She Produces Evidence of Davis' Dissipation.

LATE HOURS AND FAST LIVING

Witnesses Say Young Dentist Did Not Slacken His Pace Even During Wife's Illness-Mother-in-Law Denies Meddling.

The defense had its inning yesterday in the Davis-Nicolai damage suit, Judge George refusing to grant the motion for

Dr. W. H. Boyd testified that he attended Lacy Davis at the time of the birth of her child and succeeding illness, and that Davis was out late at night, and his absence from home had a disquieting effect on the patient. Dr. Boyd admitted that Davis never paid the bill, and denied owing Davis for dental work performed

for members of his family. Mrs. H. Kenny, a nurse, testified in a

similar manner. Mrs. E. E. Robertson, who before her marriage was employed as a domestic in the Davis household, testified that Davis stayed out late at night, once until day-light. At one time she had to almost pull him out of bed to make him get up for breakfast. "I told him," said the wit-ness, "I wasn't surprised at his being sleepy, staying out as late as he did, and he answered, 'Don't you say a word about it to Mrs. Davis,' and that's a God's fact," uded Mrs. Davis dramatically. William Eisen was called, but de-

clined to testify concerning the facts sought to be elicited from him, on the ground that it was a professional secret. Harry Nicolal testified about the late hours kept by Davis, and that Davis as-sociated at Long Beach with Lydia Smith, who was otherwise known as "the

John A. Klesel, a half-brother of Mrs. Nicolai, who is clerk and bartender in a hotel at Sumpter, testified that Davis, while at that place, drank some, and he also stated that Davis told him a story about a great time he had at Baker City and that women were in the party.

A deposition from a witness at Nogales, Ariz., was read, which told that Johnny Davis, while at that place, worked behind a roulette wheel, also as a bartender, and that he drank some and was seen with women. It also appeared by this deposi-tion that Davis' father-in-law, Theodore Nicolal, sometimes drank with him, and spoke of buying a saloon at Nogales and setting Davis up in business.

Mrs. Hanna Nicolal occupied the witness stand yesterday afternoon. Her evidence consisted largely of denials of charges made against her by Davis, or that she had done anything to cause her daughter to leave him. She said there was no hos tility on her part, she did not desire to break up the family, and told her daughter to consider well before separating from her husband.

HAS EPILEPTIC FITS,

Martin Allen, Charged With Highway Robbery, Is Afflicted. Most states take care of this class of

people in institutions provided for criminally insane," said Dr. Harry Lane in Judge Cleland's court yesterday, referring to epileptics. "It is wrong to place them in the asylum among good people who are insane but not criminals. There is no place in Oregon, and that is to the shame of the state, to take care of such people."
Dr. Lane gave this testimony at the

trial of Martin Allen on a charge of highway robbery. Allen is accused of having held up J. W. Putney near Univereity Park, several weeks ago with a rift, and taking 35 cents from him. arrest was made soon afterwards by Officer B. N. Smith and the prisoner was informed by Jailer Jackson that Allen has had fits in the County Jail since his incarceration, and also received family history to the effect that the young man suffered with epilepsy. Accepting all this as true the physician expressed himself as follows: "His mind is diseased, and it is dangerous for him to be outside. He might do anything at any time. He is the most dangerous man in this room."

The doctor further stated that it was death to put such persons in the peniten-tiary. One might be at work in the foundry, for instance, and be seized with a fit at any time, and fall into a fire. Dr. Lane also testified that Martin Allen has a typical eplieptic head. He never saw him have a fit, but had been told by Allen that he sometimes had four or five fits in a day, and other days not any. The do known. Sometimes a blow on the head, or pressure on the brain might cause them and they would cease or become less fre-quent with the removal of the pressure. In some cases people had fits without any nown cause at all, and sometimes there was insanity with epilepsy.

A witness named Kimball was called for the defense, and testified that Allen was considered somewhat "off" by his acquaintances. The mother of the prisoner, who resides

at Kern, Cowlitz County, was also called as a witness, but was unable to tell any thing concerning her son having had fits except from hearsay.

Harry Kretzer testified that Allen was hired by Chris Simpson to watch a hay-stack at the race track, which was being torn down by boys, and Simpson furnished Allen with the rifle which was exhibited in the courtroom as having been used in the hold-up. Kretzer stated that the instructions given to Allen by Sim was only to shoot up in the air to frighten

District Attorney John Manning, who is prosecuting the case opposed the defense of criminal insanity because of epileptic fits, saying it was merely a scheme to get Allen off. B. S. Pague appears as attorney for the defendant. The case will omitted to the jury this morning.

THEIR MARRIAGES A FAILURE. Mismated Couples Are Separated by

Decrees of Divorce, Judge Cleland separated a number of mismated couples yesterday. The bonds of matrimony existing between Orin R. Baker and Alfredia O. Baker were dis solved because of the desertion of Baker by his wife. They were married at Mismla in Jurmary, 1896, and he testified that she left him on September 4, 1900, and the last time he heard of her she was in

Wallace, Idaho, Minnie Balmer testified that she was married to George Balmer in San Francisco on May 15, 1901. Three months later he was called on a strike and commenced drinking, and was drunk for a week at a She said he became utterly worthless, falsely accused her of infidelity, and did not support her. One day he told her that he would finish her when he came home, and said he did not need any weapon, but could do the work with his ands, meaning that he would strangle er. Mrs. Balmer informed the court that she left her husband at that time, thinking he intended to kill her. The decre

d for was granted, Lela Lane Schilling was divorced from Victor Schilling, a former city ticket egent for the O. R. & N. Co., who mysteriously disappeared from Portland in June, 1962. Mrs. Schilling testified that she had not heard from him since, and

daughter of Eugene Shelby, and when her bell SELLWOOD WANTS A PARK his mother in Los Angeles.

Hlanche Gordon was granted a divorce from Andrew Gordon, the well-known confectioner. Mrs. Gordon filed a sensa-tional complaint, charging her husband with undue intimacy with his female cashier, but she said nothing concerning this in her testimony, having evidently come to an understanding with the defendant on that point. Mrs. Gordon testified that he had not fulfilled the part of a husband toward her for four years past, sithough they occupied the same dwelling. Cor-roborative evidence was given, and Gorfon made no appearance in the case. The parties settled their property rights, Gor-don paying his wife \$2000, and is to pay her \$75 per month until the further ord of the court for the support of herself and two children, and also \$50 attorney's fees. George C. Schneller was divorced from Effie Schneller because of desertion, begin-ning November 1, 1901. They were married in Oregon City in 1897. Schneller testified that his wife left him prior to their final separation, and returned to him through the pursuasions of her mother. After she abundoned him the last time, he asked her to come home again, and she refused to

ROBERT GOSSMAN FREE. Acquitted of Charge of Burglans

Brought by D. C. Burns. Robert Gossman, tried on a charge of burglary in attempting to enter the resi-dence of D. C. Burns on Mill street two months ago, and trying to set fire to the same, was acquitted by a jury in the State Circuit Court yesterday. Gossman owns a farm of 25 acres at Mount Tabor. His divorced wife some time ago was married to Burns, and Gossman is to have since annoyed the woman and to have endeavored to destroy the Burns domicile. In testifying in his own behalf Gossman positively denied having been at the residence of Burns on the night in question, and the jury evidently

WILL ASK FOR USE OF STREET RAILWAY GROUND.

Grove Between Spokane and Umatilla Avenues Is Chosen-Funds on Hand for Improvement.

The people of Sellwood want a park, and have taken up the matter of securing grounds on the Williamette River, between Spokane and Umatilla avenues. A meet-ing of the Sellwood Improvement Association has been called for next Friday evening, September 25, to cons

D. M. Donaugh, president of the asso ciation, says that an effort will be made to get the Oregon Water Power & Railway Company to allow its grounds be-tween Spokane and Umatilla avenues to be used as a park. It would be necessary to get the streets vacated through this ground. There is already a nice grove there. By putting in water and making some improvements, an attractive park could be made. It is on the line of the new branch of the Oregon Water Power & Railway Company, and the landing of the new Sellwood ferry will be at the foot of Spokane avenue. It was expected that the railway company would put its ma-chine shops and carbarn between Spokane and Umatilla avenues, but it is announce that these buildings will occupy a portion of City View Park grounds. Subscrip-tions to the amount of \$1500 were raised as an inducement to the company to locate on the former grounds. The matter of using this money to secure a park will be usidered at the coming meeting of the

improvement club. We will make a vigorous effort to get a park," said Mr. Donaugh,

FAVORS MUNICIPAL OWNERSHIP, Milwaukie Councilmen Believe It Would Be Economy in the End.

"I am in favor of the city owning the

water works, and believe it would be economy in the end," remmrked Council-man C. Kerr, of Milwaukle, yesterday. The matter is pending before the Coun-cil, and among Councilmen there is a dif-ference of opinion, at least two other Councilmen arguing with Mr. Kerr. J. L. Johnson has asked for a 30-year franchise for a company which he represents. Mayor William Shindler is somewhat con-servative when it comes to going in debt, and hesitates about approving the issue of ends to build a plant. Mr. Kerr said fur-

'If a private company can make a profit nt of the investment, I don't see why the more cannot do the same thing. I am inlined to think, however, that the estimate of \$9000 as the first cost is too small, and I believe that \$10,000 would be nearer, but what if it should be that sum? We could get the money easily enough. To a private company we would have to pay twice as much as we would if the city owned and operated the plant.

"But on the whole we know very little about this matter of building water works. We should have the advice of an engineer, Everybody thinks there is no trouble about laying pipe. Anybody can do that, but that is not all there is about water works. We shall need to know about what size pipe is needed, the pressure and quantity of water required, all of which is a problem for an engineer to work out. It will not do to go into this business without knowing what we are about. I am not afraid of the debt we might have to incur in getting a water plant, for the rates would take care of that."

Mr. Johnson promises to place before the council at its next meeting his proposi tion in full. It is probable that the per ple of Milwaukie will be given an oppor tunity of voting on the question whether they favor or oppose municipal ownership f the water plant at the city election in ecember, when a new set of officers will

No Rush About Moving Postoffice. The Postoffice officials and employes have n mind the fact that they will have to move before long, but are not expecting to have to get up and dust in any hurry. While the Portland Cracker Company has enced evacuating the Snell-Heitshu diding, progress is slow. As there are five floors packed with goods it is thought hardly probable that the building will be ready to move into before November 1. As the proposed extension of the Post-office building will cover most of the ground between the present west front and Sixth street, the greater number of trees on that side of the Postoffice grounds will have to be removed. A handsome holly ree and young larch which are a little to the north and south lines of the building will also have to go, as they are so it action ing will also have to go, as they are so it action in the way of the workmen. The janitor has been instructed to secure the preservation of these trees, and several very handsome young cedars, and they will probably be transplanted to the Custom-House grounds. One of the large tamarac trees which could hardly be transplanted will probably be cut down. There is a bench mark of the United States Geological Survey in the grounds States Geological Survey in the grounds and two stone piliars set by the same sur-vey, to enable surveyors to test the accuracy of their compasses, which will have to be removed, as the addition to the building will cover the ground they are placed in. There will be plenty of time probably to do all these things before work on the building is commenced.

PERSONAL MENTION.

Mr. and Mrs. I. F. Swarthqut, of Centralia, Wash., are at the Perkins.

Edwin S. Booth, one of the leading lawyers of Butte, Mont., is at the Portland. Dr. Maxim Schumann has returned from a long Summer's outing in the mountains A. B. Hammond, of San Francisco, pres ident of the Astoria & Columbia River Railroad, arrived yesterday and is at the Portland.

Sheriff T. D. Taylor, of Umatilla County and J. A. Balkley, his chief deputy, are at the Belvedere, on their way home from Salem. They came to bring an insane patient to the asylum.

James Monaghan and his daughter, of Spokane, are at the Portland on their way home from San Jose, Cal., where they have spent some days. Mr. Monaghan is one of the original owners of the Caribo mine at Camp McKinney, B. C., but sol his interest for a good round sum to Canadian company some years ago "Spokane is in a healthy condition, for mining is active all around there, but farming and the lumber industry also help to keep it growing," he said.

Among the arrivals at the Portland yes terday was W. E. L. Behr, of Londor England, who is largely interested in th importation of canned fruit from Call-fornia to Europe, and is looking over the field in Oregon. "We do not ship any fruit from Oregon because there is no de mand for Oregon fruit so far. The Eng lish market is full up just now. It varie every season, for it depends on climati and social conditions. A bright, warn Summer and many social affairs creat an active demand. England is still suffer-ing from the business depression caused by the Boer War and many of the leading families are still in mourning for those killed in the war. Taxes are also high on account of the war debt. All these things have their effect on our trade."

A party of 15 well-to-do farmers and merchants of Dufur, Wasco County, has nerchants of Dufur, Wasco County, has een spending the week at the State Fair at Salem and many of them arrived at the Perkins yesterday to spend another week in Portland. Those who are now here are: State Senator and Mrs. T. H. John-ston, Mr. and Mrs. W. L. Vanderpool, Mr. and Mrs. M. Sigman, Mr. and Mrs. W. T. Vanderpool and their daughter, Mrs. L.
