reach the size predicted by the London trade. The official returns of the British Agricustural Department, as given out yesterday morning and cabled to Klaher, Wolf & Netter, of this city, and Isaac Pincus & Sons, of Tacoma, show a total yield of 470.-701 cst. The estimates made earlier in the season by most of the London dealers ranged from 200,000 to 330,000 cst. Continental dealers figured the trop even larger and nowhers was an estimate made under

cial figures comes the first indication of an English demand for Oregon hops. Orders were said & have been received yesterday by certain of the export buyers. This is good news for holders, as foreign purchasing cannot fall to stimulate the majket which is already very firm as a result of the recent speculative operations. The market attained its present position without evidence of any demand from either the East or Europe and the appearance of either of these litterests on the buying side man have but one result. The revival of interest in the Eastern trade is not looked for until after election and it was not expected that English buyers would appear for a month yet. That they are now waking up to the necessity of purchasing is prohably due to the revelations of the government statistical board. Besides a lighter ernment statistical board. Besides a lighter crop than expected, the quality of the Eng-lish hope this year is far from as good as as promised before harvest.

EASTERN CONCORD GRAPES DUE.

Carload From Penns, ivania Will Be Put on Sale This Morning.

A car of old-fashianed Concord grapes was due last night. They will be put on sale at 37 5 2 40 cents per 10-pound basket. The season for local Concord grapes is practically over. Resulpts were light yea-terday and it is not likely that many will come to after today. California grapes moved fairly well, considering the weather. but the supply was large and the market

LACK OF INTEREST IN PRINES. Market Weak as a Besult of Indifference

Market Weak as a Besuit of Indifference of Bayers.

A weak tone is reported in the prome market as a result of the lack of interest on the part of buyers. Packers are asking 3-cent have for large sizes and 24 cents for the smaller sizes, but little business is being transacted. With the small crop better prices should prevail later and holders are making no effort to press their guide on the market. The fact that parkers are unable to sell makes them hearish in their views to growers.

The New York Journal of Commerce of October 18 said of the condition of the growe market to the East. "Ocean pruns, which a day or two ago showed a tendence to aftence are ago showed a tendence of Standard. It is said to offerings from Silver. 93

RETTER DEMAND FOR POULTRY. Weakness Is Disappearing From Market, but Prices Are Slow to Rise,
There was a little better demand for poultry, especially chickens, yesterday, and as receipts were light, the undertone of the market was firmer. No improvement was shown in prices, however.
The egg market was firm with a strong demand. Fresh selected Oregon ranch eggs sold at 37% cents and fresh Eastern at 20 g20 cents.

Butter and cheese were active and firm DAY'S at the previous prices.

NEW YORK, Oct. 14.—The stock market took on all the aspects of a narrow professional affair today. Its varying fluctuations were very meaningless and reflected no convictions on the part of those responsible for the bulk of dealings, but merely an attempt to effect a movement of prices for trading purposes. The volume of the day's transactions was meagre and the constant shifting of the current of prices. of prices for trading purposes. The volume of the day's transactions was meagre and the constant shifting of the current of prices demonstrated the feeling of heat-tation and uncortainty of those taking part in the market.

The Harriman Pacifics were affected somewhat by reports of the intended purposes of the Government to recover public lands in Nevada, including ratiroad grants.

Active Buying by a Leading Bull Starts Prices Upward Soon After Opening - Slump in Cash Corn.

CHICAGO, Oct. 14.—Following a decline at Liverpool equal to searly le per bushel, the wheat market here opened easy, with prices unchanged to 46% lower, compared with the previous close. Before the end of the first hour, however, prices had advanced about 4c, owing to active buying by a leading bull, and during the remainder of the day sentiment in the pit was builted the greater part of the time. Cash wheat in the sample market was in only fair demand and premiums were steady on the Spring varieties. A later better demand from exporters was reported, but it was entirely for durum. was reported, but it was entirely for durum. The market closed at almost the top figures. Final quotations on December were at \$1.01 and on May at \$1.05%@1.04.

The corn market was weak, owing heavy selling, inspired by a decline of 3

The oats market was unsettled ment was inclined to be bearied the greater part of the day. A decline of \$\frac{1}{2}c\$ in the price of cash grain had a depressing effect on options. The market closed easy, with prices off a made to \$\frac{1}{2}c\$. December closed at \$45\frac{1}{2}645\frac{1}{2}c\$ and May at \$50\frac{1}{2}65\frac{1}{2}c\$.

Provisions were rather weak at the start, owing to renewed liquidation, but sentiment soon became buillah on buying by local packers. The early selling was due to a 100H56 decline in the price of live hogs. At the close prices were 2½c lower to 30c higher. The leading futures ranged as follows:
