the British bark Crown of India, shipments of wheat foreign for the month of September amount to 1,278,165 hushels, valued at \$1,188,519.

The Crown of India cleared yesterday and will be towed to the bar probably today. She carries 111,049 bushels of wheat valued at \$99,900, and is under charter to Kerr, Gifford & Co. The bark is under command of R. H. Cillbert and will proceed to Queens.

This vessel is the first of four carriers
to get a charter after walting about
six months in this port. The others
are Brodich Castle, in since February
27; Leyland Bros. March 6; and Donna
Francesca, March 25. All have been
offered charters at about \$1 higher
than new obtainable; but on account
of the large surplus of tonnage at all
Coast ports, the vessels will have to
lay over for some months longer, probably until next season, unless owners
will accept "going rates."

With steam tonnage available at 25

rate of 27s 6d.

Numantia is about ready to sail The Numantia is about ready to sail and will probably finish at the mill today. It is estimated the steamship will take 50,000 barrels of flour to the Orient. Since the advance in freight rate and the financial depression in Japan, flour shipments have fallen off materially to ports in Japan. There are indications that the business will pick up again before a great while, as stocks went necessarily have failen ks must necessarily have fallen on the other side of the Pacific.

HOLDS THE SECOND PLACE

### Portland and New York Close on Wheat Shipments.

According to a bulletin just issued by the Department of Agriculture at Washington, New York leads Portland for first place as a grain shipping point by barely 2,000,000 bushels. Portland is firmly in second place and

Portland is firmly in second place and Philadelphia comes third.

At the closing of the first eight months of the gereal year the total shipments from the Eastern metropolis amounted to 9.849,455; Portland, 7.854,989; Philadelphia, 7.992,335; Baltimore, 8.904,175. The combined ports of Puget Sound exported 7.901,364, or about 50,000 bushels more than Portland alone.

August shipments of wheat foreign August shipments of wheat foreign were small in comparison to the heavy business of September, while from At-lantic seaports the export was above the average. At the close of Septem-ber some rather startling comparisons doubtless will be found in the Govern-

ment report.

From the United States the wheat exports for the eight months totaled 54,082,751 barrels of wheat valued at the four shipments. exports for the eight months totaled 54.082,751 barrels of wheat valued at \$52,432,298, while the flour shipments comprised 8.274,608 barrels, having a value of \$38,468,340. The value of the value of the foodstuffs sent from the country is placed at \$113,561,150.

Portland annexed the opening contest of the final home series of the season yesterday, defeating Oakland by the score of 2 to 1. Eddic Kinsella, he of the large proportions and awkward demeanor, occupied the mound and was opposed by the ex-Portlander, Vess Loucks. Eddic was 14 karats fine, and so was Loucks, but the Athenian with the nerve-wracking delivery, was unfortunate in being forced to depend upon Catcher Smith as a third sacker.

This worthy's Darkest Africa heave of

This worthy's Darkest Africa heave of Casey's bounder, in the inaugural chapter, gave Pearl the required incentive to tap the gong once. Smith's heave carried into the right garden bleachers, and there being no necessity for ground rules yesterday, the Portland captain was entitled to the circuit. Mr. Truesdale, who has been doing duty as an infielder for the Oaks, was indisposed and this required the conscripting of Catcher Smith as guardian of the third sack. The run he presented to Casey was all for Portland until the fourth when, after Oakland had tied the proceedings up into a double bow knot by finding kinsy for three bingles, the home guard got busy three bingles, the home guard got busy with Brother Vess and soused two hits, one of which was a double, by Frambes. This gave the locals the lead.

# Fast Double in First.

Mr. Cook, who has been doing duty as Van Haltren's leading batter during the Van Haltren's leading batter during the recent games, was the first man to face Kinsy in the opener. He very promptly laced a single past Johnson. Happy William Hogan was an easy out and Pop Van Haltren followed Cook's example with another hit in the same locality. Helt-muller banged to Cooney, whereupon the Portland boys did away with Oakland contingent by pulling off a fast double play, wherein Van Haltren and the "Wooden shoes" were lee packed most expeditiously.

expeditiously.

Then came Portland's half. Pearl Casey was the first up and he banged one at the catcher-third baseman, who one at the catcher-third baseman, who fielded neatty, but his cannon ball heave carried yards above Miller's head. The sphere landed in the right field bleachers, giving the Portland captain all the time needed in which to make the circuit.

Mickey La Longe opened, the third canto for the visitors with a safety to left. Loucks fanned and when Cook acorched another past Johnson, Mickey got it into his head that he could ride it to third, but Raftery was there with the strong arm stunt and heaved the ex-Seal out a city block. Cook, however, ambled to second on the play, and when "Exulting William" laced a single to the Ryan patch, the chef trotted home with Oakland's portion of the tally sheet.

# Bassey in Old Position.

John Bassey, who performed in his old position once more, opened the fourth for the home guard with a safety to center. Ryan's out sent him on one peg, and when Frambes doubled to the left garden wall, Bassey was the hero kid in bringing home Portland's second and winning acc. After that both twirlers were invincible until the hinth, when two hits in a row off Kinselia gave the fans cold chills. However, Eddie settled nicely and the Athenians were closed out without doing further damage.

## RUN FIRST CARS THURSDAY Vancouver Preparing Celebration at

Advent of Trolley Line.

VANCOUVER, Wash., Sept. 22.—(Special.)—The new streetcars for the Vancouver street railway arrived in the city this evening and the street railway company at once began making preparations for the opening of the line which will take place on Thursday afternoon.

The Columbia Club has taken up the matter of arranging for a celebration and appointed as the committee on arrangements J. J. Padden, E. S. Blesscker, J. H. Elwell and E. E. Beard. The following programme will be carried out: The business men of Vancouver, with the officials of the Vancouver Traction Company and several business men from Portland, will make the initial trip over the entire

this the visiting guests will be entertained at luncheon at the St. Elmo Hotel by the business men of the city. After the first trip is made over the line, the cars for the rest of the day will be at the disposal of the citizens of Vancouver and frestrides will be given to any and all who wish to go over the line.

The street railway company last night asked for an extension of the present franchise to build a loop line along Twenty-sixth street on the northern limits of the city and south on Smith and Franklin to Eleventh and thence to Main, thus completing the circle. The line when thus finished will furnish service to almost every part of the city.

See Big Ad, Page 7.

TODAY PORTLAND DAY Go to Country Club will make the initial trip over the entire line. At the city limits, addresses will be made by railway officials, Tom Richard-son of the Portland Commercial City, and business men of Vancouver. Following Pacific National Show,

# MENCURED

IS MY FEE in Any Uncomplicated Disorder

The Scientific Treatment of Weakness Dosing the system with powerful stimulants and tonics in an effort to restore functional vigor can have but one final result. The condition is rendered worse than before. "Weakness" is merely an indication of a low form of inflammation in the prostate giand, and this inflammation is but aggravated by stimulating remedies that excite temporary activity. I employ the only scientific and fully effective treatment for "weakness," which effects a permanent cure by restoring the prostate gland to a sound and healthy state. I obtain complete results in every case I treat. NOT A DOLLAR

Those in any trouble suffering from SPER-MATORRHOEA, LOSSES AND DRAINS, VARI-COCELE, HYDROCELE, BLOOD POISON OR any other disease tending to destroy and disfig-ure and to render happiness impossible are urged to call upon me without delay.
