The principal work now on hand in Hawall consists in the construction of two sets of mortar batteries, for which Congress has specifically appropriated 3900,000. A breakwater is under construction in Hile Bay, on the Island of Hawaii, but this is not complete. Honolulu and Pearl Harbor are plete. VANCOUVER, B. C., Jan. 13.—The City Council today passed a resolution asking the opinion of the City Solicitor on the city's power to disarm the Japanese. Alderman McMillan declared that an intolerable condition now prevalled in Vancouver. He believed that there was a regularly organized armed guard within Vancouver's Japtown. Children, he declared, were being stopped on their private premises, being searched by Japanese, and in other cases peaceful citzons were halted on the street and searched. The changing of guards by the Japanese from time to time, he declared, indicated the perfection of the system. S.S. ROOTS AND HERBS A SAFE AND RELIABLE BLOOD PURIFIER

In the time of our forefathers the forests and fields were the only laboratories from which they could procure their medicines. and compounded the different roots, herbs and barks into remedies, many of which have been handed down to succeeding generations, and continuously used with satisfactory results. Among the very best of these old time preparations is S. S. S., a medicine made entirely from roots, herbs and barks, in such combination as to make it the greatest of all blood purifiers. This absolute vegetable purity of S. S. S. makes it the one medicine that may be used without fear of harmful results in any way. Most blood medicines on the market contain mercury, potash, or some other strong mineral. These act with bad effect on the system, upsetting the stomach, interfering with the digestion, affecting the bowels, and when used for a prolonged period of time often cause salivation. No such effects ever result from the use of S. S. S., and it may be taken by children as safely as by older people. For Rheumatism, Catarrh, Sores and Ulcers, Malaria, Scrofula, Skin Diseases, and all other troubles caused by impure or poisoned blood, S. S. is a perfect remedy. It goes down into the circulation and removes all poisons, impurities, humors or unhealthy matter, and makes the blood pure and rich. It eliminates every particle of the taint of inherited blood trouble, purifies and strengthens the weak, deteriorated blood, and establishes the foundation for good health. S. S. S. is Nature's Blood Purifier, and its many years of successful service, with a steadily increasing demand for it, is the best evidence of its value in all blood troubles.
