

WILSON NOMINATED ON 46TH BALLOT

Marshall Wins Second Place on Ticket.

CHAMBERLAIN GETS BIG VOTE

Harmony Marks Closing Hours of Long Convention.

CLARK IS GRACEFUL LOSER

Speaker Urged to Accept Vice-Presidential Nomination but He Refuses—Four Ballots Are Needed to Complete Ticket.

VOTE ON BALLOT THAT RESULTED IN CHOICE OF WILSON.

Table with 4 columns: State, Wilson, Marshall, Clark. Lists vote counts for various states including Alabama, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin, Wyoming, District of Columbia, Hawaii, and Total.

BALTIMORE, July 3.—Governor Woodrow Wilson, of New Jersey, was nominated for President of the United States by the Democratic National convention at its afternoon session yesterday, when, on the 46th ballot he received 990 votes to 84 for Champ Clark.

The Missouri delegation, which had remained faithful to Clark to the end, then moved that the nomination be made unanimous. There was a great chorus of approval and the long fight was over.

Convention Becomes Love Feast.

The convention became a love feast tonight when it met to select a running mate for Governor Wilson. When the convention suspended the regular order of business, the nomination of a Vice-Presidential candidate—shortly before 11 o'clock to make way for the reading and adoption of the platform, six candidates for the Vice-Presidency had been placed in nomination. They were:

Governor Burke, of North Dakota; Governor Marshall, of Indiana; Governor Chamberlain, of Oregon; Elmore W. Hurst, of Illinois; Mayor Preston, of Baltimore, and Champ Clark, of Missouri.

Governor Marshall was nominated on the fourth ballot. New Jersey moved that Marshall's nomination be made unanimous. The motion was lost. The convention then adjourned, sine die, shortly before 2 o'clock this morning.

The result of the first ballot for Vice-President was: Marshall, 389; Burke, 205; Chamberlain, 157; Hurst, of Illinois, 77; Preston, 58; McCombs, 18; Osborne, 9; Sulzer, 3; Wade, 2; absent, 46 1/2.

The sentiment of the convention was strongly in favor of giving the Speaker the place if he would accept it. H. H. Dean, of Georgia, placed Clark in nomination and took the convention unawares. Despite a speech by ex-Governor A. M. Dockery, of Missouri, withdrawing Clark's name and a telegraphed statement from the Speaker himself, declaring he would not take the place, the convention was hopeful of his final acceptance, and one of the reasons for the suspension of the vote on the nominations was the desire of the leaders to make sure of Clark's position.

Burke Strongly Backed.

Governor Burke, of North Dakota, was backed strongly for second place. His name was roundly cheered when it was placed before the convention.

Only four ballots were necessary yesterday to reach a Presidential nomination. When the convention adjourned last night it had seemed to be in all but hopeless deadlock. Wilson had begun to lose ground on the last few ballots, and Champ Clark had made a few temporary gains. This encouraged the Speaker to rush over to Baltimore from Washington this morning in the hope of still further turning the tide and rallying his forces to a final stand. When the Speaker arrived, however,

CUPID'S LEGAL NET ENSNARES MUTES

COUPLE SECURES LICENSE, BUT PASTOR DENIES KNOT.

Bride-Elect, Only One Day Divorced, Learns Six Months Must Pass. Swain Has Home Ready.

VANCOUVER, Wash., July 2.—(Special.)—Two deaf mutes, when getting a license to marry here last Saturday, did not quite understand that a license could not be granted as the woman had been divorced by the day before, so this fact was not learned by Miss Priscilla Sharpe, Deputy County Auditor, and the license was issued.

When the couple, C. L. Litherland and Elsie May Remick, with Mrs. Cora Pano, the witness, a hearing woman, were at the parsonage of the First Methodist Church, Rev. J. M. Cane, pastor, learned that the decree of divorce had been granted in Portland the day before, so refused to marry the couple, as it would have been illegal. Much disappointed, the couple returned to Portland, where Litherland has provided a cozy little home. The bungalow is said to be nicely furnished, has a little garden in the rear, a chicken house with half a hundred fowls, all ready to make a home for the two.

A semi-sequel occurred today when Mrs. Remick, mother of the willing-to-be bride, appeared at the County Court-house with the unused marriage license, and requested that it be returned to her in exchange for the license.

William M. Marshall, County Auditor, informed Mrs. Remick that while he had yesterday established a precedent in returning the money when the license was not used, he could not do so in this case because he had turned the money over to the County Treasurer.

The license was taken back by Mrs. Remick, and will likely be used when the couple have grown six months older.

CHARGE FOUND AT FAULT

Indictment Against Constable Is Returned to Grand Jury.

ASTORIA, Or., July 2.—(Special.)—The trial of the charge against Constable John Sear on a charge of manslaughter for shooting Roy McJones, an enlisted man from Fort Stevens, which was being heard before a jury in the Circuit Court, came to a sudden end this morning when Judge Eakin directed a verdict of not guilty on the ground that the indictment was faulty. The case was referred to the grand jury again.

The indictment charged that the defendant "without due caution and circumspection did then and there involuntarily kill a human being," the court, in making his ruling, held that under the wording of the indictment the killing was merely an accident for which the defendant was not responsible. The court held that in order to charge the crime of manslaughter under the state statute the indictment must allege that the accused, in attempting to perform some lawful act unlawfully, had without due caution and circumspection involuntarily killed a human being.

MAN THOUGHT DEAD LIVES

Wife Wedded to Another Asks Divorce From Second.

ALBANY, Or., July 2.—(Special.)—Having married W. M. Cliffs under the name of Rose Shields, December 11, 1899, she separated in 1901. Four years later, she alleges in her complaint, two men told her they were present when Conger was drowned and they showed her a newspaper clipping telling of the drowning of Conger.

Mrs. Conger was married to Cliffs at Portland November 13, 1906.

TOM LAWSON LOSES \$5000

Boston Financier's Silverware Destroyed in Redmond, Or., Fire.

REDMOND, Or., July 2.—Fire at 2:45 this morning destroyed J. H. Vincent's livery and feed barn, 10 head of work horses, a stallion valued at \$4000, two wagonloads of furniture and a \$6000 box of silverware consigned to E. A. McCall, a son-in-law of Tom Lawson, who is building a mansion on the Lawson ranch on Crooked River near this city. The total property loss is about \$20,000. Vincent was insured for \$3000.

Owing to the absence of wind and good work on the part of firemen, a large plant of the Tualum Lumber Company, across the street from the livery barn, was saved, though badly scorched. The fire burned so rapidly that it was impossible to remove the freight wagons containing the McCall goods from alongside the barn.

NEW LINE TAKES CARGO

Mississippi Valley-South American Steamship Service Begins.

NEW ORLEANS, July 2.—Establishing service between the Mississippi Valley and South America, the British steamer Inkum, of the recently formed Mississippi Valley, South American & Orient Steamship Company, sailed today from this port for Brazil, carrying a cargo valued at more than \$1,000,000. The new service, representing the enterprise of many American merchants and manufacturers, is designed to provide for all-water shipments from Mississippi Valley cities to South America and, upon the opening of the Panama Canal, to the Orient.

WIND TAKEN FROM ROOSEVELT SAILS

Choice of Wilson Weakens New Party.

ROGER SULLIVAN BIG HELP

Illinoisan Strong Figure in Accomplishing Result.

STAMPEDE SOON STARTED

Clark's Defeat Due to His Error in Dividing Forces in Inconsequential Issue of Chairmanship Early in Fray.

PAPER MILL BRANCHES OUT

Oregon City Plant to Build \$80,000 Printing Auxiliary.

OREGON CITY, Or., July 2.—The Hawley Pulp & Paper Company has announced the early construction of a reinforced steel and concrete building on the southwest corner of Water and Fourth streets in this city, and the installation of presses for printing fruit wrappers, bag machines, paper-towel machines and toilet paper rewinders. The building and equipment will involve an expenditure of about \$80,000, and the contract has already been let to the Hurley-Mason Company, which has constructed some of the skyscrapers in Portland and is now engaged in finishing the new building of Lipman, Wolfe & Company.

The structure will have a frontage on Fourth street of 40 feet, and a depth on Water street of 125 feet. It will be 14 feet in the clear, and will be nearly fireproof. The floors, and even the roof, will be of reinforced concrete. The sand and gravel required in the construction have already been ordered, and actual construction of the building will commence the latter part of July, just as soon as the supply of paper in the wooden building now on the property is removed. It is expected that the work of construction will be completed within four months.

The machines for the manufacture of paper towels are the first to be installed on the Pacific Coast, and the Hawley Pulp & Paper Company is the second concern on the Coast to use printing presses for printing fruit wrappers, the other establishment being located at Los Angeles.

80-POUND SALMON CAUGHT

Largest Chinook of Year at Astoria Is Five Years Old.

ASTORIA, Or., July 2.—(Special.)—The largest Chinook salmon caught during the present season was delivered at the Columbia River Packers' Association cold storage plant a few days ago. It tipped the scales at 80 pounds and marks on it showed the fish to have been one of those released from the Chinook salmon hatchery August 14, 1907, so that the salmon was approximately five years old.

SHOUTS FOR TEDDY RUINS FINE VOICE

CALIFORNIA VOCALIST LOSES CONTRALTO POWERS.

Mrs. Charles D. Blaney Cheers Too Lustily at Coliseum in Chicago. Chords Once Trained.

CHICAGO, July 2.—(Special.)—One well-trained contralto voice was lost at the Republican convention in Chicago, either at the Coliseum, when the California delegation was shouting for Roosevelt, or at the birth of the new progressive party.

The lost voice belonged to Mrs. Isabel Blaney, of San Jose, Cal., one of the two women sent as delegates to the Republican convention. Owing to the loss of Mrs. Blaney's voice, the women of Lake Forest and other north shore cities failed to hear a discourse on woman suffrage today.

Mrs. Blaney came to Chicago at the opening of the Republican convention, determined to fight for the cause of Roosevelt. During the convention Mrs. Blaney cheered with the rest of the California delegation and was one of the leaders in the cheering at Orchestra Hall when the new party was launched. The strain, combined with the damp lake winds, caused Mrs. Blaney to lose her voice until she was unable to speak above a whisper. Her husband, Charles D. Blaney, was taken to St. Luke's Hospital at the close of the convention, suffering from an infection of one of his eyes.

WILSON RECEIVES NEWS AT HIS HOME

"Tremendous Responsibility" Is Felt.

WIFE SHARES SENTIMENTS

Daughters Receive Cheering Crowds of Neighbors.

BAND IN AMBUSH PLAYS

Nominee Undecided Whether to Resign Governorship at Once to Make Campaign—Friends Say He Will Delay Action.

SEA GIRT, N. J., July 2.—When Governor Wilson received word that the Democratic convention had nominated him for President, he was laughing and chatting with his wife and daughters. The news came after days of anxious waiting and the few seconds he had spent with his family were his first real relaxation during the week.

The honor is as great as can come to any man by the nomination of a party," the nominee said, "especially in the circumstances, and I hope I appreciate it at its true value; but just at this moment I feel the tremendous responsibility it involves even more than I feel the honor. I hope with all my heart the party will never have reason to regret it."

COMPLIMENTS OF WILLIAM JENNINGS BRYAN.

Wilson's nomination was greeted with a brief respite before they poured in a deluge of callers who had hung about the tickers and bulletin boards for seven days. Between bursts of applause they called him "Woodrow" and "Governor" and "Wilson," but most of all they hailed him as "the next President of the United States."

Along the roadway there raced a bevy of automobiles. As they drew up in front of the Governor's cottage, half a dozen men jumped from one and ran with a flash of bunting under their arms to a lofty flagpole, and a second later a 40-foot flag was rippling in the breeze.

ALLEGED SLAYER CAUGHT

Man Believed to Have Killed Two Brothers Arrested in Alaska.

RUBY CITY, Alaska, July 1.—Joseph Campbell, who was declared by the coroner's jury to be the murderer of the Nelson brothers, who were killed and robbed on the Kuskokwim last year, was arrested here today after a chase of several weeks. When caught Campbell was preparing to slip away down the river.

FIVE TEACHERS ARE LOST

Party Fails to Return From Tramp in Mountains of Honolulu.

HONOLULU, July 2.—Five teachers in the Honolulu public schools, three men and two women, who went on a tramping trip in the Koolie mountains Saturday, have not been heard from since and fears are expressed for their safety.

A detachment of police assisted by a squad of Japanese laborers searched the mountains today without finding trace of the missing party. The Army engineer corps, which recently surveyed the region, will be asked to assist in the search tomorrow.

The party carried no provisions.

(Continued on Page 2.)

PASADENA LEARNS THAT PIGS IS PIGS

PAIR OF GUINEAS INCREASE TO 30 IN THREE MONTHS.

PASADENA, Cal., July 2.—(Special.)—Three months ago a pair of guinea pigs bought by the city for Central Park. Two weeks later the original two were augmented by the arrival of two more. After another fortnight yet another two came. In rapid succession two more pairs were added.

Then the original pair got assistance from the first pair of newcomers. Two weeks later the quartet of productive pigs was added by two more. Today five pairs were ushered into the world and the total guinea pig family in Central Park numbers 80.

The process of multiplication should bring forth 450 guinea pigs in the next three months. Then, if the 450 are permitted to remain without molestation, the next 90 days should result in 6750, and in a year there would be 50,625. This is too much, and their extermination was decided on today.

BACHELORS VIE IN EXHIBIT

Vancouver Colony to Ride on Float in Parade Tomorrow.

VANCOUVER, Wash., July 2.—(Special.)—Showing bachelors attempting to overcome the many difficulties of single existence, a float will be entered in the Fourth of July parade by the Savage Club, which is trying to marry off its members as fast as it can.

On the big float will be seen William Hazard, 84 years old, the second oldest bachelor in the city; Clement Scott doing a week's washing; Clarence Salisbury cooking hotcakes on a small stove; Ernest DuBois darning socks; Harry Hayes sewing on a button; Roy Thoroughman knitting; Clay Sparks washing dishes, and several other prominent bachelors of the city.

The Mayor of Vancouver, Dr. C. S. Irwin, desires to ride on the float, but he will be compelled to ride in a carriage at the head of the parade.

The oldest bachelor in the city is Paddy Christy, who is 89 years old, the sole survivor of the first company of soldiers to be stationed at Vancouver Barracks.

TEST MARCH REGRETTED

Twenty-First Infantry Said to Be in Poor Shape for Ordeal.

Colonel Young, Twenty-first Infantry, U. S. A., commandant of Vancouver Barracks, when in Portland yesterday attending to some official business said: "My regiment is ordered to start on the regular service march and to encampment the latter part of the present week, but as the appropriation for the purpose is lacking, I am awaiting definite instructions from the department at Washington. As a matter of fact it would be best in my judgment if my regiment were not compelled to take this annual service test this year, as it has just returned from hard service in the Philippines and is neither equipped nor in condition properly to undergo such an ordeal as are regiments that have been at posts in this country for a year. As a matter of fact 350 men in my regiment have not been supplied with guns and without these the results desired from such a march and series of drills could not be obtained."

M'COMBS MAY LEAD FIGHT

Wilson Wants New Yorker to Be Chairman of Committee.

BALTIMORE, July 2.—William F. McCombs, of New York, 36 years old, a lawyer and graduate of Princeton University, will in all probability be chosen as chairman of the Democratic National committee or as chairman of the campaign committee to direct the political fortunes of Woodrow Wilson for President of the United States.

Mr. McCombs, who managed the pre-nomination campaign for Governor Wilson, has been in Baltimore since the convention began, and learned tonight that he is Governor Wilson's choice as the man who should pull the wires and push the workers from now until election day.

BOATS RUSH TO RESCUE

By intuition everybody appeared to have realized what had occurred, and fishermen and yachtsmen who were out in the little boats watching the ship, immediately started to the rescue. Power boats and every other kind of craft in the resort were brought into use and soon 100 boats were beating their way out over the rough waters of the inlet bar.

When the first boats reached the scene of the wreck the rescuers found only the collapsed gas bag and after a search, a submerged body, which proved to that of the younger Vaniman, was recovered. Among the first on the scene were the Federal Life Savers, stationed in Atlantic City. Divers went to the wreck, but there was little that could be done until low tide, when Bourillon's body was disentangled from the wreckage and brought ashore.

Mrs. Vaniman Sees Tragedy.

Mrs. Vaniman saw the collapse of the balloon and its drop into the ocean, carrying with it her husband and brother-in-law. She fell in a faint. Friends who were with her sent for physicians and when she recovered consciousness she talked of her husband's bravery. The wives of Bourillon, Gest and Eimer, who live near by, also saw the disaster from their homes. Neighbors cared for them and later went over to the Vaniman cottage, where a most distressing scene ensued. Men turned away as the four widows wept on one another's shoulders.

After the first excitement and shock had passed, Mrs. Vaniman again collapsed and later in the day was under the care of a physician. Her condition is serious.

DIRIGIBLE BURSTS; FIVE FALL TO DEATH

Aeronaut Vaniman and Companions Killed.

AIRSHIP DROPS 500 FEET

Wives in Great Crowd Which Sees Tragedy of Air.

2 BODIES FOUND IN WATER

Balloon Akron Making Trial Trip Above Sea When It Suddenly Bursts Into Flame and Plunges With Crew to Ocean Below.

ATLANTIC CITY, N. J., July 2.—Sailing out over the Atlantic Ocean under perfect weather conditions and under observation of several thousand persons, the great airship Akron, in command of Melvin Vaniman, with a crew of four men, exploded while more than 500 feet in the air early today and shot down into the water, a tangled mass, carrying to their death the daring aviator and his companions.

Death is believed to have come instantly to the five men. In all the tragic history of disasters to airships or aeroplanes, probably none was as sensational as that which brought to an end the greatest and most costly air craft ever constructed on the Western hemisphere. Built to withstand the storms of the Atlantic and to carry at least a dozen men across the ocean to Europe, the Akron went to her doom in calm weather.

Five in Went Craft.

Those who went down with the big dirigible beside the intrapud Vaniman, who already had one thrilling experience in an airship on the ocean, were: Calvin Vaniman, his younger brother, Fred Eimer, George Bourrillon, of Philadelphia, Walter C. Gest, a friend of Vaniman's financial backer.

To be sun-down, two bodies, those of Calvin Vaniman and Bourrillon, had been recovered from the wreckage which lies submerged in about 18 feet of water off Brigantine Beach.

The Akron, which had been inflated last February with gas manufactured by Vaniman in the big hangar, was taken out shortly after 6 A. M. for a test flight. One flight already had been made about a month ago and defects discovered at that time were remedied and today's trial was to have been among the last prior to the attempt to cross the Atlantic.

Wife Sees Husband.

Mrs. Vaniman bid her husband goodbye at their little cottage near the hangar at 2 A. M., and waited for daybreak to see her husband sail away. The city authorities had been notified of the intended flight, and 100 policemen, firemen and other willing helpers assisted in floating the great gas bag out of the hangar. The launching of the air craft was accomplished without difficulty and she sailed gracefully away. Over the waters of Absecon Inlet, Vaniman maneuvered, then sailed over the city and after completing a few other movements, shaped the ship's course out to sea.

When a half-mile off Brigantine Beach, the thousands of spectators who had watched the ship saw a burst of flame outlined against the morning sky. In a few seconds they were horrified to see the car of the balloon detach itself from the balloon and shoot downward into the water, followed by the collapsed gas bag.

Boats Rush to Rescue.

By intuition everybody appeared to have realized what had occurred, and fishermen and yachtsmen who were out in the little boats watching the ship, immediately started to the rescue. Power boats and every other kind of craft in the resort were brought into use and soon 100 boats were beating their way out over the rough waters of the inlet bar.

Man Believed to Have Killed Two Brothers Arrested in Alaska.

RUBY CITY, Alaska, July 1.—Joseph Campbell, who was declared by the coroner's jury to be the murderer of the Nelson brothers, who were killed and robbed on the Kuskokwim last year, was arrested here today after a chase of several weeks. When caught Campbell was preparing to slip away down the river.

Campbell passed the Winter in Seattle and returned to Alaska this Spring. He told the arresting officer that he was warring between surrender and flight. An Indian who said he saw the murder is the only witness the government has against Campbell.

FIVE TEACHERS ARE LOST

Party Fails to Return From Tramp in Mountains of Honolulu.

HONOLULU, July 2.—Five teachers in the Honolulu public schools, three men and two women, who went on a tramping trip in the Koolie mountains Saturday, have not been heard from since and fears are expressed for their safety.
