CITY IS PROTECTED

Rights in Bull Run Reserve Are Not in Danger.

CAUSE FOR ALARM

Municipality's Legal Adviser Issues Statement in Relation to Matter. Says Portland Council Has the Whip Hand.

There is no cause for alarm over the rights of Portland in the Bull Run River Reserve, as the city holds prior claims and is fully protected in every manner, according to City Attorney Kavanaugh. It was thought for a time by Mayor Lane and the members of the Water Board that there was danger of a portion of the stream being diverted and used for private purposes by the Mount Hood Railway Company.

vate purposes by the Mount Hood Ratiway Company.

In an official statement, issued last night, City Attorney Kavanaugh says:

1 have never seriously regarded any attorney to secure water rights adverse to the city on Bull Run River. The flow in that river shove its confluence with the Little sandy is supplied by feeders above the city's headworks, the point of the city's intake. The slings that have been made are below this point of diversion. I am of the opinion that under its early grants the city acquired the right to the une of all the water at or above the present point of diversion. These rights were acquired prior to the omactment of any laws in this state for the appropriation of water, and gives the city a distinct priority. I am advised that the appropriators all of whom have for the appropriation of water, and gives the city a distinct priority. I am advised that the appropriators, all of whom have made flings below the hendworks, concede the superior right of the city to the use of all the water, and disclaim any right or in-tentions to use any water, except the sur-plus which the city does not now, or may

City Concedes Nothing

By any of its recent filings the city does not concede any adverse rights to any of the water in Bull Run. Appropriators may make filings and contend among themselves referenting the use of the exertion, if there he an overflow, but they will be promptly restrained if they attempt to impair the present or future supply of the city. It should be understood that the city is not engaged in a race of diligence with adverse appropriators to secure new rights to file waters of Bull Run, as those rights are already acquired and vested.

terday, Mayor Lane and the members of As was published in The Oregonian yes-

As was published in The Oregonian yes-tic Water Board felt considerable alarm quer the altuation, and as a result, two secret meetings of the board were held, secret meetings of the board were held, one being last Monday morning. The particular occusion for their anxiety was the fact that some fillings, made in haste by Superintendent Dodge, on behalf of the Water Board, proved defective, and it was feared that the city might have lost some of its rights thereby, dowever, they Attorney Kavanaugh declares that the situation is entirely safe; that the city's rights are fully protected, and that there is no occasion for alarm.

Inventigation discloses that the odds are all against the Mount Hood Railway Company, and the way things stand at this time practically precludes any action by the railroad people that would be detremental to the municipality. The Mount Hood Railway Company has no franchise as yet for its proposed lines in this city, and should its officials contest with the city relative to its water rights, it is re-

city relative to its water rights, it is regarded as certain that the Council would never consider granting it any franchise.

City Has Whip Hand.

This alone is regarded as sufficient to This alone is regarded as sufficient to shut off any action antagonistic to the city, but it is said that there are other assurances at hand that make it certain that the water rights of Portland are perfectly clear. At least, this is the view taken by City Atterney Kavanaugh, to whom the city is compelled to look for legal advice. He has recently given the matter much careful thought.

The city may go into court at Oregon City the latter part of this month to contest with the Mount Hood Railway Com-

and a bill will be drafted and sent to ritual.

Congress in due time. The Little Sandy River will also be taken over by the green of ritual, revision of ritual, revision of

Mann Hood Railway Company ran out, and upon discovering this, Mayor Lane thought bent to file on the rights for the city. To this end, papers were drawn up hurriedly in the office of city Attorney Kavanaugh and were filed at Oregon City, Notices were posted by Superintondent Dodge along the river, but it was later found the papers were faulty. Another filing was made, but the Water Board falled to include the required plats, and the work was again worthless.

City Attorney Kavanaugh places.

At the sessions yesterday committees were appointed on order of business, credentials, revision of ritual, revision of constitution and bylaws, finance, state of the order, resolutions, and ways and means. The morning session was called the order, resolutions, and ways and means. The morning session was called the order, resolutions, and ways and means. CREDIT MEN HEAR ADDRESS

"Lessons From Recent Panic" Discussed at Monthly Dinner.

Some Lessons the West Has Learned From the Recent Panic," was the subject discussed at the monthly dimery of the Portland Association of Credit Men at the Commercial Club last night by R. T. Platt, His remarks were interesting

to the large number of credit men in attendance and were carefully listened to. He did not blame the President or the currency for the stringency, but said the National bank system needs considerable overhauling.

"The recent disturbance should not be dignified by the name 'panic,' 'said Mr. Platt, 'for it was not worthy of that title. The chief causes, I believe, were the diversion of money that should have gone into legitimate industry to speculative purposes. The remedy is to prohibit reserve banks from paying interest on the deposits of other banks. The object is to keep Portland money in Portland to care for Portland business, and the same in all other places. There should be a central bank established with branches at Chicago and San Francisco, to care for the exchange of the country."

J. A. Keating, vice-president of the paying in the same in the paying in the same of the same of the paying in the same of the same of the paying in the same of the same of

to care for the exchange of the country."

J. A. Keating, vice-president of the Bankers' & Lumbermen's Bank, spoke briefly and explained why country banks send their reserves to city banks, the principal reason being the additional safety for the funds. In this way the city reserves are built up.

E. R. Rutherford, president of the association, acted as toastmaster at the dinner and the affair was a very pleasant one. Those in attendance expressed their satisfaction at having been present and listened to the instructive talks given.

OWLS IN FIRST CONVENTION

State Horticultural Society Completes Programme.

ATWELL PRESIDENT AGAIN

Summer Meeting Will Be Held at The Dalles-Number of Interesting Resolutions Adopted-Exhibition of Sprayers Today.

The Oregon State Horticultural Society oncluded its annual meeting yesterday afternoon after a day devoted to the transaction of important business, reading of several valuable papers on techni-cal subjects, and the election of officers According to programme, the session does not conclude until today, yet all the regular business has been ended, the pro-GRAND NEST MEETS IN THIS gramme carried out, and all that remains CITY.

Delegates Number 225 and Represent Local Lodges in 22 Different States.

The first National convention of the Grand Nest, Brotherhood of Owls, which will continue in seasion three days, astimated out, and all that remains is a demonstration of various makes of spraying apparatus. A number of delegates are remaining for this exhibition, which will be given at 9:30 A. M. today. Many of the delegates were leaving last night for their homes, following what was regarded as one of the most successful meetings ever held by the society. The final day was a busy one throughout, Five resolutions, all of importance to fruitgrowers, were considered and adopted. The first of these provides that the society get to work with the end in view of securing a permanent, horticul-

Smith and Professor Cordley.

Disappears as a Joke.

SOUTH BEND, Wash, Jan, 16.—(Special)-John L. Rhoćes, who mysteriously disappeared from here New Year's night, has been heard from. O. A. Lindstam received a letter from him today saying he was in his old home in Wisconsin, and left here so abruptly only as a practical joke on his friends.

The forenoon session opened with a large attendance of delegates and those interested in horticulture.

The Dalles was the selected as the point for the midsummer meeting, the date to be announced later by fruitgrowers of that district. Change was made in the date of annual meeting so that next year the sessions will be held during the first week of December.

At the Theaters

What the Press Agents Say.

IS A WIDELY DISCUSSED PLAY

'The Man of the Hour" at the Heilig Theater Is "Town Talk."

Portland theatergoers are enloying themsolves at the Heilig this week to the very
limit. The topic of conversation at many a
dinner this week is this same attraction which
has given so much enloyment, namely, "The
Man of the Hour." This much-talked-about
drama is one of the most up-to-date we have
had in many months in that it treats of the
present troubles on the "graft situation"
throughout the United States. "The Man of
the Hour" will be the bill tonight and every
night this week, with a special price matinee
Saturday. Seats are selling at theater.

THE OTHER GIRL" MAKES HIT

One of the Most Original and Entertaining Plays Ever at Baker.

Hardly a theatergoer in Portland had ever heard of Augustus Thomas' "The Other Girl." which the Baker Company is presenting this week, until now, but with the first per-formance last Sunday it sprang into instant formance last Sunday it spraing into the same and popularly. Austin Webb plays the difficult role of Kid Garvey, the pugilist, who becomes embroiled in high society affairs, while Miss Barney is the rich romantic girl who becomes infatuated with this spiendid specimen of a man, and plans an elopement with him. Matinee Saturday.

"A Texas Outlaw" at Empire.

and implies, it is a story of outlawry in the Lone Star state. The plot concerns a bitter rivalry between the outlaw leader and an honest and brave man for the hand and heart of a young and pretty girl. There will be a matines Saturday.

"Whitecaps" Matinee.

A matinee of 'The Whitecape' will be resented at the Star Theater this afternoon presented at the Star Theater this afternoon by the French Stock Company. It is a melo-drama founded on the Goebel murder and the hight riders of Kentucky. There have been few plays before the public this meason which have a greater amount of incident and more direct action than "The Whitecaps."

SEAT SALE TOMORROW.

Advance Seat Sale Will Open for "Brown of Harvard" at Heilig.

The advance seat sale will open at box-The advance seat sale will open at bixoffice the Heilig Theater. Fourteenth and
Washington afreets, tomorrow (Friday) for the
clever young star. Henry Woodruff, who will
be presented by the actor-manager, Henry
Miller, at the above theater for three nights
beginning next Sunday, January 19, with a

Wife Says Frank Kubik Made Her Dinner-Table Target.

BRINGS SUIT FOR DIVORCE

Plaintiff Asks Court to Award Her \$9000 of His \$10,000 in Bank and an Interest in His Other Property.

Because her husband, a Portland con-tractor, in a fit of anger, grabbed the hot potatoes from the dinner table and threw them at her one by one, when she had invited a friend to supper, Hattie Kubik has brought suit for a divorce in the Circuit Court against Frank Kublk, whom she married in Buffalo County, Nebruske, June 8, 1891. She alleges that this outburst of passion occurred in the Spring of 1966, and that in the Fall of the same year her husband struck her and tried to choke her, tearing her clothing and in-flicting painful brulses on her throat and arms, besides using abusive and profane

In the Summer of 1997, it is asserted, he again became abusive, and knocked her off a chair. She further says that about two weeks ago he began to rant about the house, breaking the dishes and throwing on the floor some fancy work which she had placed on the table.

Mrs. Kubik says she has borne the abuse of her husband since May, 1965, when he slapped her face in public. She declares that the cuffs and slaps of Kubik Next week the headline act at the Grand will be Adgie and her den of lions. This will be Adgie and her den of lions. This will and that of their two children, of which the first time Adgie has been seen to Poor. she asks the custody, asserting that be-sides \$10,000 in cash her husband owns a sides \$10,000 in cash her husband owns a dwelling-house at Woodlawn renting for \$12 a month and worth \$5000. She says he has also a number of farm wagons, horses and tools worth \$1000. Of this property she asks to be awarded a third, and wishes the court to issue an injunction compelling Kubik not to dispose of it.

Mand McCarty has brought suit in the Creati Court to secure a dispose of fice. chrouit Court to secure a divorce from J. J. McCarty, whom she married May 10, 1893, at Vancouver, Wash. She alleges that he deserted her December 18, 1998, without justifiable cause, and notwithstanding that she has been a true and dutiful wife.

ing. The election of a street superintendent was deferred. There is a close contest for this position between G. M. Payne, the present incumbent, and C. W. Crowder. John Catlin and J. A. Dumond were chosen regular night policemen. They will serve together with A. Saylor and H. C. Jordan special police employed by the business men to patrol the business section of the city. C. O. Lee was re-elected City Engineer and J. A. Warner was again chosen as City Surveyor.

Deaf and Dumb Man **Answers Phone**

DEAF and dumb man sat in a doctor's office about an hour before "hours," and patiently gazed at the different objects on tables and walls in an effort to keep himself entertained until the physician appeared. Attached to the wall was one of the old-style telephone boxes with an exposed double alarm bell with a clapper that struck the two bells, with a clapper that struck the two bolls, when the current was released, with a loud claiter. The deaf and dumb man had his gaze fixed on the machine when the clapper began to vibrate at a great rate, stopped an instant and repeated the operation. He heard nothing, but was aware that some one was evidently anxious to get into communication with the decrease.

lons to get into communication with the doctor. Again and again the clapper pounded out the alarm, but the eye-witness heard nothing, though he was greatly concerned about a probable call for assistance from a possible sufferer.

Now, it happens that the deaf and dumb man referred to can ejaculate one word, and that is "honk," uttered with a strong nasal accent. The man who was at the other end of the phone says that the following conversation took place over the telephone after the deaf and dumb man could stand it no longer and made an effort to receive the evidently insistent message:

"Honk

"Is that Doctor Pills?"
"Honk."
"Please hurry, doctor, and come to my
ouse: my baby has convulsions."
"Honk."

"You will come at once, wen't you?"
"Honk."

"You know who this is, of course? I am "Honk."

"Why, what's the matter, doctor? I can't seem to understand what you say," "Honk."

Then the alarmed father hung up the

phone and rushed down to the doctor's office and as he opened the door he heard the visitor say into the telephone on the wall, "Honk." Murderer's Sentence Commuted.

officer, watch and division officers, and all other officers above the rank of ensign. "Next is the Junior officers' mess,' commonly called in ship parlance the 'steerage.' In this are all line officers, such as ensigns and midshipmen, not assigned to 'watch and division' duty, and all staff officers having senior above them, paymasters, clerks, etc. Then comes the 'warrant officers' mess,' including the boatswaln, gunner, carpenter, warrant machinist, etc., and two more—the chief petty officers' and the seamen's mess. "As these different messes each occupy their own quarters a Pianola-Piano belonging to the wardroom mess would be of no benefit whatever to the junior officers, and the jackles themselves could go hungry for music during the whole cruise if they had to depend on the warrant officers' instrument. Selections of Wide Variety.

Selections of Wide Variety.

"As for the rolls selected, they are naturally enough of the lighter class of music, waitzes, two-steps, popular acong hits, and musical comedy selections; but it is by no means uncommon for an order including several of the better known classics to come in. The seamen as well as the officers know the best and want the best. You would be surprised at the intelligent knowledge of music some of the latter display when they come in to select an instrument. They usually look around pretty well before they purchase, and the finer points of the Planola-Piano, like the Themodist and the Metrostyle, are fully appreciated. But, then, the men who follow the sea are well known to possess a keen appreciation of things musical. You'll find Planola-Planos, for instance on all the big private yachts—J. Plerpont Morgan's Corsair. Cornelius Vanderbill's North Star, Sir Thomas Lipton's Erin, and a hundred others, to say nothing of those upon practically all of the great ocean liners.

FINE MUSIC FOR

THE BIG FLEET

Admiral Evans' Ships Are All Well

Equipped With Instru-

ments.

TWENTY-SIX PIANOLAS ABOARD

Jack Tars Will Vary the Day's Mo-

notony With Selections From the

Latest Musical Shows.

The officers and men who make up the fighting force of Admiral Evans squadron will not suffer for lack of music on their long cruise around the Horn and into the waters of the Pacific. The interesting fact came out yesterday that no fewer than twenty-six Planois. Planos had been supplied by the Aeolian Company to the various ships comprising the fleet—a circumstance which should insure harmony on board ship. Another interesting side-light on this musical equipment is that the installing of the instruments in question was not due to the initiative of the Navy Department, but to that of the officers and men of the squadron who set aside for this purpose a fund created out of voluntary contributions, every man on board ship coming in for his share of the expense. "It has been a matter of great satisfaction to us," said Mr. Davis, of the Aeolian Company, "to receive these orders for Pianoia Pianos for the great battleships and cruisers of our Navy. It shows how up-to-date in matters musical the Navy is and how thoroughly they appreciate a good thing.

All the Tars Can Now Play.

All the Tars Can Now Play.

"Our blue ackets are no exception to the seneral run of humanity in possessing a craving for good music. While there are always men among the different crews who can play the plano, at the same time their ability is sure to be limited. The advantage of the Planola-Piano is that it has no limitations. Practically every composition ever written that was worth hearing has been put in the form of music rolls for this instrument. Here is everything Chopin ever wrote, all Beethoven's greatest compositions, and from these lofty heights you can get anything you want down to the irrepressible Merry Widow waitz or the latest popular song of the day.

Very Best for Every Ship.

Very Best for Every Ship.

Very Best for Every Ship.

"The instruments purchased for the battleships are not the cabinet Planoias, but the upright planos, with a Planoia concealed within the case. The keyboard is there ready for hand playing as in any plano, but if you want to use the music roll all you have to do is to let down the pumping pedals and slide back a panel in the front of the case, thus admitting the roll. This makes of the Planoia plano two instruments in one—a planc and a Planoia. The combination has been aptiy termed the first complete plano. It has met with wonderful success all over the world, and I do not believe our battleships or cruisers will touch at any port where this modern American achievement in musical instruments is not known.

"On some of the ships two and sometimes as many as three Planoia-Planos have been installed. To a landsquan unfamiliar with the conditions on shipboard this might seem strange, but the conditions which exist on our fighting craft are such that four of five instruments would be needed on those of the largest tonnage in order to supply all those on board with the enjoyment that only music can bring.

Same in All the Ranks.

Same in All the Ranks.

"The lines between the different ranks are drawn sharply. First comes the 'wardroom mess,' including the executive officer (usually a lieftenant commander), the navigator, ordnance officer, watch and division officers, and all other officers above the rank of ensign.

All the Tars Can Now Play.

On Pacific Fleet, Too.

On Pacinc Fleet, 100.

The same condition exists on the Pacific Coast, where upon virtually everyone of Uncle Sam's battleships in the waters of the Pacific may be found one or more Pianola-Pianos. In Portland and throughout the Pacific Northwest the Pianola-Piano and the Planola can only be purchased of Eliors Piano House, who are exclusive representatives for these standard instruments of the world.
