The other resolution directs the Secretary of Commerce and Labor to inform the House what steps have been taken by the Hureau of Corporations toward investigating the paper trust.

The resolutions were subsequently called up in the House and passed.

After Clayton (Ala.) denounced the pa-

May Drive Out Paper Industry.

Does any one suppose, he asked, "that by the passing of a bill putting wood-pulp paper on the free list, in the twink-ling of an eye you can transfer the in-listry from the United States to Canads, and that under those circumstances ads, and that under those circumstances the Canadian Parliament will not impose an extra duty on pulp logs? "If that were done," he inquired, "when would you get your relief? Where would you get your cheaper paper? Where in the name of common sense would it benefit anyhody in this country?" Paype said he knew there was some them talk" about taxing intelligence.

"cheap talk" about taxing intelligence, but he maked, "Why not hear this sub-ject as intelligent men and not go into hysterics over the matter?"

Addressing the Democrats, Payne said the difficulty was the Democrats felt there were too many votes behind the newspaper men of the country, "who, un-der a protection which comes not from the tariff but from localities that have a monopoly of the newspaper business of the linited States, try to rush Congress into the idea without investigation, with-cut looking into the facts and without determining whether you will deprive 25,-900 people of the means of a livelihood and force the removal of the tax."

More Gags for Filibusters,

Further to thwart the Democrats in their fillbustering factics under the lead-orable of Williams, the House today by a strict party vote adopted a rule giving power to the presiding officer without rolloall to declare the House in recess every day at 5 o'clock until the following morning at 11:20, the rule to run until Monday next. The rule further provides for the consideration of the naval appropriation bill beginning Friday morning, and that general debate on the measure shall close at 5 o'clock Saturday, unless debute shall have been exhausted before that hour, when it will be the duty of the chair to declare a secess until Montal to the contact to declare a secess until Montal to the contact to declare a secess until Montal to declare a secess Purther to thwart the Democrats the chair to declare a recess until Monday at 11:20 A. Last Vestige of Power Gone.

As if to divest the Democrats of every westige of nower left to them, Dalzell subsequently reported another rule which the Republicane put through by sheer force of numbers. The rule provided that hereafter a general appropriation bill that has been considered and amended in committee of the whole House shall be not on its measure index averaging of put on its passage under suspension of the rules, and that a majority, and not they made even an attempt to fight a two-thirds vote shall carry the bill through. The object of the rule is to prevent the Democrats from securing roll calls on motions forcing votes on amend-voted an instructed delegation named.

OREGONIAN NEWS BUREAU, Washington, April 8.—The Attorney-General again falled to report on the Mondell landgrant resolution today, so the House public lands committee was unable to take action thereon. The committee will hold action thereon. The committee will hold a special meeting temotrow to consider this question, and in all probability Attorney B. D. Townsend will represent the Attorney General. From present indications the resolution will have to be radically amended before it can be reported, for many members of the committee believe it contains a joker which would prove decidedly beneficial to the railroad commany and severely luminer the Government and severely luminer the Government. my and severely hamper the Gos erument in its soit.

Waldo deserves credit because he was the only man to make a fight on the Woodruff machine, which, despite whatever the primaries may say, mighty unpopular with the voters. But in all the 18 Assembly districts, outside of Waldo's, the machine ticket was indersed at the polls without a mur-

State Senator Patrick H. McCarren, the Democratic boss, also received vote of confidence, despite the fact that he is openly recognized as the Albaby representative of the Sugar Trust and Standard Oil. The leaders in the movement against McCarren included Borough President Bird Coler, ex-Sheriff Flaherty, others who had formerly been distin-guished lights in the Independence Apparently the voters decided that McCarren, with all his faults, was a far better leader than the other even with all their virtues.

Hughes men attacked Francis A. Hendricks, leader of Onundaga County, in his lair, Syracuse. "They lost with case," to quote Mr. Hendricks.

Murphy had no fight on his hands in Cammany, the McClellan opposition having died away. Several of the Mayor's supporters were recognized by being permitted to play second fiddle on certain delegations. But at the polls there was not even a murmur of protest. Murphy and his ally, State Chairman Conners, won handly all over the Empire State, and are in position to issue a volume, entitled, "Who's Who From New York at Den-ver." They have said enough to make it clear that the New York delegation will be uninstructed and absolutely

hostile to Bryan. The followers of the "Peerless One" were not at all in evidence at the primaries. In fact, the only place where

vored an instructed delegation, named tickets in all Assembly Districts, but only attracted a straggling support.

Pleasing the Bosses.

All of this was very pleasing to Mr. Murphy and Mr. Conners. They are anxious to see a nice, harmonious convention, with 78 submissive votes, und and delivered to them under binding instructions.

"It looks fine," said one Tammany man, who is close to Murphy. "I don't believe you will hear even one dele-gate clap his hands for Bryan. And nobody will cheer unless some outsider manages to sneak into the gailery unobserved.

The Independence League also held its primaries at the same time as the big parties, and elected a number of delegates that are already causing rouble for William Randelph Hearst Nobody in the inner circle of the League approves being brought under the scope of the primary law, but they

are there, and cannot help themselves. The League primaries were held i the same rooms as the Democrats. Prohibitionists and Socialists.
