RUN DOWN CANDIDATES

Democratic Leaders Search High and Low in King County.

SEATTLE, Wash., July 31 .- (Special.)-King County Democrats held a protract-ed conference tonight to find Democrats eligible for county and legislative nominations who would file declarations of candidacy under the direct primary law. Though the final filing limit will be resched within a waek, only three legis-lative candidates have filed and two score of places on the ticekt are still vacant. The county committee will can-vass the list of Democrats to fill out the whole ticket. Considerable progress was nade tonight, but there is a remarkable Democratic apathy.

In the municipal campaigns at Seattle and Tacoma the Democratic central committees met and slated a ticket that was filled under the primary law and for-mally ratified by a handfull of voters. At the state committee's meeting in Tacoma Monday a similar programme was out-Monday a similar programme was out-lined, but to induce a big primary vote, contests were invited by trying to stir up contests. Tonight the King County Democrats followed that precedent.

MILK FOOD VERSUS BEER

Writer Enters Protest Against Modified Prohibition.

NORTH YAKIMA. Wash. July 29.—(To the Editor.)—I noticed in The Oregonian of last Saturday a communication from Rev. Barr G. Lee advocating "Modified Prohibition," etc. Such inconsistency so diagusts me, because a minister should stand for such a compromise with the greatest curse of the age, that I make this reply.

I would ask Mr. Lee if he thinks the time will ever come when "absolute prohibition of stealing and murder can be onforcede I refer any one who doubts the benefiting results of prohibition, to the present condition in Maine, Kansas, Georgia and other prohibition states. I repeat: "Compromise cannot settle a moral question."

What loyal and clean Oregonian cares for the future of the hop industry, if its produce goes into an article that is neither a food nor a simulant, but creates as much disease, debauchery and crime as any other license.

disease, debauchery and crime as any other liquor?

Oh, no. Nobody gets "hoodlum drunk" in Germany, as in America, but listen to the report of scientific research: "The injury from beer is not from alcohol alone, but also from the uncalled for quantities of liquid which heer drinkers take into their atomachs.

In Munich, the capital of Beerdom (as a German physician calls it), every 16th man dies of what is called beerheart. There apoplexy and kidney diseases abound, owing to good Bavarian heer."

What am insult to advocate beer for bables when the following is true as to food properties from the analysis of School Physiology Journal:

SUPREME COURT U. S.

Maybe Five New Justices Appointed by Next President.

PORTLAND, July 30.—(To the Editor.)—With the election of Mr. Bryan would certainly come a radical change in the personnel of the United States Supreme Court. Trace members of the present court are now eligible to retirement under the 70-years old law, after ten or more years of service in the court

years oid law, after ten or more years of service in the court.

Chief Justice Fuller and Justice Harian are 75 years old and may retire at any time. Justice Brewer is 71 and is siso overdue for retirement. Justice Peckham, who has been 13 years on the bench, will be eligible for retirement in November, and Justice Holmes in three years, thus making it morally certain that four, if not five, new Justices will be appointed by the next President, including the Chief Justice.

All agree, no doubt, that our judicial tribunals should be above the conflict of partisanship, but it is a matter of simple history since the days of "Dred Scott," that Democratic Judges do not rise above partisan views in their decisions.

In view, therefore, of certain features foreshadowed in the Denver platform, and the certainty that the future complexion of the Supreme Court would be changed by the Nebraskan Micawber, it certainly stands good citizens in hand to reflect that the broad experience and trained judgment of Mr. Taft, acting is harmony with the party that has made the country great the last 45 years, is more competent to appoint the next five members of the United States Supreme Court.

quire No More Security.

NEW YORK, July 31,-Arrangements for meeting the \$8,000,000 Wheeling & Lake Erle notes, which fall due tomorrow, were completed today by Kuhn, Loeb & Co., bankers, according to an announcement made by the bankers. It was stated that no issue of additional security would be required under the plan, but the consideration by which the Gould read was enabled to meet the notes was not made public. Neither would any of the persons concerned in the transaction say whether or not the destiny of any of the Gould roads was affected by the terms of the new agreement. At a meeting of the directors of the Wabash Rallroad Company today, the

plan agreed upon yesterday to have Kuhn, Loeb & Co. and Blair & Co. fur-nish the necessary funds was ratified.

RATE HEARING IS DEFERRED

More Time for Injunction Against Reduced Lumber Rates.

SAN FRANCISCO, July 31.-Hearing on the petition of the Southern Pacific Company and the Oregon & California Railroad Company for an injunction against the Interstate Commerce Commission will be continued until the latter part of September. This suit was brought to restrain the Commission from interfering with the rates fixed by the railroad companies on rough green fir lumber from Willamette River points to San Francisco and Bay points. The railroads had fixed a rate of \$5 per ton, but this was set aside by the Commission on complaint of the Oregon lumbermen and rates of \$3.40 and \$3.65 per ton were fixed by it.
