

STERN DEMANDS MADE TO DOUMA

Allow Arrest of Conspirators or Dissolve, Says Stolypin.

ULTIMATUM IS REJECTED

Dissolution of Douma Is Matter of Hours—Troops Surround Tauride Palace and Reactionists Acclaim Death of Liberty.

ST. PETERSBURG, June 14.—The dissolution of the lower house of the Russian Parliament appears today to be a question of only a few hours, or at most of a day or two.

With only 130 opposing votes, the lower house today rejected Premier Stolypin's ultimatum for the immediate suspension of 65 Deputies for membership in the Social Democratic party, and referred the subject to a committee.

May Demand Evidence.

In order to keep strictly within its legal rights, the committee may recommend the suspension of 15 leaders on condition that the government disclose the evidence against them, but there is not the slightest expectation on either side that this will save the situation.

An extraordinary session of the Council of Ministers is being held tonight to discuss the decision of the lower house. Up to a late hour, no report has been received from the Council and no decision of dissolution has been issued.

Victory for Reaction.

The session of the St. Petersburg committee of the Social Democrats was attended by a large number of the accused Deputies. The meeting is being held in secret, the police having occupied the headquarters of the party.

The prestige of the military organization has been particularly affected by the recent arrests, which have almost entirely nullified the effects of the propaganda in the army.

The present step is regarded by the reactionaries as a turning back of the hands of Russian history to an hour before the promulgation of the famous October manifesto.

Continuing, the Premier announced that unless the House immediately yielded Parliament would be dissolved.

The press and public galleries were cleared, the police and troops took possession of the entrances to the Tauride building, and the house went into secret session and debated the question raised by the Premier.

The Douma eventually declared a recess until this evening without taking a vote on the government's demands.

The streets outside the Tauride Palace are filled with secret police, who it is presumed, had orders to arrest the Social Democratic members of the house when they emerged from the building.

When the session was resumed, the Constitutional Democrats, Poles and Group of Peasants decided to refer the government's demand for the exclusion of the Social Democrats to a committee, which was a virtual rejection of the Premier's ultimatum.

OPENS WAR ON SALVADOR

Nicaragua Openly Sends Army to Aid Revolutionists.

WASHINGTON, June 14.—What amounts to an actual declaration of war between Nicaragua and Salvador was contained in the reply of President Zelaya to an inquiry from Washington as to his connection with the recent attack and capture of Acajutla.

The answer came to the State Department today in the shape of the following cablegram: "The American General Olivares, at Managua, the Nicaraguan capital."

"I am officially informed that, in accordance with the Central American Union plan, President Zelaya has dispatched munitions of war and troops in aid of General Alfaro, who is the popular Unionist candidate for President of Salvador. President Figueroa opposes the union idea."

YORKTOWN PATROLS COAST

Nicaraguan Gunboat Regarded as a Pirate by Authorities.

SAN SALVADOR, June 14.—The United States gunboat Yorktown, now off this coast, is expected to capture as a pirate the Nicaraguan gunboat Momotombo, which recently landed a force of filibusters on Salvadoran territory, where they were defeated and compelled to flee.

PLAYS A WAITING GAME

Clemenceau Delays Stern Measures Against Winegrowers.

PARIS, June 14.—The Ministry of the Interior has no intention at present of instituting proceedings against the winegrowers' central committee. The officials here are hopeful that the conciliatory manner of Premier Clemenceau toward the municipalities, with its grave warnings of the responsibility attaching to attempts to break down the whole civil government, will prove fruitful and that the movement will be stemmed before it

becomes necessary to employ sterner measures. The situation in the so-called "federated provinces" is developing most slowly. A dozen more municipal officers have sent in their resignations, but these marks of sympathy with the winegrowers' movement are not coming in as fast as the central committee anticipated.

In the meantime the Government is pushing through the Chamber of Deputies its anti-fraud bill, which the Minister considers will go a long way to satisfy the winegrowers.

Great Earthquake in Mexico. MONTEREY, Mex., June 14.—Reports were received here today of a general earthquake shock which visited the states of Guerrero, Puebla and Oaxaca last night, but without loss of life so far as is known and without causing much property loss.

Red Cross Conference. LONDON, June 14.—The delegates to the International Red Cross Conference spent today's session in the discussion of papers upon the peace work of the various societies, especially their struggles against tuberculosis.

Chinese Famine Relief Closed. SHANGHAI, June 14.—The general famine relief here is closed. The committee is using the provisions brought by the transport Buford. A large section of the harvest is a failure.

Danish Royalty in France. PARIS, June 14.—King Frederick and Queen Louise of Denmark arrived in France today for the summer, the guests of the Republic for three days.

SANDERSON'S RICH GRAFT

HOW HE GOT \$5,000,000 FOR CAPITOL FURNITURE.

Desks, Sofas, Chairs and Marble All Sold by the Foot—Designed Furniture Without Limit.

HARRISBURG, Pa., June 14.—How John Sanderson of Philadelphia collected \$5,000,000 from the state for furnishing and equipping the new Capitol under his "per foot" and "per pound" contract with the Board of Public Grounds and Buildings was told the investigation committee today in the report of the committee's auditors.

The report also brought out these statements: The painting as done by Sanderson cost the state \$24,000 more than it would have cost if the contract had been awarded to John Gibson, the lowest bidder.

Mahogany walls cost \$80,000. These should have been furnished by George F. Payne & Co. under their original contract for the construction of the Capitol.

No method was shown whereby designed marble was measured, for which Sanderson was paid \$213,000, at the rate of \$18.40 per foot.

Sanderson collected \$76,000 for "designed" furniture, one invoice for \$618,840 being paid for without affidavit as to correctness being required.

Sanderson collected \$23,000 for 3064 chairs under the "per foot" rule, an overcharge of \$9,200 per chair, or \$24,300 in the aggregate.

There was an overcharge of \$46,170 on tables, for which Sanderson collected \$1,244,800. Sanderson furnished of the state \$5,317 for cabinet work which had been furnished to him by a Wilmington concern for \$8,073, it was alleged in the evidence.

FRAUD CASE IS DISMISSED

Officers at Manila Acquitted of Complicity in Harbor Charges.

MANILA, June 15.—Francis B. Thornton has been acquitted on the charge of complicity in the Harbor-master fraud case.

The Police Prosecutor says that unless new evidence is forthcoming, Captain Fred C. Cole will not be tried. Thornton was Cole's chief clerk.

Francis A. Ribben, the Pulajane leader who was wounded and captured recently, is recovering from his wound. He is said to have issued a manifesto today directing all his followers to surrender.

Troops are being removed from the island of Leyte as rapidly as possible. General Ribben announced that there is no necessity for further field work, as he regards the disturbances at an end.

TAPE COMING TO PORTLAND

Terror of Smuggled Chinese Transferred From St. Louis.

ST. LOUIS, Mo., June 14.—(Special.)—Richardson linen, one of the best 25c handkerchiefs on the market; 20c special price, each.

President Stormbound at Home. OYSTER BAY, June 14.—President Roosevelt tonight was stormbound at Sagamore Hill. The incessant pour of a chilling rain was too formidable for a outdoor pastime, and the President remained within doors during this, the second day of his summer vacation.

He saw no visitors and the session with Secretary Loeb and the official mail was brief and produced no new result.

Significant Names for Guns.

At the Fort Pitt foundry, Fort Pitt, Pa., were cast in 1887 for the monitor Furman two 20-inch guns, which Captain W. C. Wise, then chief of the Naval Bureau of Ordnance, proposed to call Satan and Lucifer. His proposition called forth a protest from the pastor of a Presbyterian Church at Pittsburgh, who characterized it as "most unseemly, if not impious."

His letter was referred by the member of Congress to whom it was addressed to the department, and finally it came into the hands of Captain Wise for reply. In answer he called attention to the foreign custom of giving to vessels such names as Jupiter, Juno, Vulcan, Venus, Jungerpaut, Inferno and Lucifer and Satan—to convey an idea of the power of the destructive agent used in battle. These guns, agreed

the learned Captain, were not intended for peace and the utterance of good will toward men, but to inflict as much mischief and destruction on human beings in time of war as their namesake, the devil, tries to do at all times. He further reminded his clerical critic that a number of clergymen had witnessed without protest his act of "christening" in presence of a large assembly of ladies and gentlemen the first 30-inch gun cast for the Navy as Beesbub. However, the argument did not prevail, for religious sentiment was effective in preventing this use of biblical nomenclature.
