Neuhausen Assigned to Land Fraud Trials.

FAMILIAR WITH EVIDENCE

Ballinger Sends Him Back at Bristol's Request, Destroying Last Basis of Yellow Journal Stories. Graves Is Coming North.

OREGONIAN NEWS BUREAU, Wash ington, D. C., Sept. 16.—As evidence of the desire of the Interior Department to assist in clearing up the land-fraud cases.
Land Commissioner Ballinger today directed T. B. Neuhausen, in charge of land office special agents in Oregon, to discontinue that work and give his entire time to District Attorney Bristol.

Mr. Neuhausen, was closely associated Mr. Neuhausen was closely associated with F. J. Heney in the preparation of many of the pending cases and is personally familiar with evidence and perhaps better informed regarding these cases than any man except Mr. Heney, Mr. Neuhausen will remain on this detailed duty as long as the land trials are

talled duty as long to the progress.

L. R. Graves, who now has charge of all special agents in California, is under orders to go to Portland, assuming the duties heretofore devolving upon Mr. Neuhausen. Mr. Graves is an exceptionally competent man and has long desired a transfer to Oregon. It is quite probable that this new assignment may be able that this new assignment may be made permanent, though that question is still undecided.

The detai' of Mr. Neuhausen answers the recent charge that there had been friction between aim and Mr. Bristol. The only ground for that report was the fact that Mr. Neuhausen, who had maintained his office with Mr. Bristol, was ordered to remove to the Customhouse, where his own office force was located. This order was issued by Mr. Ballinger before Mr. Bristol signified his desire to have Mr. Neuhausen's assistance, Mr. Ballinger maintaining that Mr. Neuhausen's place was with his corps and not with the District Attorney. When Mr. with the District Attorney. When Mr. Bristol asked for Mr. Neuhausen's assistance, the Commissioner very willingly sent him back, but in doing so relieved him of his duties in directing the work of land office special agents. He will have his hands full in alding Mr. pris-

That the Government does not contemplate a half-hearted prosecution of the pending land-fraud trials in this state is inferred from the announcement that Thomas B. Neuhausen is to return to the active prosecution of his duties as special inspector for the Interior Depart-

special inspector for the Interior Department. It means the reorganization of the Government's prosecuting officers—Special Prosecutor Heney. United States Attorney Bristol and Special Inspector Neuhausen—for the approaching contests. It was while acting as special inspector under Mr. Heney and Mr. Bristol two years ago that Mr. Neuhausen succeeded in accumulating much of the evidence on which subsequent indictments were returned and convictions secured. When there was a bull in the land-fraud prosecutions this year, Mr. Neuhausen was given officer duties as acting chief of the field division, that he might relieve the condivision, that he might relieve the con-gestion in that division. That work has agen completed practically and Mr. Neuhausen will be prepared to turn over his office to his successor with no unfinished business awaiting consideration. L. R. Graves, who succeeds Mr. Neuhausen, is chief of special agents in California and is expected to arrive in Portland in a for dury.

BLAZE IN TAILOR SHOP Small Damage Done - Horse Hurt

in Run to Fire.

Fire, which broke out in the basement of the tailoring shop of J. P. Torlay, at 548 Washington street, about 9:15 o'clock last night, threat ened for a time the destruction of the Hotel Kenyon, at Nineteenth and Washington streets. Crossed wires or defective wiring is believed to have been the cause of the blaze, and the guests in the hotel were forced to va-cate their rooms hurriedly on account of the stifling smoke which penetrated

every corner of the building.

The Fire Department responded promptly, and had considerable diffi-culty in locating the seat of the flames, but when this was accomplished the biaze was soon exilnguished. The loss, aside from the damage done by the smoke, which has not been estimated, is nominal, for the flames were confined to the basement.

The alarm attracted thousands of people, and a squad of police, under the command of Sergeant Baty, served to preserve order and keep the vicinity of the flames clear so that the firemen could work without hindrance

While responding to the alarm Bob, one of the handsome trio of horses attached to Truck No. 1, fell to the pave-ment at Tenth and Washington streets, and was severely cut and bruised about the forelegs. A cut on one knee re-quired the attention of a veterinary surgeon, and the animal had to be removed from the harness and a big gray substituted before the apparatus could be returned to quarters. "Bob" will not suffer any material harm by the accident, and will be back in harness within a few days.

Chronic Stomach Trouble Pronounced Incurable by Physician Yielded to the Tonic Treatment Although Patient Had No Faith In It.

"For six years I suffered untold misery from stomach trouble," says Mrs. H. P. Flanagan, of Canton, South Dakota, "although I was treated by four physicians. No two agreed as to the nature or cause of my disease. One said I had ulcers of the stomach, another that it was chronic stomach trouble and incurable, another called it neuralgia.
