ALL IN INTEREST OF CORPORATIONS

Objection Raised to Appropriation for Measurement of Streams.

HOUSE HAS WARM DEBATE

Tawney Accuses Wolcott of Lobbying for Larger Fund and Says Private Enterprise Is Sole Beneficiary of Work.

WASHINGTON, June 13 .- There was a round of applause from both sides of the chamber when Hamilton of Michigan reported to the House today that the conferens on statehood had reached an agreement and asked that be printed in the Record.

The day was spent on the sundry civil appropriation bill and, with the exception of an hour occupied in considering the proposed abolition of Re-ceivers of Land Offices, which meanure the House refused to sanction, the entire day was taken up with the consideration of appropriations for the United States Geological Survey, members of the appropriations of the survey.

WASHINGTON, June 13 .- Denunciation NASHINGTON, June 13.—Defining and of the methods pursued by the United States Geological Survey with a view to securing larger appropriations was heard today in the House. A point of order was made against the item of \$300,000 for topographical surveys. After considerable dis-cussion, the chair overruled it, and then Small (N. C.) offered an amendment in-creasing the appropriation to \$250,000. This precipitated a discussion on the whole sub-ject of the Geological Survey, led by

Tawney (Minn.); Tawney said that the United States Geo-logical Survey is the most ambitious branch of the public service, and that branch of the public service, and that since the accession of the present Director. C. D. Wolcott, the appropriation has increased 200 per cent. Then, passing to the complaint he had to make against the methods adopted by the bureau, he read a telegram from Chester M. Dawes, general solicitor of the Chicago, Burlington & Quincy Railroad, in which Mr. Dawes

Tawney Answers Telegram.

I am advised that it is proposed to cut down the appropriation for gauging streams and investigating water supply under the re-clamation act from \$200,000 to \$100,000. Such a reduction would greatly hamper the devel-opment of the West in this direction and cut off work where it is proceeding rapidly and advantageously. Hope you will consider it consistent with the public interest to use your influence to see that the appropriation is maintained at \$200,000.

To this telegram Mr. Tawney replied: Please advice me in what respect will the evelopment of the West be hampered by the development of the West be hampered by the failure to gauge streams in New England, the South and the other states east of the Mississippi River. It is conceded that this work is being done in the interest of prospective literators in water powers. Under what provision of the Constitution can Congress justify the appropriation of public money for the benefit of prospective or actual investors in

Tawney asserted that the topographical surveys now being made are for the bene-it of street railway companies, water power companies and municipalities, an charged that the Geological Survey is eve now engaged in making a topographical

survey of Minneapolis.

Benefits Rich, Not Poor, States. The Geological Survey was established to care for the territories, leaving the states to make surveys for themselves." said W. I. Smith (la.). "If gradually spread to the states, and the Director, without any authority of law, established a system of contributions whereby, if a state would put in a specific sum, he would, out of the appropriations, put in

Smith said that this had resulted in the Smin said that this had resulted in the tigh states, by thus paying, buying the National appropriations away from the poorer states, and as a result Massachu-setts. Connecticut and Rhode Island are all surveyed, while the Western States, for which the survey was founded, have had little done. The appropriations should not be increased until we have passed such legislation as will compel the Director to distribute fairly the work over

Small (N. C.) closed the debate in be-half of his amendment, which was adopted: 101 to 55.

MAY ADJOURN JUNE 27 OR C8

Congress Will Shelve Canal and Smoot Till Next Session.

WASHINGTON, June 13 .- The Repub

lican steering committee of the Senate met today and considered the question of adjournment of Congress as soon as possible after next week. The commit-tive was in session for an hour and adjourned, convinced that nothing stands in the way of such a programme,

It was stated that every important
matter before either branch practically
is ready for conference except the sun-

dry civil bill and the Isthmian canal type bill. If rapid progress is made by the House, Senator Bate, who has charge of both of these measures in the Senate, believes they can be disthe Senate, believes they can be dis-posed of by June 27 at the latest. That would permit an adjournment on June 27 or June 28.

The programme thus arranged contemplates a vote on the canal type bill in the Senate, but no further action until the next session, Senator Spoon er, with seeming authority, made the statement at the meeting today that the appropriation for the canal carried by the sundry civil bill can be ex-pended with equal advantage during the coming year for either a lock canal or a ses-level canal, and that Chief Engineer Stevens can go ahead with the work which would be necessary to either type. It is agreed that Congress cannot dispose of this question at the present session in view of the contrary opinions of the two branches. The vote in the Senate it is believed will rethe Senate, it is believed, will re-ilt in a decision in favor of a sea

Statehood, railroad rates and meat ing committee, but it was the epinion that all of these matters had reached stages that will offer no obstacles to adjournment at an early date. An understanding was reached in the Senate today that a vote will probably be had on the type bill on Friday of this week. Chairman Burrows, chairman of the readiness for it.

committee on privileges and elections, after conferring with friends and opponents of the Utah Senator, has decided that he will not call up the case for consideration until next session.

M'CALLA IS SOON TO RETIRE

Rear-Admiral Led Relief Expedition to Pekin in Boxer Rebellion.

WASHINGTON, June 43 -- Orders were issued at the Navy Department today placing on the retired list, July B next, one of the most picturesque and notable personages of the American Navy, Rear-Admiral Bowman McCalla, who led the Admiral Bowman McCalla, who led the forlorn hope of a relief expedition that first marched through the Boxer forces to Pekin and thereby sayed the lives of the legationers in 1900. Though the expedition was international in composition, he took the lead with his American marines and blue jackets and carried the little force along by his own determination.

Rear-Admiral McCalla is commandant of the Mare Island navy-yard and station and earned high praise for his service

and earned high praise for his service during the days in San Francisco follow-ing the earthquake. He will be succeed-ed in that command by Rear-Admiral Henry W. Lyon, at present in command of the naval station at Honolulu.

CUSTOMS RECEIPTS IMMENSE

Exceed by \$1,000,000 That of Any Previous Year.

WASHINGTON, June 13 .- The records of the Treasury Department show that the receipts from customs during the present fiscal year will far exceed those of any previous year in the history of the Government. Up to today, with 15 days of the fiscal year yet remaining, the receipts aggregate \$235,351,323, which is nearly \$1,000,000 in excess of any other fiscal year, and the prospect is that by June 30 the excess over any previous year will approximate \$2,000,000 and exceed those of last year by at least \$40,-

The receipts from internal revenue also show a remarkable increase and the indications are that on June 30 the receipts from this source will be nearly \$250,000,000, or \$15,000,000 in excess of last year.

Cadets to Graduate in September.

ANNAPOLIS, Md., June 13.-Midshipmen of the second class who will, upon recommendation of the academy board, remain at the Naval Academy during the Summer and be graduated in Sep-tember next, include the following: C. O. Bassett, Washington; C. G. Davey, California: Charles A. Dunn, Idaho; J. K. Hoover, Moutana; J. B. Howell, G. W. Kenyon and R. A. Theobald, California.

Why Buy More Costly Shoes?

WASHINGTON, June 13.—Represen-tative Lafean, of Pennsylvania, pre-sented a resolution today, which was referred to the committee on rules, call-ing for an investigation of the Navy Department regarding the award by it of a contract for \$3,050 pairs of Call-fornia shoes a \$2.80 per pair, when the lowest bid was \$1.52.

Goose Lake Land Withdrawn.

WASHINGTON, June 13 -- The Secretary of the Interior today withdrew from disposition under the public land laws a strip of land extending around Goose Lake, in Northeastern California and Southwestern Oregon, for use in connec-tion with the Pitt River irrigation project. The area covers approximately 40,000 acres.

Fifty Years in the Service.

WASHINGTON, June 13 .- Captain W. P. Day, recently stationed at the Navy-Yard at Mare Island, Cal., has been placed on the retired list of the Navy with the rank of Rear-Admiral on his own application after more than 50 years'

Quarantine Bill Goes to President. WASHINGTON, June 13 .- The con-

ference report on the National quaran-tine bill was today adopted by the Sen-ate. As the bill had hitherto been accepted by the House, it now will go to

HOME TO OLD KENTUCKY

Thousands of Wanderers Welcomed to Their Mother State.

LOUISVILLE, June 13.—Cloudy skies and a pouring rain greeted the first offi-cial day of "Home-Coming Week" this morning. Fortunately, the opening exer-cises were scheduled to be held inside the Armory, on Walnut street, and nothing could interfers with them. The weather could interfere with them. The weather, however, made it doubtful whether the great floral parade, which was to be the

cature, would be held.

A. Y. Ford, chairman of the reception ommittee, formally called the meeting to order at 11 o'clock. He introduced Rev. T. M. Hayes, of Louisville, who deliv-ered the invocation, and then in a short speech brought forward Mayor Paul C. Barth, of Louisville, who welcomed the visitors on behalf of the city. Mr. Ford en introduced Governor Beckham, who erformed a similar office in behalf of the State of Kentucky, and at the conclusion of his address assumed the gavel as presiding officer of the reunion. Governor Beckham introduced Henry Watterson, who delivered the formal address of wel-

tuckian," said the Louisville editor, in beginning his welcome. From the cradle to the grave, he said, the arms of the motherland stretched forth in mother-love and the voice of the motherland, reaching the farthest corners of the earth, "summon the errant to the roof-tree's shade and bid the wanderer home." What wanderer was ever yet loth to come? There upon the heights of for-tune and fame, or down amid the shad-ows of the valley of death and despair the true Kentuckian, seeing the shining eyes and hearing the mother-call, sends back the answering refrain:

Where'er I roam, whatever reaims I see My heart, untraveled fondly turns to thee. "Behold in this great, exuitant multi-tude the proof," declared Mr. Watterson, SpdthSsmSimC.untyj hmb lumb hmb And At the conclusion of Mr. Watterson's address, which was received with much applaues, ex-Governor David R. Francis, of Missouri, spoke in behalf of the returning Kentuckians. When Mr. Francis had finished, Miss Louise Lee Hardin, of Denver, who conceived the idea of the "Home-Coming," which has been so brilliantly carried out, was es-corted down the center aims by Director-General Robert E. Hughes. Loud cheers greeted Miss Hardin and Mr. Hughes as they stepped on the rostrum, and these were redoubled when Governor Beckham after a few appropriate words, presented Miss Hardin with a beautiful gold medal in behalf of the State of Kentucky. This crought the formal exercises of the day

occupy a conspicuous site in Central Park during the week, reached the city last night, and has been under the constant guard of a detail of militia. It was taken from the cars late today and set up. When the Home-Coming Week is over it will be stored in a warehouse until the Lincoln Farm, its future home, is in readings for it.

OLDS, WORTMAN & KING

"THE DIFFERENT STORE" FIFTH, SIXTH and WASHINGTON

The Beginning of the End of the June Sale of White But Three Days Remain During Which Everything White in the House Stands Radically Reduced (Contract Goods Excepted)

Profits Hover Around the Vanishing Point in Thursday's Sales

THE "WHITE FAIR"

The opportunities offered by the Olds, Wortman & King June White Sale, with accompanying savings, are nearing the end. Saturday's closing gong is a signal for prices to resume their normal along the avenues of white. You've had enough time to weigh and prove the claims of the various "White Sales." Some are already "tired" or out of the race-for, as the leopard cannot change its spots, so, also, it is impossible for the "White Sale" that is bad in spots to change the fact that it never was anything but a mediocre collection of dubious goods. The Olds, Wortman & King "White Fair" is not a "spotty" sale. Stocks are big in detail and complete as a whole. Merchandise is HIGH GRADE—such as we're proud to have known as coming from this store, and such as the buyer may feel justly proud of. And over and thro' the sale is the fact of the remarkable savings our public share in. Today's story is mainly of important EXTRA SPECIALS-but underlying it all is the WHITE SALE feature that lessens the price of everything white in the house!

ROYAL WORCESTER CORSETS

THE FLAG

I have seen the glories of art and architecture and of river and mountain. I have seen the sun set on the Jungfrau and the moon rise over Mont Blanc. But the fairest vision on which these eyes ever rested was the flag of my country in a foreign port. Beautiful as a flower to those who ove it, terrible as a meteor to those who hate, it is the symbol of the power and the glory and the honor of fifty millions of Americans.-Senator George F. Hoar.

A MOST UNUSUAL SALE Of Women's Smart Summer

Shoes for \$1 We've prepared a veritable "Carnival of Bargains" for today's callers at the "Fair Way" Shoe Store. There's a heap of interest in the sale that starts here this morning-and ends this evening—for the special offering is for Thursday ONLY. There's solid satisfaction guaranteed in actual money to be saved in the sale. Just to show you how this shoe store of ours goes into things, there are enough shoes at \$1.98 to "stock" an ordinary

shoe store! And that's only what's here at the one price, mark you. And—what's better—one of the most "unusual" things about this "unusual" sale is the fact that, no matter what size you want and ask for, it's here. Another point: Select the shoe that suits your taste, and an expert shoeman will pay a-plenty of attention to properly fitting your feet. Rather "unusual" service in big sales—isn't it? Our sales are "different," and the difference tends toward betterment. Read the splendid good news in detail:

Seize Walled Town and Repel Japanese Attack.

THEIR FORCES INCREASE

Former Corean Soldiers Rebel Against Seizure of Land-Japan Multiplies Cavalry Force Sixteen Times.

VICTORIA B. C., June 13 .- The steamr Tydeus, which arrived today from the Orient, brought news of an insurrection in Corea, commenced on May 25, when the walled city of Hong Ju was attacked and seized by Corean insurgents.

for assistance. A Japanese vessel is being present consists of a brigade, or half a ent to their relief.

Meanwhile, 300 insurgents occupied Hong

Japanese Send for Big Guns.

A force of Corean soldiers was dis-patched against Hong Ju. but retired after a demonstration before the walls, and a force of Japanese under Captain Komori was dispatched from Seoul. The insurgents prepared the city for defense and the Japanese assaults were repulsed with rifle fire from the walls. Captain Komori has sent for reinforcements, ask-ing that some field pieces be sent, and was walting their arrival before further attacking. The insurgents were strongly intrenched and defled attack without artillery. It was in the province where the insurrection has now commenced that previous revolutionary movements began,

aimed, as now, against the Japanese. Japan Strengthening Her Army.

Advices were received by the steamer Tydeus that a drastic reorganization of the Japanese army is about to take place, resultant from lessons learned during the recent war. The change will be made

Meanwhile, 300 insurgents occupied Hong
Ju and began a revolutionary propagan
da, which resulted in their force being
greatly augmented, and outbreaks occurred also at Andong and Ponghwa, in Kyong Song Province, to the
westward. The rebel ranks are filled with
former Corean soldiers, armed with Marata rifles, mostly fired with rebellion
against the recent Japanese scizures of
land, etc., following the occupation of
Corea.

A force of ficary

> Contractors Breaking Federal Law. BOISE, Idaho, June 12 - (Special.) -- United States District Attorney Ruick has in vestigated the charge made by the Federal Labor Union of Boise that contractors on the Boise-Payette reciamation project are violating the eight-hour law. He finds the charges are well founded, the contractors working their men ten hours, and has asked Supervising Engineer D. W. Ross to notify the contractors that unless they comply with the law hereafter prosecutions will be instituted

> Contractors found guilty under the statute are subject to a fine not exceeding \$1000 or imprisonment not exceeding six months, or to both such fine and imprisonment.

Sticks to Morphine Theory.

Hong Ju, in Chun Chyong Province, of Southeastern Corea, was garrisoned by Japanese gendarmes and police. The Japanese defended the wall and approaches with rifles, but, being short of animumition, retired at night. The refugees reached Yesan and telegraphed to Scoul a 18-feld increase. The whole force at

GAMBLING, HE SAYS, CAUSES BUSINESS DEPRESSION.

Government Is Being Urged to Prohibit Cockpits in the Philippine Islands.

MANILA, June 18.-Filipino political parties are starting an active campaign of organization in preparation for the election of delegates to the Filipino Assembly next year. Old party lines are becoming more or less extinct and the progressive natives are endeavoring to

effect strong organizations. The Nationalists are practically disorganized by factional fights and the Federal party has been split up. Many of the ervative members have resigned from the Federalists, and that organization is in a chaotic state. Agoncillo and Apacible are identified with a new organization calling themselves Moderates, which con-

this universal vice, and has promised to attend a public meeting called to secure the suppression of this evil.

Sergeant Acquitted of Murder.

MANILA, June 14 .- A court-marital has equitted Sergeant Frederick Linse, of the Phirteenth Infantry, who was charged with killing a negro prisoner named S. W. Macio. Macio attacked the Sergeant W. Macio. Macio attacked the Sergeant oin guard and Linse shot him. Macio died the next day. Linse was charged with murder, and after a long trial he was found not guilty. The department com-

Cadet Declines Reinstatement. PASADENA, Cal., June 13.-Ned Chapin, f Pasadena, who was recently expelled from Annapolis Naval Academy for hazing, has declined to go back under reappointment, according to a statement by the father of the young man. The offer of reappointment came, it is stated, through United States Senator Perkins to the elder Chapin. Young

Chapin states that he does not care to enter the United States Navy now. Bar, Music and Poolselling for Fair.

SALEM, Or., June 13 - (Special.) - The State Fair Board transacted a large tains business and professional men.

Aguinaldo has come out of retirement to give a long interview to a paper on the gambling among the people. Native leaders of all parties are taking up the leaders of gambling and are working to the fact that the receivable.
