HARVARD KILLS

Overseers Declare it Morally and Physically Bad for Players.

THOROUGH REFORM NEEDED

Committee's Report Condemns Game From Every Standpoint and Declares Rules Committee Cannot Be Trusted.

BOSTON, Jan. 15.-Football has been abolished at Harvard pending a reform in the game that will be acceptable to the board of overseers, according to an official announcement today from the university. The discontinuance of the game is the result of a vote taken last week at a secret meeting of the board of overmeers, when it was decided that intercollegiate football at Harvard should not be permitted until the rules had been so changed and amended as to remove what the overseers

regarded as the evils of the present game. Th overseers accepted unanimously the opinions of a special committee that the ad in every respect; that the method of formation encourages trickery and foul play, and that the result is bad for the orals of the players as well as for the

The committee declared that, if changes re to be made, no member of the so-led intercollegiate rules committee should have a hand in it, the committee believing these persons are "so far com-mitted to the present system that they could not agree to such changes as an absolutely necessary to produce a decent clean, pleasurable contest, instead of the nt apology for a rough-and-tumble

"Football is a fine game when properly played," the committee says, "but the present method is thoroughly bad, and ought to be stopped absolutely and finally. Any university taking this action will later be considered as a benefactor by many players, and by all lovers of health-ful, clean sport and fair play."

Under the ruling of the overseers, foot-ball is now in abeyance at the university until the committee on the regulation of athletic sports has made its report to the board and until the board has accepted the new rules and regulations in every point. Whether the reformed rules can se arranged and accepted in time for the resumption of football next season is

Gang of Japanese Counterfeiters Is Captured by Secret Service.

SEATTLE, Jan. 15.-Three Japanese ounterfeiters have been placed under arest by a secret service officer, and h dreds of dollars' worth of spurious \$5 and \$10 gold pieces, with paraphernalia used in their apartments captured. Captain Bell, head of the Northwest division of the secret service, has handled the case, and with the arrest of Knichi Fugimodo, in Port Richmond, Cal., he stated that the last of the gang has been rounded up. Acording to Captain Bell, the case is

unique in the annals of the Pacific Coast, not only from the wide field of their operations, but from the fact that the bat-teries and some of the molds used by the colners were made in Japan and shipped to this country.

Since last June more or less spurio gold coin has been in circulation, and the secret service men have been working on the case. Although they have several

WHAT JOY THEY BRING

To FVERY HOME as with joyous hearts and smiling faces they romp and play-when in health -and how conducive to health the games in which they indulge, the outdoor life they enjoy, the cleanly, regular habits they should be taught to form and the wholesome diet of which they should partake. How tenderly their health should be preserved, not by constant medication, but by careful avoidance of every medicine of an injurious or objectionable nature and if at any time a remedial agent is required, to assist nature, only those of known excellence should be used; remedies which are pure and wholesome and truly beneficial in effect, like the pleasant laxative remedy, Syrup of Figs, manufactured by the California Fig Syrup Co. Syrup of Figs has come into general favor in many millions of well informed families, whose estimate of its quality and

excellence is based upon personal knowledge and use. Syrup of Figs has also met with the approval of physicians generally, because they know it is wholesome, simple and gentle in its action. We inform all reputable physicians as to the medicinal principles of Syrup of Figs, obtained, by an original method, from certain plants known to them to act most beneficially and presented in an agreeable syrup in which the wholesome Californian blue figs are used to promote the pleasant taste; therefore it is not a secret remedy and hence we are free to refer to all well informed physicians, who do not approve of patent medicines and never favor indiscriminate self-medication.

Please to remember and teach your children also that the genuine Syrup of Figs always has the full name of the Company-California Fig Syrup Co. -plainly printed on the front of every package and that it is for sale in bottles of one size only. If any dealer offers any other than the regular Fifty cent size, or having printed thereon the name of any other company, do not accept it. If you fail to get the genuine you will not get its beneficial effects. Every family should always have a bottle on hand, as it is equally beneficial for the parents and the children, whenever a laxative remedy is required.
