

LIFE DUTY FROM PRODUCTS

Dalzell Ready to Grant the Philippines Free Tobacco and Sugar.

BILL WILL PASS THE HOUSE

Roosevelt Will Use Power to Rush It Through the Senate, but Sugar and Tobacco Senators May Kill It by Filibustering.

OREGONIAN NEWS BUREAU, Washington, Sept. 16.—According to Representative Dalzell, of Pennsylvania, the Philippine tariff will form a leading issue before Congress next winter, with fair prospect of legislation absolutely removing the duty from Philippine sugar and tobacco imported into the United States.

Beaten by Dubois Last Session. As a matter of fact, the duty on Philippine sugar and tobacco would probably have been removed at the last session of Congress but for the fight made by Senator Dubois, a member of the committee on rules and right-hand man to Speaker Cannon, which means that he can speak by the card so far as the programme of the House of Representatives is concerned, and when Mr. Dalzell goes on record as favoring the removal of all duty on these commodities, it may be set down as a practical certainty that the House, at any rate, will vote to carry out the recommendations of Secretary Taft on this subject.

Mr. Dubois will not be a member of the next Senate, neither will Senator Carmack, of Tennessee, and it is quite possible that the creation of these two vacancies on the committee may result in the appointment of a more liberal member. Of course Senator Burrows, of Michigan, remains, and he has the Dubois idea, that is, the removal of the duty on Philippine sugar and tobacco, but Mr. Burrows may not prove his worth in this respect. It is true that a favorable report from the committee does not necessarily mean the passage of the bill, but it is true that the committee is that once the bill is reported, it will get to the President.

No Basis for Objections.

The entire objection to removing the duty from Philippine sugar and tobacco comes from the beet sugar states and those of the South which produce cane sugar and tobacco. It is said by representatives from these states that, if the bars are let down on Philippine sugar and tobacco, these commodities, produced by cheap labor, will come in competition with the homegrown products and force down prices in American markets. Mr. Taft, who has taken a careful study of this question, holds to the contrary, and contends that the cost of transportation on sugar and tobacco from the Philippines will make up for the lesser cost of production. Furthermore, he argues that comparatively small quantities of Philippine sugar and tobacco would be shipped to the United States, not large enough quantities to affect the market price, and yet such quantities as would materially aid the island producers, they could once have a stable and certain market. The production of both sugar and tobacco in the Philippines will always be limited, because of the restricted area adapted to their growth. Mr. Taft has repeatedly explained that there is no cause for alarm on the part of American producers who fear competition from across the Pacific.

May Filibuster in Senate.

The fight will again center in the Senate, for the bill can be put through the House by the same means which passed it last Congress. It is an administration measure in which the President is deeply interested, and any measure of this character is sure of favorable consideration in the House. The danger lies in the Senate. There debate is unlimited and filibustering is not infrequently resorted to. Though the bill may have the favorable endorsement of two-thirds or three-fourths of the Senate, it is yet within the province of a few Senators to kill it if they decide to filibuster. Any such determination on the part of Senators from states producing beet sugar, cane sugar and tobacco would result in killing the bill. The only hope of heading off this filibuster is to convince these Senators that free sugar and tobacco from the Philippines would be a boon to their respective states, and Mr. Taft will devote himself to this task if he finds it is necessary.

There is little or no prospect that Congress will remove all duty on Philippine goods entering the United States, and it is improbable that any legislation of this broad character will be undertaken next winter. Sentiment in favor of such legislation is not nearly as strong as supporters the sugar and tobacco bill, but the administration believes that the Philippines will be greatly benefited if its two leading products can find an unhampered market in the United States, and there is little likelihood that the President will devote much time or energy to securing favorable action on a general Philippine bill.

Must Let Wheat Go to Omaha.

LINCOLN, Neb., Sept. 17.—The State Railway Commission today issued a formal order commanding the Willamette and St. Louis Railway Company to furnish cars at the stations along its line for the shipment of grain direct to Omaha. This follows the complaint of the Omaha Grain Exchange made some time ago against the Great Northern Road, as owner of the Willamette and St. Louis branch, charging that it discriminates against Omaha in furnishing cars and making shipments of grain.

Two Republican Congressmen.

OKLAHOMA CITY, Sept. 17.—B. S. McGilre, Republican, has probably elected Congressman from the First district, and Frank Hubbard, Republican, in the Third district.

Hanan Shows Keep your feet dry.

Oregon graduate who goes to the medical department of Columbia.

CHICAGO, Sept. 17.—(Special.)—Oregon people at Chicago hotels: From Oregon City—C. G. Huntley and wife, at the Palmer House; J. H. Scott, Albert O. Brun and wife, at the Imperial; J. D. Coleman, C. C. McKenna, N. F. Frederick, J. H. Kerr, at the Great Northern; B. E. Warner, at the Auditorium; George C. Durkin, at the Brevoort.

NEW YORK, Sept. 17.—(Special.)—Northwestern people registered at New York hotels today as follows:

From Portland—B. S. Josselyn, H. W. Scott, Albert O. Brun and wife, at the Imperial; B. L. Cohen and wife, at the Leland.

From Seattle—Miss Demeyer, at the Broadway Central; L. H. Durwin, L. B. Nelson, A. J. Bliehn, at the Marlborough; S. L. Hall and wife, Mrs. B. Martin, at the Churchill; M. Harriman, at the Imperial.

From Eugene, Or.—F. G. G. Schmidt and wife, at the Union Square.

Everett, Wash.—H. E. Robbins and wife, at the Broadway Central.

From Tacoma—J. H. Bell, at the Broadway Central; T. Desmond, at the Grand Union; R. Bertleson, I. C. W. Rowland, at the Fifth Avenue.

From Spokane—A. R. Crowell, at the Wolcott.

PARADES TO BE STOPPED

MAYOR OF VANCOUVER ORDERS NO MORE DEMONSTRATIONS.

Asiatic Exclusion League's Preparations for Another Parade Summarily Ended by Order.

VANCOUVER, B. C., Sept. 17.—(Special.)—Mayor Bethune announced today that an attempt on the part of the Asiatic Exclusion League to hold another parade or demonstration would be opposed by the civil authorities to the fullest possible extent.

The league held a meeting, at which general plans were laid for holding another anti-Oriental parade in two weeks. This aggressive measure was planned in view of the fact that no stopping of immigration had yet been announced by the government, and members of the league do not regard the telegraph accounts of the attitude of Ottawa with particular favor. It was agreed by the league to make the parade representative of the league alone, and thus no further invitation to Seattle would be extended. Outsiders will not be allowed to participate in the parade, and 5000 men are expected to be in line.

The Mayor, however, declared absolutely that he will take no further chance with rioting. "We are wholly in favor of the objects of the Exclusion League," he said, "but our duty to the city comes before everything else, and in the performance of that duty there is nothing plainer than that another parade would be most unwise at the present time. The local authorities are desirous of being quiet, and that is the way to keep them. The city has had trouble and expense enough from the last parade. I have issued an order that no parade be allowed."

When they heard the Mayor's decision, officers of the Exclusion League declared that the arrangements for the parade would be dropped. The Hindus who arrived on the steamer Montague have subscribed \$600 for the erection of a Sikh temple. The Hindus also informed the Mayor they would appeal to the Governor-General to put an end to the immigration of their countrymen to British Columbia.

MORE TROUBLE IN SEATTLE

Two Clashes With Japanese Occur in Same Night.

SEATTLE, Wash., Sept. 17.—(Special.)—The Japanese loggers refused to give up their Chinese market, and the landlord threw their belongings into the hallway to make room for white men. As soon as the Japanese loggers realized that they were displaced to make room for whites they started a fight, laying about them with clubs until driven out of the hotel by a crowd of white men. Simultaneously with this outbreak a Japanese riding on a Kinnear Park car refused to get up when requested to do so by a conductor. The Japanese was immediately ejected from the car. The significance of both incidents lies in the fact that the two disturbances occurred in the center of one of the most fashionable residence districts of Seattle, the Queen Ann Hill section. The anti-Japanese demonstration in both instances was inspired by resentment of prominent people.

PRIEST CONFESSES CRIME

Convicted of Murder, He Tells Story of His Vices.

PITTSBURG, Sept. 17.—Ludwig Sczygziel, the Roman Catholic priest from Chicago, who has been on trial for the murder of Andrew and Stephen Starzynski, brothers, was convicted of murder in the second degree by a jury, which returned a verdict shortly before 9 o'clock tonight. To protect himself from the supreme penalty of the law, the priest unburdened his past life frankly confessing his many shortcomings, especially drunkenness. During his testimony he admitted that Francesca Sprow, his housekeeper, who was in the house when the double murder was committed, had accompanied him to this city from Chicago. It develops that the priest, who was in the house with one of the Starzynski brothers. Following this admission, District Attorney Goehring remarked: "There, you have the motive."

There, you have the motive."

It was correct that he had killed the brothers, but that it was done in self-defense and that he was drunk at the time.

Must Let Wheat Go to Omaha.

CLOSE RACE FOR LEAGUE PENNANT

Philadelphia Leads Americans but Detroit Is Still Confident.

SOX MAKING GAME FIGHT

Jennings Says Tigers Will Win and Already Prepares for Post-Season Series—Comiskey's Principle Offer to the Players.

Table with 2 columns: Team, Standings. Philadelphia (Athletics) 506, Detroit (Tigers) 507, Chicago (White Sox) 501, Cleveland (Naps) 506.

CHICAGO, Sept. 17.—(Special.)—The American League race will be decided by exactly two games and Detroit will win. This is a remarkable statement, but I want to be quoted as making it, said Jim Jennings, manager of the Detroit Tigers, recently, when opinions were sought as to the outcome of the race now demanding attention of fandom all over the country.

The White Sox are making a desperate effort to retain the pennant, but they are not in as good condition as they were last year, while the rival teams are stronger. The Philadelphia Athletics, especially, have three excellent pitchers, with two more who may swing into condition any day. Cleveland is showing remarkable strength, while the Detroit Tigers are putting up a pennant-winning fight. Comiskey, owner of the White Sox, is said to have offered his men a bonus of \$40,000 and a trip to Europe if they win. The owner of the Detroit team names no figures, but says his gift, providing the Tigers win, will make Comiskey's offer look like a "drop in the bucket."

The Sox now have 19 games to go, all on hostile territory. The Athletics have 23 games. Mr. Jennings, of Detroit, is so confident of winning the pennant that preparations already are being made to entertain the post-season crowds. Extra bleachers are now being built, the crippled Sox can get away from Detroit with an even break, they will be fortunate.

Cleveland suffered a hard hit today when St. Louis took both games, errors being responsible for the loss of both games. New York found no difficulty in defeating Philadelphia, clouting the ball unmercifully. The Athletics used four pitchers, but the fielding of the Athletics was ragged in the extreme.

Detroit had the crippled and disheartened White Sox at its mercy and made the Detroit game marked as possible for its moral effect. It had been hoped the arrival of Frank Ibbell would straighten second base and put some ginger into the team, but it appears impotent against the Tigers on their own grounds.

AMERICAN LEAGUE.

Detroit 9, Chicago 1.

DETROIT, Sept. 17.—Smith was easy for Detroit, who Chicago could do nothing with Slevor, most of the hits off him being scratches. The game was called at the close of the sixth inning because of darkness. The score: R. H. E. Detroit... 9 15 0 Chicago... 1 5 0 Batteries—Slevor and Payne; Smith and Sullivan.

New York 11, Philadelphia 3.

PHILADELPHIA, Sept. 17.—New York easily defeated Philadelphia today by hard hitting coupled with ragged fielding. The score: R. H. E. New York... 11 7 Philadelphia... 3 10 5 Batteries—Hogg, Kilmann and Blair; Combs, Bartley, Craig Lord and Schreck.

St. Louis 2-6, Cleveland 0-5.

CLEVELAND, Sept. 17.—St. Louis took both games from Cleveland today. Powell was in grand form, allowing but two of the locals to reach first. Errors were responsible for all the runs. The scores: First game—R. H. E. St. Louis... 2 6 0 Cleveland... 0 5 0 Batteries—Thielman and Bemis; Powell and Stephens. Second game—R. H. E. St. Louis... 2 6 1 Cleveland... 0 5 1 Batteries—Clarkson and Clarke; Clark, Bailey and Spencer.

Washington 9, Boston 1.

WASHINGTON, Sept. 17.—Hughes held Boston safe today, while Washington batted Winter and Glaze off the rubber and won easily. The score: R. H. E. Washington... 9 13 Boston... 1 8 3 Batteries—Hughes and Blankenship; Winter, Glaze, Steel and Snow.

SENSATION IN HICKS CASE

CHARGE FEDERATION MEN BEHIND PROSECUTION.

Defense Offers to Prove Assertion and Court Adjoins for the Purpose.

WALLACE, Idaho, Sept. 17.—(Special.)—The trial in that sensational development in the case of the State of Idaho against Carson C. Hicks, the Deputy Sheriff charged with the murder of William Quinn, took place this afternoon, when Attorney Henry P. Knight, in taking over the cross-examination of witnesses, began to ask each whether or not he was a member of the Western Federation of Miners. This question was objected to by Walter H. Hanson, Prosecuting Attorney, and Attorney Barnhart, on the grounds that it was immaterial.

Knight then offered to prove that the Western Federation was taking an active interest in the prosecution of Hicks. Hanson desired him to prove it and Knight then and there offered to subpoena witnesses for this purpose.

Hanson took up the offer, and proof will be had on this point tomorrow. Court adjourned for this purpose at 4:30. Knight had already introduced a copy of the Wallace Times of May 18, containing a resolution by the Burke Miner Association, which was signed by Knight on cross-examination of witnesses, will be based on a plea of self-defense.

Lumber Trust Cuts Price.

ASTORIA, Or., Sept. 17.—(Special.)—The Harbor of Portland, with J. E. Box Company, which represents all the local sawmills, held a meeting this afternoon and fixed a new schedule of prices on lumber for this territory. The new prices will be effective on Monday, September 23, and in a general way will be a reduction of \$2 per thousand on all grades.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; it discovers, after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer.
