There is alleged It was mild compared to the amazement of the court officials when State Superof the court officials when State Super-intendent Paul Rader yesterday asked for a warrant for the arrest of the very boy he and others had dispatched into a dive to mingle with the women and drink liquor with them. The warrant was promptly refused, but a strong effort was made to cause the arrest of Rader him-self, together with his associates in the affair. to be money on hand amounting to \$1000. There are three sections of the Oregon and he asks the court to settle the concode, as published above, that provide for the arrest and prosecution of all parties to just such a scheme as this, but Deputy District Attorney Brand did not see his way clear to file complaints, and it is doubtful if there will be anything furher in connection with the matter. Many are of the firm belief that every son connected with sending the mino H. L. McCabe, into the disorderly hous where he purchased liquor for the wome with Anti-Saloon League funds and then drank a glass himself, should be prompt ly arrested and most vigorously prose cuted. Deputy District Attorney Brand, when asked concerning the question of complaints and the proposition of making arrests, replied that he would act if De-tective Kay wished to sign a complaint against McCabe, but as Kay himself was deeper involved than the minor himself, no complaint was filed. The scandal has developed several facts g them being that in seeking to the disorderly women of Portland into the "vice quarter" the police have made the greatest blunder possible by en-trusting the work to Acting Detective Kny. The latter acknowledged yesterday morning that he could not accomplish the task alone and that he must have some stool-pigeon, like McCabe, the 15-year-old boy, to help him. Of late Kay has been working with Acting Detective White, and White declares that there was no need whatever to send McCabe to the Peer-lees House. He says he could have accomplished far better results himself, and that he did not approve of the manner in which Kay brought about the raid. Owing to the fact that the Anti-Saloon League has been found to be so actively engaged in assisting Kay and White in special work of segregating the dis orderly women, many believe that the league is the real author of the "vice quarter" idea. Mayor Lane denies the responsibility for the plan, and Chief of Police Gritzmacher declares he does not know what the administration's plans on the subject are.

GOVERNMENT INVITES PROPOS-ALS FOR HAY AND OATS.

Instructions From War Departmen Insist Upon Philippine Shipments Passing Through Seattle.

Again the War Department has invited proposals for hay and oats for the Philippines, with the understanding that deliveries be made at Seattle, leav ing Portland shippers practically out of the field unless they wish to invade the Puget Sound territory and trans-act business there. According to gen-eral opinion and the circular of instructions to bidders, issued from the de-partment at Washington through the various offices of the disbursing quartermasters on the Pacific Coast, the conditions have been fixed so that no olds will be considered unless they pro-

Mrs. S. A. Hooper says her husband, James Hooper, is of a sullen disposi-tion, and does not speak to her for days at a time, and constantly demands money from her. She has commenced sult for a divorce in the State Circuit tion. Court. She recites in her complaint that he refused to repair the house in

which they were living, even though she offered to furnish the means, and he objected to her women friends calling upon her. Mrs. Hooper further alleges that Hooper thought she had \$1200, and be-

came angry when he ascertained that the amount was only \$300, and because she would not give it all to him. They were married in Oregon City in March 1905.

Julia E. Young has sued Cyrenius Young for a divorce and for an adjust-ment of their property rights. They were married in Kansas in 1885. Mrs. Young accuses her husband of cruel treatment. She alleges that he forced ter to sign away a homestead entry, and drove her from their home at Gray's Crossing, in October, 1905.

THE VALUE OF CHARCOAL

Few People Know How Useful It Is in Pro serving Health and Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disin-fectant and purifier in pature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after cating onlons and other odorous vegetables. Charcoal effectually clears and improves

collect in the stomach and howels; it disinfects the mouth and throat from the Feb polson of catarrh.

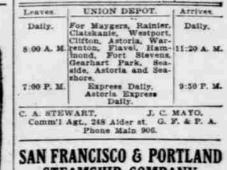

All druggists sell charcoal in one form or another, but probably the best char-coal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered Willow charcoal, and other harmless antiseptics

in tablet form or rather in the form of large, pleasant tanting lozenges, the charcoal being mixed with honey. The daily use of these lozenges will soon tell in a much improved condition of the general health, beiler complexion, sweeter breath and purer blood, and the beauty

breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but on the con-trary, great benefit. A Buffalo physician in speaking of the benefits of charcoal, says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bow-els, and to chear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited 1,200 also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drugstores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Charcoal 850 Lozenges than in any of the ordinary charcoal tablets."
