OPTIMISTS WIN IN DEBATE.—The Men's Club of the First United Brethren Church, East Fifteenth and Morrison streets, has decided that the world is growing decidedly better. This decision was reached after an extensive discussion of the subject, "Is the World Growing Better?" Tuesday night. E. G. Clark and Professor William Owens upheld the affirmative and J. P. Stephens defended the negative. The affirmative pointed out the growing extent of temperance and that 60,000,000 people are now living under prohibition laws; also that the hospitals, institutions for the aged and the deaf and institutions of learning are now more numerous than ever before. The affirmative anticipated what the negative would say about the trusts by stating that the people are controlling them. Mr. Stephens and Mr. Poor for the negative contended that the hospitals, reform schools and prohibition laws are evidences of the existence of a great cancer that is eating at the vitals of the nation. They also pointed out that millions of gallons more of liquor are consumed now than ever before in the history of the world. They also pointed to the divorce bill sapping the life of the home and to the increase in crime.

PLANT TO BE RUSHED.—All possible haste is to be made in the erection of the Swift packing plant on the Peninsula. This is indicated among other things by the desire of the Swift interests to have a cartline run to the townsite of the Swift plant already laid out. A trip over the ground was made yesterday by President Josselyn of the Portland Railway, Light & Power Company, C. M. Clark, of Philadelphia, president of the executive committee and F. L. Fuller, vice-president. Representatives of the Swift interests accompanied the officials to the city traction lines. The trip was made to gain an intimate knowledge of the conditions in the packing-house district. It is understood that the city cartline will be extended to the new district just as soon as there is any business offered in that locality.

MEET IN NEW QUARTERS.—The directors of the new Board of Trade organization held a meeting in the new rooms in the Commercial Club building yesterday afternoon. The executive committee of the old Board of Trade has resolved itself into the board of directors of the new organization, making 14 directors. Seven new directors will be nominated within the next few days by the following nonpartisan committee: C. S. Townsend, J. E. Schuchman and G. W. Taylor. The added directors will be taken from the produce, dairy and wholesale jobbing industries, the lines which the new produce exchange is calculated to benefit.

PHIL METSCHAN III ARRIVES.—Dr. and Mrs. Edward L. Metschan, of 184 1/2 Union avenue, North, are the proud parents of a 9 1/2 pound son, born to them early yesterday morning at the Rose City hospital. Master Metschan, Jr., has been christened Phil Metschan III, in honor of his grandfather, Hon. Phil Metschan, ex-State Treasurer and owner of the Imperial Hotel. The young offspring is the first boy among half a dozen grandchildren and the news of the birth was yesterday cabled to the grandfather, who with his wife and two daughters, are making a tour of Europe.

SUITER UNDER INDICTMENT.—Nathan H. Suttler, the policeman who killed Henry Shaffer, is charged with murder in the second degree. The information filed in the State Circuit Court yesterday morning. He is now in the County Jail. No preliminary examination was held by the District Attorney before indicting Suttler yesterday, the information being based upon the verdict of the coroner's jury.

MURDOCK SENT TO ROCKFELL.—E. Murdock, of Beaverville, Ind., arrested by Detective Coleman and Price for petty larceny, was convicted in the Municipal Court yesterday and sentenced to serve one year on the rockpile. Murdock says he is a newspaper cartoonist, asserts that he was forced to steal, as he could not earn money with which to get food and shelter.

ARRANGE THAMEN FUNERAL.—The remains of John Thamen, a Portland man who passed away in San Antonio, Tex., while on his way to Dallas in that state, reached this city last night. Funeral arrangements have not yet been completed but it is expected interment will be under the direction of the Portland lodge of Elks, of which the deceased was a member.

INFANTS SUBORDINATE LODGES.—Richard Scott, grand master of the Odd-fellows of Oregon, has just returned from a trip through the Eastern Oregon. His trip this time was extended to Malheur County. He found the subordinate lodges in a prosperous condition. He still has about 100 lodges to visit before the grand lodge meets in May.

MEMBERS OF WEBFOOT, Camp No. 65, Woodmen of the World and their gentlemen friends are cordially invited to attend a grand stage party, Friday evening, March 6, at Woodmen of the World's Temple, Eleventh street. Moving pictures, illustrated songs, good musical numbers, a fine wrestling match and cigars to all.

ALUMNI ASSOCIATION TO MEET.—The Brooklyn Alumni Association will meet tomorrow night at 7:30 o'clock in the assembly hall of the Brooklyn school. Eight members will debate the question: "Is Women Suffrage Beneficial? A musical programme will be rendered.

BUSINESS MEN'S CLUB.—The East Side Business Men's Club will meet tonight in its rooms on Grand street, to receive reports of progress in the movement to erect arches for the Rose Festival parade, and also to take steps toward securing a permanent clubhouse.

REPORTER ON VOICE CULTURE.—Professor F. W. Goodrich will address the Mount Tabor Home Training Circle tomorrow afternoon, at 3 o'clock, in the West-avenue schoolhouse on "The Importance of Voice Culture."

DR. F. L. MACKENZIE moved to the Rothchild building, Fourth and Washington streets, opposite Woodward & Clark's.

OPPOSES VEHICLE TAX.—Petitions have been prepared by the executive committee of the East Side Business Men's Club to invoke the referendum against the vehicle-tax ordinance, and their circulation was commenced yesterday. It is considered probable that other civic organizations will assist in the movement to repeal the ordinance. Councilman Keeler has taken the lead in fighting the ordinance. There seems to be wide-spread opposition to the measure. C. A. Biglow, president of the East Side Business Men's Club, said he would be considered in the principle of the ordinance wrong and unjust to business men. Councilmen Bennett and Menefee come in for consideration on the East Side for their position on the ordinance. The petitions will be circulated with energy, and it is expected to get the necessary 10 per cent of voters within a few days. While a vote on the measure cannot be had at the June election, it is said, the invoking of the referendum will hold up the enforcement of the measure.

SEWERAGE WORKS AGAIN SEVEN.—A meeting to discuss the question of sewerage for the district lying east of East Fifteenth street, Sellwood, was held in Welch's store Tuesday night. After the matter of the restaurant had been heard from, it was decided that the time was not ripe for a sewer, one of the reasons being that many of the people had not paid for their homes, and were not in a position to assume the burden of any additional expense, especially as the cost of a satisfactory sewer would be very great for the district. However, the principal objection was the fact that very few streets were graded, and many houses did not have city water, and for this reason a sewer would be of no value whatever. A motion to postpone the matter indefinitely was unanimously approved.

BECOMES INSANE AT HOTEL.—Mrs. Frances E. Jackson, wife of A. Jackson, after a quarrel with an Alaskan, became violently insane at the Imperial Hotel last night, and was taken to the County Jail. She was brought to Portland yesterday by her husband who was taking her to California in hope that a change in climate and scenery would relieve her of the dementia with which she had been afflicted. About 10 o'clock last night she became violent and screams aroused the guests of the hotel. At the instance of her husband, Deputy Sheriff Bulger and Proebstel were summoned. An examination of her condition will be made this morning.

CALLS IT A PERSECUTION.—Dr. P. L. Austin, proprietor of the Union Dental parlors, was arrested yesterday forenoon, on complaint of the State Dental Board, which charges him with practicing dentistry without a license. Austin came here early in December and on application for a license to practice was told to wait until the next examination in May. He declined to wait and failing to get a temporary permit proceeded to practice without legal sanction. Austin says he is being persecuted because he is a foreigner, and that he has been subjected to a violation of professional ethics. This violation consists in advertising.

MUSIC FESTIVAL CHORUS.—Considerably over 200 singers, some of them professional musicians, attended last night's session, at Ellers hall, Park and Washington streets, of the Portland chorus rehearsing for the series of concerts which the Chicago Symphony Orchestra, in this city, April 10-12. The management wishes that enough singers, soprano, alto, tenor and bass, join the chorus to make it one of 300 voices. William H. Boyer announced last night that until the concert, chorus rehearsals will be held every Monday and Wednesday nights, commencing at 8 o'clock.

ALBINO FINGER ARRESTED.—E. A. McCarthy was arrested last night by Deputy Constable Werthelmer, and lodged in the County Jail. McCarthy is charged with forging a number of checks, either five or six, and passing them in Portland. Ex-Deputy Sheriff Harry Morand is said to be one of the unsuspecting persons to receive a forged check. The check was forged by McCarthy at his home near Hillsboro, being taken into custody on the train. When the case was brought to trial his relatives got him out of his difficulty. He is said to have been on a spree when arrested last night.

BOARD OF TRADE ORGANIZED.—The Montavilla Board of Trade was organized at the Standard Broom Factory building on Hill avenue Tuesday night with the following officers: President, C. A. Evans; vice-president, Charles H. C. Morlock. The new organization will affiliate with and send five delegates to the United East Side push clubs' meetings. Next meeting will be held Tuesday night, March 17. A number of representative citizens were present at the opening meeting.

FUNERAL OF SILAS DILDINE.—The funeral of Silas Dildine, a business man of the East Side, was held yesterday afternoon from the Central Methodist Church. Interment was in Rose City Cemetery. Mr. Dildine was a California pioneer, but had been a resident of Portland for many years. He traveled for a Portland shoe store for some time and then opened an establishment of his own in North East Side.

KREISLER-BAUER RECITAL. Most Important Musical Event of Season at Hellig, March 17.

The joint programme to be given in Portland by that fine young pianist, Harold Bauer, and the splendid violinist, Fritz Kreisler, will be the most important event of Portland's musical season so far. Two world-renowned artists have never before appeared on the same programme here, and the recital on Tuesday, March 17, has stirred up the musical people tremendously. The tours of both artists are under the direction of Lois Steers-Wynn, "Conductor-Kreisler," as Bauer called, very justly, the greatest of living violinists, and Bauer has risen to a rank of the highest in the pianistic world. Their joint programme will be awaited with great enthusiasm and will, undoubtedly, set a new standard in the concert world here.

FILES NEW INFORMATION

DISTRICT ATTORNEY'S PLAN IN BANK CASES. Says Objections Held Fatal on Demurrer Can Be Avoided in New Indictments.

District Attorney Manning said last night that new information against J. Thornburn Ross, T. T. Burkhardt, John E. Altchison and George H. Hill, officers of the defunct "The Bank," are nearly ready. He was at work on them last night and said they would be filed today, and that the defendants would be vigorously prosecuted in the Circuit Court. Mr. Manning expects to bring the cases to trial before the end of March. He said last night that he believed all the objections that could be made against the new indictments on demurrers, had been decided in the case of the ones which were thrown out of court a few days ago, and that a speedy trial would be the result. The new information will state definitely the time and place of the commission of the alleged crimes, and will state the crimes with much certainty, so as to leave no room for demurrers. The bonds of the four officials, which were put up when they were arraigned on the previous indictments, have been released, and it will be necessary for the bank officials to give new bonds. Mr. Manning said last night that State Treasurer Steel was examined in the District Attorney's office yesterday, and that he will be a witness for the state at the trial. He will tell of giving the money of the state into the bankers' hands and of demanding payment, which was refused. "The sustaining of demurrers by Judge Cleland has only put us in better shape for the prosecution of the cases," said Mr. Manning. "Those fellows have not made anything by their tactics."
