# WARSHIPS WIL

Pacific Squadron to Be Here for Rose Fiesta and the Fourth of July.

ARRIVE ABOUT JUNE 15

Confirmation Received by Captain W. H. Patterson, After Inquiries Have Been Made About the Depth of the Charnel.

The United States cruiser Charleston, in command of Rear Admiral W. T. Swinburne, will visit Portland during the Rose Carnival and will remain in the harbor until after the Independence day celebration. The Charleston will be accompanied by a number of the smaller vessels of the Pacific Coast Squadron. They will of the Pacific Coast Squadron. They will arrive in at Astoria about June 15 and will proceed immediately to the Rose

United States Navy will come to Port-land and participate in the celebration of the Rose Carnival was contained in a the Rose Carnival was contained in a message received by Captain W. H. Pat-terson from Admiral Swinburne, in which the latter inquired as to the depth of the channel in the Columbia and Willamette Rivers and as to whether it would be safe to bring the vessels here. Captain Pat-terson replied in the affimative, and the fleet has sailed from San Diego to San Francisco, preparatory to coming to the Northern port. In addition to the telegrams sent to

Captain Patterson, the local office of the Lighthouse Inspection Service was communicated with, and the latter gave Admiral Swinburne every assurance that there was sufficient water to admit of the entire fleet coming to Portland with-

out the least danger.

The flagship of the Pacific Coast Squadron is the cruiser Charleston, a vessel of
the first class. She is 424 feet long, 66 feet beam and has a draft of 24 feet with full bunkers. The Charleston, which will arrive in the Portland harbor for the Rose Flesta is not the same war vessel that accompanied the cruiser Baltimore to Portland harbor in 1892. That ship was wrecked off the northern coast of Luson during the Spanish-American war. While cruising in those waters the Charleston struck an uncharted rock and was lost, The new steamship of that name was not completed until 1905. She was built at Newport News, Va., by the Newport News Shipbuilding & Drydock Company.

The cruisers Baltimore and Charleston were the first war vessels to enter the scal harbor. They arrived at an anchorage May 20, 1892. Captain W. H. Patter-son acted as pilot of the Baltimore and William Smith of the Charleston.

MAY CUSTOMS BUSINESS BIG

## Value of Exports Is More Than a Million and a Half.

Collector of Customs Malcolm has issued his regular monthly statement of the business transacted in the local Customs House during May. The value of exports was \$1,623,033 and collections on imports amounted to \$125,204.74. The latter is a trifle be-lind the showing made during March, but is greater than that of April. Receipts for the 11 months passed during the cereal year are well in advance of the \$1,000,000 mark and large quantities of wheat and flour will be dispatched foreign during June. The customs statement for the month is

NEW SURVEY SOUTH CHANNEL

## Lighthouse Inspector Will Order Buoys Placed on Oregon Side.

United States engineer officers are making arrangements for a new sur-vey of the South channel at the mouth of the Columbia River. The survey will be completed as soon as possible.

of the Columbia River. The survey will be completed as soon as possible, and the Highthouse department will place bueys along the line of deepest water for the purpose of marking the channel. During the Winter and Spring the pilots used the South channel to a large extent, as the water was found to be deeper and more favorable to auccessful navigation. A number of years ago the South channel was used extensively, but of late all shipping went through the North channel. The latter is well buoyed.

BACK FROM INSPECTION TRIP

Captain Tozier Busy Looking After Life-Saving Service.

Captain Tozier Busy Looking After Captain D. F. Tozier, superintendent of construction of the Life-Saving Service on the Pacific Coast, returned to the city yesterday morning from an inspection trip along the Washington coast. He will leave today to inspect all stations on the Oregon coast and will be away until July 30.

He stated yesterday that a call for bids will be issued soon for a new station at Port Orford, Or., and for another at Tillamook. An interesting feature of im-

will be issued soon for a new station at Port Orford, Or., and for another at Til-

Port Orford, Or., and for another at Tillamook. An interesting feature of improvements in the coast service will be the use of motor-power lifeboats, which will be placed at nine different stations on the Oregon and Washington coasts. "The only power boat used in the Pacific service at present is one transferred from an Eastern station to Cape Disappointment," said Captain Tozier. "Orders have been placed with Eastern firms for seven new boats, which are now under construction. They will be fitted up in the most modern style for life-saving and equipped with engines powerful enough to force them through the strongest tides and storms.

"The use of the power boats will be a "KELLIY—Repair two flats, Seventh" in the most modern style for life-saving and equipped with engines powerful enough to force them through the strongest tides and storms.

"The use of the power boats will be a "KELLIY—Repair two flats, Seventh" in the most modern style for life-saving and equipped with engines powerful enough to force them through the strongest tides and alberts etrests; \$400.

the crews fresh for rescue work they reach a wreck. No matter strong a crew may man a lifeboat, the are bound to be somewhat exhausted with forcing a boat against waves or tide, leaving them working against odds." Captain Tozier said that the boats would be in readiness before the end of Summer and would be stationed at the

most important points on the coast.

Speaking of his recent inspection trip, he stated that considerable work was being done in the way of improvements. He said that before he was through the life stations north of California would be improved by about 50 per cent.

The barkentine Makaweli, lumber laden, will sail from Wallace Slough

today.

The steamship Numantia shifted from the Ainsworth dock to the flourmill yesterday.

The steamer Excelsior, lumber laden for San Francisco, salled from Linnton yesterday, with a full cargo.

Encampment of Old Soldiers.

THIN, NERVOUS PEOPLE NEED THE TONIC TREATMENT.

This Woman Took Dr. Williams' Pink Pills, Gained Thirty Pounds and Has Been Well Ever Since. How many women—and men too— are suffering from a general decline in health which the ordinary remedies seem unable to check! How many hus-

seem unable to check! How many nus-bands see their wives wasting away, steadily losing health and beauty, and are powerless to help! Consumption and other germ diseases find in these debilitated systems easy prey, for the lowered vitality is unequal to the task of fighting off the infection of these diseases to which most of us are almost daily ex-

to which most of us are almost daily exposed.

The symptoms indicating the decline which may have results so fatal could scarcely be better described than in the statement of Mrs. William Manley, of 92 Court street, Utica, N. Y. Her case is a typical one. She says:

"For six months after the birth of my baby, I suffered from sick, dizzy headaches, which seemed like a rush of blood to my forehead, just back of my eyes. Some days they twitched so I could hardly see and black spots floated before them. The least exertion brought on this sickness. My appetite was poor and I was often sick to my stomach.

"If I tried to work my feet scon became swellen, paining me terribly. I had sinking spells and grew pale and nervous. I was so thin that I weighed only 95 pounds.

nervous. I was so thin that I weighed only 95 pounds.

"One day when at the drug store to get headache powders I decided to try Dr. Williams' Pink Pills instead. I soon noticed that my headache was disappearing and my nerves gradually grew stronger. The pills gave me a hearty appetite and I now weigh over 130 pounds. I believe the pills to be the best tonic and builder a woman can take, as they certainly helped me when my condition was critical and I have never been seriously ill since."

The great value of Dr. Williams' Pink

The great value of Dr. Williams' Pink Pills lies in the fact that they actually make new blood and this carries health and strength to every portion of the body. The stomach is toned up, the herves are strengthened, every organ is stimulated to do its work.

If you are ill and the treatment you are taking does not cure you, write for proof of what Dr. Williams' Pink Pills have done in similar cases.

Your druggist sells them or they will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y. # MY FEE ONLY

For a Complete Cure of any Uncomplicated Case

T HERE IS A POP-T HERE IS A POP-ular ' impression that specialists' fees are exorbitant. If such be true, we wish to state that it is not applicable to us. On the ontrary, our contrary, our very large practice and un-usual facilities for reating men enable us to offer the very best treatment linez-

Contracted Disorders

Men

Only

# Varicocele Varicocele interferes with local circulation and the process of waste and repair throughout the organs involved. When neglected it brings total or partial loss of power and may oven result in a wasting away ef the organs themselves. I cure varicocele in one week. My method is absolutely painless, no surgical operation is involved, and there need be no detention from business. The lost tone and clasticity is restored, the weakened and dilated veins vanigain established. So-Called Weakness Every case of contracted disease I treat is thoroughly cured; my patients have no relapses. When I pronounce a case cured there is not a particle of infection or in-flammation remaining and there is not the slightest danger that the disease will return in its original form, or work its way into the general system. No contracted disorder is so trivial as to warrant uncertain methods of treatment and I especially solidit those cases that other doctors have been unsable to cure.

Perhaps the most prevaient of all allments peculiar to men, yields readily to the mild methods of treatment I employ.

"Weakness" is merely a symptom of local disorder, usually an inflamed orbidition of the prostate gland. This I overcome by a thoroughly scientific system of local treatment, and the full and normal degree of strength and vigor is permanently restored.

A PHYSICIAN IS not entitled to his fee in advance. We are the only specialists in the West who conduct business on these principles.

Not a Dollar Asked For

Until a Cure is Effected

Until the perfection of my system of treatment, specific blood poison (commonly known as gyphilis) was regarded as incurable, and the limit of medical aid was to keep the disease dormant by the use of strong mineral drugs. I positively drive the last taint of poison from the system, My cures are absolute. Every symptom vanishes to appear no more. I use harmless blood-cleaning remedies only, such as were never edies only, such as were never before used in the treatment of this disease.

and several local speakers. The Wash-ington State College Cadet Regiment of seven companies will give a sham battle on the afternoon of the last day.

My treatment for stricture is en-tirely independent of surgery. A complete cure is accomplished without cutting or dilating. All growths and obstructions in the urinary passage are digolved, the membranes cleaned and all irri-tation or congestion removed throughout the organs involved.

# SLASHES HIS OWN THROAT

Opium Flend Attempts Suicide at Kelly Butte Jail.

Desperate from his craving for opium he could not obtain in person, Bert Henry attempted to end his life at Kelly's Butte yesterday by slashing his throat with a pair of scissors. Henry was attended by County Physician Geary, who hastened to the

will be addressed by S. G. Cosgrove, of Pomeroy, who recently announced publicly that he will be a candidate for Governor on the next Republican ticket. Other speakers will be Department Commander C. B. Dunning, of the Washington and Masska Division of the G. A. R. Wash. Wash. Wash. the rockpile would weaken his crav-ing for the drug. Yesterday while in the west corridor of the jail Henry borrowed a pair of scissors from a trusty, saying that he desired to clip the nail of a crushed finger. Before he could be restrained he used the shears on his throat.

# FOUR DISEASES THAT WRECK MEN!

VARICOCELE

This is an enlarged condition of the veins (usually more noticeable on the left side) caused by mumps, bloyde riding and dissipation. In time it saps a man's physical and mental strength if neglected or improperly treated. WE CURE IT IN 5 DAYS. NERVOUS DEBILITY

Do you feel that you are not the man you once wers?
Do you feel tired in the mornings and easily exhausted?
Is your back lame? Is your memory failing? Do you have difficulty in concentrating your thoughts? Do you notice a loss of ambition? If you suffer from any or all of the above symptoms you certainly do not desire to remain so. What you want is to be made strong and vigorous mentally and physically, as nature intended. WE CURE IT IN 30 TO 60 DAYS Quick results. Lasting cures.

BLOOD POISON may be either inherited or contracted. The former causes eczema, rheumatic pains, scrofnin, etc. The latter begins with a small pimple, followed by sores in the mouth and throat, which have the appearance of white patches, spots or sores on the body, face or scalp, falling hair and eyebrows, and later on other symptoms, such as paralysis or locomotor ataxia, cancerous growths, decayed bones and fiesh.

WE OVERCOME IT IN 90 DAYS All symptoms disappear in 1 to 3 weeks **OBSTRUCTIONS** 

Cases of the urethral passage cause a partial or complete closure of the canal, due to the disease improperly treated, strains and injudicious use of instruments,

WE CURE IT IN 15 DAYS By absorption. No. pain, no operation CONSULTATION FREE!

WRITE if you cannot call. All correspondence strictly confidential and all replies sent in plain envelopes. No names, cases, letters or photographs of patients published or exposed. HOURS-9 A. M. to 5 P. M.; Evenings, 7 to 8:30; Sundays, 9 A. M. to 12

ST. LOUIS MEDICAL AND DISPENSARY

## SHORT TALKS BY L. T. COOPER

RHEUMATISM.

Old Mr. Rheumatism hangs on tight and bites and pinches when he takes held. It's quite a job to shake a job to shake a im off. It's hard to believe that all the pain and trouble he causes comes from such a little thing. Just a tiny bit of acid in the blood the kidneys haven't taken

haven't taken care of. But the kidneys LAWRENCE TUSCANT.

I used to think they were. Now I know better. It's that over-worked and over-crowded stomach giving the kidneys part of its work and the kidneys can't do it. I found this out with Cooper's New Discovery. It puts the stomach in shape, that's all it does, and yet I have seen thousands of people get rid of rheumatism by taking it. That is why I am positive that rheumatism is caused by stomach trouble. Here is a sample of letters I get every day on the subject.

"For a long time I have been a victim of sciatica and infiammatory rheumatism, and my suffering has been to great to describe. For weeks I lay helpless with every joint in my body so tender and sore that I could not bear to move. The slightest touch would cause me the greatest agony. Several doctors treated me but they failed entirely. I tried many remedies but nothing seemed to reach my case. but nothing seemed to reach my case, so I continued to lay helpless. My kidneys and stomach were affected also. I could eat but little, digest less and gradually my strength left. I lost

fradulty my strength left. I lost flesh rapidly.

"I began the use of the famous Cooper medicines of which I heard so much. To my surprise and delight I improved immediately, and after using several bottles I felt like another person. My strength and appetite re-turned. The pain and soreness loft me and now I feel better than I have for months." Lawrence Tuscany, 1121 Aldrich Ave., North. Minneapolis, Minn.

We sell Mr. Cooper's celebrated preparations, The Skidmore Drug Co.

Rubber is life - life is New Rubber. Rubber is life—life is New Rubber.

In the walk of life, New Rubber is predominant. You can wear heels of New Rubber on your shoes, and you will feel the resiliency of new life, new vigor, and the noiseless tread. Just as sure as you equip your shoes with these heels of New Rubber, your step will be buoyant, you will be happier, and at the end of a day's walk, your energies will be less strained. Try it once, but be sure that you get O'Sullivan's. All other rubber heels are made of scrap stuff—they don't furnish resiliency, but cost you the same, 50 cents attached.
