### MACVEAGH REPLIES TO ANDREW ATTACK

Assistant, He Says, Did Not Resign Voluntarily but After Many Requests.

### WORK HELD INEFFICIENT

Subordinate Begged to Be Allowed to Remain in Service, Says Secretary of Treasury in Formal Statement.

LANCASTER, Mass., July 4.—Declaring that A. Platt Andrew, assistant in the Treasury Department, resigned after repeated demands for his resignation, and not voluntarily, Secretary of the Treasury MacVeagh today issued a statement giving the facts surrounding Mr. Andrew's connection with the department. Secretary MacVeagh, who is a visitor at the home of Bayard Thayer, received many messages today expressing confidence in his administration. The statement follows: "I regret that it seems necessary to refer to the letters published by A. Platt Andrew and addressed to the President and to me. The violence of the attack has probably limited its effect; but apart from the attack upon me he is strongly misrepresented, a number of the chief men of the Treasury Department to whom I attribute a large measure of the success of the department work, and seems to deny that anything has been accomplished either by them or anybody else. I am obliged, therefore, to restore Mr. Andrew's resignation to its proper light.

### YOUTH DRINKS; SHOOT

BOY, SALOONMAN AND BARTENDER ARRESTED.

Lad Fires on Campers Near Linnton, Wounding One—Serious Trouble Follows Early Row.

Eddie W. White, aged 18; John Grim, the proprietor of a saloon at Linnton, and E. Munson, bartender for Grimm, were arrested by Deputy Sheriff Harry Bulger yesterday as a result of a shooting scrape near Linnton early yesterday morning. White admits shooting F. W. Malloy, aged 19, one of the campers, Grimm and Munson are charged with selling liquor to White. The shooting is said to have taken place while the lad was intoxicated. Malloy was hit in the thigh and his wound is not serious. The bullet was from a 23-caliber rifle. Accompanied by his nephew, Robert Blumberg, aged 11, Eddie White went to Linnton Wednesday night. He carried a 22-caliber revolver in a holster. He says bartender Munson sold him beer and whisky.

On his way home, according to the boy's story, he encountered a party of campers. In the party were T. J. Malloy, who is employed in the stables of the Marshall-Wells Company, and his nine children and Mrs. Craven. White fired his revolver several times as he approached the camp. Mrs. Craven, he says, came out and reproved him and then invited him to take a drink. He declares he was given three glasses of beer and that his nephew also drank some.

"We got into a fight," said White. "I got away and went home for my 22 rifle. They had taken my revolver away from me. I came back with the rifle and awaited outside the camp until darkness. I wanted to shoot Old Man Malloy in the legs, but he was with two women and I was afraid to fire. I saw the young fellow cross to the wagon. I was determined to shoot somebody, so I fired at him. I saw him fall and saw them carry him to a bed. I then shifted around to another position and waited for an hour for a chance to get Malloy. "I went home and told my mother about it. She said I was foolish. Then I thought of the revolver holster, which has my name on it, and was going to go back and get it, but changed my mind." White says he has used intoxicants for several years and that his father was a saloonkeeper.

### CRIME SUGGESTS SERMON

Apostolic Faith Mission Works in Jail and Example Is at Hand.

Taking lessons from human nature at first hand, speakers for the Apostolic Faith Mission, who last night held a prayer meeting and service in the City Jail, deduced lessons from the example of John Nelson, who was arrested by Detectives Mallett and Hammerley and brought into jail while the service was going on.

Nelson, according to the complaint of Martin Johnson, was taken by complainant to his room to sleep Wednesday night and robbed his benefactor of \$100. He was picked up on description in Vancouver, Wash.

### State Streams Are Being Stocked.

Warden's office show that in the month of June 235,650 trout fry were released in various streams throughout the state. Of these 35,000 were placed in creeks and lakes in Baker County; 45,000 in the Clackamas River; 35,000 in the Necanicum River; 13,000 in Scappoose Creek; 50,000 in six creeks in Marion County; 4000 in Multnomah County; and 50,000 in streams in Yamhill County. Chief Deputy Craig left last night for Baker and Willamette Counties where he will release a shipment of 75,000 rainbow trout. State Game warden Finley will leave today for Klamath Falls to superintend the placing of 40,000 rainbow trout in the streams in that vicinity. The work of stocking mountain lakes and streams with trout will be carried on by the Game Warden's office throughout the Summer.

### LAZY HABIT IS BLAMED

WOMAN SAYS INDOLENT TRAIT ADVANCES LIVING COSTS.

Pride, Cold Storage and Modern Conveniences Also Contribute to Price Boost, Thinks Mrs. Evans.

Sheer laziness of the American people was suggested by Mrs. Sarah A. Evans, market inspector, in an address before the Ad Club Wednesday, as one of the causes for the high cost of living.

"I know one store here—a small one at that—where the bill for delivery wagons each month amounts to \$800," she said. "The customers are obliged to pay for this. If they went after their groceries themselves and did not expect every 10 cents' worth of onions or bar of soap delivered to them, it would do much to solve the problem of the high cost of living. Pride causes people to shrink from being seen in public with market baskets or packages in their arms. Public opinion could do much to eliminate this one cause of the high cost of living."

Cold storage and other modern appliances also were noted as contributing to the steady advance in prices for the means of life.

Dr. Esther C. Pohl, speaking on "Cleaning Up a State," declared that since women have accomplished much without the ballot, it is reasonable to expect they will accomplish more good if given the right of franchise.

"The situation in our state," she said, "is like the situation in the home of a bachelor. It needs a woman's cleaning touch."

Father Conaty spoke on "The Flag of Our Country." No meeting of the Ad Club will be held next week, owing to the attractions of the Elk's Grand Lodge. The next date for a regular meeting is July 17.

Grass Cutters Play High Finance Game on East Side.

Owners of lots in Rose City Park and other sections of the East Side ordered by the police to cut the grass have in some instances been buncoed by men sent to do the work. The "bunco" grass cutters returned and told the owner the grass was cut and received pay, when they had not been near the lot. One lotowner investigated before paying and found his lot still covered with grass.

There are many lots to be cleared in all parts of the East Side.

### MULKEY FOR CLEAN-UP

Owner of Wolf Apartments May Cancel Lease.

Following the raid on the Wolff apartments last week by order of Police Commissioner Coffey, F. W. Mulkey, owner of the apartments, has announced that he will investigate conditions, and, if possible, cancel the lease. He says that furthermore he will investigate the character of the neighborhood, and, if he finds it unsavory, he will resort to the law of injunction to clean it up. He denied that he intended to sue the city.

"While, of course, the reputation of the place has been somewhat damaged by the raid, I do not think any material damage has been done," said Mr. Mulkey, "and even if there is any doubtful if, under the law, I would have any

grounds upon which to base a suit against the city. "I have never in my life permitted any property owned by me to be used for immoral or for saloon purposes, although in cases where I was only part owner of property I could not help the use of the property for saloons. "I have invested \$50,000 in the Wolff apartments and have built it for a respectable class of people and I intend to see that it is used by such. A clause in the lease prohibits its use for an immoral class of people and as soon as I am satisfied that this clause has been violated I will make every effort to have the lease vacated. Because most of the defendants were discharged in the police court, I would likely have difficulty in canceling the lease as matters stand.

"I will make a thorough investigation, however, and will furthermore investigate the character of the neighborhood, and if necessary I will resort to the law of injunction to make the entire vicinity respectable."

The issue of the injunction process to curb immoral persons is practically unknown in the state. The only known case occurred about 20 years ago when some undesirable tenants were ejected from their lodgings on Burnside street.
