PROGRESS ON ROAD

Tillamook Line May Be Completed Early Next Year.

RAILS LAID ON 17 MILES

Tunnel Through Coast Mountains to Be Finished Next Month-Rails and Material Shipped to Tillamook by Barge.

Work on the Pacific Railway & Navigation Company's line from Hillsboro to Tillameck is progressing satisfactority, according to E. E. Lytie, the president and general manager of the enterprise. He said yesterday that rails are down on 17 miles of the Hillsboro division and that track laying is being done on three addi-tional miles of that division. Grading is being done on seven additional miles on that division and work is progressing on the 1400-foot tunnel through a spur of the Coast range, which will be completed about the middle of November, according

to present indications.

From the Tillamook end northward, three miles are completed and it is ex-pected that 15 miles will be done by the end of the year. Wednesday night a bargeload of material was shipped to Tillamook from this city consisting of three track miles of rails, a car of spikes, a car of bolts and a steam shovel, and the barge also carried down 100 laborers for work on the right of way. Mr. Lytle says the principal difficulty now encoun-tered on the work is the difficulty in obtaining laborers. Few are to be had in the Tillamook district and in fact there are not enough men there now to get out needed material for the railroad that might be furnished by the mills. It

mook bay. The entire road will be ready for operation early in the new year, ac-cording to present estimates, depending upon the ability to obtain labor, and the elements

tion at the offices of the company in the Wells-Pargo building and experts are at work making tests of the deposit, which is located on the line of the new read. The croppings are said to indicate a five-foot vein of high grade lignite which will be developed if the report of the experts is favorable.

FIRST STEEL CAR IS HERE

New-Style Mailcoach Arrives in Portland From San Francisco.

As part of the equipment of train 16, arriving from San Francisco yester-day morning, was the first steel mali-car seen in this part of the country. The car was in charge of John Butterworth and an assistant, who expressed themselves as well pleased with the new car. In its construction there is no wood used, the floor being of cement. It is electric lighted and steam heated and of about the same elements as the wooden cars for the same elements as the wooden cars for dimensions as the wooden cars for-merly in use. The steel cars are man-ufactured in Omaha, and the one ar-riving yesterday in Portland is the first one of a number that are to be furnished for the postal railway mail

While it is partly the purpose of the roads in putting steel malicars into service to give better security to the maliclerks as well as to render mail matter less liable to damage wrecks, it is said that no less of life on the Southern Pacific lines in Oregon ever has resulted to mail clerks and but four have had to lay off on ac-

railway mail service, announced yes-terday that the service between this city and Pendleton will be improved by attaching a mailcar on O. R. & N. train 8, leaving Portland at 7:30 A. M. The new run will begin Sunday.

THE SEASON OF THE YEAR

Is now here when lighting fixtures, that might be furnished by the mills. It was found necessary to ship from this purt 500 piles for use at Tiliamook, which Mr. Lytle suggested was "carrying coals to Newcastle."

The 300-foot tunnel at Hobsonville will be completed in about 30 days which will be completed in about 30 days which will tended to. Both phones.

PROGRAMME FOR OLD SET-TLERS AT MILWAUKIE.

President of Their Association Delivers Interesting Address-Fine Display of Grapes Made.

Yesterday was ploneer day at the Milwaukie District Grange Fair and many old settlers were in evidence with their The programme in the afterbadges. noon and at night were well arranged and there was a large attendance. In the afternon the exercises were brief. H. G. Starkweather was chairman. He opened the programme with a short talk, then introduced Mrs. Mary Getchell, the Milwaukie Grange lecturer, who delivered the ad-dress of welcome to the pioneers. At the conclusion of her talk. J. D. Lee, president of the Oregon Ploneer Association, was introduced, and talked for nearly an hour on events of early days. Toward the close of his address Mr. Lee spoke of the wonderful progress being made by the Pacific Northwest, which he declared had some interesting Indian legends.

C. W. Bryant, of Oswego, a ploneer of 1953, talked for a short time, then the programme was closed by the audience singing "America." Mrs. M. Elsert renme musical selections during the

was rendered. Remarks were made by Robert Miller and others. This after-noon the baby show will be held at 2

The exhibits are in place in the Milwaukie Grange hall on both the lower and up-per floors. On the lower floor is most of the agricultural display, including fine potatoes, grains, onlons in several varieties, corn, pumpkins and squashes. On the second floor there is a creditable horticultural display and an exhibit of women's work. The display of grapes from J. H. Reed's vineyard is perhaps the most attractive. The sweet odor of the big clusters fills the entire room. There are several varieties but the Concord is most in evidence. There are some apples and pears, but no particular effort seems to have been made in this line. The floral display on the second floor is particularly display on the second floor is particularly earlier. Don't miss your train.

attractive. The fraternal societies have

attractive booths. At the close of the fair tonight the best of the articles will be taken to the county fair at Gladstone and there entered as Grange exhibits. There are more than 1999 separate articles on display at the Milwaukle Grange hall, and from all these a fine single exhibit can be selected.

TEN LARGE STORES.

Enough Clothing for All of Them.

J. L. Bowman & Co., the wholesale clothlers at 42 Front street, claim that in the wholesale stock they are closing out in the Couch building on Fourth street. between Washington and Stark, that there is enough clothing to start ten good big retail stores. This is without doubt the largest amount of clothing that has ever been put on special saie in the West. The stock is not only large in quantity, but it is of the finest quality, every garment having been made for this season's trade. Many of the suits would easily bring \$50 to \$45 if sold in the regular retail way, but all that J. L. Bowman & Co. ask is the wholesale price of \$12.50, \$15.00, \$20.00 and \$55.00. The cravenette or overget tack consists of nearly \$200 coats. ever been put on special sale in the West, coat stock consists of nearly 2000 coats. They are without doubt the best lookers in Portland and \$9.50, \$12.50, \$15.00 and \$18.00 will get costs worth at retail double the

JEWELRY STORE LOOTED Thieves Take \$2000 Worth of Goods

From Metzger's Establishment.

Burglars entered the establishment of Metzger & Co., jewelers, at 342 Washington street, some time Thurs-day night, and stole about \$2000 worth of diamonds, watches and rings. The burglary was one of the most daring and successful recently reported, and detectives working on the case so far have discovered no clew to the identity of the cracksmen.

The police have no definite informa-

tion as to when the burglary was committed. That the store had been looted was discovered early yesterday morning by Special Policeman Maher, morning by Special Policeman Maner, who patrols the beat as a watchman. He found the front door unlocked, and on investigating discovered that the thieves had made their escape in safety. The proprietors knew nothing of the matter until they appeared to open for business.

The crime was particularly hold and

with but little danger of detection. It is probable, the police think, that two men did the job, one securing the plunder while the other stood guard out-

All the more valuable goods were stored in the safe, which was not touched, but many costly articles were overlooked by the thieves in their Police Chief Gritzmacher last night posted a reward of \$200 for the cap ture of the burglars.
