for a children's playground in the
neighborhood of the site. It is said the Council
will make the vacation at its next meet-
ing. Carbars are to be erected there.

BOYS HOME FROM OTTUMWA.

The Sunnyside High school boys' brigade,

their pleasure. No accidents occurred
during the excursion, and every one
thoroughly enjoyed the outing.

The recent drill of the public school children of Port-

towards the promotion of various outdoor
and athletic sports among the children
in the public schools of Portland.

FUNERALS OF TRAGEDY PRINCIPALS.

The funeral of David Conell, the jealous
Italian who shot and killed his sweet-
heart, Mrs. Dollie Sharp, and his rival
for her hand, Delmar Peterkin, and then
killed himself, will be held from the chapel
of Dunning, McEntee and Gilgibath this
afternoon. The interment will take place
at Rose City Cemetery. Of the victims of
the crazed Italian, the remains of Delmar

NEW JAIL SCHEME GOES OVER.

Owing to a clerical error in the resolution of
the Council, authorizing the Executive
Board to call for bids for the sale of the
old City Jail and the site on which
it is located at Second and Oak streets,
Councilman Willis did not introduce it
yesterday, and the matter thus went over
until the next session. This is the ex-
planation given by Mr. Willis. Others
may be well advised to act on this by Coun-
cilman Driscoll, who has recently become
a bitter political enemy of Mr. Willis and
other members of the majority faction.
Mr. Driscoll has said in public that Mr.
Willis has land for sale.

CHIEF TO DECIDE FIRE LIMITS.

The City Council yesterday afternoon referred to
Fire Chief Campbell an ordinance, fixing
the fire limits on the East Side. The
Chief is to make his report to the Council
at the next meeting, which will be
in two weeks. The only question in-
volved is as to whether it is best to ex-
tend the fire limits so as to include every-
thing east of the Willamette River to East
Sixth street. The line now begins at
East Water street. Councilman Belding
made an effort to secure the adoption of
an amendment to the proposed ordinance,
of which Deputy Fire Marshal Roberts
has approved, to extend the limits to in-
clude everything from the harbor line. He
failed in this, but did succeed in securing
reference to Chief Campbell, who, in-
volved in this, will recommend the extension
of the fire limits to include the entire
district between the river and East Sixth
street.

BETTER WATER SERVICE PROMISED.

Pressure valves for the city water sys-
tem have arrived, and will be used at
once in changing the Holiday-Irvington
district from the low to the high pressure
service. At present the houses in this
large district are supplied from the main
which is connected with the lower reser-
voir at Mount Tabor, but will hereafter be
connected with the upper Mount Tabor
reservoir. Having suffered water short-
age in the second stories of their homes
the people are very anxious for the change.

cided to hold a district fair in October.

other lines, including women's work and

PETITION REFERRED TO MAYOR.

The petition of J. M. Toomey and other
merchants in the North End district, seeking
official action in the matter of the pre-
sence of disreputable houses there, was re-
ferred by the City Council yesterday to
Mayor Lane and the police committee of
the City Executive Board, and was de-
cided Sunday morning. The Council de-
cided to refer it to be purely a case for exec-
utive action, if any.

FRANCHISE FOR CLOCK.

first of a new kind of franchise, granting
to A. Heitkemper & Co., 288 Morrison
street, the right to equip, install, maintain
and operate a clock in front of the
jewelry store at that number. This is in
lieu of a special permit, which was
granted some time ago by the Council,
and which has expired. The life of this
franchise is 25 years.

ARCHITECTS PROTEST.

Portland architects, who submitted plans for the new
Albina High School recently, and whose
plans were not accepted by the Board of
Education, have filed a protest with the
Board, asking for an investigation and
a full report of the details upon which
the awards were made. The matter will
receive attention next Monday afternoon,
when the School Board will meet.

WIRING WILL BE INSPECTED.

Residents of Montavilla will ask for careful inspection
of dwellings that have been wired for
electric lights. Recently electric light
wires were provided for houses in that suburb,
but owing to the lack of fire protection,
the Montavilla Board of Trade is insist-
ing that an inspection shall be made to
see that the wiring is safe.

BIG DEAL IN FARM LAND

Curious Error Discovered During Transfer on Peninsula.

One of the most singular evidences of careless methods in the transference of real estate came to light a few days ago. Charles K. Henry & Son had negotiated the sale of a dairy farm on the Peninsula to the east of Woodlawn, belonging to Charles Francis Adams, of Boston, when examination of title brought to light the fact that patent to the land had never been recorded. It therefore became necessary to send to the department at Washington to obtain a certified abstract of title from the Government to Gideon Millard and Antony Whittaker, who had obtained the original title in their donation land claim.
