Arizona Exile Not Allowed to Call Witnesses in Defense.

FORBIDDEN TO STAND TEST

Retiring Board Bars Evidence Disability - Stewart Must Not Ride 90 Miles or Take Walking Test.

WASHINGTON, Oct. 8.—Colonel W. F. Stewart, of the Army, who has come to be known as the Arizona "exile," struggled in vain today with the retiring board before which he has been ordered to obtain permission to summon witnesses to prove that he is not incapacitated for Army service and that therefore he should not be arbitrarily retired. When he failed to obtain the board's permission to call witnesses, his attorneys announced.

he failed to obtain the board's permission to call witnesses, his attorneys announced that the Colonel himself would take the stand in support of his plea that he is capable of performing the duties of a Colonel in the Coast Artillery.

Mr. Latimer made a request that Colonel Stewart should be permitted to make the 50-mile ride required by the military authorities and to follow it with the walk which is required as an alternative for the ride, but the request was denied. The board will meet again tomorrow.

They surrounded the palace and had to charge several times before the war-fevered patriots would disperse.

The patriots are very much dissatisfied with the tone of the protests of Servia against the occupation of Beania and Herzegovina. They declare it lacks vigor and does not represent the feelings of the nation, which would rather go to war than acquiesce in this set of Austria-Hungary. There is a steady flow of telegrams from the interior, assuring the government of support in the shape of money, men and arms in the event of hostilities.

The government has issued an appeal to the powers, requesting them to restore the status quo in Bosnia and Herzegovina, otherwise to grant Servia compensation for the disadvantage she will suffer through annexation.

CONFERENCE ONLY SOLUTION

France Reiterates Opinion as to Settlement of Balkan Trouble.

PARIS Oct. 5.—France continues to insist energetically that an internation-al conference is the only solution of the Balkan crisis. She says such a con-gress is made imperatively necessary by Turkey's appeal to the powers.

A flat denial is given here to the statements that the movement for a conference has received a check. It is stated positively that Great Britain has already agreed to this idea in orinciple and no doubt is entertained but that the divergence of views between Russia and Great Britain as to the programme to be discussed will be reconciled.

It is now practically certain that Russia will issue the invitations to this

port that Bulgaria has made a tele-graphic demand upon the Porte for the recognition of her independence.

BRITAIN IS MORE PESSIMISTIC

Demands of Small Nations Increase Difficulty of Balkan Settlement.

LONDON. Oct. 8.—More pessimistic feeling prevails here today with regard to the possible early settlement of the Near Eastern question. The demands of the Cretans for annexation to Greece ef the Cretans for annexation to Greece and the protest of the Servian government against the annexation of Bosnia and Herzegovina have introduced further difficulties. These, it is believed, will assuredly be finally overcome by the British government, but they are delaying the negotiations.

Great Britain has no objection to annexation of Crets to Greece at the proper time, if the Cretans so desire, but she considers that the moment chosen to bring about this change is inopportune and she will oppose it.

The powers animated entirely by peace ful intentions, are endeavoring in unitual understanding to mitigale and remove the differences from which the European situation is not yet free. Thanks to our alliance with Germany and Italy and our friendly relations with other powers, Austria-Hungary is in a position to co-operate prominently in the maintenance of peace. The monarchy can only perform this task efficiently if it is powerful and armed; it is a lask commensurate with its traditions and its position in Europe. I am confident that you will examine the demands of my government and especially those in relation to the development of our forces by land and sea in this spirit and that you will be guided by patriotic insight and self-denial.

The meeting tonight was called by the young men for the purpose of organizing members of the party regardless of previous factional leanings into a strong league for the sole purpose of rolling up a big majority for Taft and Sherman in this county.

The permanent officers of the club are: President. Attorney M. C. Richards; vice-president, Dr. M. S. Kern; secretary, Erneet Rupp; treasurer, Attorney Charles J. Fergusor.

J. Ferguson.

The young men who initiated the movement were Charles Ferguson, Ben Burroughs and M. S. Kern.

An executive committee was appointed to arrange for quarters and to look after other business interests of the club. One of the first questions before the club will be the election of speakers to campaign the county thoroughly.

BRUISED BY PASTOR'S WIFE

African Methodist Refused to Pay \$1 Subscription; Fight Ensues.

SEATTLE, Wash., Oct. 8.—(Special.)

—Just because Alfred Thornhill would
not pay a \$1 subscription to his church,
the pastor's wife proceeded to maul
him up so that he was hardly presentable, according to a special from El-

able, according to a special from Ellensburg.

Thornhill is a member of the African Methodist Church. When the church was built he subscribed a dellar. When he was requested to pay up he insisted that he had already paid the amount once. Moreover, he did not propose to pay it a second time.

This precipitated an argument as to whether he really had paid once, which waxed warmer and finally ended by Mrs. Smith, the wife of the minister, sailing into Thornhill, who came out of the fray badly bruised, but still maintaining that he had paid the dollar. He went to Justice Bonny's office to swear out a warrant for the woman, but a diligent search failed to reveal any trace of her.

Denver Wins Next Congress After Battle With New Orleans-Harriman Sends Greeting-Flood of New Resolutions.

SAN FRANCISCO, Oct. 8 .- Assembling after half a day of recreation, the delegates to the 19th session of the Trans-Mississippi Commercial Congress devoted the afternoon and evening to practical addresses on the development of the West and brief speeches explanatory of resolutions under consideration by the West and brief speeches explanatory of resolutions under consideration by the various committees. Hereafter one half of each day is to be taken up by entertainment provided by the commercial bodies of San Francisco and of the 1200 delegates who are registered as attending the congress, fully one-third participated today in an excursion by steamer to many points of interest on the bay.

A new flood of resolutions deluged the secretary's desk after the delegates returned. Because of the extended debates that have occurred in the sessions of the committee on resolutions, it is probable that the action upon many of the important measures for which approval has been asked will be retarded.

The latter topic is expected to furnish the basis of a lively contest on the floor of the congress.

Denver Wins Next Convention.

Denver and New Orleans fought out the question of the 1909 meeting place on the floor today and Denver won by a margin of two to one. In support of the claims of the Colorado city messages were read from half a dozen of its com-mercial bodies, while Louisiana's claims were furthered by a singer who rendered "Dixie." In resigning to Denver the next congress as well as the presidency, alcongress as well as the presidency, al-ready awarded to Thomas F. Walsh, W. O. Addresses on Divers Topics.

During the day there were addresses by Mrs. Mary M. Keith, president of the State Equal Suffrage Association; by Max McCollough, recommending American investments in the Philippines, which he represented as a delegate; by Tom Richardson, of Portland, Oregon, in support of his project to bring the National conventions to San Francisco four years hemoe; by A. H. Miller, of Sacramento, on the Geological Survey and its work; by Robert T. Devlin, as attorney for the California Drainage Commission, urging the necessity of Federal aid in the reclamation of vast areas in interior California, and by Fietcher Cutler, of Eureka, Cal., whose eloquent address upon the future greatness of the state was one of the features of the congress.

Cattlemen Want Reciprocity.

Colonel Ike T. Pryor, of Texas, delivered an address upon the subject of cattle raising. He stated that, while the Trans-Missinspip country has only 25 percent of the population of the United States, it has 70 percent of the cattle, and 74 percent of the sheep. He stated that the agricultural department estimated the value of cattle, sheep and hogs in the United States on January I, 1908, at \$2.08.61,090. In spite of the immensity of the livestock interests, the manufacturing interests had received every possible consideration from Congress, while livestock interests, the manufacturing interests had received every possible consideration from Congress, while livestock interests, the manufacturing interests had received every possible consideration from Congress, while livestock were shortheed for lack of reciprocal fartific revision while the United States could produce 30 per cent more than they could use, but were not allowed to sell their surplus in Europe. Another address of importance was that of G. W. Dickie. of San Francisco, who spoke in practical terms of the merchant marine and its shortcomings. He told of the great ports which had been built up by the merchant marine, of the unsuccessful struggle to maintain America's steamsilp lines on the Pacific Ocean and of the opportunities of foreign commerce lost through their failure. He complained of the opposition of the interfor to slip subsidies and called attention to the rapid growth of Japanese shipping by the aid of subsidies.

Message From Harriman.

One of the messages received today by Fresident J. B. Case was from E. H. Harriman, reading as follows:

I cannot express how disappointed I am not to be with you all and go over our experiences of the last decade, and to assure you that there is as much ahead as lies behind us, if we only work together and co-operate to the one end of bettering that section of the country in which our responsibilities it. I want your organization to know that I am fully in sympathy with its objects, and desire to co-operate with it. I particularly wanted to be present at your meeting held in fan Francisco, as that point indicates what can be accomplished by intelligent co-operation.

People in consequence have ever since been victims of lard-cooked food and indigestion. Lard soaked food is not fit for human stomachs because lard is made from greasy, indigestible hog fat, and is bound, sooner or later, to make trouble for your inner machinery. Cottolene is the only rational, national shortening. It is a pure, vegetable
