# Why Physicians Recommend Castoria

ASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: First-The indisputable evidence that it is harmless: Second-That it not only allays stomach pains and quiets the nerves, but assimilates the food: Third-It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not

stupefy. It is unlike Soothing Syrups, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system-not by stupefying it-and our readers are entitled to the information.-Hall's Journal of Health.

## Letters from Prominent Physicians Addressed to Chas. H. Fletcher.

Dr. W. L. Leister, of Rogers, Ark., says: "As a practicing physician I use Castoria and like it very much."

Dr. W. T. Seeley, of Amity, N. Y., says: "I have used your Castoria for several years in my practice and have found it a safe and reliable remedy."

Dr. Raymond M. Evarts, of Santa Ynez, Cal., says: "After using your Castoria for children for years it annoys me greatly to have an ignorant druggist substitute something else, especially to the patient's disadvantage, as in this case. I enclose herewith the wrapper of the imitation."

Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria."

Dr. W. F. Wallace, of Bradford, N. H., says: "I use your Castoria in my practice, and in my family."

Dr. Wm. J. McCrann, of Omaha, Neb., says: "As the father of thirteen children I certainly know something about your great medicine and aside from my own family experience, I have, in my years of practice, found Castoria a popular and efficient remedy in almost every home."

Dr. Howard James, of New York City, says: "It is with great pleasure that I desire to testify to the medicinal virtue of your Castoria. I have used it with marked benefit in the case of my own daughter, and have obtained excellent results from its administration to other children in my practice."

Dr. J. R. Clausen, of Philadel-phia, Pa., says: "The name that your Castoria has made for itself in the tens of thousands of homes blessed by the presence of children, scarcely needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy."

Dr. B. Halstead Scott, of Chicago, Ill., says: "I have prescribed your Castoria often for infants during my practice and find it very satisfactory."

Dr. William Belmont, of Cleveland, Ohio, says: "Your Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so filled the place."

Dr. R. J. Hamlen, of Detroit, Mich., says: "I prescribe your Castoria extensively as I have never found anything to equal it for children's troubles. I am aware that there are imitations in the field, but I always see that my patients get Fletcher's."

Dr. Channing H. Cook, of Saint Louis, Mo., says: "I have used your Castoria for several years past in my own family and have always found it thoroughly efficient and never objected to by children, which is a great consideration in view of the fact that most medicines of this character are obnoxious and therefore difficult of administration. As a laxative I consider it the peer of anything that I ever prescribed."

Dr. L. O. Morgan, of So. Amboy, N. J., says: "I prescribe your Castoria every day for children who are suffering from constipation, with better effect than I receive from any other combination of drugs."

Dr. H. J. Taft, of Brooklyn, N. Y., says: "I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent."

Dr. Wm. L. Bosserman, of Buffalo, N. Y., says: "I am pleased to speak a good word for your Castoria. I think so highly of it that I not only recommend it to others, but have used it in my own family."

Dr. F. H. Kyle, of St. Paul, Minn., says: "It affords me pleasure to add my name to the long list of those who have used and now endorse your Castoria. The fact of the ingredients being known through the printing of the formula on the wrapper is one good and sufficient reason for the recommendation of any physician. I know of its good qualities and recommend it cheer-fully."

Comiskey and Chance Lauded as Two Greatest Managers-Rain Storm at St. Louis Cinches Victory for Sox.

CHICAGO. Oct. 7 .- (Special.)-For the first time in the history of the baseball world, two pennants have been won by the same city in a season, and this honor goes to Chicago. On next Tuesday the Cubs and the White Sox will begin the battle to decide the championship of the world for 1906

The race for the American League pennant this year was a sensational one, in which Chicago, New York and Cleveland had a fighting chance until five days before the season closed. When rain pre-rented the Sox and Browns from playing at St. Louis last Thursday and New York oke even in a dual contest with Philadelphis, the pennant was cinched for the Comiskey aggregation and a fight that surpassed all other baseball contests in

surpassed all other baseball contests in the history of the game closed. The race was not nearly so exciting in the National Lengue, for the Cubs were proclaimed the winners of the pennant in the Pulliam organization on Septem-ber 18. Long before that the fans had figured that at the clip Chance's men were going all season it would be a great miracle that would deprive them of the honor, so interest was on the wane for nearly a month. But in the American Loague the race was so exciting that the enthusiasts were on the edge all the time.

#### Ovation Given the Sox.

There was great rejoicing in Chicago when it became known that the Sox were also winners. Chicago bore the great honor modestly and immediately started preparations for the seven games for the championship of the world. The White Soy returned home the day after they won the victory and were tendered a great ovation. The Cubs will not reach home until Monday morning, and they will then have a chance to accept the congratulations that will be showered upon then

Chicago has held the center of the stage Chicago has held the center of the stage most of the time in the making of Amer-ican League history. Its White Sox have won three of the seven championships de-clded and have been an important factor in all but one of the other four. In the seven years of the league's existence the Sox finished first three times, second once, a close third once, fourth once and seventh once.
