HOMEWARD BOUND FIXED FOR GRAIN

American Bark Will Load General Cargo at London for Vancouver, B. C.

WILL TAKE ON WHEAT HERE

Terms of Charter Different From Ordinary Fixtures - Vessel Has Had a Varied Career Under Three Names.

The American bark Homeward Bound. Captain Thompson, has been chartered to load general cargo at London for Vancouver. B. C. From that port she will pro-ceed in ballast to Portland and will load grain for the United Kingdom for orders. The Homeward Bound arrived out at Liverpool. April 18, and is ready to pro-ceed to London and take cargo.

ceed to London and take cargo.

The terms of the charter of the Homeward Bound are entirely different from any which have been anounced for a number of years. The information at hand fails to state the reason why the vessel will discharge at Vancouver, B. C., and from there come to Portland in ballast. In the opinion of shipping men, more satisfactory arrangements could be made.

The Homeward Bound is a years, with

made.

The Homeward Bound is a vessel with a history. She was built in 1885 at Belfast and christened the Zemindar. After an eventful career she was sold to the Germans and named Otto Glidemeister. Under this name she succeeded in break-ing all the long-distance records on a voyage from Europe to San Francisco. Reinsurance went up to more than 20 per cent and there was a long gamble. In a dismasted condition, and with scurvy among the crew, she finally towed into among the crew, she finally towed into San Diego. Underwriters declared her a total constructive wreck and those who had placed money on her arrival lost. She was sold to Hind, Tolph & Co., of San Francisco, and was rebuilt under American registry. Since that time she has been called the Homeward Bound. She salled from Portland December 17 of last year with a cargo of lumber for orders. She made the run out to Falmouth in 108 days. Fifteen days later she arrived at Liverpool, where the cargo was discharged.

NORTHWEST WINDS BLOWING

Steamers Proceeding Up the Coast

Delayed by Weather. Strong northwest winds have been pre vailing for more than a week past and vessels bound up the coast are being held back. The steamship Rose City, which was due to arrive in at Astoria yesterday morning, did not put in an appearance until late in the afternoon. Agent Harry Young, of the North Pacific Steamship Company, received a message from San Francisco, stating that the steamship Roanoke salled from San Francisco in the face of a strong northwest gale. This w.l hold the vessel back

for more than a day.

The torpedo-boat flotilla, consisting of the Preble, Perry, Farragut, Fox and Davis reached Astoria yesterday afternoon at 3:15 o'clock. They were compelled to seek shelter at both Humboldt and Coss Bays on account of the beauty and Coos Bays on account of the heavy weather. They will arrive up this

CARRIES LUMBER FOR PERU

Schooner Willie R. Hume Takes Cargo to West Coast.

American schooner Willie R Hume, Captain Mackenzic, opened the foreign lumber shipments for June by clearing yesterday for Mollendo. Peru, with \$15.503 feet, valued at \$12.000. The crew will be shipped today and the vessel will probably leave down in the after-

The clearance of the Willie Hume is the first for several years where lumber for a Peruvian port has been carried in American bottoms. Several foreign ves-sels got away for West Coast ports during the season of 1907 with lumber, but none flying the American flag.

Quiet Day on Waterfront.

Election day was observed as a holiday on the waterfront. Not a single vessel worked, and with the exception of transacting necessary business, the shipping offices were closed. At Tongue Point the a case of necessity, as that craft is due to sall from San Francisco June 6 with the event at the stockade, which was United States mail for Australia

STANDS THE WEAR

Effect of Carbolineum in the Treatment of Wood Blocks.

BETTER THAN CREOSOTE

Councilman Howard, of Lewiston, Makes Investigation of Results Here and Is Convinced of Merits of Former Method.

Councilman L. B. Howard, of Lewison, Idaho, yesterday afternoon made a areful examination of the merits of arbolineum and creosote treatments or wood paving-blocks, and unhesitatngly pronounced himself in favor of carbolineum. After scrutinizing the two brands of treated blocks lying side by side along Fourth street, he stated that it is plain the creosote-treated blocks are inferior to those treated by arbolineum.

Mr. Howard is here to see the city and to enjoy the Rose Festival for a few days, but in the meantime he is mindful of the fact that, as a Councilman of Lewiston, he is in duty bound to investigate the merits of creosote and carbolineum treatment for wood blocks, inasmuch as the Council there has voted to award a contract aggregating approximately \$235,000 worth of wood blocks for paving the principal streets of the Idaho city.

streets of the Idaho city.

Accompanied by representatives of the Carbolineum Wood Preserving Company, of Portland, Councilman Howard inspected the Fourth-street pavement from Yamhill to Alder, and with a pick ripped up some of both the creosote and carbolineum-treated blocks, which he will send to Lewiston for inspection by his colleagues and those interested in the large contract soon to be let.

soon to be let. The carbolineum-treated wood blocks (fir) were laid seven years ago, and although in constant use, and being trav-ersed continuously by the heaviest of teams and trucks, yesterday appeared to fine advantage. Blocks treated by creosote, laid by the Southern Pacific Company, between the Fourth-street track and two feet on either side of the ralls, show that they have not withstood the wear and tear of traffic anywhere nearly as well. There is a distinct line, it being easy to distin-guish between the two treatments along the street. It is pointed out, also, that this particular top of creeseting that this particular job of creosoting is a first-class one, it having been put in by the railroad company, which al-ways demands the best of all kinds of naterial and workmanship.

Councilman Howard, after inspecting Councilman Howard, after inspecting in a more casual manner the two kinds of treated wood blocks, took a pick and tore up some of both kinds, which he will send to Lewiston. The creosote treatment, as it appeared yesterday, caused the fir blocks to split into innumerable little pieces, whereas those treated by carbolineum were in much better condition, both in body and on the surface.

The fact that Councilman Howard is favorably impressed with the carbolineum-treated blocks is much more significant, it is explained, than appears on the surface. He was strongly op-

on the surface. He was strongly op-posed, during the recent proceedings in Lewiston, to wood blocks. He de-sired brick, but wood was his second choice; and he now believes that Lew-iston will get the full value of every dollar in the carbolineum-treated wood dollar in the carbolineum-treated woo

MURDERER SOON CAUGHT Poole, Maniac Lover, Had Once A

tempted Suicide.

FOND DU LAC, Wis., June 1.-Gran Poole, who shot and killed Mrs. E. H. Orvis at the Methodist Church at Oak-field yesterday as the congregation was dispersing, was captured late last night by a farmer named Morgan near the village of Ladoga, eight miles from Oakfield. The prisoner was brought to this city and placed in jail early today.

Poole has been madly in love with Grace Orvis, the daughter of the dead woman, and his attentions forward here. woman, and his attentions toward her have not been countenanced by the family or the young woman. Five years ago Poole tried to commit

suicide by shooting nimself, but was prevented. He was arrested and sent to the State Hospital at Oshkosh. After three years at that institution he was Miss Orvis was employed in the Bank

of Onkfield, and Poole hung around the bank a great deal, seeking to renew his attentions to the young woman. His victim was 50 years old and a would be set aside after July 1, when new funds become available. Olympia Beer, "It's the water." Brew-ery's own bottling. Phones, Main 671, A 2467.

Mrs. Orvis was the social leader of the village.

SAILORS ARE NEGLECTED Only Remembered When Wanted to Fight, Says Veteran.

NEW YORK, June 1.—Commodore Will-lam E. Mackay, postmaster at Ruther-ford, N. J., a naval veteran of the Spanish War and a Republican candidate for Congress, created some surprise yes-terday when he made the following state-ment from the platform at the unveiling

of a cannon in Hackensack to memory of soldiers and sailors who lost their lives in the wars of the United States:

'It is sail to relate that we are forgetting the American sailors. We are erecting magnificent buildings in almost every city in every state to be used as public libraries, hospitals and asylums of all binds. kinds, but where do we find any of those achievements for the sailor? Because he is a seafaring man away from friends. he is forgotten, except when it is thought there is a possibility of a foreign coun-try making an invasion somewhere on our

coast; then we think of our sailors.
"Do you know how many places there are in the United States where a sailor can expect a cordial welcome, a comfortable room, a wholesome meal at a rea-sonable price?
"There are just six, and there should

"It is seldom the sailor is remembered by our people when attending divine wor-ship, and I think it is wrong. I am glad to know that this monument is erected to the memory of our saffor-heroes, as well as to the soldiers."

Murderer Defies Pursuers.

LOS ANGELES, June 1,—Robert Gon-tales, a Mexican laborer, attacked his wife with a butcher knife at their home in Rincon, hear Whittier, and before she succeeded in escaping, he had stabbed her eight times, inflicting probable fatal in-juries. Armed with the knife, Gonzales defied a crowd of 50 persons some time and attempted to cut his throat when the citizens rushed blue. He is in jail.

A Simple Test Which Any Reader of This Paper May Try

you know whether you are inlined to, or have kidney trouble? Have you ever tried the simple test of setting aside your urine in a bottle or vessel for twenty-four hours? A sediment or settling in the urine indicates a diseased condition.

Science has today furnished proofs that all the purifying that your blood needs; in fact, all that can be done, must be done by your kidneys.

They are the most important organs, because they filter and purify the The kidneys strain or filter out the mpurities in the blood-that is their

When your blood is impure, nothing can purify it but your kidneys.

When You Need the Services of a Doctor Consult One of Wide Experience

WE ARE just now completing our TWENTIETH year as specialists in MEN'S DISEASES. If we accept your case for treatment a cure is but a matter of reasonable time. Each and every patient receives skillful, scientific and expert treatment, and he sees and knows from the beginning of treatment that he is getting the BEST medical attention obtainable.

Our entire time and practice is devoted to the cure of BLOOD POISON. VARICOCELE, STRICTURE, LOST VITALITY, HYDROCELE, PILES, FISTULA, DISEASES OF THE KIDNEYS, BLADDER AND PROSTATE GLAND, CON-TRACTED DISORDERS, WEAKNESS AND ALL DISEASES COMMON TO MEN. OUR METHODS are up-to-date, and are indorsed by the highest medical authorities of Europe and America. Hence our success in the treatment of men's

MEN, if you are suffering from any DISEASE or WEAKNESS, we want you to know you have a friend in us. We want you to feel that you can come to us with the troubles you'd tell to your closest friend—or that you would even hesitate to tell him. Our relations will be as PRIVATE and CONFIDENTIAL as they have been with multitudes of others who have received our assistance. Be careful in selecting a doctor to treat you, for it all depends upon the physician you go to as to whether you get the cure you seek. WE FULFILL ALL OUR PROMISES and never hold out faise hope. You need health and strength first—that's money; helps to make money.

CONSULTATION AND ADVICE FREE. We offer no cheap "bait" to entice you to our office. Don't run away with every hook that has bait on it. OUR TERMS reasonable and made to suit the convenience of the patient. If you cannot CALL, write for self-examination blank and free book. Many cases cured at home. Medicines furnished from our own laboratory for privacy of our patients, from \$1.50 to \$8.5) a course. OFFICE HOURS: 9 A. M. to 8 P. M. daily; Sundays, 10 to 12 A. M. only.

OREGON MEDICAL INST. 291 1-2 Morrison St., Bet Fourth and Fifth PORTLAND, OREGON

The Reliable Specialists.

Our Physicians Are All Licensed to Practice Medi-cine in the State of Oregon.

The aches and pains of Rheumatism are only symptoms which may be scattered or relieved with liniments, plasters, blisters, etc., or quieted with opiates. As soon, however, as the treatment is left off or there is any exposure to dampness or cold, or an attack of indigestion, or other physical irregularity, the aggravating pains, swollen joints and t ender places on the flesh return, and the sufferer finds that he has merely che cked the symptoms, while the real cause remained in the blood. Rheuma ism is due to a too acid condition of the blood, brought on by indigestion, chronic constipation, weak kidneys, and a general sluggish condition of the system. This acid circulating in the blood produces the pains, aches, and other disagreeable symptoms of Rheumatism. S. S. S., a purely ver setable remedy, cares Rheumatism by going down into the circulation and driving out the cause and making this life-stream pure, rich and healthy. When the blood has been cleansed of the irritating, pain-producing acid; by S. S. S., the pains and aches cease, the muscles become soft and pliable, the health is built up, and Rheumatism completely and permanently cured. Book on Rheumatism and any medical advice free to all who write.

TO MEN VISITING PORTLAND

during the Rose Festival (until June 18th) I will allow, out of all fees paid, one-half fare from any point in Oregon or Washington.

Judge My Ability to Cure Weak Men

By My Unparalleled Success My Fee Is for the Past 25 Years The proof of a physician's ability is to be found in the results he obtains, and although I

am not at liberty to supply individual names of patients as references, the marks of supe rior skill and service are so protoinent and conspicuous as to render my doing so unnecessary. Twenty-five years of success and constant growth of practice are certainly a practical demonstration that argues the merit of my work. This is PROOF that too man can gainsay. This remarkable success, has built up my practice year by year, month hy month, day by day, until it is today the largest by far in the Western part of America. Estimate for yourself my volume of practice as compared with the practice of other Western specialists. Is there the slightest probability that, if unable to back up all my claims, I v ould have won and retained the foremost place among physicians treating men? Could I fail to cure and yet succeed as I have? Have you ever heard of promise of mine remaining unfulfilled, or of one of my patients being dis satisfied with the treatment received? Consider these things and then come and talk with my in regard to your case. I am always willing to wait for my fee until a cure is effected,

In any uncomplicated

The Leading Specialist My Special Treatment

The methods I devised over twenty-five years ago for treating men's diseases proved a radical step in medical science. Those methods have enabled me to joure diseases that were formerly regarded as incurable. In working out my methods I held the theory that "Weakness," for instance, was not a constitutional or functional ailment, but a prostatic affection, and therefore, merely local. I reasoned that its constitutional effects were simply the results of a tremendous waste of energy due to inflaromation of the prostatic gland; that this being true, a local treatment could alone effect a cure. Thereupon I devised the treatment I employ today with such marked success. Indeed, I have never known this treatment to fail to effect a complete and permanent cure in a comparatively short time.

My treatment for other diseases peculiar to men are also along original lines and are equally successful. Hence I reiterate that no man need be WEAK or AILING. My Special Treatment is an open door to vigor and all the pleasures that belong to perfect health. Any man may avail himself of my services. It has been and is my life's work to aid afflicted men, alleviate their sufferings and restore them to health and vigor. I have therefore placed the charge for my servstances. To PRIOVE my confidence in the results of my treatment, and as an act of good faith,

I WILL W'AIT FOR MY FEE UNTIL YOU ARE CURED

No man can be fairer than that, I take all the risk. You take none whatever. You have everything to gain and absolutely nothing to lose.

SEEK EXPERT MEDICAL AID NOW Men whose vitality is exhausted, those who have some private disease or weakness lurking in their system, and who are prematurely old, while still young in years—broken-down wrecks of what they ought to be, and who want to be strong, and to feel as vigorous as they did before they wasted their strength, to enjoy life again, to win back the vim, vigor and vitality lost, should consult with me before it is too late. MY DIRECT-METHOD TREATMENT OFFERS A POSITIVE

CURE FOR EVERY AILING MAN I CURE "WEAKNESS"

"Weakress" is not a nervous disorder, demanding a tonic system of treatment, but is merely a symptom of chronic inflammation or congestion in the prostate gland. This condition exists as a result of early dissipation or some improperly treated contracted disorder, and requires carefully directed local measures only. By my own original methods the prostate teland is quickly restored to its normal state, which results in full and gomplete return of strength, for the functional disorder is entirely removed, and I am convinced that by no treatment other than my own carefully directed local measures is a radical cure of this ailment possible.
