"Important Unto the Day Are the Savings Thereof."
A SMALL bad boy crawled under the bed when his mother wanted to punish him. She couldn't get him out, so left him there until his father returned at night. When paterfamilias was told of the case, he started to crawl under the bed to bring forth his disobedient son, but was staggered when the little rascal asked, "Hello, is she after you, too?" Don't be surprised when you visit the store this morning to nudge elbows with your neighbors and friends, or when you return in the afternoon to meet 'em again, for such values appeal to them as well as you. They're after them, too. Today and Thursday end the season's demi-week SEMI-DAY SALES.

INDICTED TENTIVES

Standard Oil is Accused of Taking Rebates.

THOUSANDS OF COUNTS

Chicago Grand Juries Find Octopus Had Reduced Rates on All Shipments From Whiting South. Penalties Are Heavy.

CHICAGO, Aug. 27.—The first and second Federal Grand Juries today returned ten indictments against the Standard Oil Company before Judge Beetha in the United States Circuit Court. The indictments, which contain 828 counts, are all in connection with the granting of rebates.

No railroad was mentioned in the indictments returned today. Each of the 623 counts in the ten indictments covers an alleged offense, and is based on a tank car shipment of petroleum products from the refineries at Whiting, Ind. According to a statement issued after the indictments had been returned from the office of the United States District Attorney, these shipments were carried by the following roads: Chicago, Burlington & Quincy, Chicago & Alton, Chicago & Eastern Illinois, Evansville & Terre Haute, Illinois Central, Southern and Lake Shore & Michigan Southern.

On shipments to points in the South beyond Grand Junction, the Standard Oil Company should have paid the different lawful rates for the different points of destination, but was given concessions which averaged about 2 1/2 per cent of the published rate. The same is true of shipments handled by the Chicago & Eastern Illinois and Evansville & Terre Haute to Evansville, Ind., and points beyond.

The concessions given to the Standard Oil Company by the Lake Shore & Michigan Southern road were in the shape of cancellation of storage charges at Chicago of five cents per ton per day on all oil delayed in delivery. Other oil shippers were compelled to pay the storage charges.

less than \$100 nor more than \$30,000. It is believed by the Government's attorneys that the lawyers for the Standard Oil Company will enter the appearance of the corporation in court as soon as they have examined the indictments. There is no authority at present allowing the arrest of the officers of a corporation against whom indictments have been found.

WILL BUY UP DISTILLERIES Standard Aims to Control Production of Alcohol.

PEORIA, Ill., Aug. 27.—The Standard Oil Company has taken steps toward acquiring ownership of all the principal distilling plants in the United States. A conference was held on Friday last in Chicago between representatives of the distillery interests and the Standard Oil Company. The price has been set on every distillery in Peoria, and indications are a deal will be effected and the plants will pass into the hands of the Standard Oil Company soon. It is said the price asked was considered too high by the distillery people, and the latter threatened if suitable terms could not be reached they would build distilling houses of their own.

Distillers Willing to Sell. TERRE HAUTE, Ind., Aug. 27.—Terre Haute distillers returned today from Chicago, where the monthly meeting of both trust and independent distillers were held. It is stated by local owners of distilleries that attorneys for the Standard Oil Company have approached distillers asking them if they would entertain a proposition to buy their plants. Practically all have replied in the affirmative.

MONEY HAS FLOWN

Noted Preacher Short in Accounts With Colleges.

NORTHWESTERN HARD HIT

Dr. Sheppard Turns Over Property to Make Good the Shortage Which May Reach \$250,000—Value Is Doubtful.

CHICAGO, Aug. 27.—(Special)—An official statement charging Dr. Robert D. Sheppard, the noted preacher, financier and ex-treasurer of both the Northwestern University and Garrett Biblical Institute, with a shortage in his accounts was issued today.

Frank P. Crandon, secretary of the theological school, made a signed statement in which he declares that Dr. Sheppard's accounts with the school were involved at the time that the treasurer was removed. It is further charged that of a shortage of \$250,000 the greater part is not paid. The trustees are now trying to dispose of securities turned over by Sheppard. It is intimated that the shortage may reach \$250,000. The trustees are not prepared to give the real value of the property turned over by Dr. Sheppard to adjust his accounts with the theological school. Efforts to market many securities are said to have been fruitless.

In addition to the signed statement of Mr. Crandon, further substantiation of the methods employed by Sheppard were made known through Dr. Robert L. Cumcock, head of the University School of Oratory.

RUIN BY RAIN AT MAZATLAN

Principal Buildings and Water Works Wrecked by Flood.

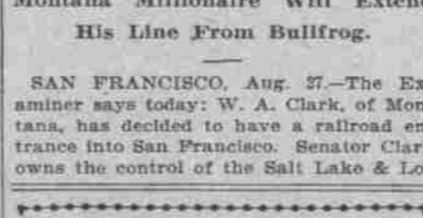

MAZATLAN, Mexico, Aug. 27.—Several hundred people have been rendered homeless by the disastrous floods which have swept over this region for the past few days. Twenty days of incessant rain throughout this region of the Pacific Coast have made the whole lower country a vast sea of water. The waters of the bay have been supplemented by torrents which poured down from the inland. Scores of summer houses located on the bay were swept away. A broad boulevard which connected the city with the sea has been destroyed. The heaviest losers are the So-

SAME AS ELECTION

Democrats of Alabama Hold State Primary.

SEND BACK OLD SENATORS

Nominate Two Alternates in Case of Death—Comer Wins for Governor on Issue of Railroad Regulation.

MONTGOMERY, Ala., Aug. 27.—The Democrats of Alabama today elected state officers by a primary and also voted for two candidates for United States Senator. Owing to the great age of the present Senators from Alabama the Legislature in case of death or disability of the present incumbents were voted for. These alternates will be appointed by the Governor or elected by the Legislature in case of death or disability of the present incumbents.

For Governor B. R. Comer, of Birmingham, was nominated over Dr. R. M. Cunningham, of Ensley, by a majority estimated at from 500 to 800. He was chairman of the State Railroad Commission and made the fight on railroad reform. For Lieutenant-Governor H. B. Gray, of Birmingham, and D. J. Meador, of Myrtlewood, are in the lead, the returns at hand being insufficient to name the winner. For United States Senators, John T. Morgan and Edmund W. Pettus had no opposition. For alternate United States Senators, Joseph F. Johnston, John H. Bankhead and John A. Kiser are in the lead. O. W. Underwood, of the Ninth Congressional District, was renominated, and W. H. Craft, of Selma, was nominated to succeed S. J. Bowie as Congressman of the Fourth district.

Bryan Declines Private Car.

NEW HAVEN, Conn., Aug. 27.—Mr. Bryan has declined the proffer of President Mellen's private car on his trip from New York to this city. In his letter he says: "I do not think it would be wise to accept favors from the railroad. Let me pay my fare and ride as I usually do."

RESPIRE FOR MRS. MYERS

Convicted Partner in Murder Is Also Given Lease of Life.

KANSAS CITY, Mo., Aug. 27.—Governor Folk, at Jefferson City, today granted a respite until October 28 to Mrs. Agnes Myers, now in jail at Liberty, awaiting execution for the murder of her husband. With Frank Hottmann, Mrs. Myers' husband had been sentenced to be hanged September 3.

Governor Folk granted the respite so that the woman's attorneys might have time in which to perfect their appeal to the Supreme Court of the United States. R. B. Buff and Judge W. E. Fowler, counsel for Mrs. Myers, applied to Judge Burgess, of the State Supreme Court, this morning for a writ of error to take the case to the United States Supreme Court for review and final determination. Judge Burgess stated that because of the absence from the city of Judge Gant it would not be possible to act on the application until late in September.

Mrs. Myers' attorneys today applied to Governor Folk for a respite that they might apply to the Federal Court for an order to transfer the case there for review. The Governor, in the course of the morning had received dozens of telegrams from various parts of the state, asking him to grant a respite, and when the matter was formally presented to him by the attorneys he readily assented, giving Hottmann similar consideration. Mrs. Agnes Myers and Frank Hottmann murdered Clarence Myers, the woman's husband, on May 11, 1904, that they might carry. "I am sure the Governor is the kind of a man who believes in giving everybody a square deal," said Mrs. Myers, who is in a cell at the Liberty, Mo., Jail, with Frank Hottmann, for the murder of her husband. "I have never for a minute thought that he would permit my sentence to be carried out. I have never experienced in the slightest degree the feeling that death was approaching, and have scarcely given the subject the least thought in the past week. I am sure that I will never meet my death on the scaffold."

GOOD FOR THE CHURCH

Canon Vaughan Comments on Severance From State in France.

NEW YORK, Aug. 27.—Right Rev. Mgr. John S. Vaughan, canon of Westminster Cathedral, brother of the late Cardinal Vaughan and of Father Bernard Vaughan, the Jesuit, who arrived in this country Saturday, had this to say last night concerning the pope's latest note to the French clergy: "There is no doubt in my mind about the outcome. The church in France will grow stronger and learn to depend on itself as the church does in England and other countries. That does not mean she will not continue to resist governmental repression, but she will be taking her own course. I do not believe the pope has changed

ONLY SIMON PURE KNIGHTS

Hayes Faction Knights of Labor Gets Injunction on Rivals.

WASHINGTON, Aug. 27.—A special pleading called by Simon Burns and Thomas H. Cannon on behalf of the Burns faction of the Knights of Labor to be held in New York City September 10 next will not be held if the Hayes faction prevails in the suit filed today in the District Supreme Court.

John W. Hayes and his associates, claiming to be the lawfully elected officers of the Knights of Labor, secured today from Justice Stafford a temporary restraining order of the Burns faction, returnable September 4, when it will be called upon to show why it should not be enjoined pending the suit from undertaking to convene and hold a special general assembly of the Knights of Labor.

Members of the Burns faction by the order of the court must also show cause why they continue to hold themselves out as officers of the order or attempt to exercise any functions of such officers.

Shot Burglar as He Fled.

SAN FRANCISCO, Aug. 27.—In a battle with three burglars at Sixth and Bryant streets at 1 o'clock this morning, Howard Fowelson, a night watchman, was dangerously wounded, but before he fell fainting from the loss of blood, he sent a bullet after his fleeing assailants, which brought one of them down, fatally injured. The burglars escaped, but one of them was found later on Sixth street in a dying condition.

Comes Back to Be Arrested.

CONCORDIA, Kan., Aug. 27.—J. A. Wade, the County Treasurer, who disappeared recently, returned today, and was at once arrested on a warrant charging him with defrauding the county and embezzling \$500. During his absence Wade wrote the county officers from Cripple Creek, saying he would not be taken alive.

Burglars Loot Dentist's Office.

Burglars broke into the office of Dr. P. S. Langworthy at 22 1/2 Morrison street last night and stole about \$200 worth of dental instruments and supplies. This is the second burglary of this office in about six months.
