The Olds, Wortman & King "Different Store"

TODAY ENDS... Fall's Formal Opening Shows

THE BEST RESERVED 'TIL LAST! Late Arrivals Go On Exposition Today

Do you remember how, when a child, you'd wait impatiently for the dessert, when mamma had "company" at dinner? And why? Because the best was left to the last and the childish palate longed for the goodies that came after the heartier foods of the feast. Just so here. Late arrivals landed here yesterday—on show today. With such immense showings as our public has witnessed here the past two days is it any wonder that some goods had to be held back? This for various reasons. First, that we might improve each day over the previous one, prettier and more elegant Gowns and Hats were here yesterday than on Tuesday's opening hours, and still more magnificent will be today's showings. We've reserved the best till the last and delayed our copyists and followers among the riff-raff stores from purloining our best models, for which we have paid thousands of dollars and traveled thousands of miles to obtain for Portland's FIRST FALL FASHION SHOWING FOR 1903, for at least a few days. We prefer to pay the price and get the originals from Europe and Eastern Fashion centers for first showings. We leave the imitations to stores that deal principally in newspaper type—this is a "Different Store." Few items are mentioned here in print, but every department continues to participate in the Opening festivities, enthusiastically, spiritedly. Out-of-town friends will bear in mind the

Free use of telephones, toilet and retiring rooms, Postoffice boxes, information desk, guides, etc. The breath of WELCOME strikes you at the door and permeates the entire store. COME TODAY and join the throng. Lots of good news ahead for our public—some tomorrow and more Saturday. Keep your curiosity well in hand until you've read our ads in tomorrow's and Saturday's Oregonian.

BRITAIN TO STEP IN

Squadron Will Be Dispatched to Turkish Waters.

THE MASSACRES MUST CEASE

Powers Point Out Danger of Their Continuance to Turkey, and Also Advise Bulgaria Against Engaging in War.

POWERS WILL WARN BULGARIA

VIENNA, Sept. 16.—The Telegraph says that the powers have arrived at a decision to make a new collective representation at Sofia, warning Bulgaria against commencing a war.

LONDON, Sept. 16.—The efforts of the powers, according to the latest telegrams, are directed both at Constantinople and Sofia toward an endeavor to avert war.

It is stated that all the Ambassadors at Constantinople have drawn the Porte's attention to the danger of permitting a continuation of the excesses in Macedonia by the Turkish troops and irregulars. The Daily Chronicle says it understands that Great Britain has decided on a still stronger step in the dispatch of a British squadron in support of her diplomatic endeavors at Constantinople to put an end to the massacres. It is impossible, however, to confirm or deny the Daily Chronicle's statement.

Most of the special correspondents in the near East consider war inevitable, but think it may yet be delayed, neither the Bulgarians nor the Turks being really prepared for it. The former are not sufficiently armed, while Turkey does not feel safe until her lines of communication are less at the mercy of Bulgarian insurgent bands.

A Vienna paper asserts that Prince Ferdinand, of Bulgaria, has sent a trusted agent to King Peter inviting co-operation against Turkey.

The correspondent at Sofia of the Daily Telegraph says Bulgaria's reply to the Porte's protest against the continual crossing of the frontier by bands and the smuggling of arms and ammunition from Bulgaria was couched in most uncompromising language, leaving no prospect whatever of an amicable arrangement. The Sofia correspondent of the Times says that the decision of Bulgaria to partially mobilize the army is universally approved. It is urged that the troops will be exclusively designed to close the frontier against the passage of insurgent bands, and the step was resorted to in obedience to the dictates of the great powers. The

decision, therefore, should not offend Turkey's susceptibilities. It is estimated that 100,000 men are expected to start into Macedonia or are already assembled in the frontier districts of Kostendil and Dubnitsa.

BULGARIA CAN EXPECT NO HELP.

Three Great Powers Request Consuls at Sofia to Remain Quiet. SOFIA, Sept. 16.—Although no formal reply has been received to the Bulgarian government's note, it is stated that the representatives of three great powers have requested their Consuls to Bulgaria to remain quiet, as in the event of a war with Turkey, Bulgaria need not expect any help in foreign quarters. It is further reported that the same diplomats visited General Petroff and endeavored to persuade him to postpone the mobilization of Bulgarian forces, but the Premier declined.

One of the Ministerial organs in an editorial on the government's note, says it hopes it will be the last time the Bulgarian government will issue a note. If the powers do not intervene to restore order in Macedonia, Bulgaria will undertake with the feeble forces she possesses to do what is expected of her and give Europe the pleasure of witnessing a bloody drama in Macedonia.

A telegram from Burgas says a general massacre is beginning throughout the district of Losenitza with troops and Bashi Bazouks attacked a Green village near Losenitza, killed 25 peasants and destroyed the church, schools and many houses. The Turks attacked the village of Pavlovo and killed everybody they found on the streets.

A light is reported from Petchonitza between a band of 100 insurgents and 200 Turks. The insurgents who occupied a strong position fired on the attacking Turks, killing 25.

A telegram from Uskub states that the mobilization of the Turkish army is proceeding rapidly and dispatches from Constantinople assert that the military party is urging the Sultan to order his troops to cross the Bulgarian frontier without a declaration of war, which the party regards as unnecessary, inasmuch as Bulgaria is a vassal state of Turkey. The Sultan is said to be hesitating.

Further letters from Monastir report that fighting has occurred at Kaimacilla between Turkish troops and 150 insurgents. The result is not known. Turkish soldiers have raised the estate of one of the Sultan's bodyguard, Sefulo Bey, pillaged 25 Bulgarian houses, assassinated four women and taken 200 sheep.

About 200 refugees from the burned village of Dravilla, who had gone to Maloivista, have mysteriously disappeared. They are believed to have been captured by Turks, as a Turkish regiment proceeded to that place September 10 with the intention of suppressing 100 insurgents from Asso's band. Eighty eight of these men escaped, and the remaining 12 defended themselves for several hours and were killed when a second Turkish regiment arrived on the scene. Also sent a letter to Maloivista the next day with a suggestive bullet, demanding the names of the villagers "who had betrayed the 12 insurgents."

President, in Noticing the Letter of Jerome, Gives All Candidates to Understand He Will Give Aid to None.

NEW YORK, Sept. 16.—President Roosevelt's attention having been called to the letter of District Attorney Jerome addressed to a member of the Citizens' Union, in which mention was made of the President's position in the coming Mayoralty campaign in this city, the following authoritative statement was given out today:

"It is authoritatively stated that the President's position in the Mayoralty situation is as follows: "The President has not interfered, and will not interfere in any way, shape or manner, either for or against the nomination of any candidate for Mayor. As an individual, the President is, of course, keenly interested in the success of any movement for good government in New York City as in any city in the land, but the President does not regard as any part of his duty as President to use his position to influence in any way any municipal election."

Democracy, Labor and Wall Street Will Work Together. OREGONIAN NEWS BUREAU, Washington, Sept. 16.—The story comes from New York that the Democratic Congressional Committee, certain influential elements in Wall Street and trade-unionism will combine in an effort to prevent Roosevelt's renomination in 1904. Wall Street's opposition has long been known, and the Democracy has not attempted to hide its belief that Roosevelt will be the strongest man the Republican party can nominate next year. It is possible, as reported, that these two factions will take advantage of the labor troubles growing out of the Miller case in the Government printing office, and attempt to array labor against Roosevelt by picturing him as the enemy of unionism. It has been noticeable, however, that the editorial columns of labor organs have remained silent on the President's action in the

LOVING CUP FROM EDITORS

Manager of Associated Press Is Honored at First Annual Dinner. NEW YORK, Sept. 16.—The first annual dinner of the Associated Press, was given today in the Astor Gallery of the Waldorf-Astoria. Nearly 150 members and their guests were present. A feature of the dinner was the passing of a loving cup, which was presented to Melville E. Stone, general manager, who was toastmaster, by members of the old Illinois Corporation in 1871. The cup was passed, amid continuous applause, by Charles S. Dieht, assistant general manager, Frank B. Noyes, president of the Associated Press, presided, and among those present were Mayor Low and prominent editors from all sections of the Union. Addresses were made by Mayor Low, President Noyes, E. C. Hughes, of Seattle, W. H. Baldwin, Jr., J. Adam Bede, of Pine City, Minn., and Stephen O'Meara, of Boston. Mr. O'Meara said in part: "A newspaper man of today requires a knowledge of men, requires energy and industry, never required before, and it is unfair to say that the men who are conducting these enormous establishments today are the inferiors of those who simply engaged in conducting the primary school of journalism of 40 years ago. That is all it was."
