# GAR STRIKE WILL SOON BE ENDED

Trouble in Bay City Comes to Close.

### ARBITRATE POINTS IN DISPUTE

Men Will Return to Work as Individuals.

### LIFT BOYCOTT ON RAILWAY

Action of General Strike Committee Will Permit 35,000 Union Men and Families to Ride-Carmen Not All Agreed.

Terms of proposed settlement: A nine hour day 2. A daily wage of \$3 on the nine

S. The sesignation of President Cornelius and Secretary Bowling of

SAN FRANCISCO, Aug. 21.-The Even ing Post tonight says:

"The car strike will be declared off by the General Strike Committee before many hours have elapsed. The Ways and Means Committee of the General Strike Committee has made arrangements with the representatives of the United Railways to call off the strike. The carmer will return to work as individuals

"Questions relative to the union will n be asked. All differences pertaining to hours and wages will be arbitrated by the United Railways and the platform met as agreed in the submitted proposition.

Let Labor People Ride on Cars. "The deciaring off of the car strike by the General Strike Board will give to 15.00 union men of the Building Trades Council, with their families, the right to ride on the cars, despite any action that the Carmen's Union may take

"With the support of the Building Trades Council withdrawn, it would be up to the hundred odd unions, with the Labor Council, to decide for themselves whether or not a boycott should exist against the Unitel Rallways.

"Secretary Tveitmoe, of the Building Trades Council, and official press representatives of the General Strike Board stated today that the Board had the power to declare off the car strike and would do so on a set date. President Richard Cornellus, of the Carmen's Union, states that whatever settlement may be arrived at will be reached by the Carmen's Union.

### Differences of Opinion.

"Thus, while the General Strike Board will declare the strike off, the president of the Carmen's organization will main tain that the car strike is on. Confusion will thus result unless the Carmen's Union abides by the decision of the Gen- be in New York next Saturday. eral Strike Board."

IN CONTROL OF ALTON WHEN GRANTED IMMUNITY.

Facts Coming to Light That Connect Him Closely With Standard Oll Exposure.

NEW YORK, Aug. 21.—A Washing-ton special to the Herald says: That E. H. Harriman was in control of Chicago & Alton Railroad when it is "immunity" bargain with the Department of Justice and gave evidence established today, when it was officially learned that the promise of immunity was extended in June, 1906. The Alton, under joint control agreement revealed by the Interstate Commerce Commission, is controlled by the Chicago, Rock Isand and Pacific Railro.d, dominated by the Moore brothers, but in June, 1995, it was controlled by Mr. Harriman, Whether Mr. Harriman knew of the im-

munity bargain cannot be learned here and will not be known until C. B. Morri-son, who, as United States District Attorney in Chicago, gave the promise of Immunity with the approval of Attorneyeneral a oody, arrives here on Monday The fact that it was a railroad dominated Mr. Harriman, frequently referred to cordially affiliated with one Ctandard Oil interests, that dealt the great oil corporation a severe blow is thought here ione the less significant. It would have been highly significant had the evidence which was to convict the Standard come from the Rock Island element, but not so surprising as that it should have been supplied by a road controlled by Mr. Har-riman, who, while not then being pursued by the Administration, was not regarded with any especial friendship.

### WHEELER APPROVES FRATS

Berkeley President Says They Are Important-His Advice to Girls.

BERKELEY, Cal., Aug. 21.—President Wheeler gave the freshman class its first taste of university life yes- the case.

terday morning when he delivered an address full of advice, warning and suggestions about what is good for new students on the campus, Harmon gymnasium was crowded while Dr.

Wheeler spoke.
Freshmen were advised by President
Wheeler to become well acquainted
with the university professors, as well
as with each other. He counseled them
to remember that professors and the
president also are human and love
to be treated as human beings. They
are fond of students who step up and
say: "My name is John Jones," rather
than of the type of student who stands
afar off and is offended when professors fall to remember his name is John
Jones.

Girl students received the advice from the university president to marry men who are of proved constancy, rather than men who are attractive by reason of their strength or good looks. Constancy is the great thing in a husband, in President Wheeler's creed.

Greek-letter fraternities were approved by Dr. Wheeler in his address. "I am a member of such a fraternity." said the president, "and I trust am a loyal member. The fraternities have an important place in the life of the university. Their benefits are many.

Mrs. Mary Baker G. Eddy, Against "Next Friends" Dropped Their Suit for Account-

OPEN SHOP, SAYS POSTAL

Strikers Will Be Taken Back as Individuals-Must Sign Contract.

CHICAGO, Aug. 21.-Every telegraph perator who went out on a strike two weeks ago must make individual application for reinstatement before he will be taken back. This policy of the ompanies aws announced today and means not only that there will be no union recognized, but that even a committee from the ranks of the strikers

will not be treated with. The Postal Company has prepared a form of contract which every aplicant is required to sign before given employment. The Western Union has not adopted any form of contract, but is requiring each operator to make application for work as an individual.

The contract of the Postal Company "I hereby agree if given employment by the Postal Telegraph and Cable Company to render full and faithful service at all times, restraining from all agitation and intereference with the company's business, and I further agree that I will work care-fully and well with every operator, be he or she union or non-union."

### PROPERTY FOR RELATIVES

Christian Science Leader Said to Have Provided for Kindred and Arranged Property Matters for Rest of Her Life.

CONCORD, N. H., Aug. 21.-The case against Mrs. Mary Baker Eddy has been dropped. The Christian Science publicanon committee made public the statement that Dr. Allen McLane Hamilton, the New York alienist who recently examined Mrs. Eddy, Hamilton said:

"I am firmly of the opinion that she is competent to care for herself and manage her affairs, and that she is not coerced in any way. It would appear as if she takes the initiative upon all occasions.'

Counsel for "next friends" announced that the suit for an accounting of the property of the Christian Science leader was withdrawn for many reasons, principally on account of the "unprofitableness of any immediate result of a decision in our favor upon the exact issue as now framed, compared with the burdens and disadvantages to be sendured by us both before and after such a de-

Streeter, defendant's counsel, immediately moved that the masters proceed with the hearing upon the question of her competency to manage her affairs and added:

"If we are allowed to proceed we will show how on February 21 Mrs. Eddy began to arrange for the management of her property for the rest of her life and to provide for her kindred during that time." Streeter characterized the suit as

primarily an assault upon a great religion by great newspapers. Sald he: Collapse of All Charges.

"Not a word of testimony has been introduced to show that a dollar of her money was ever misappropriated. The charge of her incompetency has completely collapsed. It is now stated in the press that this suit has been abandoned for the purpose of awaiting the defendant's death and then contesting her will. Mrs. Eddy has a legal right to the finding of her competency upon the case as it now stands or upon further evidence she may intro-

Two Men Regarded as Heroes in American Politics.

BOTH SHOW SOUND SENSE

Toward Railroads and Predatory Interests Approved by English Newspapers See Solution of Trust Problem.

LONDON, Aug. 21.-(Special.)-President Roosevelt and Sccretary Taft in the British eyes are distinctly the heroes of the American political situation. The Times this morning, in discussing the Provincetown speech, rejects the view that Roosevelt is on \_angeerous or unju tifiable ground in relation to the ratiways, and says that the President merely proposes to attain that public contro which has long existed in England, where no rallway can issue fresh shares or bounds without parliamentary sanction. # ANOTHER ROBBERY ALASKA MAIL

\$45,000 in Gold Dust Is Secured.

### THIRD THEFT IN A MONTH

Postoffice Inspectors at Work on Cases.

MAILS WITHOUT A GUARD

Miners Ship Dust This Way to Avoid High Tariff of Express Companies-Robberies Thought to Be by an Organized Gang.

SEATTLE, Wash., Aug. 21 .- (Special.)-A Fairbanks, Alaska, special says: What is believed to be the biggest plot for robbing the United States malls ever discovered is now in operation in Alaska, Only yesterday word was received from the Coast that the third pouch missing in a month had been reported at Skagway. The sack contained \$45,000 in gold dust addressed to Seattle banks.

Postoffice inspectors already in the North working on the two former robberies, have taken up the latest loss. It is almost certain that the sacks were stolen while in transit on the Yukon River boats plying between this point and Dawson. Several men are under suspicion but no arrests have been made. Reliable clews are scarce.

Ever since gold dust shippers have decided to use the malls for sending out their metal, instead of patronizing the express companies as they previously did, ecause of the increased tariff, the present trouble has existed. It will necessitute the employment of guards by the Government to watch the gold shipments. As they have been practically unguarded up to date, robberies have been easy and t is believed that the thefts have resulted from systematic operations of candits working with well-laid plans.

STRIKE OF FINN LABOR FAILS
