50,000 pages. All unions had not yet reported to her, but there was great activity throughout the county in this department. Central Union was mentioned as having done the most creditable work in this line. Miss S. I. Lyman reported on press work, and convincingly illustrated the value of printers' ink. The press-atlarge was reported as being cordial and the organization as having received many courtesies at its hands, for which public thanks were expressed. Sabbath observance was reported upon by Mrs. M. E. Blackwell, who outlined a good plan of this work. Mrs. S. E. Peake's report on flower missions was extremely inter-

OFF TO WASHINGTON

Senator Fulton Given Sendoff by His Friends.

WILL WORK FOR AN OPEN RIVER

Nore Money Needed for Jetties, and Appropriation to Deepen the Channel-His Utmost Will Be Done for Lewis and Clark Fair.

Senator Fulton tore himself away last sight, and, with one longing, lingering look behind, sped eastward toward Washington. A serpentine train of brightly lighted cars followed after the raucous whistle of the locomotive. In one window a man's head, silhouetted against the glare within, gazed intently at the fleeting city lights. It was Senator Fulton's.

Wheels clattered, semaphores rattled, the train was gone and two white streaks of steel blinked coldly in the moonlight. The Senator received many callers yesterday. At the depot it looked as if everybody in Portland was trying to do him honor or to jostic him off the earth, so big was the crowd. But it transpired that the throng was only the average number of mortals who board the O. R. & N.

train in the evening.
"Hs., ha!" laughed the Senator in the good old way. Among the very last to say adien were Colonel D. M. Dunne, Collector of Inter-nal Revenue, and L. A. Pike, who as deputy Collector of Customs, represented L. Patterson. All day long a line of celebritles had tralled up to the Senator's door at the hotel. John Hall was there to extol the virtues of Judge Moreland and George C. Brownell, so it was said. Ex-Senator McBride was also one of the dis-tinguished callers. W. L. Boise paid a visit along toward 6 o'clock. Harry Rob-ertson, Senator Mitchell's private secre-tary, made a call. Judge H. H. Hewitt, of Albany, was conspicuous at the last min-ute. Phil Stokes, of Astoria, hustled about

Not Talking Polities. Up the elevator they trooped, in bevies and swarms, heavy weights forscoth. The elevator creaked, but Boniface Metschan betrayed never a tremor. "It's safe," he

"Rap, tap," they knocked.

"Come in." came back the echo.

The gentlemen said kind words about how the Senator had been more than a match for Gifford Pinchot, chief of the Forestry Bureau, in the debate the night sefore. "The Senator understands the subject," they said.

If the Senator discussed politics with anybody, he did not do so for publication.

"Oh, I don't know anything of inter-est," he remarked in answer to a request for an official utterance about politics such as Senator Mitchell had given out on the night of his departure toward "Has the delegation recommended a

cessor to John Hall for District Attor-

"I don't know of any."
"Do you know when the recommenda-tion will be made?"

"No, I do not."
"Are you supporting Mr. Brownell as strongly as ever?"

"I presume," replied the Senator, evad-ing the question, "that after Congress is organized and the Senate gets down to work, we may get together some evening id choose somebody,"
"Has Snider or Watson or Gowan been

appointed to the Land Offices?"

The Senator smiled at this question and The Senator smiled at this question and said if they had been appointed he knew

For the Fair and an Open River. "How about the Lewis and Clark Fair?" get that appropriation from Congress for pounds to the acre, though some will rai the Exposition, my very utmost. "And the bar-?"

"We need an appropriation from this Congress for the Coli ingress for the Columbia bar jetty. I aftered with Major Langfitt about the He recommended an apmatter today. propriation of \$1,260,000 to keep up con-struction of the south jetty. He said that the present Congress must appropriate more money to the jetty at the regular session or construction will cease for lack of funds. The last Congress appropriated \$1,500,000, of which \$500,000 has been expended for the dredge Grant."

"And the Port of Portland—?"
"The burden of keeping open the river channel to the sea should be lifted from this port. Major Langfitt recommends an appropriation of \$625,000 for the river between Portland and Astoria. I shall do all I can to persuade Congress to grant that sum of money. I shall endeavor also to induce Congress to take up the bonds with which the Port of Portland has burdened itself to keep the channel I may not be able to accomplish this latter object with this Congress, and perhaps an effort to do so would not be politic in view of the \$625,990 that is needed. But allow me to say this to the peo-ple of Portland: I shall do what I can. "Then there's the canal at Cellio, which the whole Northwest country so much de-sires, and the locks at Oregon City which the Willamette Valley wishes the General Government to buy. These will also be objects of my continuous endeavor."

Fight Forest Reserve Abuses,

"And you will fight reserves?" "No, not reserves, but the unreasonable reserve policy. I recognize the benefits of reserves as well as anybody, But in my mind the lieu land evils and the violations of individual privileges in the settle-ment of the public domain are grievous

and should be corrected." . Hermann was to have seen the Sc ator off, the same as Representative Willfamson did, but was steered off to San Francisco somehow or other. He and the Senator won't see each other again until they meet in Washington.

OBJECTS TO REPAIRS. Merrill Talks on Sunnyside Fire Station-Signs for Streets,

The City Council held a very unromantic session yesterday afternoon, at which tall heaps of routine were waded through. The air of solemnity was dispelled but once, and that was at the tail end, when Councilman Merrill objected to the expenditure of \$750 for improving one of the fire stations at Sunnyside. He said the city is now paying 325 a month rent for the building to Councilman Sharkey, if he had a proper understanding of the matter, and he did not think the city ought to patch up Sharkey's buildings for him and pay him rent besides. He thought that \$750 would go a long way toward building a brand new structure. Mr. Merrill said he was in favor of the Improvement of other stations and be-lieved they were not fit for occupancy in their present condition. The question of a 312,000 appropriation for the purpose of repairing the various stations was referred to the ways and means committee.

Another effort to have street-signs installed throughout the city came up in the form of an ordinance for the appro-

ting up these signs. liman Zimmerman said he was in favor of these signs, but did not believe a few minutes. the present condition of the city treasury would admit of such luxury. Council-man Afbee took issue with him on this

NOTHING DOING IN HOPS. Orders Coming, and Growers Holding for an Advance.

There are not many orders for can do better by holding, so the market is at a standetill," said W. H. Gilbertson, a hopgrower and merchant of Aurora, at the Belvedere yesterday. "Growers are holding for 25 cents or over, and dealers are not in a position to pay that price, though some sales have been made at 25% and 27% cents, but they were exceptional lots and the buyers wanted them badly. If there were any orders, good, fine hops would bring 22 cents and choice 25 cents. "Oregon has a crop of about 80,000 bales,

as The Oregonian said. The quality is mixed. I have seen some beautiful plants and some very poor ones. There is some talk of increasing the acreage, though some say they would not increase it any now. I think the chances are there will be quite an increase next Spring. WOMAN WITH A HISTORY Accomplice of Highway Robber Has Been Long a Marked Character.

Emma von Carnap was the maiden name of the young wife now confined in the County Jali as an accomplice of Admer T. Johnson, a self-confessed highwayman, She is a Portland-bred girl, and her par-ents, Mr. and Mrs. Jasper A. yon Carnap, live at 483 East Harrison street, where the young couple made their home for a time.

A girl with a history is Mrs. Johnson.

Though but 17 years old, she is the mother of a child 3 years of age. The Boys' and Girls' Aid Solcety has had dealings with the Von Carnap family as to the care of the girl who has now achieved notoriety as the aid of a highwayman. A few years ago the society was about to take entire charge of her, but her mother promised to care for her under the surveillance of the society, so the child was not removed from her parents. Without the knowledge of the solcety she was married to Bert McKinstry at the age of 14. After a stormy experience of matrimony they parted, and last May she married Admer Toward T

MINE FIRE SPREADING.

Conditions in Utah Properties Are Becoming Very Grave.

EUREKA, Utah, Oct. 7 .- Conditions underground at the four mines in the Tintic district, where a mysterious fire has been burning since Monday afternoon is considerably worse tonight. It is al-most impossible for any one to remain in the affected mines for more than a few minutes, and for this reason the fire has not yet been located. William Men-love, one of the men overcome by the smoke yesterday, died late tonight.

The superintendents of the four mines held a consultation today and decided to select six men from the working force of each mine and endeavor to reach the fire. The party, however, were unable to get below the 300-foot level on account of the smoke and gas. Another attempt will be made, the men being equipped with helmets charged with compressed oxygen.

The effective legislation in behalf of child labor and the good press work along this line was graphically dwelt upon by Miss Frances Gatshall, superintendent of labor work. Devotions ending the morning session were conducted by Mrs. Fos-ter, who was for years the state corre-

sponding secretary. Her return is warmly welcomed by the forces here. The afternoon session opened with impressive memorial services in memory of Mrs. M. Huestis and Miss Fannie Wood-mansee, both of Sunnyside Union, this service being led by Mrs. Additon, county evangelistic superintendent, assisted by Miss Gotshall, Mrs. Fullilove and Mrs. Ross. Vocal solos were well rendered by Mrs. Fullilove and Mrs. Lane and appro-priate remarks made by the Rev. S. W. Deniston, pastor of the M. E. Church. Work among the Indians was made an interesting topic by the able manner in which it was handled by Rev. Mr. Spiers, of the Presbyterian Church, who was at one time a worker at the Warm Springs Indian Agency. Mrs. Foster also described work among the Indians. Glowing tributes to the good work done by the organisation were paid by Mr. Wells and Rev. Mr. Fairchild, and after a full and complete report by Mrs. Additon, county evangelistic superintendent, a motion was carried to defer all other re-ports until after President Frances Gotshall's report. This was done and the report was delivered in Miss Gotusual impressive style, she earnestly requesting the convention to allow her to retire from her office.

Election of Officers. The nominating ballot for presidential candidates resulted in Mrs. Lucia H. F. Additon and Mrs. S. E. Foster being se-lected, the electing ballot giving the office to Mrs. Additon by one vote. Mrs. Addi-ton's many duties in connection with her national offices would not permit her to serve and she moved to give the office to Mrs. Foster. The latter declined to accept it, but was elected by acclamation in spite of her many protests.

Mrs. Donaldson was unanimously elect-

Mrs. Donaldson was unanimously elected to succeed herself as corresponding
secretary, and complimentary remarks
were made as to her efficiency by various
officers. Mrs. MacFarlane, the former
recording secretary, having announced
that it would be impossible for her to
serve again, Mrs. Lane, of University
Park, was elected by acclamation.
Mrs. Pometry was respected transport. Mrs. Pomeroy was re-elected treasurer, and Mrs. Peake appointed county dele-

gate to attend the next state convention

Miss Gotshall reported an offer by Mrs. Mallory to give the use of her double parlors for the headquarters of the unty union, which was put in the hands of the executive committee for action. The resolutions presented and acted upon by the convention touched upon the use of alcohol in cooking, the advertising of liquors by Christian and other reputable magazines, the dance-hall evil, the Mayor's stand on the gambling question and a hearty indorsement of the action the ministry has taken in this matter. The entire abolition of the liquor traffic was heartily recommended. The resolutions ended by extending thanks to the press and expressed appreciation of the hospitality extended by the University

Park Union After minor business details had been attended to the convention adjourned. Zeal and earnestness were displayed by all present and much good was shown to have been accomplished through the year. The county union is to be congratulated upon the acceptance by Mrs. Foster of the presidency, as she is an able worker and organizer. The retirement of Miss Gotshall was regretted by all, as she has proven herself almost in-
