AESOP'S FABLES With Morals Down to Date No. 2

"A fox had by some means got into the storeroom of a theater. Suddenly he observed a face glaring down on him, and began to be very frightened; but, looking more closely, he found it was only a mask, such as used by harlequins to put over their face. 'Ah,' said the fox, 'you look very fine; it is a pity you have no brains.' MORAL—There is a poor substitute for an inner worth. That's the reason a value advertised by this store is eagerly sought by wise patrons, who know that neither the veneer of exaggerated worth or cunningly worded description covers an inferior article. We never advertise a woman's suit, for example, as a \$35 value unless it really is such, and will stand the lightning of rigid comparison with the values of other stores of REPUTATION. This house has deservedly won its title of 'THE BEST RELIABLE STORE.' Bargains here are just as advertised—and reductions exactly as you read 'em in our trustworthy daily 'Store News.' Read on, today and every day this week, of real, grand bargains.

An unsurpassed showing of the leading ideas in foreign and American dress stuffs, including all the "Scotch" effects—imported from "Thistle Land," or made in America with the same thought in view—viz.: Burry roughness, Zibelines, Bannockburns and Tweeds are all in the exposition—all at WONDERFUL BARGAIN PRICES TODAY.

52-inch All-Wool Bannockburn Tweeds, splendid goods for hard wear, in Oxford, navy, brown and gray—a regular \$1.50 a yard value—today 89c
56-inch Cravettes, Priestley's best makes, absolutely rainproof, a good chance to prepare for the rainy season, come in Oxford, navy, greens and brown, in plain and herring weaves, regular \$1.75 a yard value, special \$1.29 for today

Another Day of GLOVE BARGAINS

First Floor

They may last through ten hours of selling—some sizes may not. Thank the weather man, who tipped a reservoir of heavy mist over good Portland folk yesterday, for there being any of these grand glove values here at all today. Come early and be fitted. Gloves are fitted at this store for patrons whether they're sold at regular worth or sale price. Another point of "Difference" between this store and some of its confreres.

\$2.00 KID GLOVES \$1.33

In addition to our regular values in Kid Gloves, which embrace the "Monarch" at \$2, the "Derry" and "Eskay" at \$1.50 and the "Masoot," the best dollar Kid Glove for woman's wear made, we offer, for today only, another lot of sample gloves from a celebrated French maker. Placed in competition with our celebrated Monarchs at \$2, we've compared—are through with their use—instead of retaining them, we'll offer 'em, sample pickings, for less than cost to make, all sizes, at \$1.33 the pair.

Radiant Ribbons Half Price (First Floor)

"Unreel and snip," "unreel and snip," even with the tattoo of the rain pelted down yesterday, our young ladies at the ribbon counter were kept on the jump unreeling, measuring and cutting off those beautiful ribbons for patrons. Portland ladies everywhere know that when we print news of a bargain chance in ribbons it will even be worth their while to come out through the rain to get their share—but there's plenty left for today. All pure silk, satin, taffeta ribbons, 4 and 4 1/2 inches wide, all new, in best lot of colorings which embrace pinks, blues, maize, cardinal, black, white, scarlet, violet and cream; also a large lot of extra wide, elegant-ribbed satin taffeta ribbons in 4-inch widths, extremely beautiful in the sparkling frosty appearance, dainty, soft ribbons that appeal to lovers of elegance. These were made for splendid values, but by a lucky chance were enabled to turn them over to wearers at 25c week at, yard 25c.

PARKS' MEN DOCILE

Ironworkers' Convention Has a Day of Perfect Peace.

BUCHANAN URGES HARMONY

President Quets the New Yorkers, but More Trouble is Expected—Western Locals Want Railroads Made to Pay Standard Wages.

KANSAS CITY, Sept. 28.—Today's sessions of the convention of the International Association of Structural Iron and Bridgebuilders were taken up with routine matters. The Parks crowd helped clear up the small business of the gathering and no signs of the fight between the two factions promised yesterday were visible. President Buchanan made an appeal for harmony and his talk had the effect, at least temporarily, of quieting the troublous New Yorkers. "It's the hell before the storm," said one delegate after the convention had adjourned for the day.

The sum total of the day's work was the granting of a charter to the Architectural Ironworkers of Chicago, a strong labor body, which has perhaps 6000 members throughout the country, and a decision to send delegates to the convention of the Building Trades Alliance, to be held at Indianapolis next month. An important petition presented by half a dozen Western locals recommended that the convention take some action to force certain Western railroads to pay standard wages or to let their bridge work to contractors who are fair to organized labor. President Buchanan said that some action had happened since Saturday's session. Before proceeding to business he addressed a few words to the delegates, urging harmony, and saying he had only the best interests of union labor at heart, and wanted to do what would accomplish the most for labor in general. He urged the necessity, especially for the effect it would have upon the country at large, of a dignified, business-like convention. There was no attempt on the part of the Parks crowd to interfere with the routine work in hand, and any antagonistic action that they may have had in mind was postponed for the time being.

Following is the petition of the Western locals to which reference is hereafter made: "We, the delegates representing locals 19 of Minneapolis, 24 of Denver, 27 of Salt Lake, 19 of Kansas City, 29 of Des Moines and 21 of Omaha, request that some action be taken to secure control of the road work being done by the several roads west of the Mississippi River. There are a number of fair contractors who have agreed to recognize our union and pay the standard wages with regulation hours. We find that such roads as the Union Pacific, Oregon Short Line and others are paying their bridgemen as low as \$1 per day on a ten-hour basis. We recommend that some action be taken by this convention that would either force these railroads to pay the standard wages or to let their bridge work to contractors who are fair to organized labor." Daniel Brophy, who held a proxy from Scranton, Pa., and who was unseated last week, sat in the convention this morning, but without a vote. Last week when he was unseated he left the hall in an angry mood and refused any invitation to attend the sessions.

More Writs for Men in Bulpen. CRIPPLE CHEEK, Sept. 28.—District

Kennison, W. F. Davis, Patrick Mullaney and Thomas Foster, union miners, who are prisoners in the military guardhouse. The orders direct that the men be produced in court Friday morning. Attorney John M. Glover presented the petition for the prisoners. General Chase is the only respondent named in the writs. The military tonight arrested Peter McLeod and Robert Murphy, both prominent members of the miners' union. They were placed in the guardhouse. Nothing was given out regarding the charges against them.

TO LOOK INTO UNION'S CHARGES.

Public Printer Names Committee to Investigate Government Prices. WASHINGTON, Sept. 28.—As a result of recent criticism of the list of charges made by the Government printing office for the printing and bookbinding done in that institution for the various departments of the Government, Public Printer Palmer today announced the appointment of a committee to investigate these charges. The complaints of the excessive charges made by the Government were an outgrowth of the discussion over the case of William A. Miller, assistant foreman of the bookbindery, against whose retention the Bookbinders' Union is waging a fight. In connection with the complaints against the schedule of charges, the Public Printer points out that no profit ever has been expected for this kind of work, and the Government merely charges cost prices, and then adds 10 per cent to cover the administrative expense of non-productive labor, such as messengers, doorkeepers, watchmen, etc.

EMPLOYERS HAVE NOT GIVEN UP.

New York Builders Will Fight the Union to the End. NEW YORK, Sept. 28.—Charles L. Edelheit, president of the Building Trades Employers' Association, his issued a statement declaring that the employers have not given up their fight against the unions which are opposing the plans for labor settlements on the employers' arbitration plan. He said: "While it is true that building contracts are being canceled and the volume of building will be greatly curtailed, it is also true that we are going to carry our fight to a finish with the view of establishing a condition of affairs that will enable business to resume work under better relations with our employees; instead of relating, we will fight harder than ever before. "It is now squarely up to the unions themselves as to how the fight ends. If the men choose to follow false and dangerous leaders, they alone will be responsible for the result."

TYPE-FOUNDERS WALK OUT.

National Movement Planned to Make Big Firm Accede to Union. CINCINNATI, Sept. 28.—The men employed by the Cincinnati branch of the American Type Founders Company struck this afternoon. The strikers include type-casters, dressers, moldworkers, machine rule workers, galleys, compositors, operators and inspectors. The men say that at noon today an agreement was presented at the foundries throughout the country, and a National strike was inaugurated because the company refused to accede. The proposition in the agreement that caused the strike read as follows: "There shall be no discrimination against union men, and any journeyman who during the life of this agreement may be given employment to fill any vacancy or to increase the force shall be a member of the International Typographical Union, provided the union is able to furnish such journeyman."

WAR CLOUDS LIFT

Bulgaria Takes New Hope in Macedonia.

PORTE LESSENS APPREHENSION

Positive Assurance Is Given That the Thirty-two Battalions Ordered From Monastir to Adrianople Will Not Be Moved.

SOFIA, Bulgaria, Sept. 28.—The situation here is much brighter today, and the war clouds appear to have lifted. The Porte's assurance that the 32 battalions recently ordered to proceed from Monastir to Adrianople will not be moved has lessened the apprehensions of the Bulgarian government. Further satisfaction is derived from the fact that M. Natchevitch is going to Constantinople in the capacity of Bulgarian diplomat agent. He conducted the negotiations with the Porte last June, and after their failure returned to Sofia. The committee appointed for the purpose at the time of yesterday's demonstration of 35,000 Macedonians in this city waited on Premier Petroff today and asked him if the government intended to do anything to help the Macedonians. M. Petroff replied the Ministry was acting in what it conceived to be the best interests of Bulgaria, and would continue the same policy. The spokesman of the committee told the Premier his reply would not be satisfactory to the people, and the committee thereupon withdrew.

THOUSANDS ARE DESTITUTE Refugees in the Mountains Are in a Terrible Condition. MONASTIR, Macedonia, Sept. 24, via Sofia, Bulgaria, Sept. 28.—It is estimated that 50,000 villagers of the vilayet of Monastir are now refugees in the mountains, and most of all of them are in a terribly destitute condition. They escaped from the 111 villages which have been wholly or partially burned by the Turks, which contained 19,302 houses, of which 1688 were burned. At Makhatrovo only 100 Bulgarian families remain out of 1500. A body of 300 families fleeing towards Bulgaria from villages in the Lozengrad district were surrounded by Turkish troops in the mountains, and all of them are alleged to have been slaughtered.

Bulgarian Captives to Be Shot. LONDON, Sept. 28.—The Times learns from a trustworthy source that the palace committee at Etilis Kloak has recommended that all Bulgarians captured in the future shall be shot. It is stated that the Sultan holds the same view, and the necessary orders have been issued.

BRITAIN PROTESTS TO TURKEY. Still She Cannot Insist on Real Instead of Paper Reforms.

LONDON, Sept. 28.—The Constantinople correspondent of the "Times" telegraphs that Great Britain, through her Ambassa-

dor, has made vigorous and constant protests against the excesses committed by the Turkish troops, but that she apparently does not feel herself strong enough to break down the opposition of Germany, Russia and Austria, and insist upon real reforms instead of paper reforms in Macedonia.

Macedonians Are Urging Peace. BERLIN, Sept. 28.—According to a dispatch to the Lokal Anzeiger, prominent Macedonians are urging the revolutionary leaders to discontinue the uprising.

ARMENIANS STONE COSSACKS.

Transfer of Property of Church to Russia Causes a Riot. TIFLIS, Russian Trans-Caucasia, Sept. 28.—The transfer of the property of the Armenian Church at Shusha to the Russian authorities, according to the imperial decree issued June 25, has been attended by a conflict between Armenians and Cossacks. Excited Armenians made a demonstration in front of the residence of the Governor and stoned a detachment of Cossacks who attempted to disperse them. Small crowds on the balconies and roofs of houses in the neighborhood threw rocks and were answered with a volley from the Cossacks. According to the official account the Cossacks and the rioter were killed; but the Armenians, in the darkness, carried off a number of wounded persons. Similar rioting on the part of the Armenians occurred recently near Elizabethport and at Baku and Kars.

CANT COMPETE WITH AMERICA.

Siberian Traders Find It Impracticable to Enter China. LONDON, Sept. 28.—An Odessa dispatch to the Standard this morning reports a conference of Siberian merchants and traders was recently held at Tomsk, Siberia, with the object of developing Russian commerce with China. The meeting arrived at unsatisfactory conclusions, the bulk of the evidence adduced proving that in the existing circumstances it is practically impossible for Russian products and manufactures to compete successfully in China against those of Western Europe and the United States. The advantages of the Siberian Railroad has declared it impossible, without a ruinous loss of revenue, to greatly reduce the freight rates. It is reported from Askaniand, capital of Russian Trans-Siberian territory, that 2,000,000 acres of cotton, wheat, barley and vegetables in that district have been destroyed by the locusts.

CZAR'S STRENGTH IN FAR EAST.

He Has 250,000 Men Under Arms, Eighty Vessels and Many Forts. TIENTSIN, Sept. 28.—The military strength of Russia in the far East is now as follows: In Manchuria proper 50,000 men of all arms, including 18 batteries of artillery; on the lines of communication between Port Arthur and the Amur provinces, 120,000 men, and at Port Arthur and Tientsin, 80,000 men. Thirty forts have been erected at Port Arthur and 50 others are under construction. All the peaks in this district are being fortified. In addition to the land forces there are always 40 Russian vessels in Port Arthur and 40 others constantly under steam at Tientsin. Three battleships, two cruisers and four destroyers are expected to arrive in Chinese waters October 15.

Refuses to Give in to Emperor. BUDAPEST, Hungary, Sept. 28.—Francis Kosuth has issued a manifesto on behalf of the Independence party, concurring in the view that a surrender on the question of the use of the Hungarian language in the army is impossible, but declaring he is determined to follow a policy of passive resistance and warning the nation against those desiring to lead it to unpop and violence.

New Post for War Minister. ST. PETERSBURG, Sept. 28.—It is rumored in high military circles that General Kuropatkin will be appointed Governor of the Caucasus; also that he will be replaced as War Minister by General Brokeoff, the Governor of Finance, Prince Obelinsk succeeding to the latter's post.

Lord Milner in London.

LONDON, Sept. 28.—Lord Milner, the British High Commissioner of South Africa, arrived this afternoon from Cardiff, and Premier Balfour is expected to reach London tomorrow to confer with him. Lord Milner declined to make any statement as to whether he had accepted the Secretaryship of the Colonies.

Greene's Examination is Postponed.

BINGHAMTON, N. Y., Sept. 28.—The preliminary examination of Senator George G. Greene, on charges of conspiracy and bribery in connection with Postoffice investigations, was today postponed until October 2.

CANAL BOARD HAS NO HOPE

Colombian Commission Will Report a New Treaty Unfeasible.

NEW YORK, Sept. 28.—A Colombian Senator who appears to have reliable information says, according to a Herald dispatch from Bogota, that the commission appointed to draw up a new proposition for a Panama Canal will report it to be unfeasible. The Senate will examine the legality of the canal company's extension of time on the contract of Manuel Cerdon before taking any new action on the canal proposition.

New Treaty Wholly Unacceptable.

WASHINGTON, Sept. 28.—Much interest is taken in Washington in what the Colombian Senate will do with the canal proposition, now that the Hay-Herran treaty has failed. It is known that Colombia is anxious to keep alive the canal negotiations. State Department officials having received information to the effect from the Colombian government, the bill now before the Senate of Colombia, as understood here, is the one reported by the committee of that body. It contains treaty provisions that would be entirely unacceptable to this Government. Minister Beaupre's dispatch expresses the belief that the bill may be defeated; also that it may be amended. The form the amendments take is regarded as the most important thing at present.

Beaupre Reports No Change.

WASHINGTON, Sept. 28.—The following bulletin today was posted at the State Department: "The Department of State received today at 1:12 P. M. a cable message from Minister Beaupre, dated September 27, 8 P. M. He reported that there had been no change in the situation in respect to the canal matter. A second debate on the bill reported by the committee is expected within a few days, and it is thought it may be defeated. The present outlook is for some amendments of the reported bill."

WELL-KNOWN WRITER DIES

Henry D. Lloyd, Who Gave Much Attention to Economic Questions.

CHICAGO, Sept. 28.—Henry D. Lloyd, a well-known writer on economics, died today at his home in Winnetka. Mr. Lloyd was to have joined tonight in the visit to the City Council of delegates to the Municipal Ownership Convention. He was born in New York City May 1, 1841. From 1867 to 1892 Mr. Lloyd was assistant secretary of the American Free Trade League, organized by William Cullen Bryant, David A. Wells and other prominent reformers. He prepared a manual for voters with the characteristic title, "Every Man His Own Voter," which was distributed throughout the country in

that campaign. Mr. Lloyd came to Chicago in 1878 and until 1885 occupied the position as an editorial writer on the Chicago Tribune. Since then he has devoted his labor to the publication of articles on labor problems in the current magazines.

Will Try to Settle Cable Dispute.

WASHINGTON, Sept. 28.—A cablegram was received today from Minister Beaupre, dated Bogota, stating that he will endeavor to arrange with the Minister of Foreign Affairs for some amicable adjustment of the difficulty which has arisen between the Colombian government and the cable company.

Tin Mills Reduce Wages.

NEWCASTLE, Sept. 28.—Notices were posted at the tin mills here today announcing that on Thursday next all the plants of the American Tinplate Company will begin manufacturing tin for export trade, under which the tonnage men will all suffer a 3 per cent reduction in wages. This follows the agreement made some months ago that the tonnage men would accept the wage reduction in order to allow the American Tinplate Company to secure orders amounting to 1,500,000 boxes annually, which would otherwise go to foreign manufacturers.
