Rain Falls as the Portlanders Leave the Cars.

PLAYERS ANXIOUS TO WORK

First Practice Will Be Taken This Afternoon if the Grounds Are Not Too Wet—Long Tramp This Morning.

STOCKTON, Cal., March 13.—(Special.)—Manager McCredie smiled today as he alighted from the train, and shook hands with Captain Shay. Rain was falling copiously and a strong south wind was blowing.

"Think it will rain," remarked Shay, and the northern manager retorted: "This is summer; our way we have three feet of snow."

Accompanying McCredie are Pitches French, Henderson, Callie, Moore and Gillespie and Shortstop Sweeney. Pitches Jones arrived this afternoon, as did catcher Donohue, first baseman Lister and pitcher Toren.

Rain fell up to 2 o'clock this afternoon and then the storm vanished. Late this afternoon Manager McCredie and Morning visited Oak Park and McCredie expressed himself much pleased with the outlook.

Groundkeeper Langley has received instructions to have everything in tip-top shape by tomorrow and if no more rain falls there will be practice in the afternoon.

The entire bunch will go for a long tramp in the morning and McCredie says: "Everybody down to business, no fooling from now on." Every man is in the best of spirits and all express willingness to get down to work. The boys are anxiously awaiting tonight's weather report.

Arrangements are being made to entertain the team at the National Club Friday night, when Rafie Turner and Young Kid McKey, Kid Fargo and Iron Man Dunne, and A. P. Wing and Moien box ten rounds each. The team is domiciled at the Commercial Hotel.

CHAMPION CONKLIN BEATEN

Demarrest and Poggenberg Win the Games in Billiard Tournament.

CHICAGO, March 13.—Calvin Demarrest, Chicago, and J. Ferdinand Poggenberg, New York, won the second and third games in the National amateur billiard championship tournament here today. They defeated National Champion C. F. Conklin, Chicago, and Charles S. Norris, New York, respectively.

The victors displayed masterful billiards, especially Demarrest, whose youth and inexperience in tournament play were expected to count against him. Except for occasional flashes of nervousness, however, he stuck to his work like a veteran and piled up a brilliant run of 45. Poggenberg's game was marked by the steadiness for which he has become noted and his victory fulfilled expectations. Summary:

Poggenberg—Total, 300; high run, 44; average, 9 21-21.

Norris—Total, 231; high run, 50; average, 7 21-20.

Aberdeen Raises Its Forfeit.

ABERDEEN, Wash., March 13.—(Special.)—Stockholders in the new baseball association met last night. A new and good deal of interest in the work that is being carried on for a team from Gray's Harbor to be a member of the Northwest League. The organization was perfected by the election of Alexander Holson, of Hoquiam, president; R. P. Brown, secretary; and E. K. Bowes, treasurer, and five trustees or directors: Fred W. Taylor, of Astoria; Nell Cowie, of Cosmopolis; W. R. Macfarlane, Phil Locke and A. J. Rupert, of Aberdeen. R. P. Brown will go to Spokane to represent Gray's Harbor in the league. The league Thursday of this week, and will take with him the amount of the forfeit money—\$500.

No Baseball for Centrals.

CENTRALIA, Wash., March 13.—(Special.)—Centralia this year will have but very little in the way of baseball. The principal sporting events will be the races, and baseball will be put out for another year. Ever since the disastrous season of two years ago, when, as a member of the Southwest League, Centralia spent so much money and made such a miserable failure, the supporters of the game have been denied to all persuasion to support anything in the line of professional baseball.

Independence Wins at Corvallis.

CORVALLIS, Or., March 13.—(Special.)—In a five game game tonight the Independence Club team defeated the second team from the Agricultural College by a score of 22 to 7, before a good-sized crowd.

Contest for the Trip to Yellowstone Park Grows Keen

SOME OF THE YOUNG WOMEN WHO ARE PROMINENT IN THE OREGONIAN'S VOTING CONTEST

Miss Maude McAllister, Portland. Miss May Marks, Oregon City. Miss Laura Garrett, Ashland. Miss Olive Graver, Pocatello, Idaho. Miss Bertha Williams, Burns.

Miss Mildred Loomer, Jefferson. Miss Lillian Muller, Portland. Miss Lena Hesse, Hillsboro. Miss Nellie Bonney, Woodburn. Miss Mary Ewing, Marshland.

Miss Marie Mitchell, Twenty-third. Miss Elva Hurst, Twenty-fourth. Miss Nellie Smith, Eugene. Miss Loretta O'Loughlin, Mt. Vernon, Wash. Miss Heppie Eaton, Aberdeen.

MISS JOSEPHINE CURRAN, of the third district, is the second of the contestants in the Yellowstone Park contest to pass the 100,000 mark. Miss Mary Hand, of the same district, is following close upon the heels of Miss Curran, and it is thought that she will have passed the 100,000 mark long before the end of the week is reached. Miss Hand has \$5,000 votes to her credit, and many devoted admirers who are determined to place her at the top of the list. But the other leaders of the same district have supporters who are just as loyal and as determined that their candidate shall win. The contest in this district not only promises much, but is being fiercely contested at this moment. Not all lots of advantage is gained by a contestant without a hard struggle. The confidence of the various candidates that they will be on top when the final votes are counted only makes the battle the more interesting.

Lively Fight in Third. What is true of the interesting and lively fight in the third district is true of nearly every other district which is included in the scope of the contest. The most encouraging reports are being received by the contest department daily, and that the general interest is growing more intense is conclusively evidenced by the increasing number of votes cast. Before the Oregonian Yellowstone Park contest was begun it was known that it would be a success. Now it is not only a success, but a phenomenal or unprecedented success. Persons who have been identified with similar contests conducted by other newspapers say they never before have witnessed such tremendous voting and widespread interest.

Astoria Against Baker City. Astoria and Baker City are battling for supremacy. Each city is working for its most popular candidate in a manner that has aroused much favorable comment. Just at present Miss Annie McKay, of Baker City, leads in the district, but the fight is so close that whether she will remain at the head is a question. Even at this late date, when the different battles are being fought over ground that has been canvassed time and time again, a new candidate has been enrolled. Her name is Miss Edna Jette, of Champeog. It is not too late for candidates to enter, and some of the "dark horses" will undoubtedly be among the leaders when the contest is concluded.

Hoquiam's candidate has fallen considerably behind that of Centrals. Between these two cities a stiff fight has been in progress. Hoquiam is as enthusiastic as ever and the followers of the most popular candidate say that Centrals is by no means sure of capturing the coveted prize.

The Dalles Versus Vancouver. The Dalles and Vancouver are at it good and hard, and Oregon City, which is in the same district, also figures in the race.

Leaders in Districts. District and Contestant—Votes. First, Miss Edna Jette, 22,712. Second, Miss Edna Jette, 22,712. Third, Miss Edna Jette, 22,712. Fourth, Miss Edna Jette, 22,712. Fifth, Miss Edna Jette, 22,712. Sixth, Miss Edna Jette, 22,712. Seventh, Miss Edna Jette, 22,712. Eighth, Miss Edna Jette, 22,712. Ninth, Miss Edna Jette, 22,712. Tenth, Miss Edna Jette, 22,712. Eleventh, Miss Edna Jette, 22,712. Twelfth, Miss Edna Jette, 22,712. Thirteenth, Miss Edna Jette, 22,712. Fourteenth, Miss Edna Jette, 22,712. Fifteenth, Miss Edna Jette, 22,712. Sixteenth, Miss Edna Jette, 22,712. Seventeenth, Miss Edna Jette, 22,712. Eighteenth, Miss Edna Jette, 22,712.

Miss Gussie Bottmiller, of Baker City, is in the lead. In the fight between Albany and Roseburg, the former city is in the lead. Ask a citizen from Roseburg and he will tell you that Albany will soon be lost in the "tall, tall timber." Question an Albany man and he will tell you that Roseburg does not and never did figure seriously in the race.

The young ladies who have hopes to be guests of The Oregonian on the wonderfully delightful trip to the Yellowstone National Park, "Ore City and Salt Lake City," must bear in mind that the fortunate ones will first come to Portland. They will remain in Portland several days seeing the sights before starting out on the trip.

ACTIVE, EARNEST, PERSISTENT EFFORT

GENERALLY NECESSARY TO DISLodge AN ENEMY.

Energetic, persevering action is generally necessary to overcome the obstacles and attain great and noble triumphs in life. So, too, if one is afflicted with a dread disease which has fastened itself upon some of the organs of the body and become firmly seated as a lingering or chronic malady, active and persistent treatment is generally necessary to dislodge the enemy.

Since any medical treatment, however good it may be, must be long continued in order to be effective in old established and therefore obstinate cases, how important that the remedial agencies employed be of a harmless character. To be safe and harmless, when their use is thus protracted, they should be of such nature as to be easily eliminated or carried out of the system when they have performed their work, just as the refuse of food is carried out of the system. Most mineral medicines are not thus easily gotten rid of. Taken as a rule, they are retained in the system in any considerable quantity it will lodge in the brain, liver, kidneys and other parts and there remain as a foreign body set up irritating and disease for a long period of time if death does not sooner intervene. This is also true of most mineral medicines.

With medicines put up for family use and sold through druggists, their composition is kept a profound secret, known only to the manufacturer, and being put up for sale. Any afflicted person who buys and uses them, does so, as it were, in the dark, if not indeed at his or her peril. They may and generally do contain in a very large percentage of alcohol or cheap whisky which thoroughly unites them for protracted use. But this is not the worst fault of many of these objectionable though it is. Narcotics and mineral poisons, which we have shown to be so harmful, especially when used protractedly, are contained in many of these secret compounds.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published, broadcast and openly to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merits and made them Remedies of Known Composition.

By this bold step he has shown that his formulas are of such excellence that he is not afraid to subject them to the scrutiny of the public. He has come to believe, and is willing to concede, that his patients and all who take his put-up medicines have a medical will recognize in this galaxy of names the very cream of comely opera talent.

The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of Mother's Friend so prepares the system for the coming event that it is safely passed without any danger. This great and wonderful remedy is always applied externally, and has carried thousands of women through the trying crisis without suffering. It is of priceless value to all expectant mothers.
