SECOND GAME SEALS' OWN

They Clout Goom All Over Field and Beav@s Make One Run by Lucky Chance-Morning

Came a Huge Joke.

THE FRANCISCO, Sept. 2 -(Special.) The Seals wound up their series with the Northern visitors by handing them a double package of defeats today. The morning game was an awful joke, the Seals putting nine runs over, while the Beavers got six through the careless work of their opponents. Groom was re-lieved in the first inning after the Seals hammered him for two run. who went on the firing line, was little better, the Scals getting four more before the inning ended.

The afternoon game belonged to Sa Francisco in every inning. Jones con-tinued his good work in the box, and the Beavers were lucky to get a run in the fourth inning on a couple of timely hits. Groom did not have anything and the ceeded to clout him easy ones all over the field from the outset. The

SUSPEND CLASSES SUNDAY

Christian Association Workers Attend Devotional Exercises.

SEASIDE, Or., Sept. 2 .- (Special.) -- Th Northwest conference of the Y. W. C. A., at Seaside, abandoned its daily pro-gramme and classes were suspended on Sunday. H. F. Laffamme, who was a missionary in India for 18 years and is now student volunteer secretary, was in charge of the devotional hour, which he will conduct throughout the conference.
At 10:30 the service was held in the large tent. Dr. Van Horn, of Seattle, preached an exceedingly strong sermon on the text, "I will not let thee go ex-cept thou bless be." showing, that in the life and struggle of Jacob there is an exact counterpart of the character and crises in the lives of men today.

At the vesper service in the afternoon Miss Coastance MacCorkie, general sec-retary of the Portland Association, gave

series of addresses in the evening. The subject of his first discourse was "God," of the second, "Man." Dr. Vance handles his subject in a masterly way and holds his audience intent throughout. He brought out clearly man's high origin-made a little lower than God himself-yet being sinful, his very ability to sin only proving more conclusively his high origin. Contrasting God's high purpose

and man's imperfect fulfillment of it, showed that God's plan is to work through men. The life of the Christ is an earnest example to man of his own an earnest example to man of his own possibilities and a plea for him to develop them, and so be like Christ. Dr. Vance will deal next with the thought of "Sin," and then bring out the relation which it bears to man and God.

At all of the services special music was rendered by the Conference Quartet, which is trained by Mrs. Black.

PANIC ON BOARD THE MANNING

Cutter Hits Rock, and the Japanese Prisoners Make Rush for Boats.

SEATTLE, Wash., Sept. 2.—(Special.) -The revenue cutter Manning, which arrived here today from Alaskan wa-ters, struck an uncharted rock en route from Seward to Valdez, and a panic occurred among the 63 Japanese poachers who had been taken prisoners and were on their way to the Federal Court at Valdez. The Japanese rushed to seize the boats, and had to be driven back by the officers.

At the time the boat struck and took a had list, she had 140 persons aboard with boats that would accommodate 80. When the Japanese were driven back the officers of the revenue cutter landed about half of the prisoners under heavy guard. The boat was gotten off the prisoners brought abourd

The Manning reports that 20 Japa nese sealing schooners, with crews numbering 1500 persons, apent the sea-son in Alaskan waters, but that com-paratively few of them were posching. Captain Kadoti, of the Kaloo Maru, was convicted of poaching.

Labor Saving Device to Clear Streets at Bayocean Park.

LOOK AFTER PUPILS' HEALTH

Seattle Schools Will Have Regular Medical Examinations.

SEATTLE, Wash., Sept. 2-(Special.) For the first time in the history of the Seattle schools, a thorough medical ex-amination will be made periodically of all pupils. Under direction of the Board of Health, school nurses will be employed and children suffering from disease will be given attention if their parents are unable to afford it.

The public schools open tomorrow and it is expected more than 20,000 pupils will be enrolled the first day. Two weeks later the Board of Health will begin its Investigations into the children's health. A year ago steps were taken to have the oupils' eyes examined by oculists regularly.

KETCHEL VICTOR IN GREAT FIGHT

Wins Welterweight Championship From Thomas, Who Is Game.

LOSER ADMITS SUPERIOR

Skill Against Pugnacity Makes Contest Evenly Balanced-Ketchel Wins by a Rain of Blows in the Thirty-second Round.

SAN FRANCISCO. Sept. 2 .- Labor day gave to the world a new welterweight champion, and supplied one of the greatest fights in the ring annals of California. In the 32d round of a scheduled 45-round contest, under Marquis of Queensberry rules, at Coffroth's DONKEY ENGINES ON GRADERS Mission-street arena this afternoon, Young Ketchel, of Butte, Mont. knocked out Champion Joe Thomas, of San Francisco, in the presence of 8000 people. Not until the champion had gone to the floor four times in quick uccession did his seconds throw up the sponge. Thomas was so badly punished that he had to be carried to his corner, and it was several minutes before he opened his eyes and asked, dazedly:

"What's the matter?" Billy Roche, referee, summed it up accurately when he said: "It was the greatest fight I ever refereed. After the 16th round it was either man's victory who had the winning punch.

Though the bulk of the money and Though the bulk of the money and 90 per cent of the rooting were for the native son, both before and during the fight, when it was over winners and losers allke joined in three thunder-ous cheers for the fallen idoi, for no man ever put up a gamer fight than he. "The best man won," was his frank acknowledgment when breath that had been pounded out of him came back.

Boxer Against Fighter.

It was the superior boxer against the superior fighter, with no advantage of gameness on either side. Ketchel showed the greater endurance—a quality that stood him in good stead and enabled him to win from sealers. to win from so clever a man as his rival. In two rounds other than the deciding one, the crowd was lifted to its feet by knockdowns. In the sixteenth Ketchel landed a right and a left swing on the body and the jaw that stretched Thomas flat on his back near the center of the ring, and it looked as though everything was over. But the Californian was on his feet at the count of "four," and suc ceeded in keeping away until the gong gave him a vital respite. He came up groggy for the seventeenth and, had the Butte boy pressed his advantage instead of pecking away and clinching, the fight might have been ended then and

Ketchel Almost Counted Out.

In the twenty-seventh a right cross to the jaw as they came out of a clinch took Ketchel off his feet and sat him down Thursday afternoon, while at work near Odell Lake, W. A. Parker, an axman with the Rankin corps of surveyors, suffered a badly fractured skull by a falling tree. He was fearfully wounded, but kept himself well under control until he was operated upon.

The Harriman party were at the lake timestates the state of the state of the lake timestates and the state of the lake timestates are the lake timestates and the state of the lake timestates are the lake timestates and looked the referee squarely in the eye, while that official, Harting, the lake timestates are the lake timestates are the lake timestates and the state of the lake timestates are the lake timestates and the lake timestates are the timekeeper, being unable to make himself heard, stooped over him and went heard. through the pantomime of counting. At the call of "nine" he was up and backing away from a rush. He was doing his dizzy best to cover up at the ropes when

the gong saved him.

Thomas had the best of the next round; the twenty-ninth was no man's; the thirtieth was conceded to the Californian, and in the thirty-first it was a tossup for

Downed Under Rain of Blows.

For the last half dozen rounds Thomas showed signs of returning strength and answered to the calls of his seconds to buck up and box," so that the sudden-ness with which the end came in the thirty-second took many by surprise, even those who realized that the Californian was up against a man who, for a rigure of speech, would be dangerous on one knee. They fiddled about, clinching an-breaking away, Thomas taking a left on the jaw that staggered him backon the law that staggered him back-ward. Ketchel, seeing his chance, rushed in and drove him to the ropes, where Joe tottered to the floor from a vicious left in the stomach, followed by a terrific right cross on the law-Ketchel's favorite and any famous blow. He took all the count the rules allow, and when he got up it was plain the end was at hand. He was no longer able to protect face or body, and three times went down under a rain of right and left swings, the last of which put him out so effectually that his seconds mercifully tossed up the sponge. tossed up the sponge.

S.S.S.CURES CATARRH

Catarrh is not merely a disease of the mucous membranes and inner linings of the body as some of the symptoms would seem to indicate; it is a deep-seated blood disease, in which the entire circulation and the greater part of the system are involved. Like all other blood diseases, Catarrh comes from poisons and impurities accumulating in the circulation which irritate and inflame the tissues and mucous surfaces, and then the unpleasant symptoms of the disease are manifested. There is a ringing noise in the very impressive and beautiful talk to the throat, the breath has an offensive odor, and many other annoying and unpleasant symptoms are characteristic of the Dr. James Vance gave the second of his inhalations, etc., cannot reach the blood, and are therefore valuable only for the temporary relief they afford. To cure Catarrh the blood must be purified. Nothing equals S. S. S. for this purpose; it goes down into the circulation, removes the catarrhal matter, purifies the blood and makes a lasting cure. When S. S. S. has removed the cause, the blood being pure and healthy nourishes the membranes and tissues instead of irritating them with noxious matter, and the symptoms all pass away. FATAL ACCIDENT AT ALBANY

Train Backs Into Wagon, Mortally Injuring 16-Year-Old Boy.

ALBANY, Or., Sept. 2.-(Special.)-A Corvallis & Eastern train backed into a wagon containing eight young men on an East Albany switch at 6:20 tonight, and as a result of the accident Willard Truax, a 16-year-old boy residing six miles east of Albany, will die. His right leg was cut off and his left leg and left arm broken arm broken.

The boys, who were members of Isaac Miller's threshing crew, had come to Albany to get some supplies and were starting home. As they approached the railroad switch between La Fayette and Thurston streets, they were all talking and did not notice the train, though it was backing slowly down the track. When it was almost on them, the boys

lumped and a boxcar struck the wago jumped and a boxcar struck the wagon just as Truax and Fred Miller, who were the last to jump, were leaping. Both were thrown on the track, Miller rolled off to safety, but because his left leg was partially paralyzed, Truax was unable to move and two wheels of the rear car ran over his right leg.

DOCTORS THAT CAN CURE MEN

In selecting a physician or specialist, when in need of one, some consideration and thought should be given to the qualifications, experience and length of time an institute or medical man has been located in the city. It stands to reason that an institution that has stood the test of time and numbers its cures by the thousands is far superior to mushroom institutions that spring up in a night, last a few months and are gone. We have been curing men 27 years and are the oldest specialists curing men in Portland.

We invite those who have deep-sented and chronic disorders to call and be examined. Consultation and examination is free, and curries with it no obligation to engage our services.

Our offices are equipped with the most modern and scientific mechanical devices for the treatment of chronic diseases. Our charges are reasonable and in reach of any workingman. To the weak, rundown and nervous man no better advice can be given this this:

SEEK HELP WHERE IT IS CERTAIN TO BE FOUND. If you persist in going to those who have no standing professionally, HOW CAN YOU EXPECT TO BE CURED? This institution has built up its splendid practice more by the free advertising given it by its PERFECTLY SATISFIED PATIENTS, who have received the benefit of its modern, scientific and legitimate methods, than in any other way. If you are not a perfect man—come to us. Isn't it worth the little time it will take when you are CERTAIN that you will have the benefit of HONEST, SINCERE physicians who never attempt to deceive you in any way? A consultation costs you nothing EXCEPT your own time.

The importance of early treatment for these diseases cannot be too strongly emphasized; they will never cure themselves, but, on the contrary, are constantly becoming more aggravated, and in time, if neglected, will break down the strongest constitution and fill your whole future with misery and suffering. Many men make the grave mistake of selecting the cheapest treatment obtainable, and consequently are disappointed in the result. Skilled service is always cheaper in the end and much more satisfactory. Because you have tried other treatments and have been disappointed is no reason why we should fall. We claim many advantages over the ordinary physician, who lacks the knowledge, equipment and experience so necessary in speciality cases. Years of devoted study and extensive experience in the treatment of MALE DISEASES, and our ever readiness to adopt every improved curative, scientific discovery, have enabled us to evolve unapproachably perfect methods, for the cure of these prevalent, destructive ailments and their many reflex complications. I Thoroughly and Permanently Cure So Called

I was first to discover the fact that "Weakness" is merely a symptom resultant from a chronically inflamed prostate gland, and that to remove this inflammation is the only method of permanently restoring lost vigor. To this day my system of local treatment is the only successful one in use. In years I have not failed to effect a complete cure, which is a statement that cannot truthfully apply to any other treatment being employed in these cases. Of course, there is an occasional case that has passed into the incurable stage, and these I do not treat at all. My long experience enables me to recognize them and to select only such cases as I can cure permanently.
