NO VOTE ON SAUVIES ISLAND.

Election Board Fails to Organize: Electors Disfranchised.

Owing to the failure of the Election Hoard to organize the voters of Precinct No. 83, Sauvie's Island, had no opportunity to cast their bailots. There are but few voters in the precinct. A difference of opinion arose as to the proper place for the polling place, in consequence of which two of the election officers failed to ap-pear Monday morning at the polls. The four who were on hand declared they had no right to receive ballots in the absence of the remainder of the board, so the voters of the precinct were disfranchised. This is the third consecutive election that the voters of Sauvic's Island have had no opportunity to east their ballots owing to the fact that the election boards

These members are under the same obligation to vote for F. W. Mulkay, Republican, for the short Senatorial term, ending March 4/ 1907. Mr. Mulkay was successful in the popular election by a very large vote. The next Legislature will consist of 84 Republicans and six Democrats. BROWNELL LOSES CLACKAMAS

Great Surprise Is Defeat of Republican for Senator. OREGON CITY, Or., June 5 .- (Spe-

cial.)—By a majority closely approxi-mating 500, State Senator George C. Brownell has been defeated for re-election to the State Senats by Joseph Eugene Hedges, the Democratic candi-Jate. This was the real surprise of yesterday's election in Clackamas Coun-ty, not as much a surprise that the yesterday's election in Clackamas County; not so much a surprise that the recognized leader of Clackamas County politics for the last 12 years had been defeated, but that the majority by which he was defeated should be so large, exceeding as it does by about 300 votes the most sanguine predictions of the successful candidate and his

of the successful candidate and his friends.

Several causes contributed to the defeat of Senator Brownell, and his enforced retirement frem political activity in this county at this time. His prominence and ability as a legislator have never been questioned, but in the campaign that closed with yesterday's election the Senator's shortcomings were thoroughly exposed to the voters by the two county papers, while nothing of credit was said for what he has accomplished in matters of legislation in the interest of his constituency. The impression prevailed that Brownell has not been doing what he might do for the people of his county, and his connection with corporations was a further consideration that cost him many votes. With an indictment hanging over his head, charging a crime against the Government, Senator Brownell was also handicapped, and to this he largely attributes his defeat. The Senator was visited today by a great many voters. attributes his defeat. The senator was visited today by a great many voters, he said in an interview, who assured him that, while they are still with him, they did not feel that they could consistently confer any further honors on him until the cloud that has been cast over his political career by the pending indictment had been cleared up. It ons for this reason alone, claims the cenator, that he was defeated. The defeat of Senator Brownell was

The defeat of Senator Browner was made possible by a most substantial defection in the Republican ranks in the county. According to the registration, there are 3500 Republicans in the county, as against 800 Democrats, with about 800 Socialists, Prohibitionists and independents. Brownell's total vote will be about 1730, while Hedges polled more than 2160
