#### Idaho Legislature Expected to Be Favorable to Bornh.

BOISE, Idaho, Nov. 5.—The campaign closes in this state tonight with the situation badly mixed. Both parties are claiming the state both on the state and the legislative tickets. Chairman Brady, of the Republican State Committee, in the usual Saturday night statement claimed 15,600 majority. Chairman Lock-hart, of the Democratic committee, declined to make a statement then, but sald he was confident Judge Stocksinger would be elected Governor over Governor

The situation in nearly all counties is complicated with independent tickets and a complexity of local issues. Greatest interest now attaches to the plan launched by Senator Dubols, of challenging all the Mormon voters. It is said at Democratic headquarters that this has kept a great many Mormons from regis-tering, but the Republicans insist those people have registered and will vote. The challenging is to proceed on the ground that the church teaches polygamy, as shown by the testimenty and acts of its heads, and that the members of the church are therefore disqualified from voting under the provinger of the state. voting under the provisions of the state

constitution.

This challenging is avowedly for the purpose of laying the foundation for a contest in Congress, if Mr. Borah be elected Senator. There seems no doubt Borah will carry the Legislature by a considerable majority. Nor does it appear likely that Governor Gooding will be defeated.

DEPLORABLE CONDITION CURED BY DR. WILLIAMS' PINK PILLS.

A Scranton Woman Tells How She Was Made Well and Strong By This Remedy.

Nervous debility is the common name for what the doctors term neurasthenia. It is characterized by mental depression, fits of the "blues," or melancholy, loss of energy and spirits. The patient's eyes become duil, the pink fades from the cheeks, the memory becomes defective so that it is difficult to recall dates and names at will. Some of these symptoms only may be present or all of them. The remedy lies in toning up the nervous system and there is no remedy better adapted for this purpose than Dr. Williams' Pink Pills
