PLENTY OF "INSERTS" LEFT

ROSE FESTIVAL ADVERTISING MATTER TO GO AWAY.

Business Firms Urged to Send Out Leaflets in Their Eastern Correspondence.

The Rose Festival management had up to last night distributed all but about \$1000 of the 25,000 mailing inserts which contain a tabloid programme of the most important events of the festival during the June celebration. One firm has, within the past week, sent out more than 5000 of these advertising leaflets. All of them going into Eastern territory, while one of the local hotels, through an arrangement with the National organization with which all local hotels are associated, has distributed not less than 1500 of the inserts. These will within the next few days find place among the exploitation literature which the more important hotels of the East carry about Pacific Coast cities, which offer attractions to summer season tourists.

Why My Specialty Is Men's Diseases

And the Reason for My Remarkable Success in Curing These Ailments

The study of medicine is as broad as life and as complex as Nature. It is therefore impossible for any individual man to master the treatment of all human life. The physician who attempts to do so is able to cure only the most simple ailments. The ordinary physician is a general practitioner, one who becomes neither a good watchmaker nor a successful shipbuilder. The general medical practitioner knows as much about one disease as he does about another—and he has no ultimate knowledge of any. The cure he performs—when he is fortunate enough, to cure—are usually purely accidental. The patient gets well not because of the physician's efforts, but in spite of them. When the ordinary physician treats men's diseases, HE HARELY EFFECTS A CURE.

I AM A SPECIALIST IN MEN'S DISEASES.

My practice is confined wholly to the diseases of men, and the fact that I invariably cure every case that I accept for treatment, fully justifies the treatment of all human life. I have for twenty-five years made a Specialty of Men's Ailments and have so closely studied them that I am able to most effectively and quickly cure every case, and to effect a permanent cure in a very short time. I am never for a moment in doubt as to my course. I know just WHAT to do and HOW to do it, and I do it. My practice has grown to be by far the largest in the western part of America.

So do not wait until I can effect a thorough and LASTING CURE in each case that I accept for treatment, that I will give a Written and Binding GUARANTEE TO CURE YOU, AND YOU NEED NOT PAY ME A DOLLAR UNTIL YOU ARE WELL.

My Fee for a Thorough Cure of Any Ailment Is \$10

Bear in mind that I could not afford to do this if I did not KNOW that my treatment would not fail. I am the only doctor who dares to make such a proposition. Under no circumstances do I ever take cases for treatment you may absolutely rely upon it that I will cure you.

MY METHODS ARE ORIGINAL.

My methods are entirely original with me, and are the result of many years of special study and experience. Instead of killing my patients with powerful drugs and stimulants, as do other specialists, I apply soothing and healing and absorbent medicines. I try to cure the disease at its source, and thus aid Nature in overcoming the trouble. The best of all medicines is Nature. It is in Nature that performs the cure. Powerful drugs taken through the stomach do not cure. They merely set up a new disturbance in the system, which, unless removed by another class of physician, is to drive the sufferer with toxins, which exasperate the patient so that he actually believes himself improving under such treatment. But after a very short time these stimulant medicines cease producing the desired effect, when the disease gains a new and firmer grip upon the patient.

HOW I CURE.

My method of treatment overcomes inflammation and congestion by aiding the tissues of the diseased region to throw off the poisonous blood and the deadly toxins caused by the disease. Some of these toxins are more poisonous than the virus of the rattlesnake's fang, and when they reach the heart, produce instant death. Thousands of the most sudden deaths which occur with alarming frequency in every city in the land, are directly due to toxic poison, although such cases are usually pronounced "heart failure" or "acute disease." My treatment completely eliminates every trace of disease and accumulated poisons from the system, and thus allows Nature to perfect a COMPLETE CURE.

DO NOT BE DECEIVED.

My methods have revolutionized the treatment of ailments peculiar to men, and have rendered former medical theories, theories and my system of practice have sprung up everywhere. I have succeeded in any field of human endeavor because I understand. Following the lead of the GREAT PHYSICIAN, WHOSE NAME IS WRITTEN IN THE HEAVENS, I insist that they cure by means similar to those employed. Such statements are uttered with a base intent to deceive. The facts are that I have cured thousands of cases of the most stubborn and chronic diseases. BY MY METHODS, BECAUSE NO MAN OTHER THAN MYSELF KNOWS THESE METHODS. My treatment is the ORIGINAL and ONLY CURE OF SPERMATORRHOEA, CONTRACTED DISORDERS, SPECIFIC BLOOD POISON, LOST STRENGTH, and all reflex diseases. VARICOCELE, HYDROCELE and STRICTURE positively cured WITHOUT THE KNIFE.

Examination and Advice Free

I offer not only FREE CONSULTATION and ADVICE, but of every case that comes to me I will make a Careful Examination and diagnosis without charge. If you cannot write for Diagnosis Chart, My offices are open all day from 9 A. M. to 9 P. M., and Sundays from 10 to 11.

When Pain Follows Physic, the Physic is Wrong

Pain is always a symptom of injury. Gripping means that the physic is harsh—that it irritates. You injure the bowels when you seek to help them in that way. The bowel lining—like the skin—becomes calloused if you constantly irritate it. The hardened lining retards the natural functions. Then you have a chronic condition calling for constant physic. And the calloused bowels demand a heavier dose.

Such physic is wrong. It is wicked. It destroys the very functions that you seek to aid.

You cause what you seek to cure. One should never take any laxative save Cascarets. They are gentle and natural.

They never irritate the bowels, never gripe. Every effect is curative. They are as harmless as they are palatable. One tablet is enough unless the bowels are calloused. The dose never needs increasing. Take them just as you need them to insure one free movement daily.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure to get the genuine, with C.C.C. on every tablet. The box is marked like this:

Cascarets

The five-packet box is 50 cents. The month-treatment box 50 cents. 12,000 boxes sold annually.
