered in the convention. On
this ground, as well as to uphold the
principles of the Republican party, an effort will be made to get out a full vote
next Monday.

GIVEN SMALL DAMAGES. Dallas Pays for Right of Way for Pipeline,

DALLAS, Or., May 28.—(Special.)—The actions brought by the city of Dallas against Mrs. M. E. Hallock and Judge R. P. Boise to appropriate a portion of the water of Canyon Creek and a right of way for a pipeline for the proposed system of water-works for Dallas, were tried before Judge George H. Burnett this week. The trials lasted three days, and

were largely attended.

Mrs. Hallock claimed that the appropriation of 500,000 gallons of water delly from Canyon Creek would damage her sawmill and wafer-power in the sum of \$10,000. She also asked for \$100 for a right of way actus her promises. The right of way across her premises. The jury awarded her the sum of \$500 for damages to her water power, and \$100 for the appropriation of the right of way. Judge Boise asked for \$5000 for damages to his water power, and \$100 for a right of way. The jury in his case returned a verdict for \$51, being \$50 for the right of way and \$1 for damages to his power.

WHERE WIND DOES BLOW. Point Reyes Challenges the World

With Swift Breezes. SAN FRANCISCO, May 29.—Point Reyes has the undisputed record of being the windlest place in the world. It bases its claim to distinction in this respect on statistics which are now in the hands of Alexander McAdle, of the Weather Bureau. These statistics show that for three days during May of last year the wind blew for three consecutive days at the rate of 72 miles an hour. The total blow the three days was 4701 miles of wind.
highest velocity attained was 102

miles an hour.

During this month, for nine days, commencing May 14 and ending May 22, there were 11,222 miles of wind, or enough to extend almost half way around the earth. The average velocity per hour for the nine days was 52 miles.

The performance of the local athletes yesterday shows that they were not at their beat when they met the Oregon Agricultural College at Corvailis, and as Corvailis was defeated by Oregon by a large majority, it is probable that Pacific would be victorious if another meet were held with the "agrica." The success of the Pacific team is largely due to the efficient work of the trainer, Roy Heater.

BURIED A MILE UNDERGROUND. Horse in Frank Mine Survives the Disaster, ANACONDA, Mont., May 29.—Word was received from Frank, Alberta, N. W. T., that a horse buried in the mine at the

time of the great rock slide was found today alive and in such condition that it may live. It was 5000 feet below the surface with no food but plenty of water. It had lived thus more than a month. Man Wanted Brenks Jail.

BUTTE, Mont., May 29.-A Billings special to the Miner says that W. Guy Flan ders, who is believed by the officers to be a clever forger and who is wanted by the Honolulu authorities on the charge of forging a check on a bank in that city for over \$1000, escaped from jaff last night by sawing his way through the ceiling. Brownell's Voice Wins Votes.

INDEPENDENCE, Or., May 29.—(Special.)—Hon. George C. Brownell addressed the citizens of Independence in favor of Hon. Binger Hermann for Congress from the First District last evening. His speech was one of the most effective and won more votes to the couse than any speech made here this season.

NEBRASKA DIKE GIVES WAY Farmers Are Compelled to Move Out and Crops Are Ruined.

NEBRASKA CITY, Neb., May 29.—The fike below Hamburg, on the Iowa side of the Mismouri River, broke last night and the whole country south of there is flooded. This dike protected the farm lands for ever 15 miles south of there along the old bed of the Nishnabotna River. The farmers were all compelled to move out, as their farms are under water, and considerable of their stock was drowned. The loss to property cannot be estimated at this time, but all of their crops have been destroyed. NEBRASKA CITY, Neb., May 29.-The

Two hundred passengers who had been marconed in Kansas since early in the week and were brought back to this city today, left in a special train over the Union Pacific for Omaha this afternoon. No Kansas City trains will be sent out by the Union Pacific possibly for tendays.

Nebraskans Driven to the Hills. MADISON, Neb., May 28.—Four inches of rain fall here in two hours this afternoon, flooding the business portion of the town and driving people to the hills. Stores and residences on the bottoms are flooded, and the damage is estimated at \$100,000.

No General Protest to Cuban Tax. HAVANA, May 22.—All the stores, excepting the druggists, were open as usual today. The knowledge that Congress is hastening a bill designed to eliminate altogether the provincial taxes, coupled with the fact that the Chamber of Commerce declared the general closing proposition to be unwise, caused the abandonment of the idea for a general closing as a protest against the taxes. protest against the taxes.

A Private Word To Men

Have you ever quietly thought about your own condition? Have you ever looked into the future, along the years you must travel, and wondered what your conditi would be two years, five years, ten years hence? If you have a linger-ing insidious disease, which is daily gathering headway, what will your future life be? Have you not noticed the miserable specimens of manhood, weak in mind and body, incapable of enjoying the pleasures of life, worn out, shunned by their fellow-men?-that is the result of

allowing disease to go unchecked. While it is true that we cure many men who seem so far gone that they are ready to give up hope, yet we cannot make it too plain how much easier it is to effect a cure before the disease has reached so severe a stage. If other doctors have falled, you can come to us with complete assurance that we will not accept your case for treatment except we are willing to guarantee a complete and permanent cure.

Our Cure For "Weakness"

Wo were first to discover the fact that "weakness" is merely a symptom resulting from a chronically infiamed prostate gland, and that to remove this infiammation is the only method of restoring lost vigor. To this day our system of combined local treatment is the only successful one in use. In years we have not failed to effect a complete ourse, which is a statement that cannot truthfully apply to any other treatment being employed in these cases. Of course, there is an occasional case that has parsed into the incumbie stage, but these we do not treat at all. Our long experience enables us to recognize them and to select only such cases as we can cure permanently.

Contracted Disorders

We cure contracted disorders thoroughly and in less time than is commonly required to even cure partially. Do not endanger your health and power by relying upon patent nostrums or other uncertain measures.

Syphilis

We cure permanently this most hideous of all blood diseases. We employ harmiess, blood-cleansing remedies that positively drive the very last taint of virus from the system, and every symptom van-ishes to appear no more.

Stricture

Our treatment for this disease is entirely independent of surgery. A complete cure is accomplished without cutting or dilating. All growths and obstructions in the urinary passages are dissolved, the membranes cleansed and all irritation or congestion removed.

Reflex Allments

Often the condition appearing to be the chief disorder is only a reflex aliment resulting from some other disease. Weakness sometimes comes from varicoccis or stricture; skin and bone disease result from blood poison taint, and physical and mental decline follow long-standing functional disorder. Our long experience in treating menenables us to determine the azact conditions that exist, and to treat accordingly, thus removing every damaging cause and its effects.

Piles

Quick Cures Certain Cures

We cure the worst cases of PILES permanently without the use of ointments, without the use of ointments, without pain, cutting or detention from business, in from two to three treatments. Our treatment is entirely new and peculiar to ourselves. Remember, no matter who has failed before in your case, we will cure you with mild methods, and without danger, or else make no charge whatever for our services.

Should you live at a distance, we can treat you successfully at home.
