BOISE REPORTS ARE FAIR

SOCIALIST SPEAKER DOES NOT CRITICISE NEWSPAPERS.

C. Thompson Devotes Time to Reviling Orchard—Charges Pinkertons With Conspiracy.

"I have greater admiration for the highwayman who takes his life in his hand and holds a man up than I have for Pinkerton detectives who shoot men down," was the not unexpected declaration made by C. Thompson, who addressed a meeting of Socialists at Alisky Hall last night. Mr. Thompson had been advertised to speak on "The Attitude of the Press in Reporting the Haywood Trial." Instead the speaker censured the mineowners and the Pinkerton detectives, who, he charged, have conspired to disrupt the Western Federation of Miners by discrediting its head officers, Moyer, Haywood and Pettibone and sending them to the gallows.

Mr. Thompson admitted that the press and magazine reports of the Boise trial have been fair, but criticized some of the editorials in the Portland papers. The burden of his argument was that the mineowners, assisted by the Government's secret service men, is behind the prosecution of the Federation officers for the single purpose of breaking up the organization. Orchard, he said, is a degenerate and a self-confessed criminal of the deepest cast, who was expected to concoct the story he has told in hopes of saving his own life.

"You will say that Orchard tells a very plausible story. Of course he does. He has been coached for the last 15 months by the brains of the Pinkerton detectives and the authorities of the State of Idaho. The very fact that his tale appears so credible is only proof of the coaching he has received. Orchard had private motives for killing Stoussenberg, who at one time defrauded him in a mining deal. Simpkins, who is charged with having received money from Haywood, was an organizer in the employ of the Federation and was entitled to receive these funds."

The speaker contended that it was unreasonable to presume that a man of Haywood's intellectual attainments and the executive head of the Western Federation of Miners would jeopardize the institution in the manner that has been charged.

In presenting the speaker of the evening, J. D. Stevens, chairman of the meeting, announced that Judge Seneca Smith would speak in the same hall next Sunday night on "The Legality of the Bonds Voted at the City Election."

251 WASHINGTON ST. PORTLAND OREGON. MAKER OF MENS CLOTHES

The Beef Trust made \$1,000,000 off the San Francisco people by selling lots and acreage in the vicinity of its proposed packing plant. In time the packing plant was built, but it was built two to three miles away from the lots and acreage. Portland people, take notice; don't bite at the bait.

		Veal Loin Cutlets.....	15c	Veal Rib Cutlets.....	15c		

We are using the very choicest heifer and steer beef. For Soup Bones and Soup Meat, we are charging 1c and 2c per pound. Fine, juicy beef for Boiling and Stewing, 4c and 5c. Fine Roasts Beef at 7c to Prime Rib Roasts at 10c. Choice Round Steak, 10c to Sirloin and Tenderloin Steak at 12 1/2c. Best Roasts of Country Pork, 12 1/2c and 15c. Fine Roasts of Mutton 10c and 15c.

Is there no Federal official, no official of the Bureau of Animal Industry, is there nobody at all to look after these fake advertisements and signboards of the Beef Trust markets? They advertise themselves as the "homes" of U. S. Government inspection, and at the same time they are buying meats wherever they can buy them cheapest—even meats from swill-feeders—meats that never saw an inspector—and these meats are being sold over their counters as the Government-inspected article, and weighed upon the Beef Trust's combination scales.

They make it a practice to put a few pieces of good beef in a window, and sell the Packing-House Bull Beef over the counter. Any merchant can protect his brand of goods from the fakir's advertisements. Can't the U. S. Government do as much for its meats?
