EXILE FROM CIT

Son of Notorious North End Woman Banished by the Court for Life.

PARTNER OF HIS MOTHER

Young Man Introduced Ignorant Countrymen to His Parent, and They Divided Spoils_Heavy Sentence Hangs Over Him.

Frank Olcese, native son of Portland, went into partnership with his mother. Mrs. Louise Olcese, and in consequence was banished from Portland for life, yesterday in the Municipal Court. If at any time in the future the young man so much as crosses the boundary line of much as crosses the boundary line of his native city, he will be arrested on sight, taken to the county rockpile for a term of 130 days and then again will be driven out of town. All because he went into partnership with his mother. Olcese has been a familiar figure about the streets of Portland for a number of years. He has always been well-dressed and thrifty without seeming to do any-thing more useful than attend ball games

thing more useful than attend ball games and matinees. Of evenings he has been accustomed to lounge about one of the better chass of salcons or play billiards in some public place.

Back in the days when he attended the public schools here he was the envy of his classmates because of his liberal allowance. He lived at a boarding-house then and knew his mother was paying all the bills and that she must have plenty of money. He saw her rarely, howty of money. He saw her rarely, how ty of money. He saw her rarely, how-ever, and was never invited home, the mother making one excuse and another. There was a dramatic meeting of mother and son one night, so the police say. Olcese was carousing with other wild young fellows among the saloons and dives of the North End. They were making fun of a corpulent woman, paintand dives of the North End. They were making fun of a corpulent woman, paint-ed and decked out in gaudy raiment, who was coaxing a backward laborer to buy bottled beer in a combination theater and saloon. When the woman turned towards them, Olcese knew why he had lived at a boarding-house with plenty of spending money. It is said that the spending money. It is said that the mother went into hysterics at the meet-

ing and that the son was drunk for weeks thereafter.

Olesse quit school, forgot his more reputable friends and became a North End tough. During several years that have elapsed since this incident he has

continued in his ca-reer of worthless-ness. It develops that he hunted up his mother. She took him into part-nership a short time ago, the police say. It was the son's function to make the acquaintance of some logger or farmer who had come to town with more money than experience. The son would then introduce the victim to his moth-er. They would di-vide the spoils. the police

Judge Cameron yesterday morning a corps of lawyers was on hand to plead for him. It was set out that in view of the perversity of his mother, nothing better could be expected of the young man. Given new environment and put to the necessity of working, it was urged that he might be converted into a man. At least the city would be rid of him and the best lawyers asked was that the young man be given a chance to leave

e city.
"I'm inclined to believe that the city the facting thoroughly rid will profit by getting thoroughly rid of you rather than by having you on the rockpile," said Judge Cameron, "Are you willing to leave?"

WILL RATIFY NEW SCALE

Barbers Are Ready to Demand Higher Wages.

It is probable that the Journeymen Barbers' Union, at its meting next Wednesday night, will ratify and put into effect the new wage scale for the city, as outlined at the meeting last week. The union will also de-clare Labor day, Independence day and Christmas full holidays for the bar-bers, instead of half holidays as hereon Saturday, when the shops will re-main open all day.

The rules in regard to time under the new regime will provide that on days previous to holidays members shall cease work at 8 o'clock the same as on other days, except on the days previous to Fourth of July and Christ-

mas, when they may work until 10.

The wage scale has formerly been a "guarantee in all union shops of not less than \$13" a week, Of all that a barber took in over \$20 he received half. It was permisable to pay one man in each shop \$15 a week, and half of all he made over \$24. On Saturdays the guarantee was not less than \$4 for the day, and haif of all the barber made over \$5. Under the new rules the barbers

will receive not less than \$17 a week and 60 per cent of all receipts over \$28, one man in each shop to receive \$15 a week and 60 per cent of all receipts any circumstances or at any time in the future to visit your mother on any pretext whatever. So much as cross the city limits and you'll get the limit of the law and then be sent out of town when the term is up."

D'URBANO'S BAND IS OUT

Difficulties With Musicians' Union Results in Canceling Contract.

That Signer D'Urbane will not be director of the band at the City Park this Summer was definitely decided at a meeting of the City Park Board yesterday morning. The reason for this is that D'Urbano's manager, L. Russi, was fined \$100 by the Musicians' Union when he offered to furnish printed programmes to the Sunday concerts free of charge. It is also said that his attitude in the matter made many musicians so antagonistic that they would not play in the band. The manager had deposited a \$1900 bond with the Park Board for faithful performance according to the terms of the contract, but on account of the difficulties between the band and the

difficulties between the band and the union, the Park Board at the request of Mr. Russi rejected the bid.

J. R. Tomlinson, a bandmaster, suggested to the Board that a band manager be appointed under civil service regulations. This it was decided to do at a special meeting to be called by the Mayor. It is probable that the band concerte will begin in the second week of July. the second week of July.

THIRD VESSEL FOR JUNE

Foreign Lumber Business Has Increased and Coastwise Trade Falls Off-Grain Exports Are Good for the Current Month.

The British steamship African Monarch, Captain Walker, cleared yesterday afternoon for New Chwang with a full cargo of lumber, measuring 3,260,512 feet. The shipment is valued at \$57,627, and is the third foreign cargo of timber to get away during the month. The British bark Jordanbill has finished and will clear today. She is bound for Callao and will be ready to sail as soon as the crew

The clearance of the African Monarch places the foreign lumber shipments for the month in excess of 10,000,000 feet. With the addition of the cargo of the Jordanhill the total will be swelled to

close to 12,500,000 feet.

While the foreign lumber shipments have increased, coastwise business has dropped proportionately. Lumber shipments to San Francisco are less than half those of February and March. Freight rates are down and a number of carriers are tied up for want of charters are tied up for want of charters.

Grain business, foreign, is better than for several years past. This is the final month of the cereal year. There is nothing in sight for the Continent, but the Oriental trade is big. The steamship Ascot is loading and will finish within a

PORTLAND MEN IN EXPLOSION

Lane Lewis Killed in Alaska and J. Galbreath Not Expected to Live.

A boller explosion on the steamer Tanaza, near Fairbanks, Alaska, last week resulted in the death of Lane Lewis and fatal injuries to James Galbreath, both engineers on the steamer. Lewis lived for several days after the explosion and Galbreath is past hope of recovery.

The information reached Portland yesterday in a message to Mrs. Lewis from Fairbanks. It stated that her husband was badly mangled and could not live.

was badly mangled and could not live.
An hour later came a second dispatch stating that Mr. Lowis had died. A message to Mrs. Galbreath stated that her husband was badly injured. A second

dispatch conveyed the information that he was fatally hurt.

Messages received in Portland convey no details of the accident. Steamboat men here have received no information other than that conveyed to the wives of the unfortunate engineers. "Immie" Galbreath was one of the best known engineers on the Columbia River. He engineers on the capacity of chief on many of the passenger boats. For the past five years he has been going to Alaska Lewis was on his first trip to the North. Tha latter leaves a wife and baby.

TOWAGE RATES PUBLISHED

O. R. & N. Co. Takes Action in Connection With New State Laws.

The O. R. & N. Company is issuing a new tariff covering the towage of salling vessels from the sea to Portland and re-turn. WILLIAMS' PINK PILLS A

Used to Keep the Blood Rich and Pure They Will Prevent Much Suffering and Misery.

As a woman approaches the age of forty or thereabouts, she should pay particular attention to her health. The hard work, which she may have been accustomed to do and the worry and excitement of her daily life should be lessened or avoided as much as possible. As her health after she passes this time will depend in a large measure upon it, every woman owes it to herself to build up her strength during these years. For this purpose Dr. Williams' Pink Pills been recognized as the standard medicine, because of their great blood

and tonic properties.

Mrs. Hannah A. Lozier, of 1151 Mich-

igan Ave., Detroit, Mich., says: "I began taking Dr. Williams' Pink Pills about four years ago, after I had been suffering for some years from dizzy spells and nervousness which were brought on by overwork. I tried several medicines without help and all the time became more irritable, nervous and weak. At times I had no appetite and could eat nothing. At intervals of every two or three days, my heart seemed to rise up in my throat and I would have to lie down until the feeling passed away. I also had dull aching pains under my right shoulder and across my away. I also had dull aching pains under my right shoulder and across my back. When I looked up I would see black spots. Occasionally I would become so dizzy that I had to steady myself to keep from falling.

"I decided to try Dr. Williams' Pink Pills and after I had taken them a short time the dizzy really became less for

time the dizzy spells became less frequent and finally stopped. Much somer than I had expected or hoped I was entirely well and I now feel like a new person altogether."

Dr. Williams' Pink Pills are adapted for discourse does to inverse blood and

for diseases due to impure blood and shattered nerves. They are invaluable in anomia, rheumatism, after-effects of the grip and fevers and in sick headaches, dizziness, nervousness, neu-ralgia, and even partial paralysis and

locomotor ataxia.

twenty-five years, and one year of my practice represents a greater volume of good experience than several years brings the average physician or specialist. In explanation of this statement will say that I have been the busiest specialist upon this coast, curing several cases to other physicians' one. I begar my practice with accurate knowledge concerning men's diseases, and my patients have received thoroughly scientific treatment. I have not only treated an unusual number of cases, but have treated them rightly, thus acquiring an abundance of the very best kind of experience experience of positive value to those I treat and experience that enables me to offer cures with certainty of effecting

WEAKNESS

My ability to cure those derangements commonly termed "weakness" has done more to extend my reputation as a specialist in men's diseases than any other thing. I was the first to discover that "weakness" is merely a symptom resulting from a chronically inflamed prostate gland, and that to remove this inflammation is the only method of permanently restoring lost vigor. To this day my system of local treatment is the only scientific one in use. In years I have not failed to effect a complete cure. There are two reasons for this. First, the unequaled effectiveness of my method; second, because I attempt to cure no incurable cases. My long experience enables me to recognize those that have passed into an incurable stage, and I treat only such as I know I can
