MARKET IS WAITING

No Pressure Yet to Buy or Sell Hops.

HARVESTING IS RESUMED

Eight Cents Is the Top Price Paid in This State, but Nine Cents Is Offered in Yakima - A Question of Quality.

has not arrived for either buyers or sellers t show much interest in trading, and until or the other forces operations, the tendency of values will not be devel-It is realized that it would not require much effort to lift the market a cent on two but no one in the trade is disposed yet to take the bull side very strongly. What attitude the buil side very strongly. What attitude the growers will take remains to be seen, but it very likely they will prove free sellers when the crop has been baled, unless the market

ome business was reported yesterday at prices running from 7 to 8 cents. So far is could be learned, no higher offer was made in this state, but at Yakima, Guy Grafton has offered B cents for choice quality. Hart & Valley at 8 cents and two smaller lots at 7 The same firm secured a car load of olds at 414665 water. Walf & Netter also bought yesterday at the provailing prices. A lot of 200 bales changed hands a Salem at 71/2 cents, but the particulars were

The clearing weather vesterday induced a number of growers to resume picking, where the pickers had not descried them. Several small yards finished during the day, and by the end of the week, if conditions are favor able, a good many more will have brough their harvest to a close if they can keep their

Wires and cables received during the day rought no news of importance regarding general conditions, beyond emphasizing the facthat the quality of the world's crop this year not up to the standard. In every bop on choice growths is not clear yet, but it is certain that the poorer grades of hops will be in oversupply and will suffer most.

LOCAL SCARCITY OF ONIONS. Northern Shipments and Smaller Arrivals

Cause Cleanup in Market. There is a temporary scarcity of onlone in the local market, owing to recent ship-ments to the north and the fact that growers are too busy caring for their crops to send supplies to market. Buyers have been paying up to \$1.75, but with their shipping orders filled are now offering only \$1.50. A wire from San Francisco yester-day noted an easier feeling in that market, where the price has declined to \$1.50 mt 75. Potatoes are being offered somewhat more sely, and buyers are less keen to take on goods. The top price offered in the country yesterday was 55 cents, but holders generally asked \$1. San Francisco advices were of a declining market.

MORE EASTERN EGGS REACH TOWN. Three Cars, Just Arrived, Were Put on Sale Yesterday.

Three cars of Eastern eggs arrived yesterday and had the effect of slightly weak-ening the market. Receipts from the coun-try were very light. Ranch eggs were quoted at 20 #30c and Eastern eggs around 25c. A private wire from Chicago reported a cent advance in eggs since Saturday. Poultry of all kinds sold west at firm and a good demand is expected during the remainder of the week.

City creameries reported the butter market steady, with no immediate prespect of

change. On Front street the feeling was weak.

Grapes in Strong Demand.

The fruit trade was of fair proportions yesterday. Grapes were the atrengent feature of the market and sold readily. Arrivals of peaches were light. Mulrs were quoted at 75@90c and a small lot of very fancy Crawfords from The Dalles brought \$1.25. Salways will be on hand next week. Canteloupes and watermelons were slow

PORTLAND QUOTATIONS.

Grain, Flour, Feed, Etc.

MILLSTUFFS—Bran, city, \$16; country, \$17 per ton: middlings, \$24.50@25.50; shorts, city, \$17.50; county, \$18.50 per ton; chop, \$15.50; 10 per ton.

WHEAT—Club, 82c; bluestem, 84c; Valley, 82c; red, 50c.

OATS—(New crop) — Producers prices; No. 1 white, \$23.50@24; gray, \$23.22.50.

FLOUR—Patent, \$4.80; straight, \$4.25; clears, \$4.25; Valley, \$4.50@4.40; Graham flour, \$4.25.50; whole wheat flour, \$4.25.50 are; flow; brewing, \$24.50.50.24.75; rolled, \$23.50 per ton; brewing, \$24.50.50.24.75; rolled, \$23.50 per ton; brewing, \$24.50.50.24.75; rolled, \$23.50 per ton; brewing, \$24.50.50.24.75; rolled, \$24.50.50.50. Coppers No Longer a Weight on the Stock Market.

THE RECOVERY IS BRISK

Standard Oil Case and Illness of Rogers Have Been Discounted as Unfavorable Factors - Market Proves to Be Oversold.

NEW YORK. Sept. 17.—Stocks had a good recovery today, and the vigorous upward movement was in face of some unfavorable factors, or rather of realisation of the unfavorable happenings that had been previously acted upon in the market. The reverse movement of prices, usual on such occasions, was responsible in no small part for the brisk responsible to the day.

sponsible in no small part for the briak re-covery of the day.

Operators in stocks were very busy discuss-ing the resumption of the proceedings in the Government suit against the Standard Oil Company, but it was evident that the long course of preparations for this occurrence had exhausted the requirements. The same was true of the disclosures in the sworn testimony in court of the precarious state of health of a foremost capitalist in the copper industry, that person's serious liness having been reported

foremost capitalist in the copper industry, that person's serious illness having been reported and exaggerated to the point of an alleged fatal termination many times in the course of the long bear campaign.

The facts, as now learned, were given a large interpretation in the whole course of the market in July and August. The market, in short, gave every evidence of being oversold. A confirmation of this was seen in the lending rates for stocks, some of which in short, gave every evidence of being oversold. A confirmation of this was seen in
the lending rates for stocks, some of which
have commanded a small premium from the
lean crowd. This fact was only accepted for
its true value today after prices turned upwards, as it is a favorable device in a
liquidating market to borrow stocks for delivery to avoid the transfer of holdings in the
name of influential holders and give the appearance at the same time of a short interest
in the market. The bears ignored the significance of the demand in the loan crowd so long
as they had weak spote in the metal securities to help in forcing prices downward. With
relief today for that weak spot, the influence
of the agrength for several days manifest in
the railroad group asserted itself on the
whole market.

Berides the requirements of an uncovered short interest, the copper industrials had the benefit of a violent rehound in the price of copper in London today, spot copper rising there in 12s 6d per ton. In contrast there was a further reduction in the price of copper in New York of \$5c per pound. Sentiment over the situation in the metal market was appreciably improved, nevertheless, and greater confidence was expressed that a level of more effective demand was being approached which gave promise that the market would right it-

effective demand was being approached which gave promise that the market would right itself. The views publicly expressed by the chairman of the United States Steel directors gave some feeling of assurance that the course of the copper market need not foreshadow a similar course in iron and steel, or not in the same acute degree.

With the market relieved from the dragging effect of the persistent weakness in the metal industriale, some of the formerly existing factors asserted themselves. The strength of the Hill stocks was evidently due to assumptions of the benefit to flow from the higher dividend distribution to Burlington stockholders. Union Pacific shared in this movement, although in a lower degree.

although in a lower degree.

Money on call here continued firm and there was a stronger tone in the time loan market.

Bonds were irregular, Total sales, par value,
\$1.782,000. United States bonds were unchanged on call.

State Court Notes.

Twenty thousand dollars is amount asked by Adam Granda from the North Pacific Lumber Company because he lost his arm in an unpro-tected gear while working for the company. The sult is being tried in company. The sult is being tried in Judge Frazer's department of the Circult Court.

The sealed verdict in the case of E. Allison against the Doernbechler Manufacturing Company, brought in Monday night, was read yesterday in Judge O'Day's department of the Circuit Court. No damages were awarded to Allison.

W. C. Fischer was awarded \$680 damages from the G. W. Cone Lumber Company by a sealed verdict read in Judge Frazer's department of the Circuit Court yesterday morning. It was charged that the lumber company sawed up a raft of logs upon which liens were held, so that it was almost impossible to identify the lumber, and the liens could not be fore

Elmer Lin, a Chinese who pleaded guilty to a statutory crime in Judge O'Day's department of the Circuit Court, was fined \$50 yesterday. The girl in the case, Alma Church, is now in the Salem Insane Asylum.

The County Court yesterday authorized Jay H. Upton, administrator of the estate of Fred J. Rooney, to institute suit against the Portland Rallway, suit against the Portland Rallway, Light & Power Company for damages on account of Rooney's death. Rooney, it is said, was killed directly or indirecently, through the negligence of the company last August.

Lumber Company Scores Point. OLYMPIA, Wash., Sept. 17 .- (Special.)-The Supreme Court granted a writ to-

day directing the Secretary of State to show cause September 27 why he re-fuses to file the articles of incorporation of the University Lumber & Shingle Company, of Portland, Or., and the ap-pointment by that company of an agent in this state. This Oregon corporation has among its o jects the right to engage in the real estate business, and Washington state laws prohibit foreign corporations engaging in that business here. The Secretary, therefore, refused to receive the articles when tendered for

Deserter Is Finally Captured.

VANCOUVER, Wash., Sept. 17 .- (Special.)-After two years' freedom, Allen Fairweather, an army deserter from Fort Mason, Cal., was captured here yesterday by Patrolman Secrist. Fairweather says he got drunk and stayed away from the post for several days and finally left the state. He has wandered about the Coast and had ceased to think of being cap-tured when he was picked up at Van-couver. He is now a prisoner at the guardhouse, with prospects of a term

American Lumber Kings in British Columbia.

BUYING IMMENSE TRACTS

Canada's Pacific Province Offers Virgin Field-Large Purchases on Vancouver Island by Michigan and Iowa Men.

American capitalists seeking timber land investments have turned their attention to British Columbia as the only place where such property can now be secured cheaply

British Columbia as the only place where such property can now be secured cheaply. United States consul A. E. Smith, or Victoria, reports that the sale of timber lands in British Columbia and Vancouver Island continues to increase each menth, as the following details bear out:

The official report shows that from January 1 to May 1, 1907, there were issued by the provincial government 152.262 licenises for as many square miles of timber tand, from which the revenue derived was approximately \$282.500. But the record was reached during the month of May, when the total amount contributed from this source to the provincial treasury was \$137.000. The demand for standing timber is very great, and the American syndicates seem to be successful in securing the bulk or the timber lands in spite of keen rivalry from Bastern Canadians. That the demand and sales are steadily increasing is shown very conclusively in the number of timber-cutting licenses issued during the years 1908, 1904, 1905, 1906 and for the first six months of the present year, which are officially stated as follows.

1903 1904 1905 1905 1906 1907 (six months ending June 30) These figures are exclusive of hand log-gers' licenses, and they show a remarkable increase in the acreage of land staked, as each license represents approximately 640 acres, so that the number of acres covered by timber licenses in each year would be:

1,390,720 1907 (six months ending June 30.) 2,534,400 This large increase.

1,580,720
1906
1807 (six months ending June 20.) 2,716,800
This large increase for the first half of
1907, coupled with the fact that the number
of applications for licenses shows no diminution, indicates that the area under
license by the end of 1907 will be more
than double that of any former year. Official estimates state that in British Columbia there is an area of forest and wood
land aggregating 285,553 square miles. All
over this extensive area are large sections,
each of many square miles, owned or leased
by American capital. The available timber area
of Vancouver Island alone reaches the large
figure of 8,000,000 acres.

As showing purchases of British Columbia timber lands made by American investors, it may be stated that during the
present year a Michigan syndicate purchased
30,000 acres of timber land in the Klasanch
River country, in the northern part of Vancouver Island, which land is estimated to
hold 3,000,000,000 feet of fir, yellow and red
cedar and white pine lumber. This company is building mills, also a railroad 22
miles long, to enable them to ship their
lumber, making a total investment of
nearly \$2,000,000. The Standard Off Company has purchased 50,000 acres of timber
lands at Ash and Diron Lakes, near Alberni, on this island, on which age fir and
cedar trees in large quantities, the investment amounting to millions. So far nothing
has been made public as to whether the
company proposes to cut and asil the timber
or to hold the property for an advance.

A syndicate of Iowa capitalists has purchased 210 square miles of timber lands
on Vancouver lainad and the mainland, declaring their intention to erect mills on the
island and cut lumber for the export trade.
This company says they expect to invest
\$2,000,000 in the province. Giber large purchases by American syndicates are being
made every week, while small capitalists
are also making investments, which in the
aggregate foot up immense sums.

It is noteworthy that the most of the
large investments by Americans i

arge investments by Americans in Sritan Columbia timber lands have been made by weelthy jumbermen, who now own or have made their money in large manufacturing enterprises in the Eastern and Middle States. They have literally poured their money into British Columbia, because, as several have declared to the writer, they regard the timber lands in this province as the last that can be secured at nominal rates on this continent. As Wisconsin and Michigan forests were 40 years ago so are the timber lands of British Columbia today. This large amount of American cash coming into the province is a veritable boom to the people and government, both of whom are now more prosperous than at any time in their history.

STRUCK BY A STREETCAR

George Butts, Steamboat Man, Receives Possibly Fatal Injuries.

George Butts, an electrician, 26 years of age, was struck by a southbound "S" car at 12 o'clock last night and knocked senseless, in which condition he was at an early hour this morning. The accident occurred at the corner of Third and Davis streets, where Butts and Frank H. Hartley, a friend, were standing waiting for a car. Their car came by and did not stop. Hartley caught the car "on the fly," but Butts failed to reach it and crossed the street to await the next one. In so doing he evidently falled to see the approaching southbound car, No. 108, and was struck and knocked 20 feet.

Patrolman Graves was near the scene at the time of the accident and summoned the patrol wagon. The in-jured man was taken to the Good Samaritan Hospital. Butts is not be-lieved to have been fatally injured. He was recently employed on a river steamer.

Phone Franchise Hits a Snag.

VANCOUVER, Wash., Sept. 17 .- (Special.)-The application of the Home Telephone Company for a franchise in this city was indefinitely postponed at the Council meeting last evening. A petition with 28 signatures had been circulated asking the Council to re fuse to grant the franchise. The Council stated it would put the application on the table and await the de cision of the people as a whole.

Slow Work Getting Jury.

PENDLETON, Or., Sept. 17 .- (Special.)-Only three more jurors were secured today in the Rhonimus murder case, which is now on trial. Not all of the special ve-nire summoned yesterday afternoon were nire summoned yesterday aftern n hand today, but it is proba third venire will have to be called before the jury is completed. Judge Fee, counsel for the defense, had most of the talesmen excused, as the attorneys for the state seem willing to accept any one that is satisfactory to the defense.

Fined for Carrying Weapons.

OREGON CITY, Or., Sept. 17.—(Special.)—At a session of the Police Court this afternoon Fred Smith, arrested on a charge of carrying concealed weapons, pleaded guilty and received a sentence of 20 days. He is a stranger and the authorities are of the opinion that his past record will not bear a great deal of publicity.

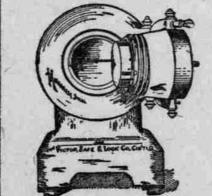

Meningitis in Pendleton.

PENDLETON, Or., Sept. 17.—(Special.)—Willie Johns, the third victim of spinal meningitis to die in this city within the last ten days, was buried yesterday afternoon. Another one of the victims was a four-year-old boy, the little son of Mr. and Mrs. J. T. Mopris, while the first one, Miss Minnie Hinkle, was a young lady, 22 years of age.

Indian Acquitted of Murder.

TACOMA, Wash., Sept. 17.—(Special.)—Paul Leschi, the Indian, was acquitted of the murder of Ed Jackson today ted of the murder of Ed Jackson today after the jury had been out but ten min-utes. The argument of the defense was "justifiable homicide." Attorney Burdick told the jury that Jackson was vicious, had an uncontrollable temper, and would have killed James had not Leschi stepped
