Nobby Footwear Styles

The shoe stock carried in this store is especially selected to meet the demands of those who seek shoes that are bargain values more than shoes at bargain prices. High-class footery is not expensive here; it is indeed modestly priced when compared with the figures asked by "exclusive" shoe stores. In selling a pair of shoes here, we have more to think of than pleasing a customer on shoes alone, for we know that to have them dissatisfied with the shoes is to risk losing their trade in other departments; therefore, the most expert fitters possible to obtain are employed. We believe that more careful attention is given to selecting a perfect-fitting shoe in this store than in any other store in Portland. The low shoes in which customers find it most difficult to obtain satisfaction are the "Garden Tie" and the "Colonial." We fit these here so they do not bag at the ankle or slip at the heels. The Colonials come in patent leather, grannmetal calf and brown suede. The Garden Ties in bright or dull calf, tan-calf or brown suede. The side shoes are \$5.00 pair; all other styles \$4.00.

GUNNERS' AM TRUE

World Records Reported Broken by American Fleet.

SHIPS WILL BE REPAINTED

Everything to Be Made Spick and Span for Dress Parade at San Francisco—Banquet on Mexican Gunboat.

MAGDALENA BAY, March 29.—(Via Point Loma Wireless Station, Cal., March 29.)—Record target practice for the 16 battleships of the Atlantic fleet is rapidly approaching a conclusion and it is expected that next Wednesday, April 1, will witness the final firing on the ranges at the Virginia, the Kansas and the Vermont were on the firing lines today and they are the last ships to complete their work. The Vermont and the Kansas are indulging in target practice for the first time under record conditions and have been granted quite a concession in the way of preliminary practice. Monday, Tuesday and Wednesday, it is believed, the Kansas and Vermont will have the ranges all to themselves. The gun crews on these ships have had lots of opportunity to practice for the work at the targets and they should make a splendid record. The ships sent to the ranges first suffered something of a handicap, as gun drilling at sea does not give the same results as when a ship is lying at anchor. All of the ships, it can be stated, however, have been doing splendid work at the targets and it is still a matter of doubt as to whether the championship gunnery pennant for armored vessels will fly from one of the armored cruisers of the Pacific fleet or from one of the battleships now here. It is believed the contest has narrowed down to the results of the small caliber scores. The three-inch rifles especially figuring in the equation which is to be solved. The records as at present compiled give no certain indication of the final result. The battleships have made high scores with their 12 and 13-inch guns, as against the eight and ten-inch rifles in the primary batteries of the Pacific fleet cruisers. With the completion of target practice on next Wednesday, the crews will turn to coaling, and then will follow a week of cleaning and painting ships for the welcomes which await the vessels at the various California ports they are to visit. When the work of painting is done the 18 ships will look spick and span as the day they left Hampton Roads, and will be manned by crews that are trained to the minute and are ready for any service. Next Thursday night, April 2, a banquet is to be given on the Mexican gunboat Tampico, which has been here

ever since the fleet arrived. The host of the evening will be Governor Sanguiuez, of the Southern District of Lower California, who came to Magdalena to greet Admiral Evans and the other American officers as the personal representative of President Diaz, of Mexico. Covers for 20 will be laid, the guests including all flag and commanding officers. Following the dinner, which is to be an elaborate one, there will be exchange of speeches on the quarter-deck of the Tampico. Governor Sanguiuez will make the address on behalf of the Mexican government, and the responses will be by Rear-Admiral C. M. Thomas, who commands the fleet in the absence of Admiral Evans, and by Captain Seaton Schroeder, of the Virginia.

MILWAUKEE IS IN RESERVE Together With St. Louis Will Lie With Banked Fires.

NAVY-YARD, Puget Sound, March 29.—(Special.)—The protected cruiser Milwaukee, Commander C. A. Gove commanding, arrived here at noon today to go into reserve. The trip up from Mare Island was an uneventful one. Commander Gove declared his ship is in perfect trim and ready to go any place in the world on a few hours' notice. The Milwaukee, with the St. Louis, will lie at anchor indefinitely with banked fires. This is the Milwaukee's first visit to Puget Sound, but the customary salute was postponed until tomorrow. The Milwaukee, like her sister ship, the St. Louis, which is also here to be placed in reserve, has lost much of her prestige with the advent of heavily-armed and heavily-armored fighting ships.

HERTZIAN WAVES WANDER FAR Point Grey, Near Vancouver, Talks With Point Loma.

VANCOUVER, B. C., March 29.—(Special.)—The Dominion government wireless station at Point Grey, five miles from Vancouver, on Saturday night picked up a message being sent from Point Loma, California, to the Mare Island Navy-Yard at San Francisco. The operator at Point Grey later exchanged several signals with Point Loma. An hour later, Point Grey talked with a Pacific Coast Steamship Company's steamer entering the harbor of Juneau, Alaska.

May Take Charleston From Service. SAN FRANCISCO, March 29.—Admiral Sebrer's cruiser squadron, consisting of the cruisers Tennessee, California and Washington, arrived here today from Monterey. The cruiser Charleston, also one of Admiral Sebrer's ships, arrived from Mare Island. It is rumored that the Charleston is to be taken from active service. The cruisers will leave Wednesday for Seattle.

Nerby Hotel Robbery. SAN FRANCISCO, March 29.—Early this evening a man wearing false whiskers and goggles entered the Hotel Rose and forcibly took from the proprietor, Mrs. L. A. Palmer, money and jewelry amounting to about \$200. When making his escape the burglar passed several persons

stopping at the hotel who were ignorant of the cause of the man's wild run down the stairs.

RATE LAW DECISION HELPS Stock Market Feels Encouraging Effect on Securities.

NEW YORK, March 29.—Benefits to the financial and industrial situation are hoped for from an amendment to the anti-trust law which will permit reasonable agreements even though in restraint of trade in the strict application of the law as interpreted by the Supreme Court. The judicial department of the Government supplied a factor of encouragement in the stock market in the Supreme Court's decision against the validity of the Minnesota and North Carolina railroad rate laws. On the side of industrial and business conditions are reported as having some confusion of the good and the bad. Additional resumption in steel mills and the rise in the price of copper caused a feeling of encouragement over the metal trades. Large curtailments of goods production and reduction of wages in the New England cotton mills made the depressing factor in the textile trade situation. Railroad officials do not speak with enthusiasm of the rate of betterment in their traffic, and reticent continue with the order of the day in the railroad world.

CHINESE MAKE MISTAKE Highbinders Attack and Beat Up the Wrong Man in Oakland.

SAN FRANCISCO, March 29.—What is believed to be a reopening of Chinese highbinder activities at Oakland took place today at the corner of Fifth and Jackson streets, when John Williams was set upon by three Chinamen and badly beaten about the shoulders and slashed across the back of the right hand before he could fight them off. Williams believes he was mistaken for another man, and in this the authorities agree with him. He is said to bear some likeness to one of the guards employed by one of the formerly warring tonga to protect their head men. The fact that as soon as Williams had thrown off his hat and attacked his assailants one of them uttered a cry of warning and all turned and fled leads to the belief that the Chinamen then discovered their mistake and took to their heels.

PRESIDENT MONROE IS OUT Head of University of Wyoming Accused of Untruthfulness.

LARAMIE, Wyo., March 29.—The board of trustees of the University of Wyoming yesterday removed President Frederick Monroe Tidell on the ground of alleged maladministration, insubordination and untruthfulness in university affairs. Professor J. F. Tower was made acting president. Recently President Tidell issued a public statement making graft charges against the trustees. Olympia Beer, "It's the Water." Brewery's own bottling. GIRLS PUT UP FIGHT

Striking Telephone Operators Attack Superintendent.

BACKED UP BY CROWD

With Six Strikebreakers, Official Arrives at Lewiston and Is Met by Pickets—These Turn on Him and Tear His Clothes.

LEWISTON, Idaho, March 29.—(Special.)—Scenes of disorder marked the day's close of the telephone operators' strike last night, when Superintendent Reynolds arrived from Spokane on the train with six girls who will take the place of striking operators. Nine strikers, supported by a large crowd of sympathizers, met the incoming train and endeavored to persuade the new girls from going to work. After attempting to reason with the Spokane girls, the strikers vented their spleen on Reynolds and his girls.

TWO SCORCHED IN FIRE Fashionable Seattle Apartment House Badly Damaged.

SEATTLE, Wash., March 29.—(Special.)—Fire in the Otis, a fashionable boarding-house on the first hill, caused a loss this afternoon estimated at from \$15,000 to \$30,000. The entire third floor was gutted and the furnishings of the rooms beneath were badly damaged by water. Walter S. Fulton, ex-Prosecuting Attorney of King County, and his mother, Mrs. Martha White Fulton, were slightly burned.

she returned to get a pair of shoes. In getting her out of the room a second time both were slightly scorched. A high wind was blowing and the low pressure on top of the hill added to the department's difficulties. The damage to the building is about \$600, the rest of the loss being on personal belongings. The building is owned by C. H. Otis, of the Otis Elevator Company.

St. Paul Actor Repeats Old Story of Illicit Love.

ST. PAUL, March 29.—William D. Trainor, a travolite actor, shot and killed Mrs. William Prior, an actress with whom he was traveling, in an apartment at the Clarendon Hotel early this morning, and then committed suicide. Mrs. Prior was about 25 years old. An open letter found in the room after the murder indicated that Mrs. Prior had threatened to leave Trainor. Three dollars was found in Trainor's pocket and it is thought they were near the end of their resources. Coroner Miller learned today that Trainor's home is in West Union, O. The home of the husband of the dead woman is in Providence, R. I.

bulk of the Independence League votes outside of New York City will gravitate to him. Chanler was a bright league star until after he took office on January 1, 1907. Every day, however, he has got further and further away from his old independent companions. But he has diplomatically avoided any direct break with them. Of course, however, he does not even dream of an endorsement by the new National party, which now has a column on the official ballot.

Chanler is more concerned as to what Bryan's friends will do than he is regarding the action the Independence League may take. He has privately urged various leaders not to force the Bryan men out of the party, and would be satisfied to see a merely perfunctory opposition made at the National convention.

It has been suggested in his belief that the New York delegation vote on the first ballot for some favorite son, preferably although not necessarily Chanler, and on the second ballot swing in for Bryan.

"Such a programme," added the Chanler emissary, "ought to make everybody happy. Bryan's enemies ought to be satisfied, and I do not think his friends would object."

This compromise was rejected on the spot. Now Chanler has another problem, whether or not he shall go as a delegate to the National convention.

If he goes to Denver and casts his vote for Johnson, Gray or any of the other conservatives, he will alienate local Bryan voters if he makes the race for Governor. By going to Denver and "making a noise like a Bryan delegate," he will hurt himself with the dominant element here. One of his Duchesne County emissaries said today:

"After careful consideration I have advised Lew to either break his leg or go to Europe about the first of July. The grandest diplomat in the world could not go to Denver, and make a good get away unless he was absolutely indifferent to a political future."

MAKING QUIET IN COREA

Japanese General Says People Appreciate Mikado's Kindly Interest.

TOKIO, March 29.—General Okasaki, commanding the Japanese troops in Corea, returned to Tokio today. In an interview with the Associated Press, he said:

"The insurrection in Corea is practically quelled, only a few bandit organizations remaining. The people of Corea are beginning to understand Japan's beneficent intentions. We shall actively pursue the remaining insurgents, who are merely robbers and murderers undeserving of sympathy."

Reports from Seoul the last few days are to the effect that there have been three separate attacks on the insurgent camps, in which 103 Coreans were killed.

ILLNESS OF HIS WIFE CAUSES HIM TO Leave England.

LONDON, March 29.—Tommy Burns, the American heavyweight pugilist, expects to leave England for the United States April 4. His early departure from this country is due to the illness of his wife.
