Match on New York Diamond. Match on New York Diamond.

NEW YORK. May 7.—At American League Park today New York defeated Washington, 7 to 2. The local men bunched hits and were aided by errors on the part of the visitors. There was a good deal of excitement during the progress of the fifth inning, when some of the players had to run in between Manager Clark Griffith of the home team and Umptre Tim Hurst. Griffith objected to a decision rendered by Hurst. The umpire ordered Griffith off the field, and grabbed him by the ear. Griffith shoved Hurst away and Stahl and Elberfield got between them. When Griffith went to the

players' bench, Hurst followed him and struck him in the mouth. Score:

Multnomah Board of Governors So Decides.

REFUSES AN APPROPRIATION

Athletic Members Express Indignation, and Track Manager, F. E. Watkins, Resigns Chairmanship With Committee.

"When is an athletic club not an athletic club?" was the theme of a query being bantered amongst the members of the Multnomah Amateur Athletic Club last evening, and the causes leading up to the caustic remarks occasioned by the frequent repeating of the question was the action of the board of directors yeserday afternoon in deciding to cut off all appropriation for track and field athletics, which it claimed was an unnecessary expense.

Their action means that for the first time since the organization of the Pacific Northwest Amateur Athletic Union, the local club will not be represented at the annual meet of that association. This fact has occasioned much cen-

bers of the club, who are inclined to think that the action of the board will prove detrimental to the athletic feature of the local organization, as well as to the sport in the entire Northwest, for in the past Multnomah has always been looked upon as the standby of the game.

"I have sent in my resignation as chairman of the outdoor committee, and slso as track manager, and until a new and more fair-minded board of directors Is chosen I shall have nothing to do with any branch of athletics the club may see fit to be interested in. This is final, and a communication to this effect was sent by me to the board today.

Essentially Athletic Club.

"Multnoman is essentially an athletic club, and the members of this club have always taken a pride in the feats of the athletes of no matter what branch they embraced, and track athletics has never been one of the sports in which the club did not shine. Ever since the organization of the Pacific Northwest Amateur Athletic Association, we have had a team in competition with the other athletic in competition with the other athletic organizations affiliating with that body, and in fact Multnomah has done more toward the promotion of that organization than any other institution in the Northwest. Athletics at the club will be dropped almost entirely for the present, as I believe that interest in all branches is rapidly falling off, and until an athletic board is elected to succeed the ocial element board now serving, I shall withdraw from participation in any affairs which may be promoted by the

It had been practically decided to secure Watkins as manager of the football team, in which capacity he has acted during the past two seasons, and had handled the affairs so successfully that he was in demand for a third term, but in tew of the stand he has taken on the view of the stand he has taken on the athletic question, it is doubtful whether he can be induced to again preside over the destinies of the gridiron club. George Gammie and Oscar Kerrigan, two of the members of the outdoor ath-

etic committee, are said to be heartily in accord with the sentiments expressed by Watkins, and so are the rank and file of the athletic body of the club, which would indicate that a strong campaign will be conducted toward the election of an athletic board of directors next February 1981. ruary. It is said to be the universal practice among employers of these men to deduct from 75 cents to \$1\$ a month for "hospital treatment," and that they are compelled to submit to this deduction for the full month, even though they may have been employed only a few days.

The order itself provides for sick benefits for its members, and on this account especially exception is taken to their being compelled to pay for the same object in another direction. When the question was submitted to him recently Assistant Attorney-General Falkner ruled that "the issuance of a card of a physician entiting the holder to hospital treatment is purely a matter of contract between the parties and the physician, and if any member of the Boyal Loggers desires to assume the additional expense it is his own concern." Last Week of Burlesque.

This is the last week of burlesque at the Baker, as probably every patron of this popular class, of amusement in Portland is aware. No one will want to miss the final one, and in this case it is also an extra good one. "The California Girls" is the name of the company, and it has been all over the Eastern circuit, playing to immense business at every stopping place. The girls are all pretty, with a Western dash that adds to their attractiveness. The vaudeville festures and burlesques are exceptionally good. There will be the usual bargain matines to morrow afternoon and a special amateur night Saturday to close.

"The Inside Track."

The Empire has another hig meledramatic attraction this week in Oilver Dod Hyron's interesting and absorbing play. The Inside Track." Full of beart interest and swift action, telling a story of love and intrigue, as it does, "The Inside Track" holds an audience spell-bound and elicits the wildest applause as the hero accres a point or some especially destardly bit of villainy is outwitted. "The Inside Track" will be at the Empire all week with the usual Saturday matines.

Twenty

The rise-step by step-of the Jose Vila to first place among Clear Habana Cigars is due wholly to its clean cut merit and to nothing else ment and to nothing else.
Today's reputation is the
result of twenty years' careful study to create and maintain its high standard, and
of twenty years' gradual
increase in production to supply the growing demand.
